GRADUATE CATALOG 2014 - 2015

2014-2015 Graduate Catalog Amendments

(Revised 7/9/14)

(pg. 16)

Types of Admission

4. **Probationary Admission.** In certain exceptional cases, a student who does not meet the minimum grade point average requirement, but who presents other evidence of ability to succeed in a graduate program, may be granted probationary admission by the dean of the School of Graduate and Professional Studies or his/her designee. The probationary status may be removed after the student has demonstrated academic ability by maintaining a “B” average for the first six credit hours of graduate courses, with no grade lower than a “B”.

(pg. 172)

School of Graduate and Professional Studies

Remove: Victoria Guerra Administrative Assistant, Master of Healthcare
Administration/Master of Public Affairs

Add: **Master of Public Affairs** (after Rebekkah Stuteville, Ph.D.)
Victoria Guerra Administrative Assistant, Master of Healthcare
Administration/Master of Public Affairs

Certified true and correct as to content and policy.

A handwritten signature in black ink that reads 'Michael H. Droge'.

Michael H. Droge, Ph.D.
President

A Message from the President

Dear Graduate Student,

Whether you are new to Park University or are returning, I extend a heartfelt welcome on behalf of the many students, faculty and staff who proudly call Park their University! I encourage you to learn about Park's rich history of embracing diversity and offering classes at the times, term lengths, locations and delivery formats that best serve students.

Park's story began in 1875 in Parkville, Mo., and now extends to 40 campus centers in 21 states, many of which serve our brave military service members and their families. With Park's large online learning program, the University's global presence is further enriched by its 600-plus international students studying at Park from more than 100 nations. In fact, Park has welcomed international students since the late 1800s.

During the 2012-13 academic year, Park University launched a bold, comprehensive strategic plan, *Park's Promise*. Numerous initiatives are under way or planned through 2017 to leverage Park's many strengths in ways that will further distinguish the University as a leader in higher education. A focus of *Park's Promise* is providing personalized, quality education with global relevance and understanding. Park's dedicated faculty and staff across the country will accomplish this initiative by engaging individuals in a lifelong learning relationship with the University to meet their changing educational needs over their careers and beyond. For 139 years, Park has been helping people better serve their community and country.

Both now and into the future, Park is here for you, your family and your community! You too can become a proud Park Pirate and successful future alumnus. My challenge to you is that you use your great Park education to serve others! That is both Park's legacy and future.

Best regards,

Michael H. Droge, Ph.D.
President
Park University

PARK'S PROMISE

Serving those who serve their community and country
with personalized, globally-relevant education for life.

Our Mission

Park University provides access to a quality higher education experience that prepares a diverse community of learners to think critically, communicate effectively, demonstrate a global perspective, and engage in lifelong learning and service to others.

Our Vision

Park University, a pioneering institution of higher learning since 1875, will provide leadership in quality, innovative education for a diversity of learners who will excel in their professional and personal service to the global community.

Core Values

Accountability
Civility and Respect
Excellence
Global Citizenship
Inclusivity
Integrity

Our Motto

Fides et Labor
(Faith and Work)

PARK UNIVERSITY SCHOOL OF GRADUATE AND PROFESSIONAL STUDIES MISSION AND VISION

Mission Statement

The mission of the School of Graduate and Professional Studies at Park University is to provide leadership and direction to Park University's graduate programs to assure that they are specialized, scholarly, and innovative, and designed to educate students to be creative, independent and lifelong learners within the context of a global community.

Vision Statement

Park University's Graduate School will be an international leader in providing innovative graduate and professional educational opportunities to learners within a global society.

Students are advised that provisions for a variety of tuition benefits, such as employer-provided vocational rehabilitation, Veterans Affairs Educational Assistance and tuition assistance for military members, may change over time. Please consult with the School of Graduate and Professional Studies regarding your status in these matters.

HISTORY OF PARK UNIVERSITY

Founded in 1875 in Parkville, Mo., a suburb of Kansas City, Park University has developed into a comprehensive, independent institution that is a national leader in higher education. In 2000, Park achieved university status and now serves more than 20,900 students annually at 40 campus centers in 21 states and online, including campus centers in Parkville, Independence and Kansas City, Mo.; Austin, Texas; Barstow, Calif.; and military installations across the country.

Serving an ethnically diverse student population and non-traditional adult learners has, for many years, been central to Park's educational mission. Even in its first year, Park University enrolled women students as well as men, something that was unusual at the time; and two of the original 17 students were Native Americans. Park was also an early integrator when it welcomed African-American students to live in Park's residence halls in the 1950s.

Park continues to increase access to higher education by offering the quality undergraduate and graduate degrees students desire at locations, times and delivery formats that best serve their needs. In 2010, the University was ranked as the No. 1 value among private colleges and universities by *Parents & Colleges*, an online resource for parents of college-bound students — a distinction that was reaffirmed in 2012. In 2011 and 2013, Park was ranked the seventh most affordable private university/college in the nation, and first in the Midwest, for tuition and fees, according to *U.S. News and World Report*.

Providing such access has developed considerable diversity among the student population, with more than 600 international students from 103 countries, and a 48 percent student representation from racial, ethnic and cultural groups typically underrepresented in colleges and universities. The University has repeatedly been recognized as one of the top 100 American colleges/universities in the nation graduating Hispanic, African-American and American-Indian students. In addition, extracurricular activities and championship-caliber athletic programs complement Park's outstanding scholastic programs.

Park University offers numerous degree programs online, and it maintains a long-standing relationship with the U.S. military for which it has been recognized as one of the largest providers of online undergraduate education to military learners worldwide. Since 2009, Park has received international recognition each year by *Military Advanced Education* magazine as one of its "Top Military-Friendly Colleges and Universities," citing Park's "innovative academic degree programs steeped in excellence." In addition, in December 2012, Park was ranked No. 2 among all private colleges/universities in the country as "Best for Vets" by *Military Times* magazine.

Mackay Hall

Mackay Hall, placed on the National Register of Historic Places, houses the University's administrative offices, as well as some classrooms. It was built in 1886 by students who quarried the stone from the school's land, carried it to the site and built the structure as a means of earning their tuition. With its clock tower overlooking the residence halls, classrooms and other more modern facilities around it, Mackay Hall has become the symbol of the University.

ACCREDITATION

Park University is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, (KAN214F), 30 N. LaSalle St., Suite 2400, Chicago, IL, 60602; (312) 263-0456. The State of Missouri Department of Elementary and Secondary Education, PO Box 480, Jefferson City, MO 65102; (573) 751-3469 has approved the academic standards of Park University's teacher education programs.

MEMBERSHIPS

Park University is an institutional member of the Council of Independent Colleges, the Council of Graduate Schools, the Kansas City Professional Development Council, the Missouri Association of Colleges for Teacher Education, the Missouri College Relations Committee, the Missouri College Fund, The American Association of Collegiate Registrars and Admissions Officers, the National College and University Business Officers, and the National Association of International Educators.

The School of Business is accredited by the Accreditation Council for Business Schools and Programs.

The Hauptmann School of Public Affairs is a member of the Network of Schools of Public Policy, Affairs and Administration, an institutional membership organization which exists to promote excellence in public service education. The membership includes U.S. university programs in public affairs, public policy, public administration and nonprofit management. In addition, the MPA program is a partner with the American Society for Public Administration.

The Master of Healthcare Administration program is a Masters Program member of the Association of University Programs in Healthcare Administration, promoting excellence in health administration education. AUPHA is a sponsoring organization for the Commission on Accreditation of Healthcare Management Education, the only accrediting agency for graduate programs in the field of healthcare management recognized by the U.S. Department of Education and the Council for Higher Education Accreditation.

Park Distance Learning is a member of the Servicemembers Opportunity Colleges, the Servicemembers Opportunity College Associate Degree, the Servicemembers Opportunity College-Navy-2, the Servicemembers Opportunity College-Navy-4, the Servicemembers Opportunity College-Marine-2, the Servicemembers Opportunity College-Marine-4, the Servicemembers Opportunity College Education Program, the National Association of Institutions for Military Education Services and the National Association of Veterans Programs Administrators.

GRADUATE STUDY AT PARK UNIVERSITY

A master's degree is intended to prepare students for scholarly or professional careers, for more specialized study in the discipline, or to satisfy their desire to learn more about a subject. A master's degree is a distinguished academic award conferred upon those who demonstrate a level of competence and accomplishment that is substantially higher than what is expected of undergraduate students. These competencies include the ability to communicate effectively, think critically, skills to analyze complex situations, proficiency to acquire, integrate and apply knowledge, leadership skills, a capacity to recognize and deal with ethical issues according to the standards of their particular profession, and the ability to work collaboratively with others.

Academic preparation in a master's degree program should include coursework, independent research, peer interactions, often combined with a practical learning experience

The Park University School of Graduate and Professional Studies recognizes the necessity for a well-defined and articulated curriculum of study that includes contributions to learning provided by employment, community volunteer, service-learning and internship experiences. Furthermore, the School of Graduate and Professional Studies considers these professional experiences to be an integral part of the graduate curriculum in that they allow programs to develop and implement an enriched curriculum while providing students the opportunity to apply the knowledge, skills and dispositions they have acquired as a result of formal classroom activities. Finally, while encouraged and considered to be an integral part of the graduate curriculum, academic credit may not be granted for work, community volunteer, service-learning or internship experiences, unless completed as part of a regularly scheduled course. A brief description of each graduate degree program follows.

Park University launched its first graduate program in 1982 with the **Master of Public Affairs** degree. This graduate program was developed by Jerzy Hauptmann Ph.D., long-time professor and dean, after whom the Hauptmann School of Public Affairs was named. Designed as a cross-sector degree with a values-grounded liberal arts base, the MPA degree prepares leaders for work and contributions in various sectors of society. Students develop skills needed to interface with organizations across sectors, while acquiring the knowledge base to work in a rapidly changing global community. The MPA program graduates leaders prepared to shape the future in these times of relentless change and to make a difference in their communities and in the world.

The **Master of Education** program was launched in 1995. Originally located at the Parkville Campus and taught in an accelerated format, this program was designed to serve the classroom teacher. Students are encouraged to utilize an action/reflection format in applying educational theory to their own classroom. In 2001, Park University added a degree program in Educational Administration to respond to a growing need for educational professionals certified in this area. A program in Adult Education was added in 2004. Selected programs are now available at the Parkville, Downtown Kansas City and Independence campuses, as well as online.

(continued on next page)

Housed within the School of Business, the **Master of Business Administration** program was launched in January 1998. The School of Business at Park University, accredited by the Accreditation Council for Business Schools and Programs, is one of the largest not-for-profit business schools in the United States. Its mission is to provide quality, innovative, application-based learning. The MBA is designed to meet the educational needs of a growing and diverse business community. Whether advancing through the ranks of an international corporation or re-entering the workplace to join an organization, the business skills and tools one acquires in the MBA program are vital for success in the modern business environment.

The **Master of Arts in Communication and Leadership** program, instituted in the fall of 2005, is designed for professionals who wish to build upon their current career skills or seek career advancement, and for students seeking preparation for doctoral work. The degree blends the practical and theoretical knowledge needed to serve in corporate settings, the military, the nonprofit sector, government, politics, or to continue in a doctoral program.

The **Master of Healthcare Administration** program, housed within the Hauptmann School of Public Affairs, was offered for the first time in the fall of 2006. This program is designed to prepare learners for the health care challenges of a global society, by teaching them innovative approaches to health care leadership. Graduates of this program will find themselves prepared to deal with the evolving challenges of health care leadership in a wide variety of public, private and nonprofit healthcare organizations.

The **Master of Music in Performance** program was instituted in the fall of 2008. The program, whose faculty is renowned worldwide, is an advanced course of study for musicians who hold a bachelor's degree and are seeking careers as professional musicians. Students enrolled in the MMP program may select from two concentration areas of performance, piano or strings.

The **Master of Social Work** program is Park University's newest master's degree program. It is designed to prepare graduates with the knowledge, values and skills needed to deliver effective and efficient advanced social work practice with individuals, families, groups, organizations and communities.

GRADUATE PROGRAMS OFFERED ONLINE

During the fall of 2002, Park University began offering its graduate degree programs online. Currently, the Master of Business Administration (all concentrations), the Master of Public Affairs (all concentrations), the Master of Education (educational leadership, adult education, language and literacy, and teacher leadership), the Master of Arts in Communication and Leadership, and the Master of Healthcare Administration degrees are available online. Instructors and program developers involved in delivering these dynamic and expanding educational opportunities are required to complete online training courses prior to delivery. This requirement exemplifies Park University's commitment to academic excellence and demonstrates the University's commitment to provide quality educational opportunities in a rapidly changing world to diverse student populations. As a result, graduate students enrolling at Park can complete their degrees in traditional classes, in online classes or by combining traditional and online classes, in a manner that suits their needs and enhances their educational experiences. *Note for international students with F-1 visas: U.S. Department of Homeland Security policies may exclude you from degree programs offered solely in the online format. Please consult the Park University Office of International Student Services for further information.*

ADMISSION TO THE SCHOOL OF GRADUATE AND PROFESSIONAL STUDIES

Park University's graduate programs seek students with a record of academic achievement, involvement in the community and good character. No applicant will be denied admission on the basis of race, religion, color, national origin, age, gender, disability, sexual orientation, marital status or veteran's status.

Admission to a graduate degree program at Park University is granted by the School of Graduate and Professional Studies. Each academic program may establish, with proper approvals, admission standards higher than the minimum standards established by the School of Graduate and Professional Studies, but no applicant who fails to meet the minimum standards may be admitted for Graduate Studies at Park University. Any exception to this policy must be approved by the dean of the school to which the student has applied, and such exception will be made only under rare circumstances, on the basis of clear evidence that the applicant is capable of successfully completing the program.

To be admitted, each applicant must hold a bachelor's degree from a regionally accredited United States institution of higher learning or a degree, equivalent to a United States bachelor's degree, from an accredited foreign institution. Any student submitting foreign credentials will be required to submit a foreign credential evaluation report completed by an accredited foreign credential evaluation service or be subject to the Park University FCE fee and submission.

Graduate Admissions Requirements

The undergraduate grade point average required for admission is 2.75 to 3.0 on a 4.0 scale. Individual programs may have additional requirements such as appropriate entrance tests (for example, the GRE, www.gre.org [Park University's institutional code is 6177] or GMAT, www.mba.com). Although entrance test scores, by themselves, do not constitute the sole or final criteria for granting or denying admission to any student, each program that requires them may establish specific score requirements and consider them in combination with other criteria, for making admission decisions. Applicants who hold a master's degree are not required to submit scores from the GRE.

(continued on next page)

Admission may be withdrawn if it was granted on the basis of substantially incorrect information or on the omission of relevant facts, which, if known at the time of the admission, would have resulted in denial. In order to complete the application process, applicants must submit to the Office of Graduate Admissions the following documents, unless otherwise indicated by policy:

- An application for graduate admission (www.park.edu/apply)
- An application fee of \$50
- An official transcript of the bachelor's degree, sent directly to the School of Graduate and Professional Studies by the issuing institution
- An official record of the score on the aptitude portions of the GRE and, if required by the program, sent directly to the School of Graduate and Professional Studies by the testing agency.

All documents must be sent to:

Park University

Office of Graduate Admissions and Internationalization

911 Main St., Suite 900

Kansas City, MO 64105

Types of Admission

Students will be admitted to a graduate program with one of the following statuses:

1. **Full Admission.** Applicants who meet all admission requirements and the Graduate Admissions office has received all necessary documents, are granted full admission.
2. **Provisional Admission.** Students may be admitted to a program on a provisional basis and their admission status will be classified as "provisional." The provisional status will be removed when applicants submit test scores or other required documents. Students accepted provisionally must submit complete and satisfactory records before completing 12 credit hours in the graduate program.
3. **Conditional Admission.** Students may be admitted to a program on a conditional basis and their admission status will be classified as "conditional." The conditional status will be removed when applicants complete all prerequisite course requirements for admission into a graduate program, where applicable.
4. **Probationary Admission.** In certain exceptional cases, a student who does not meet the minimum grade point average requirement, but who presents other evidence of ability to succeed in a graduate program, may be granted probationary admission by the dean of the School of Graduate and Professional Studies or his/her designee. The probationary status may be removed after the student as demonstrated academic ability by maintaining a "B" average for the first six credit hours of graduate courses, with no grade lower than a "B" after the student has demonstrated academic ability by maintaining a "B" average for the first nine (9) hours of graduate courses, with no grade lower than a "B".

This section has been amended. Please see "Amendments" page at the beginning of the catalog.

5. **Non-Degree-Seeking Students.** Non-degree status is available to those with a bachelor's degree who wish to enroll in some graduate courses for their professional advancement, but who do not plan to complete a degree or certificate program. Non-degree-seeking students must have minimum 3.0 grade point average on a 4.0 scale in their bachelor's work to be considered for admission. Lower GPA's may be considered on an individual basis by the relevant program director. Applicants who are seeking non-degree status are not required to submit GRE or GMAT test scores. However, if/when they intend to apply these courses to a degree or certificate program, the student must submit a new application and submit the required test scores, if applicable. No more than 12 graduate credits earned in a non-degree status at Park University may be applied to a master's degree program and no more than six (6) graduate credits earned in a non-degree status at Park University may be applied to a graduate certificate program.
6. **Registered Auditors.** Those students who are interested in a particular course, but who are not taking it for a grade may audit the course. Only face-to-face courses may be audited.

Change of Graduate Programs at Park University

Students must have satisfactory graduate standing (3.0 or better grade point average) to be eligible to transfer from one Park University graduate program to another Park University graduate program. A student may have no grade lower than a "C" and no more than six (6) hours graded "C" in graduate courses taken at Park University at the time of the transfer. Students must submit a new application and the required test scores, if applicable, to the new graduate program. Additionally, students must provide written notice to the original graduate program of their intent to transfer.

Park University Undergraduate Seniors

Park University undergraduate seniors, with a 3.6 cumulative grade point average, while still completing their bachelor's degree, may be permitted to take up to nine (9) graduate credit hours in a non-degree seeking status. These credits will be applied to the appropriate graduate program after the student has received his/her undergraduate degree and has been admitted to a graduate program. *Financial Aid will not be available for courses taken as a non-degree seeking student.*

INTERNATIONAL STUDENTS

Legal Requirements

Park University is authorized, under federal law, to enroll non-immigrant alien students. Park University already has a distinguished group of international students more than 100 countries and U.S. Trust Territories. Qualified international students, defined as all students who are not United States citizens and who are in the United States legally, are encouraged to contact the Office of Graduate Admissions and Internationalization.

International students transferring from another U.S. institution, or entering the U.S. for the first time with F-1 visas to study at a postsecondary school are required to attend Park University courses taught face-to-face; occasionally, enrollment in an online course may be approved. Prospective international students holding a B-1/B-2 visitor visa or F-2 dependent visa may apply and be admitted to a graduate program, but may not enroll in classes until their visa status has been officially changed to an F-1 student visa or another eligible visa status.

International applicants planning to study in the U.S. cannot be admitted to the online degree programs. Individualized assistance is provided for enrolled students by the Office of International Student Admissions and Services, located on the Parkville Campus.

The OISAS is also responsible to the U.S. Department of Homeland Security for ongoing reporting of the status of non-immigrant students attending Park University, and reserves the right to recommend the denial of admission or suspension from classes of any international student failing to meet legal requirements.

Note for international students with F-1 visas: U.S. Department of Homeland Security policies may exclude you from degree programs offered solely in the online format. Please consult the Park University Office of International Student Admissions and Services for further information.

<u>2014-2015 9-Month Estimated Cost</u>	
Tuition & Related Fees	\$8,640*
Room & Board	8,080
Books	900
Personal Expenses	1,000
Health Insurance (mandatory)	776
Other Fees	<u>310</u>
TOTAL U.S. DOLLARS	\$19,706
<i>*Based on 12 graduate credits per 9-month period at an estimated \$480 per credit hour and the SEVIS F-1/J-1/M-1 fee of \$600 per semester. Tuition for English language courses (if needed) will be charged at the undergraduate credit hour rate of \$346.</i>	
<i>Note: An additional fee of \$160 will be applied for an evaluation of transcripts if international credentials are submitted.</i>	

As a general policy, Park University does not extend payment plans to new international students. New international students are required to pay all costs prior to registering and starting classes. It is important to note that academic and need-based scholarship/financial aid, including work study, are not available to international students.

The following items must be received by June 1 for Fall Semester admission, or by October 1 for Spring Semester admission, if you are currently outside of the U.S:

- **Completed Park University application** (www.park.edu/apply) and all other required materials and test scores requested by the graduate discipline you have selected. In addition, if transferring from a U.S. school, the International Student Transfer Form must be completed by you and your current DSO (international adviser) and returned.
- **Pay the \$100 international application fee** (\$50 applied to application fee and \$50 applied to International Student Fee; a one-time fee application only for F-1 visa students) by credit card, or select “pay by check” and send the check to:
School of Graduate and Professional Studies
Park University
911 Main St., Suite 900
Kansas City, MO 64105
- **Official certified transcripts and diploma** from your college or university. Certified English translations of the transcripts and diploma must also be provided for transcripts that are in a language other than English. In cases where institutions will not mail official copies, Park requires a copy authenticated by a college, university, Embassy official or other official offices as approved by the School of Graduate and Professional Studies.
- **A certified or sworn letter or Affidavit of Support and supporting bank statement(s)** and/or other financial documents showing the ability to finance estimated annual expenses (\$19,730) to live in the U.S. and study at Park (excluding winter and summer breaks) and complete a degree as shown above).
- **If English is not the applicant’s primary language**, an English proficiency requirement must be met through one of the following:
 - **Test of English as a Foreign Language**, with a minimum iBT score of 79 or paper test score of 550, or computer test score of 213 and part scores as follows:
 - Part scores are 55 or higher for the paper-based test;
 - A score of 20 or higher for the computer-based test with a writing score of 5.0, and;
 - A score of at least 20 for the Internet-based test.

TOEFL website: www.ets.org/toefl

- **Intensive English Language Test Scores** of 6.0.
Park University’s institutional code is 0044.
- Have on file with the School of Graduate and Professional Studies an acceptable TOEFL, IELTS (or other acceptable) test score for the English language.
- Students who are not successful are required to enroll in English language courses through the Language Consultants International program at Park University or another approved English language program designated by the appropriate graduate program director. Once English is mastered, students may be admitted into a graduate program.

(continued on next page)

- Applicants who hold a bachelor's or higher degree from a university located in the U.S. or in another country in which English is both the primary spoken language and the medium of instruction are exempt from both the TOEFL/IELTS English requirements.

If a student currently attends a U.S. school and intends transfer to Park University, the International Student Transfer Form (www.park.edu/international) must be completed by you or your DSO, and sent to Park University along with your other documents.

Please note that admission to a graduate degree program at Park University is officially granted by the School of Graduate and Professional Studies, based on admission criteria established, with proper approvals, by each program.

All documents must be sent to:

Park University
Office of Graduate Admissions and Internationalization
911 Main St., Suite 900
Kansas City, MO 64105

IMPORTANT NOTICE FOR INTERNATIONAL APPLICANTS

As soon as you submit all required documents and fees, including financial documents, and have met all admission requirements, your application will be reviewed for admission by the School of Graduate and Professional Studies. If you are admitted for graduate study, the Office of International Student Admissions and Services will issue your I-20. Should you have any questions regarding academic admission requirements, please contact the Office of Graduate Admissions at (816) 559-5627 or gradschool@park.edu. Questions regarding I-20 and visa issues should be directed to the OISAS at (816) 584-6820, (816) 584-6508 or international@park.edu.

Transfer of Visa: If a student currently attends a U.S. school and intends to transfer to Park University, the International Student Transfer Form (www.park.edu/international) must be completed by your current DSO and sent to:

Park University
Office of International Student Admissions and Services
8700 NW River Park Dr., CMB 3
Parkville, MO 64152

Insurance for International Students

The Health and Accident Limited Student Insurance Plan (including repatriation coverage) offered by Park University is mandatory for all international students with F-1 student visas. Mandatory coverage can only be waived during the first eight calendar days of a term. Waiver must be made by the director of International Student Services or another representative of the University, on the basis of proof of existing coverage, including repatriation coverage. The proof must be attached to the waiver form. In order to ensure continuous coverage, the proof must be produced every semester or as often as necessary, depending upon the duration stated in the document. An international student who does not receive a waiver, as described above, will be enrolled in the Health and Accident Limited Student Insurance Plan and billed for the premium each semester.

ACADEMIC POLICIES

The provisions of this catalog are subject to change at the discretion of Park University. A record of any change will be maintained in the School of Graduate and Professional Studies and the Office of the Registrar. The following are not intended to be an exhaustive source of information on the policies and standards governing graduate education at Park University. Students may consult their academic advisors or the School of Graduate and Professional Studies for clarification and additional information.

The Graduate Academic Council, chaired by the dean of the School of Graduate and Professional Studies, recommends policies and procedures to govern graduate programs at Park University, and ensures that faculty, students and program administrators adhere to approved policies, procedures and best practices.

Academic Honesty

As a learning community, the University upholds the highest standards of academic integrity in all its academic activities, by faculty, staff, administrators and students. Academic integrity involves much more than respecting intellectual property rights. It lies at the heart of learning, creativity and the core values of the University. Those who learn, teach, write, publish, present or exhibit creative works are advised to familiarize themselves with the requirements of academic integrity and make every effort to avoid possible offenses against it, knowingly or unknowingly.

The following policy is intended to inform graduate students about the basic requirements of academic integrity and to outline the procedures that will be followed in instances of plagiarism and cheating.

1. Plagiarism involves the appropriation of another person's ideas, interpretation, words (even a few), data, statements, illustration or creative work, and their presentation as one's own. An offense against plagiarism constitutes a serious academic misconduct. Although offenses against academic integrity can manifest themselves in various ways, the most common forms of offenses are plagiarism and cheating. Plagiarism goes beyond the copying of an entire article. It may include, but is not limited to: copying a section of an article or a chapter from a book, reproduction of an art work, illustration, cartoon, photograph and the like and passing them off as one's own. Copying from the Internet is no less serious an offense than copying from a book or printed article, even when the material is not copyrighted.

Plagiarism also includes borrowing ideas and phrases from, or paraphrasing, someone else's work, published or unpublished, without acknowledging and documenting the source. Acknowledging and documenting the source of an idea or phrase, at the point where it is utilized, is necessary even when the idea or phrase is taken from a speech or conversation with another person.

(continued on next page)

2. An equally serious offense against academic integrity is cheating. Cheating, in the academic context, is defined as resorting to dishonest means or fraud to obtain academic credit, honor or recognition. Cheating takes a variety of forms, such as: receiving or giving assistance on a task that was expected to be performed individually; submitting the same paper or product for credit in two or more different courses (without instructor knowledge and consent); giving or receiving help during tests; copying another person's answer during a test; using a surrogate to take a test; fabricating data; or claiming to have conducted research, when none has been done.

The Academic Honesty Policy can be viewed at:

https://my.park.edu/ICS/Offices/Academic_Affairs/Academic_Honesty.jnz.

Possible Sanctions Against Academic Dishonesty

Depending on the seriousness of the offense, one or more of the following sanctions may be imposed on a student who violates standards of academic integrity (instructor's discretion):

- a. Verbal and/or written formal reprimand.
- b. A lower or failing grade for the particular assignment.
- c. A lower or failing grade in the course.

When there is evidence of plagiarism in a comprehensive exam, final project or thesis, the instructor, evaluator or primary thesis advisor can:

- a. Fail the student for the particular comprehensive exam, final project or thesis.
- b. Determine that the student should not be allowed to retake the exam or rewrite the project or thesis.

Imposition of any of the following sanctions requires the approval of the dean of the School in which the student is enrolled:

- a. Administrative withdrawal from the course.
- b. Academic probation for a specified period of time.
- c. Academic suspension for a specific period of time.
- d. Dismissal from the program.
- e. Expulsion from the University.

Procedure

In the event of an alleged or suspected violation of academic honesty, the following procedure will be followed:

The primary responsibility for the initial handling of plagiarism and cheating rests with the instructor. As a first step, the instructor will discuss the matter with the student, in an attempt to ascertain the facts. Whether or not the student admits to plagiarism/cheating, if the instructor remains convinced that the alleged violation occurred, either based on documentary evidence or personal observation, in instances of cheating, the instructor may impose an appropriate penalty, as outlined above, on the student. The seriousness of the penalty to be imposed depends on the seriousness of the offense.

Instructors convey in writing to the dean of the School of Graduate and Professional Studies the name of any student who violates the University's Academic Honesty Policy. The dean maintains a list of graduate students who violate this university policy.

Appeal

A student who wishes to appeal either the charge of plagiarism and cheating or the appropriateness of the penalty may schedule a conference with the program director, who may informally resolve the matter in discussion with the student and the instructor. If the program director is the instructor, the student may conference with the dean of the School.

If the student is unsatisfied by the resolution offered by the program director, the student may request the School dean for a formal hearing, within 14 calendar days of the program director's response. Within 14 calendar days of receiving the hearing request, the School dean will appoint and formally charge a Hearing Committee. This committee will consist of two graduate faculty members from the same program, excluding the instructor and the program director, and a third graduate faculty member from another program. The Hearing Committee will then elect a chair and formally notify the student of the hearing. The hearing will occur within 14 calendar days of receiving the formal charge from the School dean. Both the student and the instructor will be given an opportunity to present their case to the Hearing Committee. Neither the student nor the instructor has the right to be represented by a legal counsel at this hearing. However, the student may choose another student, faculty or staff member to be present at the hearing, for advice. The adviser may not address the committee members or witnesses. Based on the Committee's recommendation, which must be forwarded to the School dean, in writing, within seven calendar days, the School dean resolves the case, either by affirming the Committee's recommendation, modifying the sanction or dismissing the charges. The School dean's written decision must be mailed to the student, via certified mail, within seven calendar days of receiving the Hearing Committee's recommendation. The School dean's decision is final.

Academic Records

The Registrar's Office maintains an academic record for each enrolled student. All official academic transactions are recorded. Students may access their grades through the MyPark system. Any student may obtain extra copies of a complete transcript by filing an official request, along with payment of the transcript fee of \$10 per copy. No transcripts will be issued unless a minimum of one completed Park University course appears on the transcript.

Academic Standards

1. Successful completion of all required coursework, with a cumulative grade point average of 3.0 or higher, is required for graduation. Additionally, students may have no grade lower than a "C" and no more than six (6) hours graded "C" in graduate courses taken at Park University at the time of graduation. A course in which a student earns a "C" or lower may be repeated no more than once. No more than six (6) credit hours may be repeated.
2. To have satisfactory graduate standing, a student must maintain a 3.0 GPA or better. A student who fails to maintain the required GPA will be placed on academic probation for two terms of attendance during which time the minimum GPA requirements must be met. Failure to meet minimum requirements by the end of the probationary period, or failing to maintain the required GPA after the probationary period, will result in suspension. A student can receive probation only one time during their graduate studies at Park University.

Quality of Work

The official grades issued by Park University, indicating student's performance, are listed below. The grade point average for each student is computed by dividing the sum of grade points earned by the number of credit hours in which the student earned grades of A, B, C, D or F. A grade point average of 3.0 or higher is required for satisfactory academic standing in all graduate programs.

