JOSEPHINE B. GREEN ENDOWED SCHOLARSHIP

On July 10th of 2003, Josephine Barni Green, a member of the class of 1933, passed away. Her memories of her student days at Park College and the wonderful friendships she established here nurtured her all through her long and productive life.

Out of gratitude for those experiences, she designated a portion of her estate to be given to Park University “to establish a scholarship fund in the name of Josephine B. Green.” Because her own education was dependent upon others sharing their financial resources with her, she wanted to do the same for others. As a result, still more young people might experience the life-enhancing opportunities at Park University.
