Risk and Insurance Management

AUTOMOBILE INSURANCE GUIDELINES

Student Use of Personal Vehicles

Park University automobile insurance does not cover a student's personal vehicle.

When a student drives his/her own vehicle to a practice and/or a game, his/her personal insurance serves as a "primary" policy for third party liability. The personal auto policy is the only policy available for any damage to the vehicle.

Neither the University nor the University insurance will pay for any physical damage to the student's vehicle. If the student uses his/her own vehicle, to drive to a practice, game and/or other University sponsored events, or other non-University sponsored events it will be at the student's own risk.

**Responsibility for Personal Vehicle**

I have read the above information and I understand that Park University's insurance does not provide coverage while I am operating my personal vehicle, to a practice and/or a game, and that I am responsible for liability arising out of my operation of the vehicle.