A – Excellent	4 grade points	I – Incomplete	No grade points
B – Good	3 grade points	P – Pass	No grade points
C – Unsatisfactory	2 grade points	S – Satisfactory Progress	No grade points
D – Poor	1 grade point	W – Withdrawn	No grade points
F – Failed	No grade points	Audit	No credit hours

GRADE APPEAL PROCEDURE

Course Grade Appeal

Careful, criterion-based and timely assessment of individual student performance and the assignment of an appropriate grade are a part of the faculty's teaching responsibilities. It is presumed that the assigned grade is based solely on the student's performance in the course and that the instructor's professional judgment is valid.

The appeal process is intended for the final course grade, not for specific assignments in the course. Students who believe that the instructor's evaluation of their final course grade was unfair or done in error may appeal the matter according to the provisions of this procedure. Students must exhaust the informal grade appeal process before a formal appeal can begin. A grade appeal must have a solid basis. It is inappropriate if based solely on the student not sharing the instructor's judgment about the quality of his or her work. Raising questions about fairness in this context is not to be understood as questioning the high standards that are expected, but rather as arbitrariness or capriciousness in evaluation and assigning a grade. The burden of proving arbitrariness or capriciousness rests on the student who wishes to appeal the grade. The following types of situations constitute grounds for the charge of arbitrariness or capriciousness:

1. The grade was influenced by factors that were irrelevant to student performance in the course.
2. Different standards than those used to evaluate other students were applied to determine this particular student's grade.
3. Stated grading standards in the syllabus were not followed or were altered significantly after the course was under way and without prior, written and sufficient notice.

Informal Grade Appeal

It is the responsibility of the student to work to resolve the matter with their instructor informally within 30 calendar days subsequent to posting of grades. The instructor should correct the grade if an error was made or communicate with the student and explain the rationale for the grade. If the problem is not resolved informally in discussion with the instructor, the student may file an appeal by submitting, in writing and using the Grade Appeal Form (available in the Graduate School Office), to the appropriate graduate program director, within 45 calendar days subsequent to the posting of the grade. *Except in extraordinary circumstances that include medical emergency and military service, failure to appeal the grade within the time limit constitutes waiver of the right to appeal.*

Exception: If the instructor is unavailable because of death, prolonged illness or absence, or is no longer employed with the University, the program director or designee shall handle the situation in place of the faculty. In such a situation, the program director or designee may correct an obvious error, or in consultation with a colleague who is knowledgeable in the discipline, make a grade adjustment if it is warranted.

Formal Grade Appeal

- **Step 1:** If the problem is not resolved informally with the instructor, the student may appeal the grade formally to the appropriate graduate program director. The formal grade appeal request must be made in writing, using the Grade Appeal Form (see Appendix D) and submitted within 45 calendar days subsequent to the posting of grades in an attempt to resolve the matter. *Except in extraordinary circumstances that include medical emergency and military service, failure to appeal the grade within the deadline constitutes waiver of the right to appeal.* The appeal should clearly state and document the informal effort made to resolve the problem, reasons for the appeal and relevant documents such as a copy of the course syllabus, copies of exams, quizzes, assignments, etc., which the student believes are necessary to support the appeal. The appeal may also include a statement as to what the student feels should be the appropriate grade. The appropriate program director will promptly notify, in writing, the faculty member of the appeal, requesting a written response, with all supporting documentation. The response and documentation should be received from the faculty member by the program director within five business days of receiving the notice. If the program director was the instructor of the course, the student files the appeal with the dean of the college or school in which the graduate program resides.
- **Step 2:** Within 10 business days of receipt of the appeal, the program director or designee shall make a recommendation for or against the grade change, with justification in writing, and send the recommendation to the dean of the school in which the student is enrolled.
- **Step 3:** Within 10 business days of receiving the recommendation, the dean of the school shall both accept the program director's recommendation and inform the student of the final decision. The dean reserves the right to appoint a grade appeal committee to assist in the decision-making process. If such a committee is appointed, a recommendation must be forwarded in writing to the dean of the school within five business days of completing the review. The dean resolves the case either by affirming the committee's recommendation or by modifying it if necessary. The dean will inform the student in writing of the final decision within five business days of receiving the committee's recommendation or after the dean has determined the outcome. *The dean's decision on the appeal is final with no other appeal process available for either the student or faculty member.*

Grade Change Policy

No grade change shall be granted later than one 16-week semester or two 8-week terms from the original grade submission deadline. Any change of grade, prior to the deadline, will be initiated by the faculty member only who assigned the grade. All requests must be adequately documented and approved by the program director or dean.

(continued on next page)

A grade may be changed, prior to the deadline, for the purpose of correcting clerical or administrative errors, or to correct an error in the calculation or recording of a grade. A change of grade will not occur as a result of additional work performed or re-examination beyond the established course requirements.

Incomplete Notations

The notation of “I” indicates that the coursework was not completed in the time allotted in the semester/term, through no fault of the student (as determined by the instructor). This notation may be issued only in exceptional situations and accompanied by appropriate documentation. Requests for Incompletes are initiated by the student. Incompletes may be issued only upon the approval of the instructor and with a “Contract for Incomplete,” signed by the student and the instructor, before the end of the final examination. Once signed by the instructor and the student, the Contract is placed on file in the office of the program director, with a copy sent to the School of Graduate and Professional Studies office. An incomplete will not be issued to a student who has unexcused or excessive absences recorded for a course. The final assessment of the grade is postponed to no later than one 16-week semester or two 8-week terms after the last day of the semester/term in which the “I” was received. Failure on the part of the student to complete the work within the time limit will result in a grade of “F”. A student may submit a written request for one 30-day extension. Exceptions to the extension request can only be made upon review and approval of the dean of the appropriate school. After approval by the instructor, the request for extension is filed in the office of the program director, with a copy sent to the School of Graduate and Professional Studies office and the Registrar’s office. The final assessment of the grade is submitted by the instructor and approved by the program director or dean.

Note: Students on financial aid or graduate assistantship are advised that an “I” (Incomplete) may suspend the student’s financial aid or graduate assistantship.

Attendance

Professors are required to maintain attendance records and report absences. Excused absences can be granted by the instructor for medical reasons, school-sponsored activities and employment-related demands, including temporary duty. Students are responsible for any missed work. Absences for two successive weeks, without approved excuse, will be reported to the director of the individual graduate program, and to the dean of the School of Graduate and Professional Studies, for appropriate action. Students with such a record of absences, without an approved excuse, may be administratively withdrawn from the class and notified that an “I” will be recorded, unless the student initiates official withdrawal from the class(es).

Auditing Courses

A student may audit courses for no credit, by paying one-half of the normal tuition and full fees for the number of credit hours being audited.

Classroom Conduct and Disciplinary Action

A student whose behavior disrupts the classroom or interferes with the learning of other students will be subject to disciplinary action, ranging from dismissal from the classroom to expulsion from Park University. Such behavior includes, but is not limited to, the use of abusive or obscene language, attending the class under the influence of drugs or alcohol, excessive tardiness or excessive absences.

Comprehensive Exam

When applicable, a student who fails the final comprehensive exam, except in the cases of plagiarism, may repeat the exam one time, with the permission of the program director. Any further attempts would only be permitted upon the recommendation of the program director and the approval of the School dean. If a student fails a comprehensive exam due to plagiarism the policies for comprehensive exams, stated under *Sanctions against Academic Dishonesty* apply.

Continuous Enrollment

In most Park University graduate programs, continuous enrollment is expected. Continuous enrollment requires enrollment in at least one course. *If the student discontinues enrollment for two calendar years or more, readmission is required.* Should readmission be granted, it will be based upon the requirements and regulations effective at the time of the readmission. All requirements for a master’s degree must be completed within seven years.

Course Load

Full time graduate enrollment at Park University is defined as six (6) or more hours, for a 16-week term, and three or more hours per each of the shorter terms. Enrollment in three to five hours in a 16-week term will constitute half-time graduate student status. Half-time for shorter terms will be a minimum of two hours of graduate enrollment. Enrollment for two hours in shorter terms will constitute half-time enrollment. These standards apply to all graduate programs at Park University.

	16-Week Semesters		Summer/Short Semesters	
	Full-Time	Half-Time	Full-Time	Half-Time
Hours per Semester	6+ Hours	3-5 Hours	3 Hours	2 Hours
Must pass per semester	6 Hours	3 Hours	3 Hours	2 hours

Enrollment Adjustment Period

The first eight calendar days of a semester/term constitute the Enrollment Adjustment Period. Within this time, students are permitted to exchange classes without financial penalty. For any adjustment other than an even exchange, the student will be responsible for charges associated with the registration adjustment, as detailed in the *Refund Policy* section. The adding or dropping of a class must be done by the student as directed by the Graduate School staff. A student using Veterans Affairs educational benefits may drop a course, without penalty by the VA, during the Enrollment Adjustment Period.

Graduate Academic Council

The Graduate Academic Council, chaired by the dean of the School of Graduate and Professional Studies, recommends policies and procedures to govern graduate programs at Park University, and ensures that faculty, students and program administrators adhere to approved policies, procedures and best practices.

Transfer of Graduate Credit

No more than nine (9) hours of graduate credit transferred from another academic institution may be used to meet master's degree requirements at Park University, unless such transfer is governed by interuniversity agreement. Transfer is granted only after an evaluation of the appropriateness of the courses by the program director. Other criteria that must be met in order for credits to be considered are:

1. Transfer course content is appropriate to the program. Only transfer credit earned from a regionally-accredited institution of higher education, or its equivalent, if the institution is a foreign university or college, is accepted.
2. The grade earned in the course is "B" or better.
3. The credits were not used for a previous degree.
4. The credit is not more than seven years old. A program director may waive this requirement on a course by course basis if, in his/her judgment, the content of the course has not changed appreciably during the applicable period.
5. The transfer credit must be requested prior to acceptance into the program, unless otherwise approved by the program director.

Interdisciplinary Graduate Work

Students must take the core courses of the program in which they wish to receive their degree; however, they may take electives in other Park University graduate programs, with the approval of their adviser and program director. The electives should be a reasonable part of their academic and professional plans. The number of hours chosen, as electives, will vary with the program and may not exceed nine (9) credit hours. (*See appropriate sections of the Catalog*). Students wishing to receive an interdisciplinary graduate degree must contact the School of Graduate and Professional Studies office.

Independent Study

Independent study is a method for completion of courses in this catalog that do not require special equipment, instruments and/or machines, and are deemed suitable to be taught as an independent study. The course consists of a prescribed program of study with provision for interaction between a student and a Park University faculty member. To qualify for an independent study course, the student must:

1. Be a degree-seeking student at Park University in good academic standing with a grade point average of 3.0 or higher.
2. Have completed 25 percent of the degree requirements, unless an exception is granted by the program director or dean. If qualified, the student must request an Independent Study Agreement from the program director. A student is allowed a maximum of six (6) credit hours through independent study to complete the requirements. Each 3-hour course carries a maximum completion time of six months. The program director must approve all independent study courses. All charges, regardless of funding, must be paid in full when the independent study is approved.
3. Submit a draft syllabus proposing the topic, readings, assignments and scheduled meetings, to the graduate program director.

Individualized Instruction

Individualized instruction is a method by which a course offered in this catalog may be completed in a tutorial mode. A student is allowed a maximum of nine (9) credit hours of individualized instruction during his/her Park University career if the conditions listed below are met. To qualify for an individualized instruction course, a student must:

1. Be a degree-seeking student at Park University in good academic standing with a grade point average of 3.0 or higher.
2. Have completed 25 percent of the degree requirements, unless an exception is granted by the program director or dean.

Approval for an individualized instruction course also requires the following:

1. That a substitute course cannot be determined.
2. That the course was not available in the immediately prior term.
3. That the course is not scheduled to be available in the next term.

If qualified, the student must request an Individualized Instruction Agreement through the program director. The Agreement must include the faculty member's name, specific course requirements and evaluation requirements, and must be submitted to the program director four weeks prior to the beginning of the term. The program director must approve all individualized study courses. All charges, regardless of funding, must be paid in full when the individualized study is approved.

Suspension

A student will be suspended from the program for any of the following reasons:

- Failure to meet the stipulations of probationary admission.
- Failure to raise grade point average to 3.0 in two terms of attendance after being placed on academic probation.
- Failure to maintain a 3.0 GPA after academic probation has been lifted.
- Repeating a course in which the student has earned a "C" or lower and fails to obtain a "B" or higher in the second attempt.
- Earning more than two grades of "C" or lower.
- Earning a grade lower than "C" after having already repeated six (6) hours.

A student who has been suspended from a graduate program at Park University will not be allowed to pursue further graduate study in any degree program offered by the University for three years. Courses taken from other institutions will not be transferable if taken during the time of suspension from Park University.

Readmission

A student who has been suspended must apply for readmission. Upon readmission, the student must complete *all* courses with a "B" or higher. Failure to meet this standard will result in immediate termination from the program.

Registration

Students admitted to graduate programs may register and confirm their classes at any time through the first day of the term or semester. Students must be registered and confirmed for a course before the deadlines, in order to avoid late charges and in order to receive academic credit for that course. To complete registration, fees must be paid in full or arrangement for payment made: 50/50 Tuition Plan, financial aid (TA, VA, loans) or employer authorization documents, before confirmation of a class. Students already confirmed for classes can add, drop or exchange courses, until one week after the first day of the term.

Special Terms

Between regular semesters or before/after the summer term, students may enroll, by permission, in special terms designed to facilitate their progress toward the degree.

Responsible Conduct of Research and Scholarship

The conduct of research and scholarship must conform to the highest standards of ethical and professional integrity. Every aspect of research, including data collection, research design, research procedures, conclusions drawn and the dissemination of results must adhere to superior ethical standards, transcending personal gain, financial consideration or other individual or institutional advantage. Research involving human and animal subjects must meet the requirements of all applicable laws and regulations, as well as University procedures, to ensure the well-being of the human and animal subjects. *See Institutional Review Board information at www.park.edu/institutional-review-board/.*

Academic Withdrawal Policy

There are two types of withdrawals: official and administrative. An official withdrawal begins when the student initiates the withdrawal process. An administrative withdrawal occurs when the University initiates the process for non-attendance, non-payment, academic offenses or violation of other University policies. Both official and administrative withdrawals may occur only during the specified withdrawal period, and refunds will be based on the date the withdrawal was initiated.

Park University reserves the right to withdraw a student from a class or classes if the student does not meet his/her financial obligation, or fails to attend classes. Any student failing to attend a class(es) for two consecutive weeks without approved excuse will be administratively withdrawn and notified that a grade of “F” will be recorded. Excused absences can be granted by the instructor for medical reasons, school sponsored activities and employment-related demands, including temporary duty. The attendance week for recording purposes runs from Monday through Sunday.

Both official and administrative withdrawals from a class must occur no later than the published withdrawal deadline. Students who request an official withdrawal prior to the withdrawal deadline will receive a “W”. Students failing to request an official withdrawal by the deadline will receive the grade earned in the course. Students administratively withdrawn by the University will have a grade of “F” recorded.

In order to totally withdraw from the School of Graduate and Professional Studies, students must first initiate a withdrawal from all classes as specified above. Withdrawals must be requested in writing via correspondence, e-mail or fax. Withdrawals by telephone will not be accepted.

Course Back-Out Procedure

A student can request to be backed-out of a class when circumstances beyond a student’s control have occurred, which prevent him/her from participating in the class in which he/she enrolled and confirmed. Examples of such circumstances include illness, death in the family or legal emergencies.

- 1. Student must submit a written request and provide documentation for the reason he/she is presenting as justification for a back-out.
- 2. Approval by program director and the appropriate school dean is required.
- 3. If the student received financial aid and has been approved for back-out, part or all of the financial aid received must be returned to Park University.

Refund Policy

To begin the refund process, the student must notify Park University, as noted in the *Academic Withdrawal* section.

The return of federal funds formula provides for a return of Title IV aid, if the student received federal financial assistance in the form of a federal loan (Unsubsidized, Stafford, Perkins or other Title IV programs) and withdrew on or before completing 60 percent of the semester/term. If funds were released to a student because of a credit balance on the student’s account, then the student may be required to repay some of the federal grants or loans released to the student.

Students who withdraw officially, or who are withdrawn administratively, from any or all hours in a term will have tuition refunded according to the following schedule:

Park University Tuition Refund Calculation Schedule

	<i>16-Week Term</i>	<i>8-Week Term</i>
Week 1	90%	90%
Week 2	80%	60%
Week 3	70%	40%
Week 4	60%	20%
Week 5	50%	0%
Week 6	40%	
Week 7	30%	
Week 8	20%	
Week 9	10%	
Week 10	0%	

When students with federal financial awards withdraw from Park University, the University will comply with the federal regulations as stated in the Federal Register. Park University distributes funds back to federal programs in the following order: Federal Loans: Unsubsidized Stafford, Subsidized Stafford, Perkins and other Title IV programs. Institutional awards are redistributed after the federal programs.

Note: All fees are non-refundable. Room and board will be prorated on a daily basis. A \$100 "break of housing agreement" fee will be charged to any student breaking the residence hall agreement.

Minimum Graduation Requirements

In order to graduate with a master's degree, students must complete the following:

- 1. All necessary coursework with a 3.0 grade point average.
- 2. All program specific graduation requirements, which may include: comprehensive examinations, theses, portfolio, final project, internships, etc.
- 3. Application for graduation and fee payment.

Note: Students enrolled in their last class with satisfactory progress can participate in commencement ceremonies provided that all other University and program graduation requirements listed above are completed. The time limit for completing a master's degree at Park University is seven years. No course older than seven years, unless specifically approved by the graduate program director, will be applied to a master's degree program.

Application for Graduation Deadlines*

December Commencement	April 1
May Commencement	November 1
August Completion	April 1

** Application for graduation is required in order to graduate. Deadlines may vary depending upon the program in which the student is enrolled. The student must be enrolled in the last credit hours no later than the term immediately following the commencement (for example, not spread out over multiple future terms). If there are special circumstances, the student can file a petition with Park University's Registrar's Office.*

Commencement Ceremony Participation

Park University commencement ceremonies for Kansas City area graduates are conducted in December and in May, as well as annually at Park's campus centers across the country. Students planning to participate in a commencement ceremony at one of the campus centers must contact the director of the campus they plan to attend as early as possible. Be aware that seating for guests may be limited at some locations.

Note: Students should contact the appropriate graduate programs assistant to confirm they have completed all requirements.

READING THE COURSE SCHEDULE

1. Semester/Term Codes:

- “FAP14” — indicates Fall — 16-week course
- “F1P14” — indicates Fall I — 8-week course
- “F2P14” — indicates Fall II — 8-week course
- “SPP15” — indicates Spring — 16-week course
- “S1P15” — indicates Spring I — 8-week course
- “S2P15” — indicates Spring II — 8-week course
- “UMP15” — indicates Maymester — 2-week course in May
- “U1P15” — indicates Summer — 8-week course
- “UJP15” — indicates Junemester — 4-week course in June
- “ULP15” — indicates Julymester — 4 week course in July

2. Section Codes:

- “DL” indicates online course
- “ED” indicates Master of Education course taught at Parkville Campus
- “EDC” indicates Master of Education course taught for Clay-Platte Cohort only
- “EDD” indicates Master of Education course taught at Downtown Campus
- “EDG” indicates Master of Education course taught for Grain Valley Cohort only
- “EDI” indicates Master of Education course taught for Fort Osage Cohort only
- “EDK” indicates Master of Education course taught for Kansas City Cohort only
- “EDL” indicates Master of Education course taught for Lawson Cohort only
- “EDN” indicates Master of Education course taught for Northland Lit. Cohort only
- “EDO” indicates Master of Education course taught for Odessa Cohort only
- “EDS” indicates Master of Education course taught for Smithville Cohort only
- “GS” indicates Master of Public Affairs course taught at Parkville Campus
- “GSD” indicates Master of Public Affairs course taught at Downtown Campus
- “MB” indicates Master of Business Administration course taught at Parkville Campus
- “MBD” indicates Master of Business Administration course taught at Downtown Campus
- “MC” indicates Master of Arts in Communication and Leadership course taught at Parkville Campus
- “MCD” indicates Master of Arts in Communication and Leadership course taught at Downtown Campus
- “MH” indicates Master of Healthcare Administration course taught at Parkville Campus
- “MHD” indicates Master of Healthcare Administration course taught at Downtown Campus

3. Abbreviations for days of the week:

U-Sunday, M-Monday, T-Tuesday, W-Wednesday, R-Thursday, F-Friday, S-Saturday

- 4. “TBA” means that the class meeting time has not yet been scheduled. If the first meeting of the class is not indicated in the schedule, the student needs to contact the instructor to verify a time.
- 5. “ARR” means the student needs to contact the instructor to arrange a time

FINANCIAL ASSISTANCE

Application for Financial Assistance

Preference will be given to those whose files are completed at least 90 days prior to the first term of enrollment for the award year (July 1 to June 30). To be considered for federal financial aid, the student must be fully admitted to Park University as a degree seeking student. *Note: Items are available online at www.park.edu/finaid.*

An award notification e-mail will be sent, advising the student of his/her eligibility for aid, when the following have been received in the Office of Student Financial Services on the Parkville Campus:

1. 2014-15 Park Request for Financial Aid form.
2. Free Application for Federal Student Aid — The output document can be in the form of the Student Aid Report or Institutional Student Information Report, which is retained by the University, from data produced from the FAFSA.
3. If selected for verification (*appears beside the EFC number in the upper right corner of the SAR or ISIR), the following documents will be needed:
 - a. Institutional Verification Worksheet
 - b. An official copy of a tax transcript for the student and spouse (if applicable and filed separately) obtained from the IRS if a federal tax return was filed.

Financial assistance is awarded annually to qualified students who make satisfactory progress (see policy on *Satisfactory Academic Progress for Financial Aid*). FAFSA applications must be submitted each academic year.

Assistance with Educational Expenses

The Office of Student Financial Services administers and coordinates programs of assistance from federal and private sources. To increase graduate educational opportunities for eligible students, more information is available on the School of Graduate and Professional Studies website (www.park.edu/grad). You may also contact SFS at (816) 584-6290 or contact the Graduate School offices at (816) 559-5625 for additional information. The calculation of expected family contribution includes consideration of current family income, assets, family size, number of family members in college and other factors that may seriously alter a family's financial resources. Financial assistance programs are designed to supplement family resources by bridging the gap between cost and the family's ability to pay.

Graduate Loan Programs

Federal Direct Stafford Student Loans — These are long-term, low-interest loans designed to provide students with additional funds for college. All of these federal student loans have up to 10-year repayment terms, with a minimum monthly payment of \$50. All Direct Stafford loans disbursed on or after July 1, 2006 have a fixed rate. Loans disbursed on or before June 30, 2006 continue to have a variable rate that changes annually after July 1. Please check with the Office of Student Financial Services for additional information on the federal loan program. *This aid must be repaid.*

Federal Direct Stafford Loan and Federal Direct Grad Plus Stafford Loan (unsubsidized)

— To be considered for eligibility, the student must be enrolled at least half-time (3 hours), complete the FAFSA, not be in default on a previous student loan or owe any refund on any federal grant. First-time borrowers at Park University must also be informed of their rights and responsibilities as a borrower through a federally required entrance interview. A master promissory note must be signed. Interest begins to accrue when the funds are disbursed. Students can (1) pay their interest while in school; (2) pay their interest during the 6-month grace period; or (3) postpone interest payments and have it added to the principal when repayment begins, after the 6-month grace period ends. Federal Direct Stafford Loan eligibility must be used in its entirety before the Federal Direct Grad Plus Stafford Loan is certified.

Satisfactory Academic Progress Policy / Financial Assistance for Graduate Students

The Satisfactory Academic Progress Policy may be found at www.park.edu/finaid.

SCHOLARSHIPS

Scholarship selections begin in the spring for the following award year. The priority deadline for the Endowed Scholarship Application, with autobiography/personal statement and two letters of recommendation (some scholarships require that the recommendation letters be from educators and/or supervisors) is Feb.1 each year; however, applications are accepted year-round.

Applications and brochures with more detailed information are available in the Office of Student Financial Services (located on the Parkville Campus) or from the scholarship coordinator, who may be reached at (816) 584-6294.

Since some scholarships require students to demonstrate financial need, it is recommended that students complete the Free Application for Federal Student Aid. For a complete list of available scholarships, visit www.park.edu/scholarships.

GRADUATE ASSISTANTSHIPS

Graduate assistantships serve three objectives: to provide students with a meaningful professional experience that will enhance their career goals; to allow students to provide a service to a department within the University; and to provide students with assistance in financing their education. Note: *This is not a needs-based award and is not designed to provide students with all funding for their degree; students should expect to have additional financial resources.*

Qualifications for a Graduate Assistantship

Assistantships are awarded on a highly competitive basis. To be considered for a graduate assistantship, a graduate student must be fully admitted into the School of Graduate and Professional Studies with a cumulative undergraduate grade point average of 3.0 or higher and be fully accepted into a Park University graduate degree program. See www.park.edu/grad for further details.

Categories of Assistantships

Graduate assistants are enrolled in different graduate degree programs and provide academic and program support. GA responsibilities may be administrative in nature. Graduate assistantships are divided into two categories: general graduate assistantships and graduate research assistantships.

Work Requirements

Graduate assistants are required to work at least 20 hours per week. Students may not be required to report to work during school breaks, unless otherwise required to do so by the supervisor.

Compensation

All graduate assistants receive a modest monthly stipend and some tuition assistance.

See www.park.edu/grad for further information regarding graduate assistantship requirements, application procedures and other information.

EQUAL OPPORTUNITY

NON-DISCRIMINATION POLICY

Park University prohibits discrimination on the basis of race, sex, color, national origin, sexual orientation, marital status, disability, religion and age in employment, and in its admission, education, programs and activities of students under state and federal law, including Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973 and Titles VI and VII of the Civil Rights Act of 1964, as amended. Title IX specifically prohibits discrimination and harassment on the basis of sex. Park University will not tolerate sex discrimination or harassment of applicants, students or employees, whether by students, faculty, staff, administrators, contractors or outside vendors. Park University recognizes not only its legal responsibilities, but also its moral and ethical responsibilities to prohibit discrimination and harassment on the basis of sex and to take appropriate and timely action to ensure an environment free of such inappropriate conduct and behavior. Additionally, Park University will not tolerate retaliation in any form against an applicant, student or employee for reporting a violation of this policy or assisting in the investigation of a complaint. Inquiries or concerns about the Non-Discrimination Policy may be directed to the dean of student life, who serves as interim Title IX coordinator, or the Office of Human Resource Services, Park University, 8700 NW River Park Drive, Parkville, MO 64152, or call (816) 741-2000.

Park University Notification and Documentation Policy for Special Assistance under the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990

Park University is committed to meeting the needs of all students who qualify for special assistance. It is the University's policy to comply fully with federal and state laws, including Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990, regarding students with disabilities. To the extent of any inconsistency between these guidelines and federal and/or state law, the provisions of the law will apply.

Permanent Disability Guidelines

- ***Notification of Disability*** — Students must submit notification of disability at least six weeks prior to the beginning of classes in the academic term the student wishes to attend. This will allow time to make all necessary arrangements prior to the initial class meeting. Documentation should be submitted to Debra McArthur, director of academic support services, CMB 46, or fax (816) 505-5445. Documentation will be retained in the student's electronic file.
- ***Learning Disabilities*** — In order to receive special accommodations for learning disabilities, students must provide supporting diagnostic test results from a licensed psychologist or a certified specialist in learning disabilities. This evaluation must detail the student's specific learning disability or disabilities. The accommodations request should be detailed. This information should be as current as possible, preferably not more than three years old. Park University will evaluate, but may reject, documentation more than three years old.

(continued on next page)

- ***Physical Disabilities*** — Students must provide documentation from a physician that specifies the nature of the disability or disabilities. The documentation should include prescriptive information from a qualified specialist as to the exact nature of all accommodations necessary to meet the needs of the student. This information should be as current as possible. Park University reserves the right to request updated verification of disability and necessary accommodations.
- ***Psychiatric Disabilities*** — Students should provide documentation from a licensed professional qualified to diagnose and treat psychological/psychiatric disorders. The documentation should include a diagnosis, date of diagnosis, date of the diagnostician's last contact with the student, and a summary of the present symptoms and a prognosis. Documentation should describe how the psychiatric condition functionally interferes with, or impacts the student's ability to participate in an educational setting and give suggestions of academic accommodations that might be appropriate in an educational setting, supported by a disability-related rationale.
- ***Auxiliary Aids*** — Appropriate aids will be selected only after consultation with the student who will use them.

Temporary Disability Guidelines

In the case of temporary disabilities, every effort will be made to provide reasonable accommodations for the duration of any disability. To insure prompt and appropriate action, the director of academic support services should be notified immediately of the arrangements believed to be necessary to accommodate a given temporary disability.

Additional information concerning Park University's policies and procedures related to disability can be found at www.park.edu/disability.

Educational Rights and Privacy

Park University informs students of the Family Education Rights and Privacy Act of 1974. This act, with which the institution intends to comply fully, was designed to protect the privacy of educational records, to establish the right of students to inspect and review their educational records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Education Rights and Privacy Act officer concerning alleged failures by the institution to comply with the Act.

Park University's local policy explains in detail the procedures to be used by the institution for compliance with the provisions of FERPA. Copies of the policy can be found in the office of the registrar. Questions concerning FERPA may be referred to the Registrar's Office at (816) 584-6275.

GRADUATE CERTIFICATE PROGRAMS

A graduate certificate program consists of a logically sequenced and academically coherent subset of courses, derived from a given discipline or related disciplines. Intended to prepare students for professional practice in certain applied fields, graduate certificates provide important preparation and credentialing in our increasingly dynamic employment environment. A graduate certificate comprises fewer credits than a master's degree. Courses taken toward a certificate program may eventually or simultaneously transfer to a graduate degree depending upon the requirements of the particular degree to which a student wishes to apply the credits.

Courses selected for a graduate certificate program are courses approved or offered for credit at the graduate level at Park University, and, when completed, they represent a structured, coherent body of knowledge. In most instances, the required credit hours will range between 12 and 15. The exception is the Graduate Certificate in Applied Music, described below. No more than 25 percent of the hours required for a certificate program may be transferred from another institution.

General criteria for admission to any graduate certificate program include:

- An earned baccalaureate degree from a regionally accredited college or university, or its foreign equivalent.
- Minimum cumulative grade point average of 3.0 on a 4.0 scale, as established by the graduate program.

Note that graduate students who are currently enrolled in a graduate program may simultaneously pursue a graduate certificate program, with the permission of their adviser. Certificate-seeking students who are not degree-seeking students will be classified as certificate students for the purpose of keeping University-wide enrollment data. Certificate students will have access to University-wide facilities, subject to the rules governing those facilities. Additional admission requirements as noted, for each certificate.

In addition, certificate students are not automatically eligible for admission to the related graduate program. If they wish to pursue a graduate degree, they must submit an application, meeting all the entrance requirements for that program. Certificate courses may be applied toward completion of an appropriate master's degree; courses taken in pursuit of a completed master's degree cannot be applied to a certificate.

