

# The Scholarly Teacher

An Electronic Resource from the Center for Excellence in Teaching and Learning at Park University

Volume I Issue II: March 2008

## Teaching Tip

This month's teaching tip was created by Michael Wesch along with 200 students from neighboring Kansas State University. Michael describes the following video thusly: "a short video summarizing some of the most important characteristics of students today—how they learn, what they need to learn, their goals, hopes, dreams, what their lives will be like, and what kinds of changes they will experience in their lifetime."