A student graduates from a certificate program when all program requirements are completed and has maintained a 3.0 grade point average. A document suitable for framing may be issued by the department(s) or school that offers the certificate program.

Courses and certificates completed will be transcribed by the Registrar's Office, and they will become the student's permanent academic record.

Graduate Certificate in Business and Government Leadership

The Business and Government Leadership Certificate is housed within the Hauptmann School for Public Affairs. This certificate is designed for those who wish to improve their ability to navigate and lead across the business and government sectors of society. This certificate advances the skills students need to lead and manage in the private and public sectors.

Required courses		12 cr.
PA 509	Leadership Development and Organizations	3 cr.
PA 521	Business, Government and Society	3 cr.
PA 522	World Economics and Comparative Capitalism	3 cr.
PA 523	Global Macroeconomic Theory	3 cr.

Course Descriptions

PA 509 Leadership Development and Organizations 3 cr.

This highly interactive course, grounded in organization theory, examines organizations from a cross-sector perspective. The inherently contradictory nature of organizations and the leadership competencies associated with these contradictions are explored, using organizational effectiveness frameworks. Students embark on developing managerial leadership competencies associated with organizational effectiveness criteria.

PA 521 Business, Government and Society 3 cr.

A study of the business firm as a social institution, with emphasis on the changing purposes of social action; ethical problems in management; and social responsibilities of the business manager.

PA 522 World Economics and Comparative Capitalism 3 cr.

A critical study of the theoretical and philosophical foundations of the private enterprise system in the U.S., its evolution, history, performance and future.

PA 523 Global Macroeconomic Theory 3 cr.

A systematic study of contemporary issues and problems, domestic and global; and critical analysis of policies and practices affecting such problems.

Graduate Certificate in Computer and Network Security

This graduate certificate program is housed within the Hauptmann School for Public Affairs. The certificate is intended for those who wish to specialize in the information technology field with an emphasis in security. This emphasis is designed for those who wish to pursue a career in an IT security-related field as an information security officer, systems administrator, security analyst, IT consultant, security consultant or IT specialist. Students who complete this emphasis will be prepared to:

1. Design a network and computer infrastructure for an organization while considering security issues and controls.
2. Recognize security incidents and implement remedies, controls and fixes using appropriate technologies and policies.

3. Design security remedies, controls and fixes for next generation network services such as voice-over IP, video, presence, multi-protocol label switching and instant messaging services.
4. Address application security issues affecting the areas of data management, programming, operating systems and Web applications/services.

Additional Admission Requirements

- Completion of an undergraduate or graduate degree in networking, engineering, computer science or information technology with a 3.0 grade point average or better, or completion of an undergraduate or graduate degree with a 3.0 GPA or better and significant work experience in networking and/or computer security.
- A two-to-three page letter of interest indicating work experience, educational background and any certifications for networking and/or computer security.

Note: Students participating in the Graduate Certificate in Computer and Network Security program will be required to sign a Commitment to Ethical Practice and Academic Honesty form for each CNS course in which they are enrolled. There is zero tolerance for violation of the Commitment.

Core courses

IS 605	Data Management and Applications Security	3 cr.
IS 620	Computer Security, Risk Management and Control	3 cr..
CSS 636	Advanced Network Architectures, Services and Applications	3 cr.
CSS 656	Advanced Security Architectures, Services and Applications	3 cr.

Electives (select one)

CSS 624	Physical (Environmental) Security	3 cr.
CSS 675	Applied Cryptography	3 cr.
CSS 677	Computer and Network Forensics	3 cr.
CSS 688	Information Warfare	3 cr.

Total credits

15 hours

Program Completion Requirements

Minimum grade point average of 3.0 with no more than one grade of “C” or lower in the CNS program.

Course Descriptions

CSS 624 Physical (Environmental) Security 3 cr.

This course focuses on securing physical information technology assets through both manual and automated methods. Manual methods include protecting assets using non-automated methods such as infrastructure locks, keys and fencing. Automated methods include using sensors, cameras and technical surveillance countermeasures. Conducting and designing a physical security survey is discussed to identify physical security vulnerabilities and actions required to reduce or mitigate the risk to the organization. *Prerequisite: IS 620.*

CSS 636 Advanced Network Architectures, Services and Applications 3 cr.

This course focuses on next generation networks, application, and services including voice-over IP, instant messaging, streaming media (unicast, broadcast and multicast) and peer-to-peer. This course provides an in-depth knowledge of new and emerging technologies and insight into security issues, and how to address them. Students work in groups to design an end-to-end solution that is applicable and conducive to a “real world” environment. In addition, the groups will analyze these designs and identify security risks and resolutions. *Prerequisite: IS 603 or comparable course (CS 365) or relevant work experience and IS 605, or concurrent enrollment.*

CSS 656 Advanced Security Architectures, Services and Applications 3 cr.

This course focuses on technologies that provide an end-to-end solution to securing your network perimeter. Topics include the design, deployment and management of the defenses of your computer, network and data environment. Perimeter defense elements such as firewalls, virtual private networks, routers, switches and intrusion detection systems are also covered. Students work in groups to design an end-to-end solution that is applicable and conducive to a “real world” environment. *Prerequisite: IS 620 and CS 636, or comparable course or relevant work experience.*

CSS 675 Applied Cryptography 3 cr.

This course examines the technology and methodologies for protecting information to ensure its integrity, confidentiality and authenticity. It will cover the foundations of cryptography; modern cryptographic protocols, algorithms and techniques; and real-world implementations and issues. Course topics include private and public key cryptography, block ciphers, pseudorandom functions and generators, data encryption standards, symmetric encryption, asymmetric encryption, computational number theory, RSA and discrete log systems, message authentication, digital signatures, key distribution and key management. *Prerequisite: IS 603 or comparable course (CS 365) or relevant work experience, College Algebra (MA 131) or higher with “B” or better, and IS 605 or concurrent enrollment.*

CSS 677 Computer and Network Forensics 3 cr.

This course involves the analysis and investigation of cyber-crime and computer forensics including process, methodology, laws/regulations and industry standards, with a focus on overall methodical process for identifying, analyzing, recreating and addressing cyber-based crimes. It also delves into the ethical issues associated with information systems security. *Prerequisite: IS 603 or comparable course (CS 365) or relevant work experience and IS 605 or concurrent enrollment.*

CSS 688 Information Warfare 3 cr.

This course provides an in-depth knowledge of information warfare principles, strategies, tactics, and technologies. Topics include information warfare concepts, offensive and defensive tactics, and analysis methodologies regarding vulnerability and risk. In addition, cyberspace security, physical security and ethics, as well as legal issues and concerns, are covered. *Prerequisite: CSS 656.*

IS 603 Computer Network and Telecommunications Systems 3 cr.

This course explores and analyzes voice and data communications. It will cover traditional and current telecommunication and computer network systems. Topics include the open system interconnection 7-layer model, public switch telephone network, transmission control protocol/internet protocol, Ethernet, frame relay and asynchronous transfer mode.

IS 605 Data Management and Applications Security 3 cr.

The course covers concepts, principles, issues and techniques for managing corporate data resources and ensuring data integrity. Techniques for managing the design and development of large database systems, including logical data models, concurrent processing, data distribution, database administration, data warehousing, data cleansing and data mining. The basic SQL commands will be utilized.

IS 620 Computer Security, Risk Management and Control 3 cr.

Explore the threats and risks present in organizations due to the pervasive use of technology. Learn risk evaluation techniques and identify security and control techniques used to minimize threats and risk to the organization. Computer and information security topics emphasized include threat techniques, protective techniques, risk analysis, contingency planning, password techniques, encryption, network protocol and intercept devices. *Prerequisite: IS 603 or comparable course (CS 365) or relevant experience and IS 605 or current enrollment.*

Graduate Certificate in Creative and Life Writing

The Graduate Certificate in Creative and Life Writing, housed in the Department of English and Modern Languages within the College of Liberal Arts and Sciences, is a one-year program for prose writers. The certificate program is designed to engage students in the methods and challenges of producing creative prose of publishable quality. Students take most classes in their chosen focus area — fiction or creative nonfiction — but complete common core courses at the beginning and end of the program.

Core courses		6 cr.
EN 515	Reading for Writers	3 cr.
EN 525	Writing for Publication	3 cr.
Electives		6 cr.
EN 516	Creating Fiction	3 cr.
EN 517	Advanced Fiction Writing	3 cr.
<i>or</i>		
EN 518	Creative Nonfiction	3 cr.
EN 519	Advanced Creative Nonfiction	3 cr.
Total credits		12 hours

Program Completion Requirements

Minimum grade point average of 3.0 with a passing grade in all courses. An Application of Graduation is required before a completion statement is posted to the transcript.

Course Descriptions

EN 515 Readings for Writers 3 cr.

The course studies the processes involved in crafting imaginative literature, with a close focus on examples of writers deliberating on the various methods and techniques of prose narrative. The course investigates fiction and nonfiction prose, and encourages students to experiment in both genres in order to identify a preferred focus genre in the program.

EN 516 Creating Fiction**3 cr.**

This studio course presents a craft-based approach to the structure, development and technique of fictional narratives. The primary texts in the course are student manuscripts, and a premium is placed on revision and peer/instructor evaluation. *Prerequisite: EN 515.*

EN 517 Advanced Fiction Writing**3 cr.**

This advanced studio course will focus on the development and elaboration of a craft-based approach to creating fictional narratives and culminate in the creation of a heavily revised work of publishable quality. *Prerequisites: EN 515 and EN 516.*

EN 518 Creative Nonfiction**3 cr.**

This studio course presents a craft-based approach to the structure, development and technique of nonfiction narratives. The primary texts in the course are student manuscripts, and a premium is placed on revision and peer/instructor evaluation. *Prerequisite: EN 515.*

EN 519 Advanced Creative Nonfiction**3 cr.**

This advanced studio course will focus on the development and elaboration of a craft-based approach to the genre and culminate in the creation of a heavily revised work of publishable quality. *Prerequisites: EN 515 and EN 518.*

EN 525 Writing for Publication**3 cr.**

This course is an investigation of the requirements and best practices of literary publication. The course will present students with the various methods of publication available to creative writers, and address particular trends and conventions of the publishing industry. The course culminates in the development of a publication portfolio. *Prerequisites: EN 515; EN 516 and EN 517 or EN518 and EN519.*

Graduate Certificate in Disaster and Emergency Management

The Graduate Certificate in Disaster and Emergency Management complements the existing graduate programs offered by the University's Hauptmann School for Public Affairs. The public's continued concern for efficient governmental response to natural and man-made disasters, along with the recent significant investment in emergency management activities, requires knowledgeable public managers, including managers transitioning from other areas of expertise. The array of potential hazardous events that now confront public managers includes Homeland Security issues, failures of complex technology and a wide range of natural hazards. Students possessing a Graduate Certificate in Disaster and Emergency Management will be well-prepared to engage the public policy issues surrounding these community hazards.

Foundation courses**6 cr.**

PA 552 Public Policy and Disaster

3 cr.

And select one:

PA 551 Principles of Disaster and Emergency Management

3 cr.

PA 553 Disaster and Society

3 cr.

Theory integration courses (<i>select four</i>):	8 cr.
PA 581 Global Hazard Reduction	2 cr.
PA 582 Disaster, Disease and Public Health	2 cr.
PA 583 Technology, Accidents and Organizations	2 cr.
PA 584 Continuity of Government Operations	2 cr.
PA 585 Natural Hazards and the Urban Environment	2 cr.
PA 586 Planning for Emergencies and Disasters	2 cr.
PA 587 Government Response to Terrorism	2 cr.
Total credits	14 hours

Course Descriptions

PA 551 Principles of Disaster and Emergency Management	3 cr.
This course covers concepts of organizing society to manage emergencies and disasters. It explores governmental and non-governmental approaches to coping with natural and technological hazards.	
PA 552 Public Policy and Disaster	3 cr.
The history, development and implementation of disaster-related public policy are discussed. The course addresses the local, state and federal levels, and their interactions during policy development and implementation. It also explores the role of emergency managers as policy advocates at all levels of government.	
PA 553 Disaster and Society	3 cr.
This course provides an interdisciplinary survey of disaster theory from sociological, geographical and public policy perspectives.	
PA 581 Global Hazard Reduction	2 cr.
Natural and man-made threats, their causes and societal responses to mitigate the risks and impacts are discussed. Strategies from all world regions are reviewed.	
PA 582 Disaster, Disease and Public Health	2 cr.
Integrated concepts of protecting vulnerable individuals and communities from the health consequences of disasters and emergencies are addressed.	
PA 583 Technology, Accidents and Organizations	2 cr.
A study of technological systems, their failures, and the causative and preventive roles played by organizations are featured.	
PA 584 Continuity of Government Operations	2 cr.
This course covers strategies to insure the continuous delivery of government services during emergency and disaster situations with a specific emphasis on the local level, but including issues pertinent to the state and federal levels.	
PA 585 Natural Hazards and the Urban Environment	2 cr.
This course is an in-depth study of the sustainability of urban areas in the face of diverse natural hazards. It provides global perspectives on past experiences and future risks.	

PA 586 Planning for Emergencies and Disasters**2 cr.**

Tools and techniques utilized by government to prepare for emergencies and disasters are presented. In addition, the course reviews integrated planning for all hazards and all phases of disaster.

PA 587 Government Response to Terrorism**2 cr.**

This course examines government responses to terrorism with a specific emphasis on non-law enforcement issues facing local and state government. Legal and regulatory frameworks, organizational concepts and interoperability issues related to preparedness and response to chemical, biological and radiological threats.

Graduate Certificate in Finance

The Graduate Certificate in Finance is housed within the School of Business. The certificate will assist students in achieving the chartered financial analyst certification and/or obtaining a greater flexibility in training for future careers in finance.

Required Courses***12 hours***

MBA 615	Managerial Finance	3 cr.
MBA 625	International Finance	3 cr.
MBA 640	Investment Management	3 cr.
MBA 644	Financial Markets and Institutions	3 cr.

Course Descriptions**MBA 615 Managerial Finance****3 cr.**

This course covers a comprehensive analysis of financial management issues faced by financial managers. Topics include capital budgeting, the use of option pricing in corporate financial management, working capital management, different types of short-term financing, lease financing and other hybrid security financing, the use of derivative securities in corporate risk management, financial planning and control, and other relevant topics. *Prerequisite: FI 360 and MBA 515, or equivalent approved by the program director. (Formerly FI 615)*

MBA 625 International Finance**3 cr.**

This course focuses on the study of the international monetary environment and financial planning for corporations with overseas operations. The course also covers the analysis of the effects of change rate fluctuations, currency restrictions and tax regulations on international financial planning. It also examines the financial aspects of multinational business, including foreign investment, trade and transfer of funds. *Prerequisite: MBA 615. (Formerly FI 625)*

MBA 640 Investment Management**3 cr.**

This course provides an analysis of various debt, equity and derivative investment vehicles. Various theories of valuation of stocks, bonds, options, futures, real assets and other securities will be applied to each individually and in the context of portfolio management. *Prerequisite: FI 360 (Formerly FI 640)*

MBA 644 Financial Markets and Institutions**3 cr.**

This course provides an overview of the distinguishing characteristics of different types of financial markets and institutions, as well as current issues affecting their structure and governance.

Graduate Certificate in Global Business

The Graduate Certificate in Global Business is housed within the School of Business. This certificate is designed for those who wish to improve their knowledge of global business issues. Additionally, it will prepare students to sit for the National Association of Small Business International Trade Educators certification.

Required courses**12 hours**

MBA 526	Corporate Management in the Global Environment	3 cr.
MBA 610	Advanced Seminar in International Marketing	3 cr.
MBA 660	Strategic Global Business Management	3 cr.
MBA 670	Special Topics in Business	3 cr.

Course Descriptions**MBA 526 Corporate Management in the Global Environment****3 cr.**

This course focuses on cross-disciplinary business policy aspects of commercial enterprise, evaluation of firms' strategic and competitive behavior from a global dimension in the 21st century; managerial decision-making based on interdisciplinary nature and the role of the economy in the context of globalization. *Prerequisite: MG 351 or equivalent approved by the program director. (Formerly MG 526)*

MBA 610 Advanced Seminar in International Marketing**3 cr.**

This course provides tools for marketing management decision processes and marketing systems in the global environment; application to multinational business operations and strategy development; and marketing techniques of foreign market entry (import/exports, joint ventures, licensing and management contracts). Emphasis is on marketing mix and how it is adapted to the global environment. *Prerequisite: MK 351 or equivalent approved by the program director. (Formerly MK 610)*

MBA 660 Strategic Global Business Management**3 cr.**

This course provides broad knowledge and understanding of interpersonal and intercultural management skills necessary for international managers. While learning to identify cultural aspects of verbal and nonverbal behavior of persons from different cultures, students will come to recognize cultural differences that can cause difficulties in management situations. The culture of contract negotiations in Japan, Europe and the Middle East is emphasized. The economic, political and legal aspects of global business are discussed in the context of international management. *Prerequisite: MG 352 or equivalent approved by program director.*

MBA 670 Special Topics in Business**3 cr.**

In this course, current topics in business will be extensively discussed. These may include business ethics, labor relations, financial planning or any of a wide variety of subjects in the business curriculum, such as entrepreneurial research, entrepreneurial education or entrepreneurial investments. *Prerequisite: MG 352 or equivalent approved by program director. (Formerly MG 670)*

Graduate Certificate in Healthcare/Health Services Management and Leadership

Up-to-date knowledge and skills in the administration and leadership of health care services are critical in today's constantly and rapidly changing environment. The Graduate Certificate in Healthcare/Health Services Management and Leadership, housed within the Hauptmann School of Public Affairs, prepares students and practicing health care leaders to enhance their professional skills to meet new health care policy and practice challenges. The program focuses on critical thinking and problem solving in today's health care environment.

Course Requirements

The curriculum consists of two foundation courses (6 credit hours) and two theory integration courses (6 credit hours).

Foundation courses**6 cr.**

- | | | |
|--------|---|-------|
| HA 511 | Leadership and Management in Healthcare Systems | 3 cr. |
| HA 518 | Organization of Healthcare Delivery Systems | 3 cr. |

Theory integration courses (select two courses):**6 cr.**

- | | | |
|--------|---|-------|
| HA 508 | IT, Data Gathering and Data Management | 3 cr. |
| HA 515 | Marketing and Consumer-Driven Healthcare | 3 cr. |
| HA 516 | Healthcare Finance | 3 cr. |
| HA 517 | Legal and Ethical Issues in Healthcare Leadership | 3 cr. |
| HA 532 | Healthcare Services and Systems for Diverse Populations | 3 cr. |
| HA 533 | Managerial Epidemiology | 3 cr. |
| HA 537 | The Policy and Politics of Healthcare | 3 cr. |
| HA 557 | Nursing Dimensions of Healthcare Leadership | 3 cr. |
| HA 573 | Quality Improvement and Outcomes Assessment | 3 cr. |
| HA 580 | The Pharmaceutical Basis for Healthcare Delivery | 3 cr. |
| HA 604 | Healthcare Economics and Payment Systems | 3 cr. |
| HA 611 | Mediation, Negotiation and Conflict Management | 3 cr. |

Total credits**12 hours**

Course Descriptions

HA 508 IT, Data Gathering and Data Management

3 cr.

The course focuses on gathering and analyzing relevant institutional data for decision-making. Familiarity with main health care data organizations, both public and private, will also be a focus of this course. Students will have direct experience with data mining, planning studies and operational research, as well as with clinical research, as it relates to health care outcomes. Use of inferential statistics and other data analysis techniques will be taught in this course. An introduction to the role of information systems and state-of-the-art information technologies in management and decision-making, as well as reducing risk and promoting patient safety and confidentiality, will be offered. The course seeks to build skills and knowledge in the evaluation and selection of hardware and software, evaluating technology vendors and effective use of technology-based solutions. It will also focus on the implementation and training needed to implement information technology and to further evidence-based health care and data-driven decisions.

HA 511 Leadership and Management in Healthcare Systems

3 cr.

This course is an in-depth study of a range of issues and related problems faced by practicing managers and leaders in the rapidly changing health care/health services delivery system. Special emphasis is placed on the issues relevant to current challenges, and this emphasis is of utilitarian value to participants. Examples of issues include rural and urban health care, managed care, ethics of health care, integrating technology, and leadership styles and traits.

HA 515 Marketing and Consumer Driven Healthcare

3 cr.

Within a broad marketing philosophy, the course presents marketing as the process of identifying and delivering what physicians, patients and families want. This involves market research, market analysis, product design, product development, promotion and delivery; physician, patient, family and employee satisfaction, and understanding how these factors drive the health care market.

HA 516 Healthcare Finance

3 cr.

Financial management tools and strategies for health care organizations. The course includes capital and cash flow management, budgeting, financial markets, investment decisions, analyzing financial statements, pricing, cost analysis, performance evaluation, contract negotiation, financial accounting, problems and solutions of health insurance, government funding and methods of containing health costs. These issues will be studied in view of serving consumers more effectively.

HA 517 Legal and Ethical Issues in Healthcare Leadership

3 cr.

The course studies the legal framework of health services and health care delivery, as well as the ethical issues confronted by health care administrators in various health care settings. Topics will include licensure, medical malpractice, liability, insurance issues, legal standards for care, confidentiality of records (HIPAA), informed consent, and patient rights and patient advocacy.

HA 518 Organization of Healthcare Delivery Systems 3 cr.

The course provides an overview of the development of the current status of the health care system in the U.S., its organizational structure and operation of the various health care organizations, governmental as well as non-governmental, at the federal, state and local levels. The course examines the structure and issues of the major health care delivery systems (national and international), including outpatient clinics, physician's offices, hospitals, long-term care facilities, self-help organizations, patient advocacy groups, accrediting agencies and the insurance industry. Grounded in the past and focused on the future of American health care systems, the course will examine the evolution of administrative characteristics, with consumer demand characteristics (physicians, patients and families) and the planning and operation of health care services in an international competitive marketplace.

HA 532 Healthcare Services and Systems for Diverse Populations 3 cr.

This is a broad-based course in the sociology and anthropology of medicine and health. The course will focus on the social, cultural and behavioral aspects of health-related issues and their implications for health administration. Topics will also include gender, race and culture issues in health care.

HA 533 Managerial Epidemiology 3 cr.

Epidemiology is the study of the distribution and determinants of health in populations, and the application of this study to improve health outcomes. It is the basic science of public health. This course introduces students to the field of public health epidemiology, emphasizing methods for assessing factors associated with the distribution and etiology of health and disease. The ultimate goals of epidemiology are to determine the scale and nature of human health problems, identify solutions to prevent disease and improve the health of the entire population. This course will focus on the principles of epidemiology and the application for epidemiology in the management of health care organizations.

HA 537 The Policy and Politics of Healthcare 3 cr.

This course addresses the momentous changes that health care is facing in the U.S. and around the world. Fueled by population growth and socioeconomic trends, political systems will, and must, respond to the new demands of health care. With a challenging and insightful analysis and evaluation of the political, professional and consumer demands, this course will help learners prepare for the leadership expectations global systems changes will require.

HA 557 Nursing Dimensions of Healthcare Leadership 3 cr.

Nursing care is a major force in health care delivery and leadership. The course will focus on how nursing systems are organized and the leadership roles that nurse's play in health care delivery systems. The current and evolving leadership roles of the nursing profession will be covered, along with the overall organization of health care systems.

HA 573 Quality Improvement and Outcomes Assessment in 3 cr.
Healthcare Settings

The course will familiarize students with outcomes-based quality improvement methodologies. Focus will be on the techniques of measuring customer satisfaction, implementing quality management programs, and adherence to best practices and standards. It will also focus on patient safety and the infrastructure needed to create a culture of safety in health care organizations.

HA 580 The Pharmaceutical Basis for Healthcare Delivery 3 cr.

The use of pharmaceuticals and medical devices in health care has become a major driver in both the clinical and administrative functions of health care leadership. Knowledge of, and the ability to manage, the professional constituents and vendors in these areas is critical to the success of health care organizations and the patients and doctors that are served by them. This course focuses on critical elements of the administration and role of pharmacy and medical devices.

HA 604 Healthcare Economics and Payment Systems 3 cr.

The course will focus on key macro- and micro-economic concepts, such as demand (what physicians, patients and families want), supply, distribution, utilization of resources, market theories and cost-benefit analysis, as they apply to health care as a service industry, including current and future payment systems for health care, such as HMOs, Medicare, Medicaid and comparisons to other countries.

HA 611 Mediation, Negotiation and Conflict Management 3 cr.

Mediation, negotiation and conflict resolution with physicians, nursing and allied health staff, patients, and their families are critical components of leadership. The course focuses on learning preventative approaches to conflicts and disputes, and development of professional skills in negotiating, mediating and managing conflicts. This course will include methods for patient, employee and physician satisfaction assessment, and continuous improvement.

Graduate Certificate in the Leadership of International Healthcare Organizations

The Leadership of International Healthcare Organizations graduate certificate provides students with knowledge and skills related to the administrative and management aspects of international health. This certificate also provides a relevant education for students within the Master of Healthcare Administration program by adding an international health focus. It offers an additional and unique educational opportunity for students in the Master of Business Administration and Master of Public Affairs programs who have an interest in international health.

To accommodate those students whose visa requirements necessitate face-to-face courses, the certificate courses and the electives are offered in both face-to-face and online formats. Specifically, the certificate focuses on the following goals:

- Providing students with instruction in the management and leadership issues unique to international health care organizations.

(continued on next page)

- Creating an opportunity for students to gain more in-depth knowledge of the operation of international health care organizations.
- Providing theoretical as well as applied learning experiences in the administration of international health care organizations.

Additional Admission Requirements

Students must submit an essay describing their academic and career background, and reasons why they wish to pursue the Leadership of International Healthcare Organizations certificate.

Course Requirements

The certificate consists of four interdisciplinary courses for a total of 12 credit hours.

Foundation Course

HA511	Leadership and Management in Healthcare Systems	3 cr.
-------	---	-------

Theory integration courses (<i>choose three courses</i>)		9 cr.
---	--	--------------

HA 532	Healthcare Services and Systems for Diverse Populations	3 cr.
--------	---	-------

HA 533	Managerial Epidemiology	3 cr.
--------	-------------------------	-------

HA 537	Policy and Politics of Healthcare	3 cr.
--------	-----------------------------------	-------

HA 604	Healthcare Economics	3 cr.
--------	----------------------	-------

MBA 660	Strategic Global Business Management	3 cr.
---------	--------------------------------------	-------

PA 503	Emerging Issues in Public Affairs	3 cr.
--------	-----------------------------------	-------

PA 545	Management of Nonprofit Organizations	3 cr.
--------	---------------------------------------	-------

Total credits		12 hours
----------------------	--	-----------------

**Note: Students may be eligible to substitute another course emphasizing international relations for one of the three theory integration courses listed above with the permission of the director of the Master of Healthcare Administration program.*

Course Descriptions

HA 511	Leadership and Management in Healthcare Systems	3 cr.
---------------	--	--------------

This course is an in-depth study of a range of issues and related problems faced by practicing managers and leaders in the rapidly changing health care/health services delivery system. Special emphasis is placed on the issues relevant to current challenges, and this emphasis is of utilitarian value to the participants. Examples of issues include rural and urban health care, managed care, ethics of health care, integrating technology, and leadership styles and traits.

HA 532	Healthcare Services and Systems for Diverse Populations	3 cr.
---------------	--	--------------

This is a broad-based course in the sociology and anthropology of medicine and health. The course will focus on the social, cultural and behavioral aspects of health-related issues and their implications for health administration. Topics will also include gender, race and culture issues in health care.

HA 533 Managerial Epidemiology**3 cr.**

Epidemiology is the study of the distribution and determinants of health in populations and the application of this study to improve health outcomes. It is the basic science of public health. This course introduces students to the field of public health epidemiology, emphasizing methods for assessing factors associated with the distribution and etiology of health and disease. The ultimate goals of epidemiology are to determine the scale and nature of human health problems, identify solutions to prevent disease, and improve the health of the entire population. This course will focus on the principles of epidemiology and the application for epidemiology in the management of health care organizations

HA 537 Policy and Politics of Healthcare**3 cr.**

This course addresses the momentous changes that health care is facing in the U.S. and around the world. Fueled by population growth and socioeconomic trends, political systems will, and must, respond to the new demands of healthcare. With a challenging and insightful analysis and evaluation of the political, professional and consumer demands, this course will help learners prepare for the leadership expectations global systems changes will require.

HA 604 Healthcare Economics and Payment Systems**3 cr.**

This course will focus on key macro- and micro-economic concepts, such as demand (what physicians, patients and families want), supply, distribution, utilization of resources, market theories and cost-benefit analysis, as they apply to health care as a service industry, including current and future payment systems for health care, such as HMOs, Medicare, Medicaid and comparisons to other countries.

MBA 660 Strategic Global Business Management**3 cr.**

This course provides broad knowledge and understanding of the interpersonal and intercultural management skills necessary for international managers. While learning to understand cultural aspects of verbal and nonverbal behavior of persons from different cultures, students will come to recognize cultural differences that can cause difficulties in management situations. The culture of contract negotiations in Japan, Europe and the Middle East is emphasized. The economic, political and legal aspects of global business are discussed in the context of international management.

PA 545 Management of Nonprofit and Nongovernmental Organizations 3 cr.

An overview of management principles and practices, with the common and distinctive elements of nonprofit management compared to that of public and business organizations in the U.S. and to civil society and non-governmental organizations in the global context. Different approaches within nonprofit management are viewed historically and in current practices. Critical nonprofit functions are emphasized, such as nonprofit incorporation and regulation, the nature of governance processes, marketing to multiple stakeholders, variations in the mix of services and funding sources, and the use of volunteers. Ethical relationships and the impact of technology within the nonprofit organization are also examined.

Graduate Certificate in Management Information Systems

The Graduate Certificate in Management Information Systems is housed within the School of Business. This certificate provides students with a foundation in the use of information systems, which support business processes and the strategic needs of organizations, as well as system analysis for redesign and enhancement.

Required Course	3 cr.
MBA 605 Management Information Systems	3 cr.
Theory Integration Courses (<i>choose three courses</i>)	9 cr.
MBA 606 Strategic Information Systems	3 cr.
MBA 607 Systems Analysis and Design	3 cr.
MBA 608 Topics in Information Systems	3 cr.
MBA 609 Database Management Systems	3 cr.
Total credits	12 hours

Course Descriptions

MBA 605 Management Information Systems 3 cr.

This course is developed as a framework for analyzing the use of information by firms along with examples of different types of information systems. It explores the theoretical foundations of information systems and their development uses, operations, management, control, structure and impact. The analysis of information functions within the organization, the nature and characteristics of computerized information systems, usage of information systems and technology to change the organizational structure and/or work process and culture will be addressed. Information system analysis and design are also stressed through case study and projects. *Prerequisite: IS 205 or equivalent.*

MBA 606 Strategic Information Systems 3 cr.

This course focuses on the usefulness of information technology to achieve a competitive advantage, efficient operations and effective decision-making. It explores the usage of information systems and technologies in enterprises and analyzes their roles, functions and effects on competitive and organizational operational strategies. *Prerequisite: MBA 605.*

MBA 607 Systems Analysis and Design 3 cr.

This course focuses on in-depth assessment of the methodology, tools and techniques involved in designing an information system for an enterprise, including a detailed study of the systems' development life cycle. The course requires reviewing and analyzing cases and exercises. A final project will be required, including analysis and design of an actual information system. *Prerequisite: MBA 605.*

MBA 608 Topics in Information Systems 3 cr.

This capstone course focuses on the integration and synthesis of previous knowledge in information systems. Utilizing information systems and technology to address topics and problems in many functional areas such as marketing, accounting, human resources and management information are stressed. The adaptation of information systems and technologies to meet the needs of the ever-changing business environment will also be addressed. Case studies will reinforce lectures. *Prerequisite: MBA 605.*

3 cr.

Graduate Certificate in Music Performance

- Bachelor of Music or related undergraduate degree from a U. S. institution, an equivalent bachelor's degree from an accredited foreign institution of higher education, or equivalent professional experience as determined by the faculty of the International Center for Music.
- An audition before the music faculty. In approved situations, a recording may be submitted in lieu of a live audition.

Course Requirements

MU 501	Applied Music A	6 cr.
MU 510	Applied Music B	6 cr.
MU 520	Applied Music C	6 cr.
MU 530	Applied Music D	6 cr.
total credits		24 hours

Course Descriptions

MU 501	Applied Music A	6 cr.
---------------	------------------------	--------------

This course involves an in-depth analysis and selection of new repertoire to be learned during the semester. Students have two private lessons per week, as well as scheduled discussions regarding theory and performance technique. Selected new learned repertoire will be performed in a recital at the end of the semester. Students will be encouraged to participate in regional, national and international competitions. *(Pass/Fail)*

MU 510	Applied Music B	6 cr.
---------------	------------------------	--------------

A continuation of MU 501. (Pass/Fail)

MU 520	Applied Music C	6 cr.
---------------	------------------------	--------------

A continuation of MU 510. (*Pass/Fail*)

MU 530	Applied Music D	6 cr.
A continuation of MU 520, culminating in a major recital, demonstrating depth and range of repertoire. (<i>Pass/Fail</i>)		

Graduate Certificate in Nonprofit Leadership

The Graduate Certificate in Nonprofit Leadership program, housed within the Hauptmann School for Public Affairs, prepares students for leadership positions in the nonprofit and philanthropic sectors. Graduates with this certificate command key skills and understanding found necessary to equip them for challenging work in these sectors. Graduates of this certificate program will be able to:

- Exhibit key skills needed to lead and manage nonprofit organizations.
- Develop cross-sector understanding and skills to help network nonprofit organizations and attract resources.
- Assess ethical dimensions of decisions of nonprofit leaders.
- Create strategies to help nonprofits fulfill their unique missions.
- Identify and attract possible funding sources for nonprofits.

Required Courses	9 cr.
PA 509 Leadership Development and Organizations	3 cr.
PA 545 Management of Nonprofit Organizations	3 cr.
PA 600 Ethical Foundations of Authority and Responsibility	3 cr.
Elective (<i>select one</i>)	3 cr.
PA 542 Social Policy	3 cr.
PA 543 The Nonprofit and Nongovernmental Sectors	3 cr.
Total credits	12 hours

Course Descriptions

PA 509	Leadership Development and Organizations	2 to 3 cr.
---------------	---	-------------------

This highly interactive course, grounded in organization theory, examines organizations from a cross-sector perspective. The inherently contradictory nature of organizations and the leadership competencies associated with these contradictions are explored, using organizational effectiveness frameworks. Students embark on developing managerial leadership competencies associated with organizational effectiveness criteria.

PA 542	Social Policy	3 cr.
---------------	----------------------	--------------

This course examines policies intended to address community needs and how the policies get set. Students review community needs, organizations, services and inter-organizational arrangements designed to implement policies in such areas as social welfare, health and mental health, employment and training, crime prevention and cultural endeavors. The role of individual values and responsibility, as well as the mobilization of community efforts to address problems, paying attention to their global implications, are explored.

PA 543 The Nonprofit and Nongovernmental Sectors 3 cr.

This course reviews the role and functions of the philanthropic and nonprofit sector, including history and trends in the field, and the legal and regulatory environment. The relationship of the nonprofit sector to the public and business sectors is examined, with attention to the related role of public and for-profit entities in delivering community services.

PA 545 Management of Nonprofit and Nongovernmental 3 cr.
Organizations

This course provides an overview of management principles and practices, with the common and distinctive elements of nonprofit management compared to public and business organizations in the U.S. and to civil society and non-governmental organizations in the global context. Different approaches within nonprofit management are viewed historically and in current practices. Critical nonprofit functions are emphasized, such as nonprofit incorporation and regulation, the nature of governance processes, marketing to multiple stakeholders, variations in the mix of services and funding sources, and the use of volunteers. Ethical relationships and the impact of technology within the nonprofit organization are also examined.

PA 600 Ethical Foundations of Authority and Responsibility 2 to 3 cr.

This course examines fundamental ethical theories, issues, strategies and dilemmas in public service as they relate to issues of power, authority and responsible decision-making in organizations.

Graduate Artist Diploma in Music Performance

The Graduate Artist Diploma in Music Performance is offered through Park's International Center for Music. This is a unique two-year program — with applied emphasis in piano, violin, viola or cello — is open to only a few highly gifted artists who have demonstrated exemplary artistic achievement in their academic/professional career, and is the most advanced course of study in music offered at Park University. This course of study is to prepare students for a concert/stage career, or a major appointment in the professional or academic arena. Additional admission requirements, in addition to the general rules that are applicable for admission to the School of Graduate and Professional Studies at Park University, are:

- Bachelor of Music or related undergraduate degree from a U. S. institution, an equivalent bachelor's degree from an accredited foreign institution of higher education, or equivalent professional experience as determined by the faculty of the International Center for Music.
- An audition before the music faculty. In approved situations, a recording may be submitted in lieu of a live audition.

Each applicant must furnish a complete list of repertoire and recital history at the time of application. This is an advanced program of study at the graduate level, supervised and approved by the graduate faculty of Park University.

Course Requirements

MU 560	Applied Music	6 cr.
MU 570	Applied Music	6 cr.
MU 580	Applied Music	6 cr.
MU 590	Applied Music	6 cr.
Total credits		24 hours

Course Descriptions

MU 560 Applied Music 6 cr.

This course places emphasis on developing repertoire and is designed to develop both artistry and professionalism. Students will be prepared for major competitions as well as auditions for professional appointments in the professional and academic arena.

MU 570 Applied Music 6 cr.

A continuation of MU 560.

MU 580 Applied Music 6 cr.

A continuation of MU 570.

MU 590 Applied Music 6 cr.

A continuation of MU 580.

MASTER'S THESIS PROCEDURES

The writing of a thesis is a highly valued academic exercise especially suitable for students who wish to continue their graduate education in pursuit of a doctorate degree after completing the master's degree. The thesis is traditionally regarded as the culminating activity in a master's degree program. Students may earn up to six hours of graduate credit for writing a thesis, earned through fixed or variable credit courses, depending on the graduate program offered. Continuous enrollment for an additional one hour is possible, with the approval of the thesis committee chair.

Students should carefully plan their activities, in order to ensure that they develop a workable proposal, conduct the research, write the thesis and get it approved by the thesis committee, in a timely manner. A copy of the completed thesis should be submitted to the major adviser no later than six weeks prior to the date of Commencement. The School of Graduate and Professional Studies should receive a copy for final approval no later than three weeks prior to the day on which the degree is to be conferred.

Thesis Committee

Candidates should consult their major adviser in forming a thesis committee and clarifying the role of the committee members in the research and writing process. The primary responsibility for directing the thesis resides with the adviser. The committee should consist of a minimum of three approved graduate faculty, including the major adviser in the discipline area. It is advisable to include additional faculty member(s) from outside the discipline, as faculty external to the discipline can bring fresh perspectives or provide valuable assistance in the conduct of research.

Thesis Procedures

The candidate must register for the appropriate thesis course to begin the process of developing a thesis proposal. Registration allows the student to receive advice from a faculty member and to utilize University facilities to prepare for the thesis. While enrolled in this course, the student is expected to actively work on developing a formal proposal related to an area of research interest, under the direction of a faculty member who will be the major adviser or the Committee chair.

At minimum, the research proposal should identify the problem, clarify the thesis statement, select an appropriate research methodology (including the data gathering instruments and data analysis techniques) and provide an effective overview of the scholarly literature. The following general outline may be helpful in developing a proposal.

- Key concepts and definition of the project. Concisely and clearly state what the project intends to accomplish. What are the basic questions to be explored?
- Significance of the study. Why should the scientific community be interested in this study? What contribution will it make to the discipline, the profession and society?
- Review of relevant literature. How does your research relate to the work of others? Where are the gaps in literature? What do you hope to add to the literature?
- Methodology. How do you plan to approach the subject? What is your methodology and what instruments or procedures will you use to gather the data/information that you would need to address the questions? What is the justification for the use of this methodology? Do you have the resources to conduct the study, such as access to people, data, archives, collections, time, etc.?

(continued on next page)

- Plan of work and timetable. Present a realistic timetable including specific dates by which you plan to complete specific facets of the research. It will help you and the Committee to decide if you can realistically complete the project.
- Bibliography. Present a working bibliography that includes scholarly books and articles. You will revise and expand this bibliography as you continue with your project.

Proposal Defense and Submitting the Proposal to the School of Graduate and Professional Studies

When the proposal is ready for defense, the student must work with the Committee chair in setting a date for the proposal defense. The defense must be conducted at least one semester prior to graduation and the proposal must be submitted to the School of Graduate and Professional Studies once it is approved by the chair and all members of the Committee.

Submitting the Proposal

The student must work with the Committee chair in submitting the proposal to the Committee members for their approval. Once approved by the Committee, the chair will forward the proposal to the School of Graduate and Professional Studies office at least one semester prior to the semester in which the student is expected to graduate.

Human Subjects Protection and IRB Review

In preparing the thesis proposal, students must be aware that any research which involves human subjects must be approved by the Institutional Review Board of the University in order to ensure compliance with applicable federal regulations and University policies. The proposal must be reviewed and approved by the IRB according to the University procedure. Failure to gain the IRB approval will result in denial of the proposal. It is a violation of the procedures to contact human subjects prior to the IRB approval of the proposal. It is highly recommended that the IRB approval be received prior to the submission of the proposal. Additional information related to the IRB may be found at www.park.edu/irb/.

Data Collection

Following the approval of the thesis proposal, students may begin data gathering. Data may be collected using qualitative, quantitative, participatory, documentary or action research methodologies, as may be appropriate. The writing of the thesis may then begin, with the guidance of the Committee chair. Students are encouraged to consult the chair regularly, to ensure that they receive timely and useful feedback throughout the research and writing process.

Thesis Defense

An oral defense of the thesis must be satisfactorily completed and approved by the Committee, and the result of the defense must be submitted to the School of Graduate and Professional Studies three weeks prior to graduation. Thesis defense is open to the University community.

Enrollment in XX 799 (1 cr.)

When additional time is needed to complete the thesis work, enrollment in XX 799 is permitted, in consultation with the chair. For additional information on the thesis procedure, please consult the director of your graduate program, or the dean of the School of Graduate and Professional Studies.

SCHOOL OF BUSINESS

Brad Kleindl, Ph.D., Dean, School of Business
Michael Becraft, D.M., Director, Graduate Program in Business

The School of Business at Park University is one of the largest not-for-profit business schools in the United States, and is accredited by the Accreditation Council for Business Schools and Programs. Students in the School of Business can take courses at any of the University's Kansas City area locations or online. In addition, the School of Business delivers education to its campus centers throughout the U.S.

In keeping with our mission, Park School of Business faculty members are academically qualified with the appropriate terminal degrees, as well as have relevant work experience at the managerial, executive and professional levels. Faculty members seamlessly integrate business theory and practice, and students are the beneficiaries of these unique experiences.

Mission

The School of Business at Park University's mission is to provide quality, innovative, application-based learning to prepare a diversity of learners who can support free enterprise in a socially responsible manner in a global community.

Vision

The School of Business at Park University's vision is to prepare learners for the 21st century global economy as entrepreneurial thinkers who can influence the world as socially responsible business leaders.

Values

The School of Business at Park University's values foster:

- Inclusivity
- Direct faculty and learner interaction
- Quality education
- Flexibility in education delivery
- Critical thinking
- Support of free enterprise
- Ethical behavior, civility and respect
- Global citizenship

MASTER OF BUSINESS ADMINISTRATION

Park University's Master of Business Administration degree program was founded in 1998. Park's MBA program offers a student-centered learning environment to produce responsible, innovative business leaders in an ever-changing global environment. It prepares students as entrepreneurial thinkers to enhance business competitiveness in a global environment. Significance is placed on applying business knowledge and techniques to implement decisions.

Park's MBA faculty and students come from all continents and have diverse professional backgrounds, enriching the educational experience. Whether advancing through the ranks of a multinational corporation, joining a small nonprofit organization or re-entering the workplace, business applications and tools acquired in the MBA program are vital to student success in today's fast-paced global business environment.

To meet students' personal and professional needs, the MBA degree may be earned entirely through the traditional face-to-face delivery method, through online delivery or through a combination of these methods. Face-to-face courses are offered as evening courses one night a week at our campuses in the Kansas City, Mo., area, and Austin, Texas. Online courses offer flexibility, without sacrificing rigor and academic excellence.

The MBA program offers a combination of eight-week, four-week and intensive two-week (summer) sessions, allowing completion of the program in as few as 18 months (or 11 months for the Global Executive Master of Business Administration degree), enabling graduates to take advantage of current market demands.

The MBA curriculum is designed with the working professional in mind. Students are expected to engage in team assignments and are given the opportunity to obtain hands-on knowledge through projects and case study analysis. Each concentration is designed to meet the educational needs of the growing and varied business sectors.

Park's MBA program offers the following concentrations:

- Finance
- General Business
- Global Executive
- International Business
- Management Information Systems

Mission Statement

The mission of Park University's Master of Business Administration program is to prepare business leaders as entrepreneurial thinkers who enhance business competitiveness in a global environment.

Vision Statement

The vision of Park University's Master of Business Administration program is to use a student-centered learning environment to produce responsible, innovative business leaders in an ever-changing global environment.

Core Values (Strategic Objectives)

- Support diversity
- Foster integrity of effort
- Promote ethics, honesty and fairness
- Integrate the changing global environment
- Understand business theory and application
- Develop strong written and oral communication skills

Admission Requirements

- A bachelor's degree from a regionally accredited college or university in the U.S., or from an accredited foreign institution of higher learning.
- Minimum 3.0 cumulative grade point average on a 4.0 scale from all colleges and universities attended.
- Two letters of recommendation from professionals who can attest to the applicant's academic preparation, enthusiasm for graduate level study and interest in business administration.
 - One letter should be from a current or former supervisor from the current (or last) position of employment. This requirement may be adjusted for international students at the discretion of the program director.
- Admissions essay detailing the applicant's academic, career goals and educational history. The essay, written in English, must be exclusively the original work of the applicant and no more than 400 words in length. The essay should be submitted electronically to gradschool@park.edu.
- Students with a GPA below 3.0 may be considered for probationary admission if they provide one of the following, in addition to the above admission requirements:
 - Evidence of a minimum of three years of meaningful professional experience, including uncompensated service.
 - Written documentation, such as letters from employer(s) or organization(s).
 - Peregrine Academic Services pre-test may be required at the request of the program director.

Admission to Park University's Master of Business Administration program is open to graduates of all fields of undergraduate study because management is a discipline that can be learned and applied in all fields of work.

In the spirit of adult education, beginning with the Fall 2014 semester, there are no general business prerequisites required to enter the core courses of the MBA program. However, students without current education or experience in the following subjects are expected to take individual responsibility to devote extra time as needed to these topics: accounting, economics, finance, management theory, marketing and quantitative research methods. Students without current basic knowledge in any one of these subjects should contact their adviser or the relevant instructor(s) in advance to identify any needed preparatory self-study.

Park University Undergraduate Seniors/Non-Degree-Seeking Students

Park University seniors with a 3.6 cumulative grade point average, while completing their bachelor’s degree, may be admitted to take up to nine (9) graduate credit hours in a non-degree-seeking status. Financial aid will not be available for courses taken as a non-degree-seeking student. These credits will be applied to the appropriate graduate program, after the student has received his/her undergraduate degree and has been admitted to a graduate program. Please contact the Graduate Admissions office at (816) 559-5630 for more information.

Please compare this to the 4+1 Undergraduate-to-MBA option later in this section.

Graduation Requirements

- Completion of a total of 33 credit hours of graduate coursework, which includes 12 hours of electives *or* courses within a specific area of concentration.
- No more than nine (9) credit hours may be transferred from other institutions. The transfer of coursework must be completed prior to admission into Park University’s MBA program.
- Students must apply for graduation within the established deadlines (*see Application for Graduation Deadlines in the Academic Policies section*).

Format of Courses

Courses are offered online and face-to-face in a mix of eight-week, four-week and two-week intensive sessions, to allow the student to complete the 33-hour degree in 18 months. Students are urged to check the course schedule or consult with their adviser to determine the recommended course sequence and which courses are offered in each format.

Courses in the two-week intensive format meet every evening, Monday through Friday. It is recommended that students adjust their schedules to accommodate this format.

Degree Requirements

Core		21 cr.
MBA 515	Accounting for Management Decisions	3 cr.
MBA 526	Corporate Management the Global Environment	3 cr.
MBA 527	Ethics and Social Responsibility	3 cr.
MBA 615	Managerial Finance	3 cr.

MBA 655	Entrepreneurship and Small Business Management	3 cr.
MBA 660	Strategic Global Business Management	3 cr.
MBA 670	Special Topics in Business	3 cr.
MBA 675	Entrepreneurship Seminar	3 cr.

All students complete all core courses to provide a common foundation; therefore, the program's policy is not to waive any of the core courses.

The general MBA program offers the flexibility to tailor electives to the student's professional interests. Ample choices allow a broad choice or a focus, such as finance, entrepreneurship, global business or information systems. Alternatively, the student may select one of the following formal areas of concentration:

A. International Business Concentration

The MBA International Business concentration focuses on how globalization has affected the way business is done. Whether a student wishes to advance in a large, multinational conglomerate or work with foreign organizations and businesses, the International Business concentration provides the tools to operate in a multinational/multicultural environment.

<u>Course Requirements</u>		12 cr.
MBA 507	International Economics	3 cr.
MBA 610	Advanced Seminar in International Marketing	3 cr.
MBA 625	International Finance	3 cr.
MBA 660	Strategic Global Business Management	3 cr.

B. Management Information Systems Concentration

The MBA Management Information Systems concentration offers a unique combination of business intelligence and industry standards through practical project-oriented instruction. The rationale is to produce quality MBA graduates with in-depth knowledge and hands-on understanding of the essentials of managing today's information technology systems. Students study the foundations of business so they can apply management information system technology to create efficient, effective business enterprises capable of completing in a global setting.

MBA 606	Strategic Information Systems	3 cr.
MBA 607	Systems Analysis and Design	3 cr.
MBA 608	Topics in Information Systems	3 cr.
MBA 609	Database Management Systems	3 cr.

C. Finance Concentration

The MBA Finance concentration provides MBA graduates with broad professional competence and skills for careers in executive positions at financial institutions and other organizations. This concentration offers students extensive understanding of core skillsets in financial modeling, debt and equity issues, valuation, mergers and acquisitions, financial planning, risk management, financial reporting and analysis, and taxation necessary for modern corporate finance positions and as consulting. By incorporating critical strategies and techniques in areas such as investment and commercial banks, financial, general management consulting, venture capital and private equity firms, and corporate finance within 500 large-cap companies, graduates are primed for financial challenges in national and international arenas. This concentration allows students to tailor their program to their professional goals and prepare for career opportunities such as:

- *Investment Management.* Prepares candidates for a career as a security analyst, money manager, brokerage firm analyst, insurance company representative or other financial job function.
- *Corporate Financial Management.* Prepares candidates to be financial managers with responsibilities in risk management, strategic planning, budgeting, financial forecasting, cash management, credit administration, investment analysis and funds procurement.

Global Executive MBA

Graduates of the Global Executive Master of Business Administration program focus on projects designed to develop an ability to think critically and to understand global business strategies linking North America with the rest of the world.

The Global Executive MBA includes:

- An academic curriculum designed to sharpen business executives' critical thinking with a global perspective.
- An accelerated course of study that can be completed in just one year.
- A capstone educational tour to a global commercial center, such as Beijing or London.
- Intensive English language preparation geared specifically for international management professionals (one month at an extra fee to strengthen business English for non-native speakers).
- Opportunities to network with American and international business executives and leaders through formal and informal networking events.

4+1 Undergraduate-to-MBA

Park University's School of Business offers an innovative and exciting 4+1 MBA program. The curriculum allows academically talented business students to complete both their Bachelor of Science in Business degree and Master of Business Administration degree in five years.

The accelerated format of the 4+1 Undergraduate-to-MBA program will save students time and reduce the cost of earning an MBA. Students completing the program will be better prepared to enter the workforce in higher level management positions upon graduation.

Students accepted into the 4+1 Undergraduate-to-MBA program can earn a validated course for graduate credit for up to four of the undergraduate courses listed below:

Undergraduate Course*	MBA Course	Example Graduate Assignment
AC 315 Cost Accounting	MBA 515 Accounting for Management Decisions	Additional Comprehensive Exam
IB 451 Seminar on International Business	MBA 526 Corporate Management in the Global Environment	Additional Term Paper
FI 360 Financial Management	MBA 615 Managerial Finance	Additional Case Analysis
MK 411 Marketing Management	MBA 630 Strategic Marketing	Additional Term Paper
HR 353 Introduction to Human Resource Management	MBA 633 Human Resource Management	Additional Term Paper

* Only four 4+1 courses may be substituted for relevant graduate courses.

4+1 MBA Program Undergraduate Admission Requirements

Undergraduate students with at least 60 undergraduate credit hours may apply for admission into the 4+1 Undergraduate-to-MBA program. Acceptance will be based on factors that indicate the ability for high-level academic activity. Admission to the program will be granted if the following requirements are met:

- Students must apply after completing 60 undergraduate credit hours toward their Bachelor of Science degree.
- After completing 75 undergraduate credit hours, and after acceptance into the 4+1 program, students may begin taking a 4+1 undergraduate course.
- Students must maintain a cumulative grade point average of 3.0 or better (based on a 4.0 scale).
- Transfer students and international students may apply to the 4+1 MBA program if they meet the required criteria.

4+1 MBA Program Requirements

4+1 Undergraduate-to-MBA students must successfully complete the corresponding undergraduate courses in their chosen undergraduate program. Once admitted into the 4+1 MBA program, and at the end of these courses, the student will also be required to complete a graduate assignment related to the course to earn credit toward their MBA. This assignment will be graded by School of Business graduate faculty.

The following policies apply to receive the graduate credit waiver:

- Students will pay the School of Business 4+1 MBA fee.
- Students must earn a “B” or better in undergraduate 4+1 courses.
- Students must successfully complete the additional graduate assignment graded by the graduate faculty.
- Students must apply to the School of Business MBA program within two years of graduating with their undergraduate degree. After two years, the MBA core courses can no longer be counted.

Admission into the 4+1 Undergraduate-to-MBA Program

Students who are enrolled in the 4+1 Undergraduate-to-MBA program are not guaranteed admission into the MBA program. Admission into the MBA program is determined after the student has successfully completed their undergraduate degree and applied to the MBA program. The MBA program will track 4+1 MBA students and courses awarded as a validated course. To receive graduate credit, the 4+1 Undergraduate-to-MBA student must apply to Park University's MBA program within two years of their undergraduate graduation. Once a Park 4+1 MBA student is admitted into Park's MBA program, the director of the Master of Business Administration program will apply the validated 4+1 course(s).

MBA Course Descriptions

MBA 507 International Economics 3 cr.

This course entails analysis of the theory, structure and policies of international economic and financial institutions. Topics include international trade, trade policies, international finance issues and exchange rates.

MBA 509 Economic Development 3 cr.

This course focuses on the study of the theoretical background and applied aspects of economic growth in both developing and developed countries. The course looks at how and why growth is fostered or stymied by domestic and/or international governmental policies.

MBA 515 Accounting for Management Decisions 3 cr.

This course emphasizes the accounting data and techniques employed by management professionals for decision-making in not-for-profit businesses and governmental organizations to analyze, evaluate and convey their economic events and reporting status. Areas covered include cash flow analysis, financial statement analysis, variable costing, product costing, cost prediction, cost-volume-profit considerations, operational budgeting, variance analysis, return on investment and capital budgeting decisions. The course uses accounting case studies and a term project to evaluate the student's comprehension of the material.

MBA 520 Entrepreneurial Project Management 3 cr.

This course represents an overview of the business macro-environment that is at the core of the philosophy of continuous improvements. Particular attention is directed to explaining how the application of this philosophy has stimulated the transformation of many work environments at the end of the 20th century and the beginning of the 21st century. Throughout the course, process and project management materials and innovations are demonstrated and then used in field projects to integrate theory with practice.

MBA 525 Entrepreneurship in the Global Economy 3 cr.

This course offers students the skills and knowledge for developing and implementing a new global business. Using the concept of a start-up entrepreneurship, we examine the key factors in creating a new business which has a global market focus. This includes businesses started in the European Union, China, India, Russia or other countries, as well as businesses started in the U.S. that market to these countries. The course is built around an e-commerce business concept, which focuses on more than one non-U.S. country. Investigating opportunities through trade allows both the extension of traditional business to e-commerce as well as the creation of new

(continued on next page)

business entities. The course is developed to promote skills needed to: assess the viability of a new business concept; understand the conditions of e-commerce readiness for specific countries; grasping unique opportunities; creating cultural awareness; understand technical issues involved in a global e-commerce business; analyze opportunities and evaluate the outcome of an opportunity; analyze competitive environment; analyze market potential; and identify sources of financial support for the new venture.

MBA 526 Corporate Management in the Global Environment 3 cr.

This course focuses on cross-disciplinary business policy aspects of commercial enterprise through evaluation of firms' strategic and competitive behaviors from a global dimension; managerial decision-making based on the interdisciplinary nature and the role of the economy in the context of globalization.

MBA 527 Ethics and Social Responsibility 3 cr.

This course explains the importance and rationale of ethical decision-making in business environments as well as the skills and analysis necessary to succeed in professional careers. Ethical standards such as competency, integrity, objectivity, confidentiality and professionalism will be addressed from a value-oriented business approach to provide a better understanding of legal implications.

MBA 575 Marketing Research Strategies 3 cr.

This course is an introduction to basic market research information and techniques. The focus includes research studies for selected marketing activities involving design development, information collection, data analysis and reporting of findings.

MBA 605 Management Information Systems 3 cr.

This course is developed as a framework for analyzing the use of information by firms along with examples of different types of information systems. It explores the theoretical foundations of information systems and their development uses, operations, management, control, structure and impact. The analysis of information function within the organization, the nature and characteristics of computerized information systems, usage of information systems and technology to change the organizational structure and/or work process and culture will be addressed. Information system analysis and design are also stressed through case study and projects.

MBA 606 Strategic Information Systems 3 cr.

This course focuses on the usefulness of information technology to achieve a competitive advantage, efficient operations and effective decision-making. It explores the usage of information systems and technology in enterprises and analyzes their roles, functions and effects on competitive and organizational operational strategies.

MBA 607 Systems Analysis and Design 3 cr.

This course focuses on in-depth assessment of the methodology, tools and techniques involved in designing an information system for an enterprise, including a detailed study of the system's development life cycle. The course requires reviewing and analyzing cases and exercises. A final project will be required, including analysis and design of an actual information system.

MBA 608 Topics in Information Systems 3 cr.

This capstone course focuses on the integration and synthesis of previous knowledge in information systems. Utilizing information systems and technology to address topics and problems in many functional areas such as marketing, accounting, human resources and management information are stressed. The adaption of information systems and technology to meet the needs of the ever-changing business environment will also be addressed. Case studies will reinforce lectures.

MBA 609 Database Management Systems 3 cr.

This course explores the techniques used to design databases and database management systems. Principles for determining database requirements, components and architectures are addressed. Topics such as data dictionaries, use of case tools in developing databases, data integrity, security and privacy issues, user interface and innovative programming languages will be covered. A final project involving the design of an actual corporate database is required.

MBA 610 Advanced Seminar in International Marketing 3 cr.

This course provides tools for marketing management decision processes and marketing systems in the global environment; application to multinational business operations and strategy development; and marketing techniques of foreign market entries (import/exports, joint ventures, licensing and management contracts). Emphasis is on marketing mix and how it is adapted for the global environment.

MBA 611 Green Marketing 3 cr.

This is an environmental marketing course dealing with issues related to the environment. Topics covered are centered around the theoretical basis, managerial perspective, public policy viewpoint, or for empirical evidence of environmentalism. This course also covers a wide array of topics from segmentation of product, advertising and distribution strategies, and from a micro to a macro perspective. It represents an excellent tool for understanding and researching environmental marketing.

MBA 615 Managerial Finance 3 cr.

This course covers a comprehensive analysis of issues faced by financial managers. Topics include capital budgeting, the use of option pricing in corporate financial management, working capital management, different types of short-term financing, lease financing and other hybrid security financing, the use of derivative securities in corporate risk management, financial planning and control, and other relevant topics. *Prerequisite: MBA 515.*

MBA 616 Advanced Managerial Accounting 3 cr.

The course places emphasis on modern accounting trends and contemporary controversial related topics. Because accounting revolves around information access and dissemination, the course will utilize the Internet, a major force in information access and dissemination. As part of this course, teams will create and use a formal website that includes hyperlink pages addressing the various aspects of financial analysis. *Prerequisite: MBA 515.*

MBA 620 Leadership in Organizations**3 cr.**

The course discussions will focus on leadership in organizations, problem-solving techniques and communication, coordination, and human relation skills required for managerial success. Topics covered include principles and practices of management functions such as planning, organizing, motivating and controlling.

MBA 621 Advanced Corporate Finance**3 cr.**

The objective of this course is to study the major decision-making areas of managerial finance and some selected topics in financial theory. The course reviews theory and empirical evidence related to investment and financing policies of a firm and attempts to develop decision-making in these areas. This course serves as a complement and supplement to MBA 615 (Managerial Finance). Some areas of financial management not covered in MBA 615 are covered in MBA 621. These may include leasing, mergers and acquisitions, corporate reorganizations, financial planning and working capital management, and other selected topics. Other areas that are covered in MBA 615 are covered more in-depth and more rigorously in this course. These include investment decision-making under uncertainty, cost of capital, capital structure, pricing of selected financial instruments and corporate liabilities, and dividend policy. *Prerequisite: MBA 615.*

MBA 625 International Finance**3 cr.**

This course focuses on the study of the international monetary environment and financial planning for corporations with global operations. The course also covers the analysis of the effects of exchange rate fluctuations, currency restrictions and tax regulations on international financial planning. Furthermore, it examines the financial aspects of multinational business, including foreign investment, trade and transfer of funds. *Prerequisite: MBA 615.*

MBA 630 Strategic Marketing**3 cr.**

An introduction to the analysis, planning, implementation and control of marketing programs designed to achieve the organizational objectives of potential consumers. Decision-making in organizations dealing with consumer markets is provided. Important insights from the behavioral sciences are considered in light of decision objectives to develop capability in creation and management of consumer-oriented marketing campaigns.

MBA 633 Introduction to Human Resource Management**3 cr.**

This course is an extensive analysis of human resource management in the modern organization. Major functional areas including strategic human resource management, employment, compensation, benefits, employee and labor relations, training and development, and human resource planning, as well as personnel policy and procedures are discussed.

MBA 634 Planning and Staffing**3 cr.**

This course examines concepts, strategies and current issues in recruitment, talent acquisition, selection and training. The course involves the use of quantitative methods to analyze the impacts of legal compliance, diversity, technology, outsourcing, restructuring and downsizing, on the effective strategic management of human resources. *Prerequisites: MBA 633 and MBA 674.*

MBA 635 Training, Development and Evaluation 3 cr.

This course examines concepts, strategies and current issues in the training and development of talent and subsequent downstream effects. The course involves the use of quantitative methods to analyze the impact of training and development on organizational and strategic human resource management outcomes and their effectiveness. *Prerequisites: MBA 633 and MBA 674.*

MBA 636 Change Management and Conflict Resolution 3 cr.

This course examines concepts, strategies and current issues in change management and conflict resolution, and subsequent downstream effects. Quantitative methods are used to analyze the impact of change and other interventions on organizational and strategic human resource management outcomes, and their effectiveness. *Prerequisites: MBA 633 and MBA 674.*

MBA 637 Compensation Management 3 cr.

This course examines theory, concepts, strategies and current issues in the design and implementation of compensation and benefit systems, and subsequent downstream effects. The course involves the use of quantitative methods to analyze the impact of compensation and benefit systems on organizational and strategic human resource management outcomes and their effectiveness. *Prerequisites: MBA 633 and MBA 674.*

MBA 640 Investment Management 3 cr.

This course provides an analysis of various debt, equity and derivative investment vehicles. Various theories of valuation of stocks, bonds, options, futures, real assets and other securities will be applied to each aspect individually and in the context of portfolio management.

MBA 641 Fixed Income Securities 3 cr.

This course is a rigorous study of fixed income securities, including default-free bonds, floating rate notes and corporate bonds. Closely related financial instruments such as forwards and futures on fixed income securities, bond options and interest rate swaps are also examined, in addition to analyzing specific types of fixed income securities. There will be an examination of the tools used in bond portfolio management. *Prerequisites: MBA 615 and MBA 640.*

MBA 642 Financial Derivatives 3 cr.

This course provides the student with the necessary skills to value and to use options, futures and related financial contracts. The financial derivatives are one of the constantly changing and widely-used instruments in today's financial markets. This course will provide rigorous fundamental valuation and explore the strategic and tactical dimensions of derivatives. The topics that will be covered include the valuation of futures contracts on stock indices, on commodities and Treasury instruments; the valuation of options; empirical evidence; strategies with respect to these assets; dynamic asset allocation strategies, of which portfolio insurance is an example; swaps; and the use (and misuse) of derivatives in the context of corporate applications. *Prerequisites: MBA 615 and MBA 640.*

MBA 643 Entrepreneurial Finance**3 cr.**

This course will familiarize you with topics in entrepreneurial finance. It focuses on applying financial theories and principles to small firms. There is special emphasis on specific issues that confront small businesses through their life cycle of development, start-up, expansion, maturity and harvesting. The course introduces the main financial issues affecting start-up companies, venture capital markets, private equity and debt financing, valuing small companies and harvesting methods. The course is divided into two parts — part one covers “small business survival skills,” including assessing financial performance, financial planning, identifying external financing needs and business valuation; part two addresses the issues and challenges associated with financing for entrepreneurial enterprises. *Prerequisite: MBA 615.*

MBA 644 Financial Markets and Institutions**3 cr.**

This course provides an overview of distinguishing characteristics of different types of financial markets (such as money markets, bond markets, derivatives markets) and institutions (such as commercial banks, investment banks, insurance companies, mutual funds and pension funds), as well as current issues affecting their structure and governance. *Prerequisites: MBA 615 or equivalent approved by the MBA director.*

MBA 655 Entrepreneurship and Small Business Management**3 cr.**

This course introduces fundamentals of profit analysis, financial planning and management control for small businesses. Topics include evaluation of product policies, marketing and pricing strategies, and organizational structure and control mechanisms. Investment requirements of operating a business and alternative ways of financing, including bank loans, mortgage financing, venture capital and public stock offerings are discussed. *Prerequisite: MG 352 (formerly MG 655).*

MBA 660 Strategic Global Business Management**3 cr.**

This course provides broad knowledge and understanding of the interpersonal and intercultural management skills necessary for international managers. While learning to identify cultural aspects of verbal and nonverbal behavior of persons from different cultures, students will come to recognize cultural differences that can cause difficulties in management situations. The culture of contract negotiations in Japan, Europe and the Middle East is emphasized. The economic, political and legal aspects of global business are discussed in the context of international management.

MBA 670 Special Topics in Business**3 cr.**

In this course, current topics in business are extensively discussed, including business ethics, labor relations, financial planning or any of a wide variety of subjects in business curriculum, such as entrepreneurial research, entrepreneurial education or entrepreneurial investments.

MBA 674 Quantitative Analysis for Management Decisions**3 cr.**

This course covers the concepts, tools and methods of economic analysis relevant to decision-making occurring within and across firms, with emphasis on the economic way of approaching business decisions. Attention is given to the analysis of factors determining market demand and supply, as well as factors affecting short- and long-run production and costs, strategic pricing policies in the presence of marketing power and interaction of firms within various market structures.

MBA 675 Entrepreneurship Seminar**3 cr.**

This capstone course addresses entrepreneurial and small business management. It assists students in investigating crucial facets of self-employment ventures. The course materials deal with the acquisition and development of resources at each level in the entrepreneurial process, from identification of opportunities to harvesting. Thus, students are asked to develop a business plan for testing the most critical aspects of establishing and maintaining an enterprise. Students' own skills and interests are assessed and compared with successful entrepreneurial profiles. Case analysis and classroom discussions are practices to demonstrate methods of dealing with a variety of problems at different levels of a new venture.

MBA 695 Strategic Management**3 cr.**

This course covers the integration of applied research for managerial decisions and actions that determine the long-term performance of a corporation. Focus includes strategy formulation, implementation, evaluation and control. Topics covered are: development of an integrated operations strategy, analysis of cases and completion of a major project involving research and investigations. *Prerequisites: MBA 515, MBA 526, MBA 527, MBA 615, MBA 630 and MBA 674, or equivalent approved by the MBA director.*

SCHOOL FOR EDUCATION

Michelle Myers, Ed.D., Dean, School for Education
Jan McKinley, Ed.D., Director, Graduate Education Programs

Mission

The School for Education at Park University, an institution committed to diversity and best practices, prepares educators to be effective teachers, leaders in their communities, change agents in their schools and advocates for learners.

Vision

The School for Education at Park University is to be known as a leader in the preparation of educators who will address the needs, challenges and possibilities of the 21st century.

Derived from Park University's vision, mission and core values, the School for Education's vision is to develop leaders in education. The SFE's mission, embodied in five goals, is the commitment to prepare teacher candidates to be effective school professionals, reflective change agents, and advocates for equity and excellence. The SFE's Conceptual Framework, grounded in sound educational research, theory and practice, is centered on five core beliefs. These core beliefs guide the SFE as it nurtures and supports the development of teacher candidates' knowledge, skills and dispositions so they can be leaders and assume the roles of effective school professionals, reflective change agents, and advocates for equity and excellence. To confirm that the SFE's

vision, mission, goals and core beliefs are being met, the SFE engages an assessment system that continually assesses and evaluates teacher candidates as they progress and transition through the SFE's programs. The SFE assessment system strives to be fair and unbiased so as to accurately confirm candidates' competencies of their knowledge, skills and dispositions, and to provide evidence upon which to guide future SFE programming.

Diversity Statement

The School for Education fully supports University policy related to employment and to student admission. Specifically, the School seeks faculty and students with a record of academic achievement, involvement in the community and good character. No applicant will be denied employment or admission on the basis of race, religion, color, national origin, age, gender, disability, sexual orientation, marital status or veteran's status. Additionally, the School recognizes and appreciates the importance of diversity in its educational programs and actively seeks to recruit and retain faculty and students with diverse backgrounds.

Philosophy, Purposes and Goals

A candidate who meets the School for Education's five goals provides evidence that he/she is developing as an effective school professional, a reflective change agent, and an advocate for equity and excellence for all learners. The goals summarize the core knowledge, skills and dispositions that are at the heart of the developmental process, and are rooted in the core beliefs that make up the knowledge base that drives the SFE's programs. These goals serve as a guideline for everything the School for Education does with its candidates as we work with them to nurture their development as professionals.

1. Candidates exhibit behavior that demonstrates a belief that all individuals can develop, learn and make positive contributions to society.
2. Candidates possess the necessary content knowledge and professional knowledge to support and enhance student development and learning, including meeting student needs across physical, social, psychological and intellectual contexts as demonstrated by varied, evidence-based strategies, including technology.
3. Candidates possess the necessary knowledge and skills to conduct and interpret appropriate assessments, and to use the information from assessments to develop and adapt instruction that meets learners' needs and maintains their engagement.
4. Candidates exhibit behavior that demonstrates a belief that continuous inquiry and reflection can improve professional practice.
5. Candidates view and conduct themselves as professionals, providing leadership in their chosen field, and communicating effectively with students and stakeholders.

Core Beliefs and Knowledge Bases

1. School professionals are advocates for equity and excellence for all. Every person can learn, and the goal of education is to give every individual the best possible opportunities to reach his or her highest potential.
2. There is a definite knowledge base in education. All educators are grounded in content knowledge, educational theory, pedagogical knowledge, research and best practice, and professionalism. Educators are also connected to the professional communities and learned societies in education, in general, and in their chosen field, and are knowledgeable in the standards of those societies, as well as those of the State of Missouri.
3. Within the definite knowledge base in education, educators have the necessary knowledge and skills to conduct and interpret appropriate assessments, and to use the information from assessments to develop and adapt instruction that meets learners' needs, and maintains their engagement. Throughout the assessment process, educators uphold American Psychological Association guidelines related to ethics and confidentiality. Educators also know that assessment is both formative and summative.
4. Educators are reflective change agents who are experts in collaborative problem-solving and critical inquiry. They are professionals who should regularly engage in high-level thinking, and should promote and nurture those same high levels of thinking in the learners they serve.

Conceptual Framework: Knowledge, Skills and Dispositions

The School for Education's Conceptual Framework is tied to specific knowledge, skills and dispositions that should be evident in developing school professionals. These prerequisite knowledge, skills and dispositions represent interlocking, continuous levels of development that build upon one another. At the core is knowledge — knowledge is subsumed by skills, and skills are subsumed by dispositions. Knowledge is what one knows, but is not enough on its own. Skills are the application of what one knows, but even these are not sufficient; they must be lived out in the context of who each teacher is as a person and a professional. Dispositions are what one is, and how one lives; they represent the unique integration that makes each teacher what he/she is. The development of dispositions is the outer sphere of the three and represents the ultimate manifestation of a teacher's development in the real world of teaching. Teacher candidates are assessed on knowledge, skills and dispositions throughout their program.

Transfer of Graduate Credit

No more than six hours of graduate credit transferred from another academic institution may be used to meet master's degree requirements in the School for Education. Transfer is granted only after an evaluation of the appropriateness of the courses by the program director. Other criteria that must be met in order for credits to be considered are:

- Transfer course content is appropriate to the program. Only transfer credit earned from a regionally-accredited institution of higher education, or its equivalent, if the institution is a foreign university or college, is accepted.
- The grade earned in the course is "B" or better.
- The credits were not used for a previous degree.
- The credit is not more than 7 years old. A program director may waive the requirements on a course-by-course basis if, in his/her judgment, the content of the course has not changed appreciably during the applicable period.
- The transfer credit must be requested prior to acceptance into the program, unless otherwise approved by the program director.

Graduation Requirements

- Successful completion of 30 credit hours, with no grade lower than a "C" in the required courses, with a cumulative grade point average of 3.0 or higher. No more than two grades of "C" are allowed within the program of study. See *Academic Policies — Graduation Requirements* section for more information.
- An application for graduation is required before a completion statement is posted to the transcript. The application for graduation is available in MyPark in the "Registrar" link under the "Offices" tab. Students must return the completed form with the appropriate fee.

General Information

The graduate faculty of the School for Education at Park University attempts to bring the best and most current practices to the classroom, in order to enable educators to bring the best to their students. The faculty is committed to the belief that education can improve the lives of students and, in turn, positively impact our society.

As practicing educators, the faculty is aware of the demanding schedule that teachers maintain. Therefore, graduate education programs have been designed to be accessible to the working professional. Programs are available in an eight-week format meeting one night per week, as well as online.

Graduate education programs are structured to utilize the educational experiences of students in the program. Degrees are designed to allow students to explore issues, design curriculum and learn new strategies and techniques that will enable them to become more effective educators, through the application of theory and research to their educational practice.

Students maintaining enrollment of one course per 8-week fall and spring terms, and two courses in the summer, may complete the degree in two calendar years.

The programs have been accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools and approved by the Missouri Department of Elementary and Secondary Education.

MASTER OF EDUCATION

The Master of Education program at Park University provides an opportunity for students to focus on one of several emphasis areas. Each of the emphasis areas has specific admissions and degree requirements as outlined below.

EMPHASIS AREAS

A. Teacher Leadership

The Master of Education degree in Teacher Leadership, which contains two areas of emphasis, began in October 1995, becoming the first graduate program in the School for Education. The degree is designed to meet the practical needs of the classroom teacher and uses a praxis model that ties theory and practice together in each course. The program strives to develop reflective educators who can be change agents in the lives of their students, in their school and communities, and culminates with a professional portfolio.

The degree requires 18 hours of core courses and 12 additional hours, which are specific to the student's selected area of emphasis. The two areas of emphasis offered are: Instructional Leader, and Curriculum and Assessment. These areas are designed to help the teacher meet the critical needs of a changing society.

Admission Requirements

1. A bachelor's degree from a regionally accredited institution and a valid state teaching certificate (applicant must provide copy of certificate).
2. Minimum 3.0 grade point average on a 4.0 scale.
3. A felony background check and FBI fingerprint check must be completed for admission. Admission is dependent upon a clearance.
4. Child abuse or neglect screening.

Note: If items 3 and 4 above have been completed for continuous current employment or for the U.S. military, a copy of the same may be submitted.

5. Students with a GPA between 2.75 and 3.0 may be considered for admission, if they provide one of the following:
 - a. Four years successful employment experience (letter of recommendation from supervisor based on good evaluations).
 - b. An acceptable GRE score for verbal and quantitative tests.
6. Official admission to the School for Education.

Note: An applicant who has been denied admission to a Graduate Education program may appeal the decision to the Committee for Selection, Admission, Retention and Appeals. The appeal shall be submitted in writing to the chair of the CSARA using the appropriate appeal form. Documentation supporting the appeal must accompany the appeal form where applicable. Additional information related to the appeals process may be obtained from the School for Education office.

Degree Requirements

This 30-hour program is offered in an 8-week format. The core curriculum is 18 hours, with 12 additional hours required either in the Instructional Leader or the Curriculum and Assessment area. A professional portfolio, as well as projects embedded in course work, is required. The degree can be finished in two calendar years, including summer school.

Core		18 cr.
ED 513	Law for Educators	3 cr.
ED 515	Sociological Factors Affecting Education	3 cr.
ED 516	Introduction to Graduate Research	3 cr.
ED 532	Teaching and Learning: Theory Into Practice	3 cr.
ED 608	Assessment	3 cr.
ED 631	Action Practicum	3 cr.

Electives

<i>Instructional Leader Emphasis</i> (choose four)		12 cr.
ED 519	Diversity in the Classroom	3 cr.
ED 520	Special Needs in the Classroom	3 cr.
ED 526	Classroom Management Seminar	3 cr.
ED 541	Middle School Philosophy and Organization	3 cr.
ED 620	Advanced Instructional Methods and Strategies	3 cr.

<i>Curriculum and Assessment Emphasis</i> (choose four)		12 cr.
ED 495	Statistics for Teachers*	3 cr.
ED 541	Middle School Philosophy and Organization	3 cr.
ED 548	Evaluation of Abilities and Achievement	3 cr.
ED 606	Curriculum Theory and Practice	3 cr.
ED 621	Program Design and Evaluation	3 cr.

* *Required*

Undergraduate Credit

A limited number of courses at the 400 level may be taken for graduate elective credit if eligible for graduate credit and with the permission of the graduate advisor or program director.

Thesis Option

With the approval of the program director, interested and capable students may elect the Thesis Option to satisfy degree requirements. The six-credit hour Thesis Option provides students with the opportunity to explore a topic in-depth, by applying an appropriate research methodology. Students electing the Thesis Option shall adhere to the requirements set forth in the School of Graduate and Professional Studies Master's Thesis Procedures, described above. Additional information about writing a thesis may be found in the *Standards and Procedures Manual*, accessible through the SGPS website.

Required Coursework

ED 700	Thesis — Research and Proposal Development	6 cr.*
ED 701	Thesis — Research	3 cr.
ED 799	Thesis — Continuous Enrollment	3 cr.
		1 cr.

* Note: A maximum of six thesis hours may be counted toward degree requirements. Students electing the thesis option will not take ED 631. Degree completion with a Thesis Option requires a minimum of 33 credit hours.

Graduation Requirements

- All student candidates must successfully complete the required credit hours with a 3.0 grade point average, with no more than 2 “C’s” and no grade lower than a “C.” See *Academic Policies* under the *Academic Standards* section of this catalog for more information.
- An application for graduation is required before a completion statement is posted to the transcript. The application for graduation is available in MyPark in the “Registrar” link under the “Offices” tab. Students must return the completed form with the appropriate fee. See the *Graduation Requirements* section in this catalog for more information.

B. Language and Literacy

Purpose

The Master of Education with emphasis in Language and Literacy is designed with two areas of emphasis for two types of educators:

1. **Special Reading Teacher** — This is for educators desiring to work as reading specialists in various public and private settings. The degree program meets the international Reading Association’s Standards for Reading Professionals (2010 revision). Courses are offered in the 8-week format. Full-time enrollment is one course per 8-week term. *This area leads to Missouri Special Reading certification. This certification is not available as an initial certificate; candidates must already be certified in another area.*
2. **English for Speakers of Other Languages Teacher** — This is for educators desiring ESOL, linguistics and second language acquisition basics, as well as ESOL, methods, materials and assessments for public and private schools. This degree program meets the International Reading Association’s Standards for Reading Professionals, National TESOL Standards, as well as DESE ESOL Standards. Courses are offered in the 8-week format. Full-time enrollment is one course per 8-week term. *This area leads to Missouri ESOL certification. Certification is not available as an initial certificate; candidates must already be certified in another area.*

Admission Requirements

1. A bachelor’s degree from an accredited institution and a valid state teaching certificate (applicant must provide copy of certificate).
2. Students seeking Special Reading Teacher or ESOL certification must have two years’ teaching experience by the time they apply for certification.
3. Minimum 3.0 grade point average on a 4.0 scale, and 2.5 GPA in core.
4. A felony background check and FBI fingerprint check. Admission is dependent upon a clearance.
5. Child abuse or neglect screening.

Note: If items 4 and 5 above have been completed for continuous current employment or for the U.S. military, a copy of the same may be submitted.

- 6. Students with a GPA between 2.7 and 3.0 may be considered for admission, if they provide one of the following:
 - a. Four years successful employment experience (letter of recommendation from supervisor based on good evaluations).
 - b. An acceptable GRE score for verbal and quantitative tests.
- 7. Official admission to the School for Education.

Note: An applicant who has been denied admission to a Graduate Education program may appeal the decision to the Committee for Selection, Admission, Retention and Appeals using the appropriate appeal form. Documentation supporting the appeal must accompany the appeal form where applicable. Additional information related to the appeals process may be obtained from the School for Education office.

Program Requirements

Candidates must successfully pass the School for Education Disposition Instrument for Advanced Candidates for admission into Literacy Practicum I and II.

For all areas, in addition to completing the 30-hour curriculum with at least a 3.0 grade point average is required for graduation. For the Special Reading Teacher/Literacy Coach and English for Speakers of Other Languages Teacher tracks, in addition to completing the track's 30-hour curriculum with at least a 3.0 GPA, the candidate must submit an approved portfolio that addresses satisfactorily the Missouri standards for teacher certification. A student cannot complete the program or be recommended for certification without the portfolio. The portfolio must be presented by the fifth week of the last term of the student's program. and teacher work sample.

Note: Candidates who disagree with a disposition evaluation may appeal the evaluation to the Committee for Selection, Admission, Retention and Appeals. The appeal shall be submitted in writing to the chair of the CSARA using the appropriate appeal form. Documentation supporting the appeal must accompany the appeal form where applicable.

**If ED 520 is fulfilled with baccalaureate degree.*

ED 609	Current Issues and Trends in Literacy	3 cr.
ED 619	Multicultural Literacy	3 cr.

Graduation Requirements

All student candidates must successfully:

- Complete the required credit hours with a 3.0 grade point average, with no more than two “C’s” and no grade lower than a “C.” See *Academic Policies* under the *Academic Standards* section of this catalog for more information.
- An application for graduation is required before a completion statement is posted to the transcript. The application for graduation is available in MyPark in the “Registrar” link under the “Offices” tab. Students must return the completed form with the appropriate fee.

Note: Certification as a reading specialist requires passing the Praxis test for reading certification (Code 0300) with a qualifying score (www.ets.org).

C. Adult Education

Purpose

The Master of Education in Adult Education program is progressive and multidisciplinary, introducing students to the key concepts of learning and development in adulthood. It integrates internationalized learning from global perspectives to challenge students on a theoretical and practical level. It will:

- Provide a comprehensive, research-based understanding of human capacity building and competency development.
- Connect students with challenges facing today's organizations and prepare students to create innovative and effective learning solutions.
- Prepare students to synthesize elements from adult learning theory, instructional design, program planning, implementation and evaluation strategies.

Drawing on a range of disciplines, the program prepares students for careers to apply knowledge and skills which can be effectively used and developed on individual, group and organizational levels.

Within the Master of Education in Adult Education program, real-world experience is invited to connect learners with external stakeholders in the field of adult education. Project and problem-based learning concepts are utilized in which participants propose real solutions to the challenges facing the field within the context of adult education. Participants develop transferrable competencies, valued throughout all domains of the workforce, which are developed and assessed throughout the program with individualized coaching. The culminating experience results in a graduate student colloquium where participants submit a formal proposal for peer review and present their original learning theories and research.

Program Competencies

- Active Inquiry — Exploring new knowledge through extensive investigation.
- Global and Community Learning — Extending sociocultural relations across local and world space.
- Critical and Strategic Thinking — Generation and application of unique insights and opportunities to create competitive advantage, reflective reasoning about beliefs and actions.
- Ethics and Moral Reasoning — Value-based actions under conditions of uncertainty.
- Integrated and Applied Learning — Connecting skills and knowledge from multiple sources, contexts and experiences, including diverse and contradictory points of view.

Admission Requirements

1. A bachelor's degree from a regionally accredited institution.
2. Minimum 3.0 grade point average on a 4.0 scale.
3. Students with a GPA between 2.75 and 3.0 may be considered for admission, if they provide one of the following:
 - a. Four years successful employment experience (validated by a letter of recommendation from a supervisor based on good evaluations).
 - b. An acceptable GRE score for verbal and quantitative tests.
4. Official admission to the School for Education.

(continued on next page)

Note: An applicant who has been denied admission to a graduate education program may appeal the decision to the Committee for Selection, Admission, Retention and Appeals. The appeal shall be submitted in writing to the chair of the CSARA using the appropriate appellate. Documentation supporting the appeal must accompany the appeal form where applicable. Additional information related to the appeals process may be obtained from the School for Education office.

Note: The program was revised beginning with the 2013-14 academic year. Advisers will adjust individual candidate's schedules in the interim.

Required Courses		30 cr.
ED 500	Foundations of Adult Education	3 cr.
ED 512	Human Capacity Building	3 cr.
ED 516	Introduction to Graduate Research	3 cr.
ED 538	Integrating Adult Development and Learning	3 cr.
ED 540	Emerging Technologies and Facilitation Strategies	3 cr.
ED 542	Program Planning for Adults	3 cr.
ED 559	Research and Resource Development	3 cr.
ED 563	Managing Change and Innovation	3 cr.
ED 570	Critical Teaching for Social Change	3 cr.
ED 631	Action Practicum	3 cr.

Graduation Requirements

- All student candidates must successfully complete the required 30 hours with a 3.0 grade point average, with no more than 2 “C”s and no grade lower than a “C”. See *Academic Policies* under the *Academic Standards* section in this catalog for more information.
- An application for graduation is required before a completion statement is posted to the transcript. The application for graduation is available in MyPark in the “Registrar” link under the “Offices” tab. Students must return the completed form with the appropriate fee. See the *Graduation Requirements* section in this catalog for more information.

D. Educational Leadership with Certification

Purpose

The Master of Education with a specialization in Educational Administration degree is designed to allow certification for principalship, in a 30-hour program. It is offered in the 8-week format with classes meeting in a face-to-face format and also online. Full-time enrollment is one course per 8-week term. Full-time enrollment during the academic year and one course for two summers allows completion in two calendar years. Students who are employed full-time are encouraged not to take a heavier load.

Admission Requirements

1. A bachelor's degree from an accredited institution and hold a valid state teaching certificate (applicant must provide copy of certificate). *Note: This must be completed before the completion of the first three credit hours.*
2. Students seeking Educational Leadership with Certification must have two years' teaching experience by the time they apply for certification.

3. A two-page philosophy of education and how that philosophy led you to desire a degree and certification in educational leadership. *Note: This must be completed before the completion of the first three credit hours.*
4. A letter of recommendation from a school administrator who has supervised your work. *Note: This must be completed before the completion of the first three credit hours.*
5. Minimum 3.0 grade point average on a 4.0 scale
6. Students with a GPA between 2.75 and 3.0 may be considered for admission, if they provide one of the following:
 - a) Four years successful employment experience (validated by a letter of recommendation from supervisor based on good evaluations).
 - b) An acceptable GRE score for verbal and quantitative tests.
7. A felony background check and FBI fingerprint check must be completed for admission. Admission is dependent upon a clearance.
8. Official admission to the School for Education.

Note: If items 7 and 8 above have been completed for current employment for the U.S. military, a copy of the same may be submitted. An applicant who has been denied admission to a Graduate Education program may appeal the decision to the Committee for Selection, Admission, Retention and Appeals using the appropriate appeal form. Documentation supporting the appeal must accompany the appeal form where applicable. Additional information related to the appeals process may be obtained from the School for Education office.

Program Requirements

Advanced candidate must successfully pass the School for Education Disposition Instrument for Advanced Candidates for admission into Directed Field Experience.

Note: A Graduate Education student who disagrees with a disposition evaluation may appeal the evaluation to the Committee for Selection, Admission, Retention and Appeals. The appeal shall be submitted in writing to the chair of the CSARA using the appropriate appeal form. Documentation supporting the appeal must accompany the appeal form where applicable.

Required Courses		30 cr.*
ED 513	Law for Educators	3 cr.
ED 514	Foundations of Educational Administration	3 cr.
ED 522	Legal Aspects of Special Education	3 cr.
ED 606	Curriculum Theory and Practice	3 cr.
ED 608	Assessment	3 cr.
ED 612	School and Community Leadership	3 cr.
ED 616	School Supervision	3 cr.
ED 634	Directed Field Experience	3 cr.
<i>Note: The above course should be taken during the last Fall 16 weeks or Spring 16 weeks before graduation.</i>		
ED 635	School Organization and Management	3 cr.
<i>and select one of the following two courses</i>		
ED 624	Elementary Administration	3 cr.
ED 625	Secondary School Administration*	3 cr.

**Note: Those students seeking middle school principal certification must take (or have already taken), in addition to the above 30 hours, graduate or undergraduate course credit in the following areas*

1. Methods of Teaching Reading (minimum of five (5) semester hours to include one course in Techniques of Teaching Reading in the Content Fields)

(continued on next page)

2. Methods of Teaching Elementary Mathematics (minimum of two (2) semester hours)
3. At least six (6) credit hours in education courses focusing on middle school philosophy, organization and curriculum.

Graduate Education courses available to partially satisfy these requirements are:

ED 528	Theory and Practice in Literacy	3 cr.
ED 541	Middle School Philosophy and Organization	3 cr.
ED 546	Advanced Diagnosis and Remediation of Reading Difficulties	3 cr.

Graduation Requirements

- All student candidates must successfully complete the required 30 credit hours with a 3.0 grade point average, with no more than 2 “C”s and no grade lower than a “C”. See *Academic Policies* under the *Academic Standards* section in this catalog for more information.
- An application for graduation is required before a completion statement is posted to the transcript. The application for graduation is available in MyPark in the “Registrar” link under the “Offices” tab. Students must return the completed form with the appropriate fee. See the *Graduation Requirements* section in this catalog for more information.
- In addition to graduation requirements stated in the *Academic Policies* section, an approved portfolio is required, which addresses satisfactorily, the Missouri Standards for initial principal certification. The portfolio must be presented by the fifth week of the last term in the student’s program. Advanced candidates must successfully pass the School for Education Disposition Instrument for Advanced Candidates for completion of the program. *A student cannot complete the program or be recommended for certification without an acceptable portfolio.*

Note: Certification as a school leader requires passing the School Leaders’ Licensure Assessment (Code 6011) with a qualifying score (www.ets.org/sls).

Course Descriptions

ED 495 Statistics for Teachers

3 cr.

This course is designed to teach teachers basic concepts of statistics: sampling and measurement; descriptive statistics; probability distributions and statistical inference, including tests of significance. It assumes no prior coursework in statistics, but fluency in arithmetic, the use of calculators and two years of high school algebra are required. *This is a recommended course sequence prior to enrolling in ED 516.*

ED 500 Foundations of Adult Education

3 cr.

The course will provide a historical perspective of adult education theory, philosophy and practice, and will examine the role of the adult educator in the 21st century. Additionally, the course will investigate andragogy and various adult learning and teaching theories.

ED 512 Human Capacity Building 3 cr.

This course explores the philosophy of workforce development as a means to meet current and future workforce preparedness of adults. This course will explore current issues and trends in workforce development as it relates to adult education and training. Some topics include: learning organizations, adult basic education, executive education, workplace learning, career development and technology as a learning delivery tool.

ED 513 Law for Educators 3 cr.

This course is designed to give educators the legal information they need to correctly interpret and apply the laws that govern all aspects of public education.

ED 514 Foundations of Educational Administration 3 cr.

This course is designed to give the prospective school leader a historical perspective of the evolution of educational systems and governance, and the role of the principal in guiding schools through political, social, cultural and economic processes which impact American education. A 20-hour field experience component is required.

ED 515 Sociological Factors Affecting Education 3 cr.

This course provides an opportunity to examine the changing sociological factors affecting American education. Problem-solving approaches to these situations will be utilized, culminating in a field-based advocacy project.

ED 516 Introduction to Graduate Research 3 cr.

This course provides an introduction to both qualitative and quantitative research, including research design. The purpose of this course is to enable the educator to become an informed consumer of research.

ED 519 Diversity in the Classroom 3 cr.

This course provides an overview of changing classroom demographics and the implications for the classroom teacher in recognizing the influence of classroom, school and community cultures on relationship building within the classroom. Recognizing bias to counter stereotypes is necessary for building an inclusive learning environment. A field-based study will be required.

ED 520 Special Needs in the Classroom 3 cr.

This course is designed to address the special needs of students being mainstreamed into the traditional classroom. A minimum of 10 hours of field experience is required.

ED 522 Legal Aspects of Special Education 3 cr.

This course provides a review and analysis of current case law and litigation related to children with disabilities. Focus on the legal system that ensures children with disabilities a free appropriate public education with emphasis on due process procedures and other procedural safeguards, discipline, program accessibility and application of least restrictive environment alternative principles to special education programming.

ED 526 Classroom Management Seminar 3 cr.

This course provides a foundation for teachers to develop the knowledge and strategies necessary for successful classroom management and discipline for students who exhibit a wide range of behavioral needs and characteristics. Teachers will study how to prevent discipline problems, what to do when problems occur and what to do to increase the possibility of management and social skills. Teachers will develop a management plan for incorporation in their own classrooms. A field-based study is required.

ED 527 Growth and Development of Children and Adolescents 3 cr.

This course provides a developmental approach to the study of the growth and development of children and adolescents. This course explores the cognitive, personality, emotional, social and physical changes that occur in children from conception through adolescence. It will review research on how children learn, solve problems and function in home and school environments.

ED 528 Theory and Practice in Literacy 3 cr.

This course provides a survey of historical and current literacy theories, and how these theories have been, and continue to be, linked to literacy instruction in K-12 educational institutions. The course will also deal with the development of teachers' own theoretical orientations: how they develop and change over a career, and how they are reflected in the classroom. Professional resources for literacy professionals will be explored.

ED 532 Teaching and Learning: Theory Into Practice 3 cr.

This course provides an overview of current theories and research on the topics of learning, motivation, teacher thinking and effective teaching strategies. Classroom applications will be stressed. Students must complete a field-based application project in which a current theory in teaching and learning is used to solve an actual classroom problem.

ED 538 Integrating Adult Development and Learning 3 cr.

The course will provide learners with information addressing development across adulthood, from age 18 and older, and examine the ways in which adults change or develop in both shared and individual ways. The course examines adult behavior, lifestyles and crises in adult development, as well as cognitive, personality and intellectual changes that occur with aging. This knowledge base will assist learners in their reflections regarding growth and development that occur in the lives of their adult learners. *Prerequisite: ED 500.*

ED 540 Emerging Technologies and Facilitation Strategies 3 cr.

This course will investigate how emergent technologies can be harnessed to support and facilitate learning, professional development, and influence the creation and exchange of knowledge as the emergence of digital and electronic technologies has generated profound cultural transformations in information distribution, education, communication and entertainment.

ED 541 Middle School Philosophy and Organization 3 cr.

This course explores the unique nature of middle schools, including methods of organization and curriculum, with particular emphasis on integrating and interdisciplinary teaming. Understanding the unique developmental needs of these students occurs through individual research and reflective inquiry. Students gain a deeper understanding of curriculum, instructional and assessment strategies through field-based experiences from observation to classroom teaching.

ED 542 Program Planning for Adults**3 cr.**

This course will provide the learner with various program and course development models, and apply those concepts to develop programs and courses, from needs assessment to evaluation, for adult learners in education and training environments. A final project is required at the completion of the course.

ED 545 Teaching Reading to Linguistically Diverse Learners**3 cr.**

This course is designed to acquaint students to a broad range of skills, activities and media that can be used to enhance the literacy development of linguistically diverse learners. Content will focus on current principles and practices associated with teaching diverse learners in grades K-12. Peer teaching activities will be structured around strategies that foster development of the ability to use the target language in the appropriate contexts.

ED 546 Advanced Diagnosis and Remediation of Reading Difficulties**3 cr.**

This course will explore characteristics, identification and intervention strategies appropriate for students with reading difficulties. It includes the study of formal and informal assessments, miscue analysis and recommendation for instructional materials. It examines both traditional and innovative means of teaching reading to students with disabilities. Teachers will practice administering, interpreting and reporting diagnostic results. *Prerequisite: ED 528 or ED 545.*

**ED 547 Counseling Techniques with Exceptional Children
and their Families****3 cr.**

This is a survey course exploring the role and function of counseling, including philosophies, theories and research. It is designed to foster parent-teacher cooperation, including communication and conflict resolution strategies applicable to educationally-related situations (including IEP conferences and regular parent-teacher conferences) with exceptional students, families and other professionals. The effects of exceptionalities upon the student with disabilities and his/her parents and siblings will be included.

ED 548 Evaluation of Abilities and Achievement**3 cr.**

This course provides an overview of assessment of students, including formal and informal instruments and techniques, including portfolio. Norm-referenced tests of intelligence, language and perceptual-motor abilities will be demonstrated and discussed. Students will be instructed in the administration and interpretation of achievement assessments through a field-based inquiry. Interpretation and educational implications will be stressed.

ED 552 Linguistics for ESOL Teachers**3 cr.**

This course introduces prospective teachers of English as a Second or Other Language to the characteristics of human language in general; with particular attention to English. Students will be able to identify the common properties of language, as well as how individual languages differ. Students will examine language structure, variation and change, and discover the ways that this knowledge can be put to practical use in teaching learners from diverse language backgrounds.

ED 557 Language Development for the Exceptional Child 3 cr.

This course provides a study for teachers in the identification and referral of individuals with communication disorders. It explores language development in children and adolescents with special needs. Formal and informal evaluation procedures are examined, intervention strategies appropriate to the language impaired are reviewed and language arts strategies are developed.

ED 559 Research and Resource Development 3 cr.

This course examines effective approaches to seeking and appraising scholarly resources in support of educational research. Such resources include published materials and financial support through grants. Appropriate management of funded research also is addressed.

ED 561 Miscue Analysis 3 cr.

This course looks at miscue analysis as a strategy for learning about and valuing readers' strengths. The course will examine the theories underlying miscue analysis as well as a range of procedures for implementing miscue analysis. Students will receive hands-on experience with miscue analysis procedures, both in an in-class workshop setting and with actual children. The use of miscue analysis data to inform classroom practice will be stressed.

ED 562 Principles of Second Language Learning 3 cr.

This course will acquaint students with the theories and models of first and second language acquisition. Students will address the typical and atypical situations, bilingual language acquisition, and the effects of the cultural and educational environment on the process of acquiring a language.

ED 563 Managing Change and Innovation 3 cr.

This course will examine individual and professional leadership development for administrators of adult education and training programs. Ethical and policy implications from federal and local decisions on leadership and management of programs will also be explored.

ED 570 Critical Teaching for Social Change 3 cr.

This course evaluates the work of the most cited critical educators in the field of education (Freire, Gramsci and Shor) and analyzes the challenges to, and resources for, empowering adult educators toward social change and transformative action. This course will compare the work of these leading theorists and apply their principles toward adult education in a variety of contexts.
Prerequisites: ED 500, ED 538 and ED 554.

ED 580 Special Topics in Education 1-3 cr.

This course is designed to allow for the introduction of special areas of interest in education. May be repeated for credit with a different topic.

ED 582 Methods and Materials for Teaching ESOL 3 cr.

Through the instruction of theories and best practices for teaching English to Speakers of Other Languages in pre-K–12 classrooms, this course allows the teacher candidate to identify and practice teaching techniques and methodologies necessary to be successful, reflective and empathetic ESOL teachers. In addition, this course emphasizes development of curricular and instructional materials best suited for students in an ESOL class setting.

- ED 606 Curriculum Theory and Practice 3 cr.**
This course offers an overview of curriculum theory that discusses current issues in curriculum and gives the teacher the opportunity to develop useful curriculum. A minimum of 10 hours field experience is required.
- ED 608 Assessment 3 cr.**
This course addresses current issues related to formal and informal assessment, teacher-made tests and authentic assessment, as well as standardized tests and state mandated assessments. A minimum 10 hours field experience is required.
- ED 609 Current Issues and Trends in Literacy 3 cr.**
This course includes a critical examination of current issues in literacy, including extensive reading of recent research literature relevant to those issues. Issues to be focused upon will change every semester based upon current developments in the literacy field.
- ED 612 School and Community Leadership 3 cr.**
This course addresses the role of schools in the larger community and how to involve partners, families and other stakeholders in the development of a school in which all students can learn. Approaches to initiating school reform and the balance between internal and external communications are addressed. A 20-hour field experience component is required.
- ED 613 Current Legal Issues for Educators 3 cr.**
This is an application course designed to promote educator awareness of new developments and special concerns in the area of education law. Will focus on factual classroom situations with hidden legal issues.
- ED 616 School Supervision 3 cr.**
This course defines the process of supervising faculty and staff in the educational environment by providing knowledge and principles of effective instruction, as well as competencies related to the evaluation and assessment of teacher performance. Theoretical and practical approaches to improve school climate and culture are addressed. Also addressed is the communication with teachers and the writing of teacher evaluations. A 20-hour field experience component is required.
- ED 619 Multi-Cultural Literature for Teachers 3 cr.**
This course provides a seminar focused upon literature emerging from various American minority cultures with emphasis upon the teaching of such literature in elementary, middle and secondary schools.
- ED 620 Advanced Instructional Methods and Strategies 3 cr.**
This course provides the teacher with the opportunity to identify innovative techniques, methods and best practice in the area of pre-K – 12 areas of certification. Teachers will be expected to complete an on-site observation and application of techniques in their area of certification.

ED 621 Program Design and Evaluation 3 cr.

This course provides the teacher with innovative program and course development models, and the opportunity to apply those concepts for development of curriculum in the pre-K-12 education settings, from needs assessment to evaluation. A final project is required at the completion of this course.

ED 624 Elementary School Administration 3 cr.

This course provides a thorough grounding in elementary principalship. It addresses student assessment, curriculum design and organization, student organization and activities, student programs, supervision of students, procedures for implementing school improvement and the day-to-day operation of the elementary school. A 20-hour field experience component is required.

ED 625 Secondary School Administration 3 cr.

This course provides a thorough grounding in secondary principalship. It addresses student assessment, curriculum design and organization, student organization and activities, student programs, supervision of students, procedures for implementing school improvement and the day-to-day operation of the secondary school. A 20-hour field experience component is required.

ED 631 Action Practicum 3 cr.

This capstone course will engage learners in demonstrating their developed competencies in research and practice, and will enable them to share their theoretical findings through a presentation of their work and through the peer review process. A 10-hour field experience component is required and can be completed virtually in the course. *Prerequisites: 15 hours in the program. Adult Education; ED 500, ED 516 and ED 559; Teacher Leadership: ED 516, ED 532 and ED 608. Note: ED 631 replaces ED 630.*

ED 634 Directed Field Experience 3 cr.

This course is designed to provide the prospective principal with a substantial, sustained and standards-based field experience in a real-life setting. *This 16-week course requires 180 contact hours in a setting under the supervision of Park University faculty and one or more successful, practicing principals.*

ED 635 School Organization and Management 3 cr.

This course helps the prospective school leader to develop knowledge and competencies related to specific issues of organization and management of schools. Operational procedures, safety and security, human resource management, fiscal operations, budgeting, use of facilities, ADA compliance, student discipline and various legal issues affecting operations are addressed. A 20-hour field experience component is required.

ED 641 Literacy Practicum I**3 cr.**

This course involves structured fieldwork in an authentic educational setting, supervised by a University instructor. Students will work with individuals and/or small groups of children or young adults to assess and meet those learners' literacy needs. In consultation with the instructor, students will apply various assessment strategies with their assigned students, and, based on the resulting information, will plan literacy activities and recommendations for those students. Strategies for sharing information and recommendations with other professionals and families will be included. *Students in the Special Reading Teacher and ESOL areas of emphasis must have experience in Literacy Practicum I that involves working with learners from a different K-12 age level (age levels are elementary, middle school and high school) than the age level they intend to work with in the ED 651 project.*

ED 651 Literacy Practicum II**3 cr.**

The course will involve the implementation of an individualized literacy inquiry project in an authentic field setting. The nature of the inquiry project will be shaped by the student, to fit the student's individual goals. The project must address an identified literacy need in the setting where it is conducted. The course will include a seminar for problem solving and group feedback. Opportunities for submitting projects to conferences and journals will be explored, and such submission will be encouraged. *Students in the Special Reading Teacher and ESOL areas of emphasis must select for their project a target age level that is at a different K-12 age level (age levels are elementary, middle school and high school) from the age level of learners that were worked with in ED 641. Prerequisite: ED 641.*

ED 700 Thesis Proposal**3 cr.**

This course is designed as the first part of the thesis option sequence. Students are expected to prepare a formal proposal related to an area of interest for research under the direction of a committee chair and according to Graduate School requirements. At a minimum, the research proposal should clarify the thesis statement and methodology (including the data gathering instruments and data analysis techniques) and provide an effective overview of the scholarly literature that sets the foundation for the thesis. *(Offered in 16-week format)*

ED 701 Thesis**3 cr.**

This course is designed as the final sequence of the thesis option. Following approval of the thesis proposal, student will begin the data collection phase of the research project. The thesis may be conducted using quantitative, qualitative or participatory action research methods. An oral defense of the written thesis must be satisfactorily completed and approved by members of the committee, and the senior academic officer of the School. The thesis in its final version must be submitted to the Graduate School. *(Offered in 16-week format)*

ED 799 Thesis Continuous Enrollment**1 cr.**

This course is to be arranged with the Director of Graduate Programs when additional time is needed to complete thesis requirements. *(Offered in 16-week format; may be repeated.)*

HAUPTMANN SCHOOL OF PUBLIC AFFAIRS

Laurie N. DiPadova-Stocks, Ph.D., Dean

Rebekkah Stuteville, Ph.D., Director, Master of Public Affairs Program

Suzanne Discenza, Ph.D., Director, Master of Healthcare Administration Program

Eric Click, Ph.D., Program Coordinator, Bachelor of Public Administration Program

Kay W. Barnes, Founding Director, Center for Leadership

For more than three decades, the Hauptmann School of Public Affairs has been advancing the key public service values of moral courage, protecting human dignity, the common good and service.

The HSPA was founded by and is named for distinguished Park University Professor Emeritus Jerzy Hauptmann, Ph.D. A native of Poland, Hauptmann was involved in the resistance to the Nazi invasion of Warsaw in 1944, serving as a “sewer rat.” After serving time as a prisoner of war, he completed his Ph.D. when the war ended and immigrated to the U.S. After one year at Northwestern University, he joined the Park University faculty in 1951 and remained for 50 years at the institution he loved. He maintained his association with the University as professor emeritus until his passing in January 2008.

Hauptmann founded the HSPA in 1982 to house the Master of Public Affairs program, which he designed as a cross-sector, values-grounded, liberal arts-based graduate degree program rooted in the inter-connectedness of all sectors of society and the impact of human action on the world. Hauptmann ensured that the school was connected to the local and broader community and made civic engagement a lifelong expectation of graduates. The school’s mission and vision statements reflect this historic grounding and permeate all programs of the HSPA. The Hauptmann School of Public Affairs is dedicated to advancing the values of citizenship, civic engagement, moral courage and commitment to the common good that Hauptmann’s life exemplified.

Mission

The Hauptmann School of Public Affairs offers citizen-centered professional programs grounded in the liberal arts and sciences. As participants in HSPA’s vibrant academic community, faculty and students consider, with the coursework, the larger issues of democracy, stewardship and technology. In so doing, the HSPA seeks to prepare students with the courage and discernment to act for the common good in the global context. Going beyond competence, students develop knowledge, skills and values requisite for leadership and service in and across all sectors of society, including government, business, health care and nonprofit. The HSPA cultivates public affairs as a lifelong passion that is fundamental to citizenship in a free society.

Vision

The Hauptmann School of Public Affairs will serve the common good by graduating leaders who exercise authority responsibly, make ethical decisions, act with moral courage and advance human dignity worldwide.

Expectations of Graduates

The Hauptmann School of Public Affairs expects our graduates to promote rationality, responsibility and responsiveness in their organizations, within a framework of the highest ethical values. The HSPA also expects its graduates to be citizens dedicated to responsibility and the common good. With the study of public affairs, students will understand the system of government and society of which they are a part, complete with its opportunities as well as its shortcomings, and also recognize that the future direction of the system will be influenced and affected by what they do, or fail to do.

Degree programs housed within the Hauptmann School of Public Affairs:

- Master of Public Affairs
- Master of Healthcare Administration
- Bachelor of Public Administration

(Information can be found in the 2014-15 Park University Undergraduate Catalog)

Additional university-wide programs and initiatives:

- Dr. Jerzy Hauptmann Distinguished Guest Lecture Series
- Center for Leadership
- Unscripted Future Initiative

The Dr. Jerzy Hauptmann Distinguished Guest Lecture Series

Established in honor of a remarkable educator, Jerzy Hauptmann, Ph.D., this annual lecture series is a tribute to Hauptmann's outstanding accomplishments in public administration and international politics. The series brings internationally renowned scholars to the Kansas City area to address topics related to Hauptmann's three areas of study: international relations, public administration and democratic theory. The Lecture Series, which celebrated its 22nd anniversary in the spring of 2014, has included some of the top names in those aforementioned fields, including Dr. Emily Hauptmann (Jerzy Hauptmann's daughter), Dr. Patricia Ingraham, Dr. Donald Kettl, Dr. Lawrence Korb, Dr. John Mearshiemer, Dr. David Mathews, Dr. David Rosenbloom, Dr. Walter Broadnax and Dr. Dwight Waldo. The lecture is free and open to the public. For more information on the series, visit www.park.edu/academics/hauptmann-school-of-public-affairs/distinguished-lecture-series.html.

Center for Leadership

Leadership for the common good in the global context

The Center for Leadership is an established and respected provider of innovative educational opportunities for leaders. Led by its founding director, Kay W. Barnes, distinguished professor of public leadership and former Kansas City, Mo., mayor, the Center offers invaluable individual leadership coaching for all Master of Public Affairs students. The Center offers preparation for an unscripted future where paradigms are shifting, rules are changing and leaders must think and act in new ways to be effective.

The Center works closely with Park University students and the Kansas City community, offering a variety of programs and initiatives focusing on several leadership components, including self-awareness, leadership competencies, decision making, implementation and service.

The Center builds on the historic vision of the Hauptmann School of Public Affairs to serve the common good by graduating leaders who exercise authority responsibly, make ethical decisions, act with moral courage and advance human dignity worldwide.

Vision

Shaping the unscripted future by preparing leaders grounded in inclusive, innovative, collaborative and ethical values.

Unscripted Future Initiative

Established in 2006, the HSPA's Unscripted Future Initiative explores the impacts of relentless global and technological change. Faculty from the Hauptmann School and the Center for Leadership present results of this ongoing exploration in published articles and at numerous local, regional and national conferences. The Unscripted Future Initiative is conceptualized as the following:

- Vast social, economic, employment, environmental, technological and global changes affecting our students and the world.
- Changes so unique and wide-ranging that we have no predictive studies and no data for how to assess their impacts or how to deal with these changes.
- Changes are beyond partisan politics and geographic boundaries.
- Associated with an increased perception of personal and global impact, personal risk and perhaps, opportunity.

MASTER OF PUBLIC AFFAIRS

The Master of Public Affairs degree is the oldest graduate degree program at Park University. Launched in 1982, the MPA is a values-grounded liberal arts-based professional graduate program designed to develop leadership across all sectors of society. Reflecting today's multi-sector and cross-sector realities, managers and leaders prepare for service by building their knowledge base, decision-making capability, critical thinking and governing expertise, across the government, business, industry and nonprofit sectors.

The Hauptmann School of Public Affairs recognizes public affairs as the field of study that builds upon the interrelationships among the activities of government (at all levels), all sectors of society, and other elements of social and economic systems, locally and throughout the world. Public managers, leaders and others holding positions of authority in organizations must view government and administration in this broad perspective of interrelationships.

Mission

The Master of Public Affairs program offers education consistent with the Hauptmann School of Public Affairs' vision of serving common good by graduating leaders who exercise authority responsibly, make ethical decisions, act with moral courage and advance human dignity worldwide. The curriculum prepares students nationally and internationally to lead and manage with professional expertise in public, nonprofit and cross-sectional settings, while pursuing the public interest and showing concern for fairness and social justice. Through teaching and research, program faculty advance public service values by contributing to the knowledge and practice of public affairs, public administration and policy from the local and global community.

Goals

The Master of Public Affairs degree maintains the following goals:

A. Academic

1. To prepare students to lead and manage by exercising professional expertise. This includes knowledge of substantive concepts related to public affairs, the ability to think critically and analytically, and the capacity to exercise independent, ethical judgment.
2. To encourage deeper appreciation of the principles of democratic governance and action.
3. To instill a lifelong commitment to public affairs, service and values with a focus on moral courage, social justice and the public interest.
4. To engage in research that enriches the understanding of public affairs, including public administration, public policy and the nonprofit sector, from the local level to the broader global community.

B. Learning Setting

1. Create the atmosphere for intellectual pursuits at the graduate level.
2. Establish close, personal contacts between the students, faculty and administration of the School.
3. Develop avenues for student interrelationships as a means of supporting their study and careers.

(continued on next page)

C. Community Engagement

1. Engage the School's faculty and students in professional concerns of the area.
2. Maintain continuous contact and interaction of faculty and students with advisers from the community, to respond effectively to changing needs and to redefine educational goals and processes.
3. Identify the School with the public life of the Kansas City area, especially the downtown Kansas City, Mo., area and extending globally, via online learning.
4. Build the School as a center for intellectual research, professional development and public policy discussions.
5. Offer the services of the School for study and research in public affairs.

Program Design

Preparing students for cross-sector and multi-sector realities, the cornerstone of the curriculum is a core of six public affairs courses, which provide the common denominator and the unity of "public" concerns in all sectors of organizational life. These courses will deal with the theory and methodology of public affairs and contemporary issues of responsible leadership in a free and democratic society.

Students select one area of concentration from among the following four program areas: (a) public management; (b) business, government and global society; (c) nonprofit and community services management; and (d) disaster and emergency management. Students who elect to pursue a Graduate Certificate in Business and Government Leadership, Disaster and Emergency Management, or Nonprofit Leadership may apply many of the hours toward their MPA degree.

Each concentration is led by a faculty member who serves as area coordinator, providing necessary academic direction to the concentration and its students. In keeping with the values of community engagement and civic responsibility, each area of concentration has a civic leader who reflects these values and is tasked with assisting students in the area. Students are encouraged to take advantage of experiential learning opportunities as they arise, such as special projects for government agencies and nonprofit organizations. These experiences can be taken as PA 504 (Independent Study) under the guidance of a faculty member. A two-credit hour PA 504 may replace a concentration elective.

Just as the cornerstone of the curriculum assumes the unity of the public affairs area, so does its capstone course, PA 602 (Seminar in Public Affairs). This writing-intensive and highly interactive seminar is required of all students, regardless of program area. Assigned readings and presentations reinforce the guiding theme of the unity of public affairs, using the framework of the founding documents of the U.S. It is recommended that students take the capstone in their final term in the program, as preparation for the oral and written comprehensive examinations.

The comprehensive examinations, written and oral, are also an integral part of the program. The examinations check the student's professional preparation, as well as understanding of the field of public affairs.

Admission Requirements

- A bachelor's degree from a regionally accredited U.S. institution, or the equivalent from an international institution, with at least a 2.75 grade point average (based on a 4.0 scale). Official transcripts must be provided.

- Two letter of recommendation from people who can attest to the applicant's academic preparation, readiness for graduate-level study and interest in public affairs. The requirement may be adjusted for international students at the discretion of the program director.
- An admissions essay detailing why the applicant wishes to earn the Master of Public Affairs degree from Park University, as well as the applicant's career, civic and professional aspirations. This essay must be entirely the work of the applicant and be no more than 300 words in length.
- A résumé which outlines the applicant's academic and employment history, including names of organizations, position titles, a description of key duties and responsibilities, and periods of employment.

Note: The only admissions requirements waived for Park University alumni are the application fee and the submission of official transcripts.

Graduate Record Examination

Should two or more GRE scores be reported, the highest score will be accepted and recorded. No specific score on this test is considered as an absolute minimum for admission purposes.

HSPA Fees

In addition to the stated graduate student fees, all HSPA students are required to pay a Professional Development Fee. Students will be assessed an additional \$4 per credit hour for this fee upon enrollment. This fee supplies membership to the American Society for Public Administration, the largest and most prominent public administration and affairs professional academic association in the U.S. Many HSPA faculty are members of ASPA, and they may use materials from ASPA in their courses. Membership benefits include subscriptions to one of the most respected journals in the field, *Public Administration Review*, as well as ASPA's monthly newspaper, *PA Times*; networking in a local chapter; reduced registration fees for ASPA national and regional conferences; electronic newsletters and resources; access to ASPA scholarships and opportunities; and member-only access on ASPA's website. The fee also includes notification about job and internship availability, scholarships and other professional development opportunities as they arise.

Note: All contact information will be submitted on behalf of each student to the American Society for Public Administration for the terms the student is enrolled.

Comprehensive Examination

During the enrollment in PA 602 (Seminar in Public Affairs) or as soon afterwards as possible, each student is required to successfully complete both a written and an oral comprehensive examination. The written examination will test knowledge and integration of all coursework, including the major program area and public affairs in general, and is three hours in duration. Students may take the exam at the HSPA in downtown Kansas City or at an approved proctored site. *(Note: The written examination is typically administered from 1 to 4 p.m. [Central time] on the Wednesday of the fall and spring break each semester. This schedule is subject to change.)*

(continued on next page)

The oral comprehensive exam is a major part of the program's learning outcomes assessment. The exam begins with a 20-minute student presentation before an examining board, led by the respective area coordinator and two additional examiners. The examination will be approximately 90 minutes in duration and will be given at an appropriate time after the written examination. Students living outside of a 100-mile radius of Kansas City, Mo., may participate in the oral examination via conference call.

Students must be enrolled in their last term of the MPA program and have successfully completed PA 501 and PA 502 before being allowed to take the comprehensive examinations. They must also pass all other required coursework before taking the comprehensive exams.

MPA Internship

Pre-service students admitted to the Master of Public Affairs program are required to complete a three-credit hour internship course (PA 504). A pre-service student is considered a student who has less than two years' professional experience (non-clerical work requiring a bachelor's degree) in their area of study.

The internship course (PA 504) provides pre-service graduate students an opportunity to apply academic learning to direct service within their field. It also offers students firsthand observation of practitioners and provides practitioners an opportunity to interact with students pursuing a degree in public affairs. While PA 504 is intended for pre-service students, in-service students (students who have two or more years' professional experience in their area of study) may enroll in PA 504 with approval of their concentration's civic leader.

Students designated as pre-service on admission, who are subsequently employed by an organization in their area of concentration for two years, may petition the civic leader in their concentration for an internship waiver if they accumulate an equivalent number of work experience hours as required in their internship (225 hours).

Key Features

- Students must complete 144 contact hours, (equivalent to nine hours per week for 16 weeks) and all required assignments. The contact hours may be completed face-to-face (60 percent minimum) and through e-service (40 percent maximum).
- Students may enroll in PA 504 after completing/earning at least 24 hours of MPA coursework. Included in the coursework must be the following: PA 501, PA 502 and PA 508.

Notes: Students will not be considered for an internship if at the time of application they possess a grade point average less than 3.0 overall. Students who have at least a GPA of 3.0 at the time of application, and their GPA then falls below 3.0 overall, will have their internship cancelled. Students with questions or concerns, or those who feel they have an exceptional situation, should appeal to the civic leader/internship coordinator within their Hauptmann School of Public Affairs' concentration.

PA 504 will replace the student's cross-sector requirement in the MPA degree program.

The internship is a requirement for graduation for pre-service students, and the internship must be completed prior to graduation

Graduation Requirements

- Complete 36 semester hours of prescribed courses, with an overall GPA of 3.0 or above.
- Pass the comprehensive examinations. See additional information in *Academic Policies – Comprehensive Exam*.
- Meet all academic standards. See *Academic Policies – Academic Standards* for more information.
- Complete and pass PA 504 (pre-service students only).

Submit application for graduation no later than April 1 for December commencement, and November 1 for graduating the following spring.

Format of Courses

Courses in the MPA are offered in an online format, as well as face-to-face; the degree can be completed face-to-face, in the online format or by combining courses from the two delivery arrangements. Face-to-face courses are also offered in a weekend format and, on occasion, at the national conference of the American Society for Public Administration.

Courses of Study

Students are required to take a series of core public affairs courses in the Master of Public Affairs program. In addition, from the four program areas, students select one as a concentration area. The concentration area consists of 15 credit hours of study.

In-service students select three credit hours in the MPA program that comprise the cross-sector courses portion of their degree plan. The cross-sector hours may be taken from any area of concentration in the MPA program (aside from the student’s selected area of concentration) and from any graduate program of study at Park University.

Pre-service students are required to complete the PA 504 internship course. The three-credit credit hour internship will replace the student's cross-sector requirement in the MPA degree program.

Required Core Courses		18 cr.
PA 501	Public Affairs Concepts and Theory	3 cr.
PA 502	Public Affairs Methodology	3 cr.
PA 508	Research and Analysis	3 cr.
PA 509	Leadership Development and Organizations	3 cr.
PA 600	Ethical Foundations of Authority and Responsibility	3 cr.
PA 602	Seminar in Public Affairs	3 cr.

Areas of Concentration and Requirements

Public Management 15 cr.

Three theory courses (9 cr.)

PA 511	Public Management	3 cr.
PA 512	The Environment of Public Organizations	3 cr.
PA 513	Policy Development, Evaluation and Impact for Public Organizations	3 cr.

Choose three of the following theory/practice integration courses (6 cr.)

PA 562	Administrative Leadership	2 cr.
PA 563	Personnel Systems of Public Organizations	2 cr.
PA 564	Budgeting and Finances of Public Organizations	2 cr.
PA 566	Administrative Law and Public Organizations	2 cr.

Business, Government and Global Society 15 cr.

Three theory courses (9 cr.)

PA 521	Business, Government and Society	3 cr.
PA 522	World Economics and Comparative Capitalism	3 cr.
PA 523	Global Macroeconomic Theory	3 cr.

Choose three of the following theory/practice integration courses (6 cr.)

PA 571	Government Regulation of Business	2 cr.
PA 575	The Changing Global Workforce	2 cr.
PA 576	The Global Environment of Business	2 cr.
PA 579	Corporate Finance: Concepts and Strategies	2 cr.

Nonprofit and Community Services Management 15 cr.

Three theory courses (9 cr.)

PA 542	Social Policy	3 cr.
PA 543	The Nonprofit and Nongovernmental Sectors	3 cr.
PA 545	Management of Nonprofit and Nongovernmental Organizations	3 cr.

Choose three of the following theory/practice integration courses (6 cr.)

PA 591	Planning Nonprofit/Community Services	2 cr.
PA 593	Financing Nonprofit/Community Services	2 cr.
PA 594	Financial Management for Nonprofit/Community Organizations	2 cr.
PA 595	Communications and Marketing for Nonprofit/Community Organizations	2 cr.

Disaster and Emergency Management 15 cr.

Three theory courses (9 cr.)

PA 551	Principles of Disaster and Emergency Mgmt.	3 cr.
PA 552	Public Policy and Disaster	3 cr.
PA 553	Disaster and Society	3 cr.

Choose three of the following theory/practice integration courses (6 cr.)

PA 581	Global Hazard Reduction	2 cr.
PA 582	Disaster, Disease and Public Health	2 cr.
PA 583	Technology, Accidents and Organizations	2 cr.
PA 584	Continuity of Government Operations	2 cr.
PA 585	Natural Hazards and the Urban Environment	2 cr.
PA 586	Planning for Emergencies and Disasters	2 cr.
PA 587	Government Response to Terrorism	2 cr.

Cross-Sector Courses and Requirements

Cross-sector courses include courses taken outside of the MPA core courses (18 cr.) The cross-sector hours may be taken from any area of concentration in the MPA program (aside from the student's selected area of concentration) or from any graduate program of study at Park University. Students may select courses that complement their degree program and their career aspirations. Students who elect to also earn an additional professional credential of a Graduate Certificate may also apply appropriate cross-sector hours to a certificate.

Course Descriptions

CSS 624 Physical (Environmental) Security 3 cr.

This course will focus on securing physical information technology assets through both manual and automated methods. Manual methods include protecting assets using non-automated methods, such as infrastructure locks, keys and fencing. Automated methods include using sensors, cameras and technical surveillance counter-measures. Conducting and designing a physical security survey is discussed to identify physical security vulnerabilities and actions required to reduce or mitigate the risk to the organization. *Prerequisite: IS 620.*

CSS 636 Advanced Network Architectures, Services and Applications 3 cr.

This course focuses on next generation networks, applications and services including voice-over IP, instant messaging, streaming media (unicast, broadcast and multicast) and peer-to-peer. This course provides an in-depth knowledge of new and emerging technologies, and insight into security issues and how to address them. Students work in groups to design an end-to-end solution that is applicable and conducive to a "real world" environment. In addition, these groups will analyze these designs and identify security risks and resolutions. *Prerequisite: IS 603 or comparable course (CS 365), or relevant work experience and IS 605 or concurrent enrollment*

CSS 644 Operations Security 3 cr.

Operations security is a risk management process that enables companies to view an operation or activity from the perspective of an adversary. The key feature of this approach is to look at our own methods and activities from the adversary's viewpoint by putting ourselves in an adversary's shoes. *Prerequisite: IS 603 or comparable course (CS 365) or relevant work experience.*

CSS 656 Advanced Security Architectures, Services and Applications 3 cr.

This course focuses on technologies that provide end-to-end solutions to securing network perimeters. Topics include the design, deployment and management of the defenses of your computer, network and data environment. Perimeter defense elements such as firewalls, virtual private networks, routers, switches and intrusion detection systems are also covered. Students work in groups to design an end-to-end solution that is applicable and conducive to a “real world” environment. *Prerequisite: IS 620 and CSS 636 or comparable course or relevant work experience.*

CSS 670 Advanced Management Information Systems 3 cr.

This course exposes students to the full range of management issues raised by information technology. The goal is to prepare the student for informed participation in information technology-related management and decision-making at all levels of the organization. *Prerequisites: CS 205 or equivalent approved by program director.*

CSS 675 Applied Cryptography 3 cr.

This course examines the technology and methodologies for protecting information to ensure its integrity, confidentiality and authenticity. It will cover the foundations of cryptography, modern cryptographic protocols, algorithms and techniques, and real-world implementations and issues. Course topics will include: private and public key cryptography; block ciphers; pseudorandom functions and generators; data encryption standards; symmetric encryption; asymmetric encryption; computational number theory; RSA and discrete log systems; message authentication; digital signatures; key distribution; and key management. *Prerequisite: IS 603 or comparable course (CS 365) or relevant work experience, MA 131 (College Algebra) or higher with “B” or better, and IS 605 or concurrent enrollment.*

CSS 677 Computer and Network Forensics 3 cr.

This course involves the analysis and investigation of cyber crime and computer forensics including process, methodology, laws/regulations and industry standards. It focuses on an overall methodical process for identifying, analyzing, recreating and addressing cyber-based crimes. It also delves into the ethical issues associated with information systems security. *Prerequisite: IS 603 or comparable course (CS 365) or relevant work experience and IS 605 or concurrent enrollment.*

CSS 688 Information Warfare 3 cr.

This course provides an in-depth knowledge of information warfare principles, strategies, tactics and technologies. Topics include information warfare concepts, offensive and defensive tactics, and analysis methodologies regarding vulnerability and risk. In addition, cyberspace security, physical security and ethics, as well as legal issues and concerns, are covered. *Prerequisite: CSS 656.*

CSS 690 Special Topics in Computer and Network Security 1-3 cr.

The course is designed to provide an in-depth study of a new or developing area in computer and networking security. It may be repeated with a different topic. *Prerequisite: Permission of the instructor.*

CSS 692 Directed Study in Computer and Network Security 1-3 cr.

This course provides an opportunity for directed study in areas not necessarily included in formal coursework. *Prerequisite: Permission of the program director.*

CSS 694 Computer and Network Security Internship 1-3 cr.

The student arranges to work in a professional environment. The student's duties must be sufficiently complex to require the expertise of a graduate student. Prior to enrolling in CSS 694, the student and the student's job supervisor must jointly prepare an internship proposal. The proposal must be submitted to the program director and approved prior to enrolling. *Prerequisite: Permission of the program director.*

CSS 699 Graduate Project 3 cr.

The student will demonstrate the ability to apply knowledge, analyze challenges, synthesize new solutions and evaluate success of those solutions in a security setting. This will include a practicum in which the student and the on-site supervisor work collaboratively to produce a creative solution from a consumer perspective to a problem that an organization identifies. *Prerequisite: Permission of the program director.*

CSS 700 Thesis Proposal 3 cr.

Designed as the first part of the thesis option sequence. The student is expected to prepare a formal proposal related to an area of interest for research under the direction of a committee chair and according to Graduate School requirements. At a minimum, the research proposal should clarify the thesis statement and methodology (including the data gathering instruments and data analysis techniques) and provide an effective overview of the scholarly literature that sets the foundation for the thesis. *Prerequisite: Permission of the program director.*

CSS 701 Thesis 1-3 cr.

Designed as the final sequence of the thesis option. Following approval of the thesis proposal, the student will collect and analyze data and complete the final phase of the research project. The thesis may be conducted using quantitative, qualitative or participatory action research methods. An oral defense of the written thesis must be satisfactorily completed and approved by members of the committee. *Prerequisite: Permission of the program director.*

IS 603 Computer Network and Telecommunications Systems 3 cr.

This course explores and analyzes voice and data communications. It will cover traditional and current telecommunication and computer network systems. Topics include the Open System Interconnection 7-Layer Model, Public Switch Telephone Network, Transmission Control Protocol/Internet Protocol, Ethernet, Frame Relay and Asynchronous Transfer Mode.

IS 605 Data Management and Applications Security 3 cr.

The concepts, principles, issues and techniques for managing corporate data resources and ensuring data integrity. Techniques for managing the design and development of large database systems including logical data models, concurrent processing, data distribution, database administration, data warehousing, data cleansing and data mining. The basic SQL commands will be utilized.

- IS 620 Computer Security, Risk Management and Control 3 cr.**
Explore the threats and risks present in organizations due to the pervasive use of technology. Learn risk evaluation techniques and identify security and control techniques used to minimize threats and risk to the organization. Computer and information security topics emphasized include threat techniques, protective techniques, risk analysis, contingency planning, password techniques, encryption, network protocol and intercept devices. *Prerequisite: IS 603 or comparable course, CS 365 or relevant experience and IS 605 or current enrollment.*
- PA 501 Public Affairs Concepts and Theory 3 cr.**
This course provides an introduction to the field of public affairs and to the current problems in the area. Public affairs will be related to concepts of organizational theory and organizational behavior with an emphasis on the special nature of public organizations. The emphasis areas of the MPA program and their interrelationships will be explained.
- PA 502 Public Affairs Methodology 3 cr.**
This course is a study of the theoretical background of various analytical techniques of social science research, with emphasis on application to problems of administration in business, industry, government and nonprofit organizations. *Prerequisite: PA 501.*
- PA 503 Emerging Issues in Public Affairs 1 to 3 cr.**
The course analyzes a selected current issue in the field of public affairs. This course will be offered when need and interest are present. The topic of the course will vary.
- PA 504 Independent Study in Public Affairs 1 to 4 cr.**
This course consists of a prescribed program of study with provision for interaction between a student and a Park University faculty member, and may be used to replace integration courses. A three-credit hour PA 504 may also be taken in conjunction with an approved internship to fulfill the pre-service student internship requirement and will be used to replace the cross-sector course in these cases. The course may be taken twice. *Prerequisite: Permission of the civic leader and MPA program director; prerequisite for PA 504 with an internship: 24 credit hours, including completion of PA 501, PA 502 and PA 508.*
- PA 506 International Service-Learning Experience 1 cr.**
Students participate in a 10-day, service-learning experience abroad and complete assignments relating the experience to their coursework. The weeks prior to the travel and service portion of the course are devoted to research and learning about the host country, the conditions of the service that will be rendered, including principles of international development. PA 506 is offered periodically, with the support of Park University's Office of International Education and Study Abroad, in collaboration with the Hauptmann School for Public Affairs, and is open to all M.P.A. students, regardless of area of concentration. Travel expenses may be subsidized, in part, by Park University. The International Education and Study Abroad office coordinates the service-learning experience. *Enrollment is limited, and by permission of the dean of the Hauptmann School.*

PA 507 Workshop on Current Issues in Public Affairs**1 cr.**

A seminar designed to explore a current issue in public affairs, addressing issues and situations in the field. This course is offered frequently on a variety of current topics. Two of these workshops may replace any 2-credit hour course in one's area of concentration. The course may be taken three times.

PA 508 Research and Analysis**2 to 3 cr.**

This course explores the appropriateness of various analytic, research and investigative techniques for specific purposes. Students critically examine the nature of information and its various forms of storage and access. Research designs are explored, focusing on qualitative methods, interviewing and other techniques of community-based problem-solving research and applied research. Scholarly standards of query formulation, mechanisms of information retrieval and principles of information evaluation, in relation to both traditional and modern research resources, are emphasized. *Two-credit offering only for those students operating under a previous degree plan requiring two (2) credits for this course.*

PA 509 Leadership Development and Organizations**2 to 3 cr.**

This highly interactive course, grounded in organization theory, examines organizations from a cross-sector perspective. The inherently contradictory nature of organizations and the leadership competencies associated with these contradictions are explored, using organizational effectiveness frameworks. Students embark on developing managerial leadership competencies associated with organizational effectiveness criteria. *Two-credit offering only for those students operating under a previous degree plan requiring two (2) credits for this course.*

PA 511 Public Management**3 cr.**

The common and distinctive elements of management at several levels of government are studied. The management philosophy of public organizations, strategy and organizational behavior are discussed.

PA 512 The Environment of Public Organizations**3 cr.**

This course provides a study of the inter-relationships between public organizations and their internal and external environment, including its global dimensions. The environments will also be analyzed as the framework for the demands and supports facing public organizations, with special emphasis on ideas of citizen participation, inter-governmental relations and political influence. The mutual relationships between politics and administration will be stressed, including issues of contracting out and privatization.

PA 513 Policy Development, Evaluation and Impact for Organizations 3 cr.

This course examines the evaluation of the output of public organizations, the criteria and methodology of the evaluation. It also explores how public policies impact on the environment and the role of these outcomes for future actions of public organizations. The relationship of evaluation to monitoring performance will be analyzed.

PA 521 Business, Government and Society**3 cr.**

This course is a study of the business firm as a social institution, with emphasis on the changing purposes of social action; ethical problems in management and social responsibilities of the business manager.

- PA 522 World Economics and Comparative Capitalism 3 cr.**
 This course is a critical study of the theoretical and philosophical foundations of the private enterprise system in the U.S., its evolution, history performance and future.
- PA 523 Global Macroeconomic Theory 3 cr.**
 This course provides a systematic study of contemporary issues and problems, domestic and global; critical analysis of policies and practices affecting such problems.
- PA 542 Social Policy 3 cr.**
 This course provides an examination of policies intended to address community needs and how those policies get set. Reviews community needs, organizations, services and inter-organizational arrangements designed to implement policies in such areas as social welfare, health and mental health, employment and training, crime prevention and cultural endeavors. The course considers the role of individual values and responsibility as well as the mobilization of community efforts to address problems, paying attention to their global implications.
- PA 543 The Nonprofit and Nongovernmental Sectors 3 cr.**
 This course provides an in-depth review of the role and functions of the philanthropic and nonprofit sector, including history and trends in the field, the legal and regulatory environment. The relationship of the nonprofit sector to the public and business sectors is examined, with attention to the related role of public and for-profit entities in delivering community services.
- PA 545 Management of Nonprofit and Nongovernmental Organizations 3 cr.**
 This course examines management principles and practices, with the common and distinctive elements of nonprofit management compared to public and business organizations in the United States and to civil society and non-governmental (NGO) organizations in the global context. Different approaches within nonprofit management are viewed historically and in current practices. Critical nonprofit functions are emphasized, such as nonprofit incorporation and regulation, the nature of governance processes, marketing to multiple stakeholders, variations in the mix of services and funding sources, and the use of volunteers. Ethical relationships and the impact of technology within the nonprofit organization are also examined.
- PA 551 Principles of Disaster and Emergency Management 3 cr.**
 This course examines concepts of organizing society to manage emergencies and disasters. Explores governmental and non-governmental approaches to coping with natural and technological hazards.
- PA 552 Public Policy and Disaster 3 cr.**
 This course examines the history, development and implementation of disaster-related public policy while addressing the local, state and federal levels, and their interactions during policy development and implementation. The role of emergency managers as policy advocates at all levels of government is also explored.
- PA 553 Disaster and Society 3 cr.**
 This course provides an interdisciplinary survey of disaster theory from sociological, geographical and public policy perspectives.

- PA 562 Administrative Leadership 2 cr.**
 This course studies the role of the manager in a public organization, stressing the process of decision and policy-making, as well as the strategies leading to the accomplishment of organizational goals within the political framework. Consideration will be given to problems of communication and group processes.
- PA 563 Personnel Systems of Public Organizations 2 cr.**
 This course examines the operations of a personnel system with special emphasis on problems of collective bargaining, performance appraisal, training and supervision. Personal development will be emphasized together with diversity as essential concerns of the organization.
- PA 564 Budgeting and Finances of Public Organizations 2 cr.**
 This course presents current problems in budgeting, accounting and auditing. Special emphasis will be given to the various theories of budgeting and to the role of budgets in planning and performance measurements.
- PA 566 Administrative Law and Public Organizations 2 cr.**
 This course examines the legal system and its effect on the work of public organizations. Discussion includes the basic elements of administrative law as it applies to public organizations.
- PA 571 Government Regulation of Business 2 cr.**
 This course examines the processes, goals and effects of regulation of business firms by the several levels of government. Topics include antitrust policy, regulation of public utilities, transportation, securities, banking, health and other areas of economic activity. Economic and legal appraisal of public policy are also explored.
- PA 575 The Changing Global Workforce 2 cr.**
 This course examines the management of relations between an organization and its workforce; substantive issues and current practices in human resource management and development. A critical review of government's role in human resource development programs is also provided along with achieving harmony in labor-management relations.
- PA 576 The Global Environment of Business 2 cr.**
 This course examines the economic, political, legal and cultural aspects of the environment of international business. Issues, problems, constraints and the role of governments affecting the conduct of international economic relations are also explored.
- PA 579 Corporate Finance: Concepts and Strategies 2 cr.**
 The study of selected techniques and their application in financial management, including financial analysis and planning, cash flow management, long-term financing, dividend policy and capital budgeting.
- PA 581 Global Hazard Reduction 2 cr.**
 This course examines natural and man-made threats, their causes and societal responses to mitigate the risks and impacts. Strategies from all world regions are reviewed.

- PA 582 Disaster, Disease and Public Health 2 cr.**
Integrated concepts of protecting vulnerable individuals and communities from the health consequences of disasters and emergencies are examined.
- PA 583 Technology, Accidents and Organizations 2 cr.**
This course examines technological systems, their failures, and the causative and preventive roles played by organizations.
- PA 584 Continuity of Government Operations 2 cr.**
Strategies to insure the continuous delivery of government services during emergency and disaster situations with a specific emphasis on the local level, but including issues pertinent to the state and federal levels.
- PA 585 Natural Hazards and the Urban Environment 2 cr.**
This course studies of the sustainability of urban areas in the face of diverse natural hazards, including providing global perspectives on past experiences and future risks.
- PA 586 Planning for Emergencies and Disasters 2 cr.**
Tools and techniques utilized by government to prepare for emergencies and disasters. Review of integrated planning for all hazards and all phases of disaster.
- PA 587 Government Response to Terrorism 2 cr.**
This course examines government responses to terrorism with a specific emphasis on non-law enforcement issues facing local and state government. Legal and regulatory frameworks, organizational concepts and interoperability issues related to preparedness and response to chemical, biological and radiological threats.
- PA 591 Planning Nonprofit/Community Services 2 cr.**
A description of community needs and problems along with a survey of methods for assessing community needs; defining the type, quantity and quality of services desired by prospective clients and funding sources; analyzing existing services and resources; and assessing external factors (such as legal, political, economic and social) which may affect prospects for the proposed services. Goals and objectives emerging from the planning process are viewed as the foundation for program management and accountability.
- PA 593 Financing Nonprofit/Community Services 2 cr.**
This course provides an examination of alternative funding sources for community and nonprofit services, and the optimal mix of funding sources for a given service and clientele. A variety of fundraising methods are reviewed, as well as organizational characteristics and capabilities which contribute to successful fundraising. Attention is given to non-monetary resources such as in-kind contributions of goods and services, and cooperative ventures.
- PA 594 Financial Management for Nonprofit/Community Organizations 2 cr.**
This course surveys of methods for budgeting income and expenses; financial recordkeeping; laws and regulations; and tax provisions governing financial management controls, cost analysis, financial reports and preparation for audits.

PA 595 Communications and Marketing for 2 cr.
Nonprofit/Community Organizations

An overview of the preparation of an annual public relations plan; intra-organizational communications, development of public relations materials, (such as brochures, newsletters, annual report, news releases and advertising), communication with news media, funding sources and others; interpersonal communication skills; impact of organizational actions and reputation on public support.

PA 600 Ethical Foundations of Authority and Responsibility 2 to 3 cr.

This course will examine fundamental ethical theories, issues, strategies and dilemmas in public service, as they relate to issues of power, authority and responsible decision-making in organizations. *Two-credit offering only for those students operating under a previous degree plan requiring two (2) credits for this course.*

PA 602 Seminar in Public Affairs 3 cr.

PA 602 is the capstone seminar of the MPA program. Conducted as a graduate seminar, this course addresses correlation of the academic and practical experiences of the degree candidates to their responsibilities as professionals in a democratic society. Each student prepares a series of papers and/or presentations that emphasize various expectations to be faced in professional work, such as case analysis, critique, evaluation, implementation, research and proficiency in U.S. Constitutional issues. *Prerequisite: 27 hours academic credit, including completion of PA 501 and PA 502. Students will not be able to enroll in PA 602 while they are enrolled in PA 501 or PA 502, or while they are finishing the requisite 27 credit hours. Students are advised to take these two courses early in their programs; failure to do so may result in delay of degree completion and graduation.*

PA 700 Thesis Proposal 3 cr.

Designed as the first part of the thesis option sequence. Students are expected to prepare a formal proposal related to an area of interest for research under the direction of a committee chair and according to School for Graduate and Professional Studies requirements. At a minimum, the research proposal should clarify the thesis statement and methodology (including the data gathering instruments and data analysis techniques) and provide an effective overview of the scholarly literature that sets the foundation for the thesis. *(Offered in 16-week format)*

PA 701 Thesis 3 cr.

Designed as the final sequence of the thesis option. Following approval of the thesis proposal, students will begin the data collection phase of the research project. The thesis may be conducted using quantitative, qualitative or participatory action research methods. An oral defense of the written thesis must be satisfactorily completed and approved by members of the committee, and the dean of the School. The thesis in its final version must be submitted to the Graduate School. *(Offered in 16 week format)*

PA 799 Thesis Continuous Enrollment 1 cr.

Arranged with chair when additional time is needed to complete thesis requirements. *(Offered in 16-week format; may be repeated.)*

MASTER OF HEALTHCARE ADMINISTRATION

The Master of Healthcare Administration program is designed for those individuals who are currently, or who aspire to be, leaders in a variety of health settings. Today's health organizations need administrators who can manage the current components of health care, as well as lead the health sector in new directions. The Master of Healthcare Administration program offers students the opportunity to understand and master the organizational, legal, financial, political and managerial aspects of health systems management. The MHA program offers a unique curriculum that is designed specifically to meet the career needs of future health leaders. The program is an associate member of the Association of University Programs in Health Administration, an oversight organization of the Commission on Accreditation of Healthcare Management Education.

Mission

The mission of Park's Master of Healthcare Administration program is to prepare new generations of health leaders committed to designing and delivering programs and services to the global community that meet the needs of health care consumers (patients), providers and the community at-large, in order to create organizations and systems that serve the evolving health needs of society.

Vision

Park University's Master of Healthcare Administration program is designed to prepare learners for the health care challenges of a global society by teaching students innovative approaches to health care management and leadership.

Program Goals

Specifically, graduates of the Master of Healthcare Administration program will be:

1. Knowledgeable of the structure and organization of the health systems in the U.S. and internationally.
2. Skilled in the management of health organizations, which includes acquiring a strong foundation in the financial, economic, legal, and leadership theories and practices unique to health organizations.
3. Able to understand health care systems, nationally and internationally, from a comparative perspective.
4. Able to design and lead marketing and strategic planning efforts within an organization as well as health care systems.
5. Able to effectively communicate within system-wide and organizational health care settings.
6. Skilled in collecting, managing, mining and analyzing health care data, and making data-driven decisions that benefit the health of populations.
7. Able to use statistics, quality improvement and research methodology, to improve the effectiveness and efficiency of decision-making.
8. Knowledgeable in law, ethics and policy issues affecting health care and the need to take into account diverse laws, standards, values, morals and cultural ethics.
9. Competent to measure and utilize evidence-based outcomes and capable of leading institutional and system-wide quality improvement efforts.

10. Awareness and knowledge of population health, health-related behaviors and needs of diverse populations, and the ability to take these needs into account when designing health care delivery systems.
11. Knowledgeable of the diverse, ethical and professional standards in the medical and broader health care professions, and capable of mediating professional differences.

Admission Requirements

Students must meet the minimal admission requirements for Park University's School for Graduate and Professional Studies, which include:

- A bachelor's degree from a regionally accredited U.S. institution or the equivalent from an international institution.
- A minimum of a 3.0 cumulative grade point average on a 4.0 scale in the bachelor's degree.
- Submission of official transcripts is required (except for Park University alumni).
- Students with a GPA between 2.75 and 3.0 may be considered for admission if they provide an acceptable GRE or GMAT score taken within the past five years of application date, or meet other requirements per the program director's discretion. In some circumstances, probationary status may be granted to those who do not meet minimum admission standards.
- Three letters of recommendation from people who can attest to the student's interest in health care. These can be from employers, former professors or professionals in the health care field who can attest to the student's qualifications, interests and talents.
- An admission essay detailing how the MHA degree from Park University will enable the applicant to reach chosen career, civic and professional goals. This essay must be entirely the work of the applicant and not more than 300 words in length. The essay should be submitted electronically to gradschool@park.edu.
- Current résumé, submitted electronically to gradschool@park.edu.

Note: The only admission requirements waived for Park University alumni are the application fee and submission of official transcripts.

For more information regarding the Master of Healthcare Administration program, please visit www.park.edu/academics/academic-programs/graduate-programs/master-of-healthcare-administration/index.html.

Graduation Requirements

- Completion of 36 credit hours of approved courses, with an overall grade point average of 3.0 or above.
- Successful completion of prescribed comprehensive examinations. Following satisfactory completion of all core courses and including at least concomitant enrollment in the Healthcare Leadership Capstone Seminar, the student will be eligible to apply to sit for the MHA Comprehensive Examination.
- Completion of internship with a health care administrator or leader.
- See the *Academic Policies and Academic Standards* section for more information.

Format and Delivery of Courses

- **Online:** Courses in the MHA program are predominately online. Students may meet all course requirements through an online format.
- **Face-to face:** Face-to-face courses are offered selectively at the Downtown Kansas City, Mo., Campus Center each academic term, with increasing opportunities for students to meet a significant portion of their degree requirements through this venue.

Degree Requirements

Required core courses		27 cr.
HA 508	IT, Data Gathering and Data Management	3 cr.
HA 511	Leadership and Management in Healthcare Systems	3 cr.
HA 516	Healthcare Finance	3 cr.
HA 517	Legal and Ethical Issues in Healthcare Administration	3 cr.
HA 518	Organization of Healthcare Delivery Systems	3 cr.
HA 533	Managerial Epidemiology	3 cr.
HA 573	Quality Improvement and Outcome Assessment in Healthcare Settings	3 cr.
HA 604	Healthcare Economics and Payment Systems	3 cr.
HA 620	Healthcare Administration Capstone Seminar (16-week format)	3 cr.
Electives (<i>select three courses from list below</i>)		9 cr.
HA 515	Marketing and Consumer Driven Healthcare	3 cr.
HA 521	Special Topics in Healthcare Administration	3 cr.
HA 532	Healthcare Services and Systems for Diverse Populations	3 cr.
HA 537	Health Policy and Politics	3 cr.
HA 557	Nursing Dimensions of Healthcare Administration	3 cr.
HA 580	The Pharmaceutical Basis for Healthcare Delivery	3 cr.
HA 611	Mediation, Negotiation and Conflict Management	3 cr.
PA 503	Emerging Issues in Public Affairs (<i>for health-related topics</i>)	3 cr.
PA 545	Management of Nonprofit and Nongovernmental Organizations	3 cr.
TOTAL		36 cr.

Additional elective coursework is available for selection from the graduate Master of Business Administration, Master of Public Affairs, Master of Education and Master of Arts in Communication and Leadership programs, to offer flexibility in content for MHA students' interests. Use of courses from other programs must be discussed and approved by the program director prior to enrollment.

Course Descriptions

HA 508 IT, Data Gathering and Data Management

3 cr.

The course focuses on gathering and analyzing relevant institutional data for decision-making. Familiarity with main health care data organizations, both public and private, will also be a focus of this course. Students will have direct experience with data mining, planning studies and operational research, as well as with clinical research, as it relates to health care outcomes. Use of inferential statistics and other data analysis techniques will be taught in this course. An introduction to the role of information systems and state-of-the-art information technologies in management and decision-making, as well as reducing risk and promoting patient safety and confidentiality, will be offered. The course seeks to build skills and knowledge in the evaluation and selection of hardware and software, evaluating technology vendors and effective use of technology-based solutions. It will also focus on the implementation and training needed to implement information technology and to further evidence-based health care and data driven decisions.

HA 511 Leadership and Management in Healthcare Systems

3 cr.

This course is an in-depth study of a range of issues and related problems faced by practicing managers and leaders in the rapidly changing health care/health services delivery system. Special emphasis is placed on the issues relevant to current challenges, and this emphasis is of utilitarian value to the participants. Examples of issues include rural and urban health care, managed care, ethics of health care, leading international organizations, integrating technology, and leadership styles and traits.

HA 515 Marketing and Consumer Driven Healthcare

3 cr.

Within a broad marketing philosophy, the course presents marketing as the process of identifying and delivering what physicians, patients and families want. This involves market research, market analysis, product design, product development, promotion and delivery; physician, patient, family and employee satisfaction and understanding how these factors drive the health care market.

HA 516 Healthcare Finance

3 cr.

The focus of this course is on financial management tools and strategies for health care organizations. The course includes capital and cash flow management, budgeting, financial markets, investment decisions, analyzing financial statements, pricing, cost analysis, performance evaluation, contract negotiation, financial accounting, problems and solutions of health insurance, government funding and methods of containing health costs. These issues will be studied in view of serving consumers more effectively.

HA 517 Legal and Ethical Issues in Healthcare Administration

3 cr.

The course studies the legal framework of health services and health care delivery, as well as the ethical issues confronted by health care administrators in various health settings. Topics will include licensure, medical malpractice, liability, insurance issues, legal standards for care, confidentiality of records (HIPAA), informed consent and, patient rights and patient advocacy.

HA 518 Organization of Healthcare Delivery Systems 3 cr.

The course provides an overview of the development of the current status of the health care system in the U.S., its organizational structure and operation of the various health care organizations, governmental as well as non-governmental, at the federal, state and local levels. The course examines the structure and issues of the major health care delivery systems (national and international), including outpatient clinics, physicians' offices, hospitals, long-term care facilities, self-help organizations, patient advocacy groups, accrediting agencies and the insurance industry. Grounded in the past and focused on the future of American health care systems, the course will examine the evolution of administrative characteristics, with consumer demand characteristics (physicians, patients and families) and the planning and operation of health care services in an international competitive marketplace.

HA 521 Special Topics in Healthcare Administration 3 cr.

This course is specifically for Master of Healthcare Administration students and will focus on contemporary management issues in health care. *The course will be offered when need and interest are present.*

HA 532 Healthcare Services and Systems for Diverse Populations 3 cr.

This is a broad-based course in the sociology and anthropology of medicine and health. The course will focus on the social, cultural and behavioral aspects of health-related issues and their implications for health administration. Topics will also include gender, race and culture issues in health care.

HA 533 Managerial Epidemiology 3 cr.

Epidemiology is the study of the distribution and determinants of health in populations and the application of this study to improve health outcomes. It is the basic science of public health. This course introduces students to the field of public health epidemiology, emphasizing methods for assessing factors associated with the distribution and etiology of health and disease. The ultimate goals of epidemiology are to determine the scale and nature of human health problems and to identify solutions to prevent disease and improve the health of the entire population. This course will focus on the principles of epidemiology and the application for epidemiology in the management of health care organizations.

HA 537 Health Policy and Politics 3 cr.

This course addresses the momentous changes that health care is facing in the U.S. and around the world. Fueled by population growth and socioeconomic trends, political systems will, and must, respond to the new demands of health care. With a challenging and insightful analysis and evaluation of political, professional and consumer demands, this course will help learners understand the nature of the policy process and prepare them for the leadership expectations U.S. health care reform and global systems changes will require.

HA 557 Nursing Dimensions of Healthcare Administration 3 cr.

Nursing care is a major force in health care delivery and leadership. The course will focus on how leadership roles that nurses play in health care delivery systems are organized. The current and evolving leadership roles of the nursing profession will be covered, along with the overall organization of health care systems.

HA 573 Quality Improvement and Outcomes Assessment in 3 cr.
Healthcare Settings

The course will familiarize students with outcomes-based quality improvement methodologies. Focus will be on the techniques of measuring customer satisfaction, implementing quality management programs, and adherence to best practices and standards in securing evidence-based outcomes in the provision of health services. It will also focus on patient safety and the infrastructure needed to create a culture of safety in health care organizations.

HA 580 The Pharmaceutical Basis for Healthcare Delivery 3 cr.

The use of pharmaceuticals and medical devices in health care has become a major driver in both the clinical and administrative functions of health care leadership. Knowledge of, and the ability to manage, the professional constituents and vendors in these areas is critical to the success of health care organizations and the patients and doctors that are served by them. This course focuses on critical elements of the administration and role of pharmacy and medical devices.

HA 604 Healthcare Economics and Payment Systems 3 cr.

The course will focus on key macro- and micro-economic concepts, such as demand (what physicians, patients and families want), supply, distribution, utilization of resources, market theories and cost-benefit analysis, as they apply to health care as a service industry. Additional emphasis will be placed on current and future U.S. payment systems for health care, such as HMOs, Medicare and Medicaid, and on comparisons of these systems to those of other countries.

HA 611 Mediation, Negotiation and Conflict Management 3 cr.

Mediation, negotiation and conflict resolution with physicians, nursing and allied health staff, patients, and their families are critical components of leadership. The course focuses on learning preventative approaches to conflicts and disputes, and development of professional skills in negotiating, mediating and managing conflicts. This course will include methods for patient, employee and physician satisfaction assessment, and continuous improvement.

HA 620 Healthcare Administration Capstone Seminar 3 cr.

This is the capstone course for the MHA program that will provide students the opportunity to integrate and synthesize previous course work in health care management. The focus of the course will be on the application of health leadership and management theories and concepts, including incorporation of strategic management principles. The course will require a major project and internship with a health organization. *Prerequisites: Completion of at least 27 credit hours of MHA courses, including all core courses, and permission of the program director are required. (16- week format)*

COLLEGE OF LIBERAL ARTS AND SCIENCES

Emily Donnelly-Sallee, Ph.D., Interim Dean, College of Liberal Arts and Sciences
J. Mark Noe, Ph.D., Director, Master of Arts in Communication and Leadership Program
Walter E. Kisthardt, Ph.D., Director, Master of Social Work Program

Park University's College of Liberal Arts and Sciences embodies the very beginnings of the University back to 1875. For more than a century, Park graduates from the liberal arts and sciences have excelled in a variety of careers, including mathematics, biology, chemistry, higher education, literature and the arts. Since its inception, Park University has been a liberal arts college with an emphasis on experiential learning. Today, we carry on that tradition through innovative programs in the fine and performing arts, the humanities, and the natural and social sciences.

Mission

The College of Liberal Arts and Sciences of Park University will prepare graduates who are articulate, literate, reflective, lifelong learners and active global citizens.

Vision

The College will be a leader in providing quality, innovative programs for academic preparation and intellectual growth, through multiple means, in a way that meets the needs of people living in an interdependent world.

MASTER OF ARTS IN COMMUNICATION AND LEADERSHIP

The search for effective leadership continues today as contemporary organizations become more complex. The Master of Arts in Communication and Leadership program starts with the premise that communication is the essence of effective leadership. The student trained in communication is uniquely qualified to provide innovative leadership within the global community.

Mission

The Master of Arts in Communication and Leadership will develop exceptional communicators who are creative and who possess the interpersonal and organizational skills needed to meet the demands of complex organizations in a global society.

Vision

The Master of Arts in Communication and Leadership program will be an international leader in the development of uniquely qualified individuals to provide innovative leadership within the global community.

Purpose of the Program

In the *Republic*, Plato discusses the appropriate training that should be a part of educating political leaders. Since the time of the classic Greek philosophers, countless individuals have speculated about the principles of leadership. The search for effective leadership continues today, as contemporary organizations become more complex. The Master of Arts in Communication and Leadership begins with the premise that communication is the essence of effective leadership. The student trained in communication is uniquely qualified to provide innovative leadership within the global community.

This graduate program is designed for professionals who wish to build upon their current career skills or advance to a new position or organization, and for students interested in pursuing a doctorate. The complexities of relationships and the competitive nature of business demand leaders with highly polished interpersonal and organizational skills. This degree combines the practical and theoretical knowledge needed to serve in corporate and nonprofit settings, the military, government, politics or other arenas, as well as developing the research and writing skills necessary for doctoral work.

Program Goals

- To provide students with an understanding of the centrality of communication in all aspects of personal and organizational life.
- To develop the ability of students to read and conduct research, and apply the principles to their own organizations.
- To provide a forum for the exchange of ideas between students and organizational leaders concerning the requirements to achieve excellence.
- To provide a historical overview of leadership perspectives from the 1940s to the present.

(continued on next page)

- To foster an awareness of the communication styles and values of different cultures and how these factors influence business in a global environment.
- To combine theoretical knowledge and practical skills to resolve organizational issues and improve decision-making.
- To develop a framework for ethical conduct in contemporary organizations.

Admission Requirements

- A bachelor's degree from an accredited U.S. institution or the equivalent from an international institution.
- A minimum 3.0 cumulative grade point average in the bachelor's degree.
- A GRE score taken within the past five years of application date. A score of 150 is required in each section, verbal and quantitative, for regular admission (preference is on the verbal score). Students falling below that score can appeal to the program director for admission on a probationary basis if they have a high undergraduate GPA and excellent letters of recommendation.
- A copy of résumé.
- Official transcripts of all previous college work, both undergraduate and graduate.
- Three statements of recommendation from individuals, such as employers and/or faculty, in a position to comment meaningfully and specifically on the student's abilities and potential for graduate work.
- An application fee of \$50 (domestic students) or \$100 (international students) made out to Park University.

Note: Students must be admitted by both the Department of Communication Arts and the Park University School for Graduate and Professional Studies. A student who is accepted pending receipt of all required documentation, must submit complete and satisfactory records within 60 days (45 days in an 8-week session and/or summer term) after the first day of registration.

Graduation Requirements

- Completion of 36 credit hours of graduate core and electives with no more than nine (9) credit hours transferred from other institutions. The transfer of coursework must be completed prior to admission to Park University's Master of Arts in Communication and Leadership Program.
- Grade point average of at least 3.0 with no more than two grades of "C" in graduate courses taken at Park.
- Passing of comprehensive exam. The comprehensive exam may be repeated one time. A third attempt may be permitted by the School dean upon the recommendation of the program director.

Degree Requirements

Core		16 cr.
CA 500	Introduction to Graduate Communication Study	1 cr.

Learning Outcomes Assessment / Program Assessment

Embedded within each course syllabi will be methodologies for learning outcomes assessment for that particular course. The overall program outcomes will be assessed based on student performance in the program with particular emphasis on:

- Comprehensive written examinations
- Capstone course consisting of a thesis or graduate project
- Thesis/graduate project oral defense

Course Descriptions

CA 500 Introduction to Graduate Communication Study 1 cr.

This course introduces students to the skills necessary to succeed in the Master's in Communication and Leadership Program. The class will focus on the structure of the discipline, library research, reading communication research, types of research methods, APA style and writing. *The class will be offered each term in the online format and should be taken concurrently with the student's first course in the degree program.*

CA 501 Human Communication Perspectives 3 cr.

This course is a survey of communication theories from the interpersonal, small-group and organizational contexts. It also serves as an introduction to graduate study.

CA 504 Special Topics in Communication and Leadership 3 cr.

The course is designed to allow for the introduction of special areas of interest in communication and leadership. *This course may be repeated with a different topic.*

- CA 505 Organizational Leadership 3 cr.**
 A course that explores contemporary organizations and the pervasiveness of communication in all aspects of organizational life. It will emphasize the role of the leader in problem-solving and decision-making.
- CA 510 Rhetorical Criticism 3 cr.**
 This course discusses the general nature of both rhetoric and criticism, providing a basic conceptual framework for the identification and analysis of rhetorical artifacts and then survey contemporary critical approaches. These include cluster, feminist, ideological, metaphoric, narrative and generative criticism. This class will be writing intensive.
- CA 516 Research 1 3 cr.**
 A study of the processes used by social researchers to describe human communication. The class will emphasize ethnography, field research and interviewing for data gathering and analysis.
- CA 517 Research 2 3 cr.**
 A study of the basic principles used to construct quantitative research designs, test hypotheses and apply methods of behavioral science to communication.
- CA 520 Leading Organizational Change 3 cr.**
 An examination of the leader's role in assessing organizational readiness for change, implementation of change, framing change for stakeholders and evaluation of change efforts.
- CA 525 Interpersonal Communication Theories 3 cr.**
 A study of research and theories of interpersonal communication, including exemplary leadership behavior for organizations.
- CA 529 Cross-Cultural Communication 3 cr.**
 A study of communication and culture that examines cultural variability in interpersonal relationships.
- CA 567 Communication Teaching, Training and Consulting 3 cr.**
 This course covers the theory and practice of developing, presenting and evaluating communication and communication training sessions for organizations and higher education contexts. Units include public speaking, interpersonal communication, organizational communication, leadership and consulting. Students prepare for the role of educator, consultant or trainer by acting as a consultant or creating their own training or educational units.
- CA 620 Human Communication and the Internet 3 cr.**
 This course explores communication theories within the context of emerging media. The paradoxes of human communication on the Internet and the interpersonal nature of the interactions are examined. Students will investigate online communities, communication strategies and information leadership. Course includes major components in writing and experiential learning in an action research project.

- CA 641 Communication in Conflict Management 3 cr.**
 This class covers the nature of power and conflict, researched-based methods of decision-making and conflict resolution. The student will analyze, plan, make decisions and implement research-based strategies for conflict management in organizational communication contexts.
- CA 649 Introduction to Mediation 3 cr.**
 Mediation is the intervention of a third party to assist those in a conflict in determining their own resolution. This course introduces the theory of mediation and basic mediator skills.
- CA 670 Measuring Leadership 3 cr.**
 This course analyzes the methods used by scholars and practitioners to understand leadership. Starting with landmark leadership studies at Ohio State University, numerous attempts have been made to identify essential elements involved in leading others. This course examines assessments starting with the 1940s and concluding with current methods. *Expensive learning materials required. Contact your professor before purchase.*
- CA 675 Case Studies in Communication and Leadership 3 cr.**
 This course will cover organizational theories of scientific and classical management, transitional theories, human relations movement, information technology, leadership and human resource development. Students will read, write and discuss case studies to analyze, evaluate and predict effective, research-based organizational communication and leadership theories and practices.
- CA 685 Communication Audits in Organizations 3 cr.**
 A hands-on analysis of communication in a selected organization. Students work as a consulting group to analyze the essential dimensions of communication, including job satisfaction, channels, feedback and commitment.
- CA 699 The Epistemology of Communication 3 cr.**
 This course examines the philosophical origins of communication theories and the nature of knowledge in the field. Literature will be drawn from various disciplines illustrating the eclectic roots of communication as an area of inquiry. The course focuses on a framework to analyze the various approaches.
- CA 700 Graduate Project 1-3 cr.**
 Capstone course for students who work individually with a graduate advisor to apply scholarly knowledge to a real-world problem or to compile a detailed reflection over their coursework in the program. *Offered in 8- and 16-week format. Permission required. The project will be graded on a pass/fail basis and requires an oral defense.*
- CA 797 Thesis Design and Research 1-3 cr.**
 With the approval of the program director, interested and capable students may elect the Thesis Option to satisfy degree requirements. The six (6) credit hour Thesis Option provides students with the opportunity to explore a topic of interest through an in-depth research project. Students electing the Thesis Option shall adhere to the requirements set forth in the School for Graduate and Professional Studies *Thesis Standards and Procedures* manual. *Variable credit: 1-3 hours; may be repeated; must total 5 hours Permission required. Thesis graded on a pass/fail basis and requires an oral defense.*

CA 799 Thesis — Continuous Enrollment

1 cr.

This class will be graded on a pass/fail basis. *Offered in 16-week format.*

MASTER OF SOCIAL WORK

Park University's Master of Social Work program is designed to prepare graduates with the knowledge, values and skills needed to deliver effective and efficient advanced social work practice with individuals, families, groups, organizations and communities. The advanced practice concentration is in behavioral health. Within this concentration, students are given the opportunity to expand their knowledge and skills in one of three areas of emphasis: gerontological social work, military social work or social work with children and families.

Mission

The mission of Park's Master of Social Work program is to prepare graduates for effective and efficient advanced social work practice in behavioral health. Guided by the purpose of the profession, the program promotes social and economic justice, equal access to community resources, equal opportunity and the attainment of individual and community well-being.

Vision

The Master of Social Work program will be committed to enhancing the physical, social, psychological and spiritual well-being of all people, particularly those who have experienced oppression, exclusion and discrimination, and who have experienced the impact of poverty upon their health, well-being and sense of fulfillment.

Purpose of the Program

Social workers are called upon to intervene and assist large numbers of people while federal and state allocations for social welfare and treatment are being cut or drastically reduced. Therefore, social workers must become ever-more effective and efficient in the development and delivery of interventions. Moreover, they must become even more focused on advocacy efforts designed to promote access to naturally occurring, sustainable resources. Social workers who possess the knowledge and skills to engage, assess, intervene and evaluate comprehensive, individualized interventions will be in demand.

Park University identifies three areas of emphasis in behavioral health social work practice. These areas were identified based on current and future projections relative to demand for behavioral health services and treatment:

- **Military Social Work:** The social/psychological impact of serving in the military on service members and their families is profound.
- **Gerontological Social Work:** The demographic data illustrates that the demand for effective social work practice with older persons will continue to grow.
- **Social Work with Children and Families:** There is a growing recognition of the need for effective and efficient behavioral health interventions with children and families.

In summary, the mission of Park's Master of Social Work program reflects the values of the profession and of the University, and it is developed within the context of current and future demand for effective and efficient social work interventions in behavioral health.

Program Goals

- Establish collaborative partnerships with community agencies that provide students with opportunities to enhance their knowledge, values and skills in behavioral health social work practice, with emphasis on effective and efficient interventions in military social work, gerontological social work or social work with children and families.
- Educate students regarding the principles, philosophy and behavioral health advanced practice applications of the strengths perspective for social work practice to enhance individual and community well-being, social and economic justice, equity and equal opportunity for all people.
- Infuse and model the social work code of ethics and the six core values of the profession as guiding concepts in all aspects behavioral health interventions with individuals, families, groups, organizations and communities, with particular attention to factors that impact the well-being of service members/veterans, children and families, and older persons.
- Graduate advanced social work practitioners that are prepared to assume leadership roles in providing effective and efficient multilevel behavioral health interventions that reflect mastery of the 10 competencies.

Admission Requirements

Regular Study (60 credit hours)

- A baccalaureate degree from an accredited program.
- A minimum cumulative grade point average of at least 3.0 is preferred; or a GPA of at least 3.0 for the last 60 credit hours of the baccalaureate program. *Note: lower GPA's will be considered for probationary admission.*
- Three professional or academic references who can assess your potential for graduate study in social work.
- A copy of your résumé.
- Submit three written narratives (see next page for more information).

Advanced Standing Program (33 credit hours)

- A Bachelor of Social Work degree from a Council on Social Work Education accredited program.
- A minimum cumulative grade point average of at least 3.0 is preferred; or a GPA of at least 3.0 for the last 60 credit hours of the baccalaureate program. *Note: lower GPA's will be considered for probationary admission.*
- Three professional or academic references who can assess your potential for graduate study in social work. One reference must be from your practicum instructor, field liaison or the director of field education.
- A copy of your résumé.
- Submit three written narratives (see next page for more information).

For both above programs, once accepted, all Master of Social Work students will be required to submit to a background check. *Note: The GRE is not required.*

Application Narratives

Each applicant completes all three narratives, each two to three pages in length utilizing APA format.

- **Ethical Critique:** Describe an ethical dilemma that you have encountered in your personal or professional life. Using appropriate confidentiality, define the parties involved, the ethical dilemma, the values that informed your decisions and how the dilemma was addressed and/or resolved. Discuss how the experience and outcome affected you, in particular any lessons you learned. *The National Association of Social Workers Code of Ethics may be found at: www.socialworkers.org/pubs/code/default.asp.*
- **Personal Statement:** What are the significant experiences that influenced your decision to enter social work? What are your short-term (3-5 years) and long-term (10-plus years) goals, and how does a Master in Social Work degree prepare you to meet those goals? How will you meet the demands of graduate academic responsibilities (20-plus hours per week in class and task completion for coursework, and 15 to 24 practicum hours per week). Do you anticipate any barriers to meet these expectations and how do you plan to address these barriers?
- **Professional Statement:** What is your concept of social work as a profession? Discuss a current societal concern, including contributing/causal factors, and why this concern warrants public attention and resources from the social work community. What intervention do you believe will successfully address this situation (direct practice, policy change, etc.)? What positive or negative results may occur following this intervention? Discuss your rationale and what role you might be involved in if such an intervention were to be employed.

Graduation Requirements

The curriculum for the Master of Social Work degree consists of two core tracks: Advanced Standing (for Bachelor of Social Work graduates only) and Regular Study.

- Completion of 33 to 60 credit hours with a minimum cumulative 3.0 grade point average.
- A grade of “D” is not acceptable for any course required.
- Presentation of an application for graduation by established deadlines during the term prior to the student’s final semester.
- Students may have no grade lower than a “C” and no more than six hours graded “C” in graduate courses taken at Park University at the time of graduation. A course in which a student earns a “C” or lower may be repeated no more than once. No more than six credit hours may be repeated.

SW 620	Gerontological Social Work	3 cr.
SW 621	Military Social Work	3 cr.
SW 622	Children and Families	3 cr.

Learning Outcomes Assessment / Program Assessment

The Master of Social Work program has established practice behaviors for both the foundation and advanced years of the program that measure student attainment of the 10 competencies established by the Council on Social Work Education. Each course delineates learning objectives which correspond with the foundation or advanced year practice behaviors and the CSWE competencies, respectively. The overall attainments of the practice behaviors and competencies are assessed through the following:

- Integrative Seminar Project — Students are expected to integrate all 10 competencies in the planning, development, implementation, evaluation and dissemination of the ISP. This project will relate directly to the chosen emphasis of working with either gerontological, military, or children and family service participants, and will be tied to their field practicum.
- Field Learning Education Plan — This is designed to be both an ongoing guide to the activities and tasks for the student in their practicum experience, as well as an overview of the competencies and the practice behaviors.
- Student Self-Assessment — Students are asked to complete the self-assessment near the end of the spring semester of the advanced year.

Course Descriptions

SW 500 Social Work and Social Welfare

3 cr.

This course provides students with an awareness of the rich traditions and history of the social work profession, and it examines social work roles in various fields of practice. Students are exposed to the code of ethics and the six core values that guide and direct social work practice. The contexts for social work practice and the types of services provided by social workers are explored. Theoretical frameworks explored in this course include: strengths perspective, ecosystems theory, and person and the environment. Students will develop an understanding of the social work values and ethics, and how these relate to one's professional identity, policy practice and different practice contexts.

SW 510 Policy Analysis and Policy Practice

3 cr.

This course expands on the learning in SW 500. This course teaches students the process of how social welfare policy is developed. Students also learn the key questions related to conducting a policy analysis. This course is integrated with other foundation courses as students come to see the influence of social welfare policy on generalist practice with individuals, families, groups, organizations and communities. Theoretical frameworks explored in this course include: social systems, policy analysis, policy development and implementation to achieve policy goals. The course will address political, economic, social and cultural perspectives, and the impact they have on social work practice, professional identity, critical thinking, human rights and social justice, and practice contexts. Other concepts, such as classism, racism, sexism, ableism, heterosexism, ageism, poverty, social justice and populations at-risk will be examined in the context of social work practice.

SW 520 Human Behavior in the Social Environment I 3 cr.

The course is directly linked in the examination of theories designed to understand person and environment transactions across the life span. The course provides students with theories of biological, sociological, cognitive, moral and behavioral development to promote a broader understanding of human functioning across the lifespan.

SW 530 Generalist Practice I 3 cr.

This course focuses on teaching students the knowledge, values and skills that students need in order to practice. It introduces students to the generalist intervention model, systems theory and the strengths perspective, and teaches students how to engage, assess, intervene and evaluate efforts intended to promote the well-being of individuals, families and groups.

SW 540 Generalist Field Education I 3 cr.

This course provides the context where student learning converges and is utilized in efforts to assist others, influence policy and reflect the purpose of the social work profession. Students will apply all 10 Council on Social Work Education competencies as the individualized Field Learning Education Plan is developed in consultation with the field instructor and field liaison. Student experiences will be regularly discussed in all classes.

SW 550 Social Work Research 3 cr.

This course prepares students to engage in the rigorous and systematic examination of the social work planned change process. Students will learn: the importance of the scientific method as it relates to the competency of critical thinking; the importance of formulating research questions that are consistent with the values of the profession; the importance of applied research; and how to become critical consumers of research that is published in the literature. Ultimately, this course helps students realize that social work practice is inextricably linked with the research enterprise. Students will learn about quantitative and qualitative research, and will understand the empirical paradigm and positivism for quantitative research. The postmodern conceptualization will be taught to students to understand alternative research methods. Students will also understand the importance of grounded theory in the research process.

SW 560 Human Diversity and Social Justice 3 cr.

This course is designed to help students recognize their own values, beliefs and personal biases. It encourages students to reflect upon the nature of their beliefs and how their experiences molded and shaped their current world view. Students examine structures that support and/or promote discrimination. They examine concepts such as “white privilege” and the growing disparity between the rich and the poor. Students, through an examination of discrimination and exclusion around gender, age, disability, sexual orientation and/or religious tradition, gain a deeper appreciation for human rights, dignity and social justice.

SW 570 Human Behavior in the Social Environment II 3 cr.

This course provides a multitheoretical understanding of human behavior which is important in all stages of engagement, assessment, intervention and evaluation. The intent is to use ecosystems theory, the strengths perspective, and person and the environment framework to help students understand the dynamic interplay between the person and various mezzo and macro social contexts, including families, organizations and communities. Using these frameworks, the course will help students' ability to foster health and well-being and promote social and economic justice.

SW 580 Generalist Social Work Practice II 3 cr.

This course emphasizes the planned change model with groups, organizations and communities. Assignments are designed to be directly related to the field practicum. Practice behaviors that reflect each competency will be documented on the Field Learning Education Plan. Students will be introduced to the following theories and intervention strategies: the generalist intervention model, systems theory, strengths perspective, crisis intervention model, power theory and the feminist perspective.

SW 590 Generalist Field Education II 3 cr.

Students continue to apply all 10 Council on Social Work Education competencies as they progress in complexity and autonomy the activities delineated in their individualized Field Learning Education Plan. Student experiences will be focused as much as possible on mezzo and macro skills with the services that their practicum agency provides for service participants.

SW 600 Bridging Practice, Theory, Policy and Research 3 cr.

This course is designed to ensure that advanced standing students know how to critically analyze social welfare policy. The course ensures that students can communicate an understanding of important theories related to social work practice such as ecosystems, cognitive, behavioral, psycho-dynamic and various socio/cultural theories. The course also ensures that students have an understanding of scientific inquiry, research design and methodology, and ethical considerations related to conducting research in social work. In addition, students will be able to understand and communicate the essential knowledge, values and skills related to generalist practice with individuals, families, groups, organizations and communities.

SW 610 Advanced Practice I 3 cr.

Students will examine a wide range of therapeutic interventions across a broad spectrum of participant populations. Students are expected to recognize and articulate theories that inform and support specific intervention approaches. Although the course begins with interventions and approaches that can be used on a micro level of social work practice, all approaches are discussed as to the functionality of the approach of micro, mezzo and macro levels. Many approaches such as person-centered and cognitive-behavioral have been adapted to any level of intervention, while some are targeted specifically at one level of intervention, such as family systems and strategic family intervention.

SW 615 Social Work in Behavioral Health**3 cr.**

This course will provide the historical and political context of behavioral health and mental health care. The impact of substance use, gambling and eating disorders on individuals, families and communities will be explored. Lifespan issues that inform work with older adults and families and hospice policies and practices will be introduced. Students will identify the local, state, national and global policies that impact service participants and practice advocating for policy changes to promote improvements of the well-being of individuals, families, organizations and communities. The multidisciplinary nature of behavioral health practices will emphasize the need for social workers to develop collegial skills and practice effective ethical teamwork with psychiatrists, substance use professionals, nurses and physicians. The medical model, especially as it relates to diagnosing mental disorders and substance use, will be juxtaposed with the strengths perspective as students develop their conceptual framework for professional social work practice.

SW 620 Gerontological Social Work**3 cr.**

Aging service participants provide a unique practice focus for social workers. Aging in place, wellness considerations, connecting service participants to resources and hospice care options are a few of the topics that social workers must master to work with this population. Policies that have driven the responses to the older population will be detailed, and students will emphasize their knowledge of lifespan developmental processes and strengths of older service participants. Ethical principles such as self-determination and policies, such as “do not resuscitate,” can become challenges for working with family members and others in the support network who may disagree with their loved ones’ desires and decisions. Practice interventions focused on palliative care, which promote maintaining levels of daily functioning, wellness, pain management and overall well-being, will be detailed.

SW 621 Military Social Work**3 cr.**

This course provides a historical framework of the social work collaborative practice with military members and their support networks. Attention will be given to the unique challenges for members of the military, their families, veterans of both war and peacetime, and persons who have suffered wounds or other extremes during military service, such as imprisonment, military sanctions or abuse. Policies that impact working with military members will be a focus of study, including, but not limited to: “Don’t Ask Don’t Tell” and the repeal of this policy, and the GI Bill and its benefits and limitations. Students will also demonstrate understanding of the impact of related policies on individual service participants. Current social work practice and trends for future topics related to military service participants will be detailed. Students will learn the unique military culture that all service participants are impacted by, and how to address concerns within both a strengths perspective and culturally appropriate conceptual framework.

SW 622 Social Work with Children and Families**3 cr.**

Competent advanced social workers are in constant demand in the area of child welfare. Working with children, families, foster parents, grandparents and potential adoptive parents demands an in-depth knowledge of interventions that promote safety and permanency for children. However, child welfare is also defined as any work that provides for the improved well-being of families and children, including quality education, food and housing programs, and other community supports that can ensure opportunities for children to thrive in their environments. School social work, hospital social work, food shelters and anti-violence programs, are all contexts where social workers may impact the well-being of children and families in professional practice. In this

course, students will identify the policy contexts that intersect to impact children and families, learn the history of policy and program development, and practice creating policies to remove current barriers and impediments to service participants' well-being.

SW 630 Program Evaluation and Grant Writing 3 cr.

This course prepares students for attending to the reality of shrinking budgets, barriers to billing and increasing numbers of persons needing services. In order to sustain the functioning of programs and to intervene successfully in enhancing the social well-being of all people, students must be prepared to collaborate in grant writing and program evaluation. Students identify grant opportunities and develop a grant proposal that will ideally be submitted to the funding source. Students will learn the logic model for program evaluation in the classroom and apply this model at their field agency.

SW 640 Current Diagnostic Trends: Integrating the DSM-5 3 cr.
with the Strengths' Perspective

This course will address major cognitive, affective and personality disorders as described and diagnosed by the *Diagnostic and Statistical Manual of Mental Disorders* (DSM-5) classification system. It will point out the DSM-5 professional applications as well as its limitations and controversies. The application of critical thinking will be an essential part of this course to explore the biases, limitations and culture bound diagnoses, symptoms and syndromes within the DSM-5 classification, and the behavioral health (national and international) system. The application of a strengths-based perspective will be integrated with the medical model. Attention to symptoms, problems and deficits with intent to "cure" will be dialectical to wellness, recovery and personal goal attainment.

SW 650 Advanced Field Education I 3 cr.

Students are required to enroll in the Advanced Field Education sequence while concurrently enrolled in the Advanced Practice sequence. Faculty are able to provide the supervision and education for students while they are engaging, assessing, intervening and evaluating in their field practicum experience through the connection of the practice courses. Students will be expected to apply all 10 competencies as they develop their individualized Field Learning Education Plan in consultation with their practicum instructor and faculty liaison. Student experiences will be regularly discussed, and all of the assignments created in the advanced practice sequence are intended to involve the work students are completing in the practicum placement.

SW 660 Advanced Practice II 3 cr.

Advanced practice is designed to increase students' skills in the development of individualized, family, organizational and community assessments. Skills in written as well as oral presentation of assessments and work with service participants are emphasized. Attention will also be given to issues such as poverty, discrimination, exclusion, lack of opportunity and cultural experience. Students are expected to assess and critically analyze policies within their agency that may serve to promote or impede creative, innovative, individualized strengths-based interventions. Ethical practice and ethical strategies are emphasized, and attention to cultural humility and diversity are accentuated.

**SW 670 Leadership, Supervision and Entrepreneurial
Opportunities in Social Work**

3 cr.

This course prepares students for the changing context of advanced practice. For example, in child welfare, interventions have been “privatized.” For-profit and nonprofit agencies are contracting with the state to provide the range of services and interventions that were previously delivered by the state. These changes will cause a dramatic shift in the manner in which advanced social work interventions will be organized and delivered. There will be increasing opportunities for advanced practitioners to develop for-profit and nonprofit programs in order to meet this need. Students must be prepared to create effective and efficient business strategies to meet the growing needs of vulnerable and at-risk populations. They must also be prepared to step into roles as supervisors upon graduation. The course will include assignments that are to be completed in the field practicum. For example, each student will need to plan, facilitate and evaluate a group supervision conducted at the practicum site in teams that include other social workers as well as team members from other disciplines.

SW 680 Advanced Field Education II

3 cr.

Students are required to demonstrate a working understanding of the concepts and information presented in the foundation year, the bridging course and/or program learning. For example, strategies to evaluate practice learned in the foundation research class are to be applied in completing papers and projects in advanced practice with work completed in advanced field education. Examples of how policies of the federal and state governments and policies within the agency are to be cited and discussed in describing the intervention approach with service participants in practicum. The manner in which services and treatment are provided will reflect cultural sensitivity and cultural humility will be coordinated with the theories that inform students of the lifespan development and identify development of both individuals and families. Lastly, the foundation practice skills and learning from generalist field education courses will be broadened and deepened to challenge students to reflect more deeply in their conscious use of self, to be more autonomous in practice intervention, more proficient in engagement, assessment and application of interventions and evaluations.

SW 690 Integrative Seminar

3 cr.

This course is the capstone experience in the Master of Social Work program. It is in this course that each student is expected to propose an innovative, creative and feasible intervention that is designed to promote attainment of the field agency mission. Through this Integrative Seminar Project, students are expected to demonstrate how their knowledge of the 10 competencies informs and directs the process. After discussion with their field instructor and other professional staff, students develop an ISP question that guides and directs the intervention. Students go through the Institutional Review Board when indicated and submit a formal proposal to the agency administration. Students then deliver the intervention, evaluate the intervention and proffer recommendations for practice, policy and social work education. The attainment of competencies is assessed via the writing of a 15 to 18 page journal style paper, a public presentation of their project and findings, and the assessment by the field instructor relative to the student's knowledge of and skills in delivering the 10 competencies.

INTERNATIONAL CENTER FOR MUSIC

Ingrid Stölzel, D.M.A., Director
Stanislav Ioudenitch, Artistic Director

The International Center for Music at Park University trains and educates the next generation of accomplished musicians for careers in music at the highest level, in a focused and creative atmosphere with an international faculty of renowned excellence. Established in 2003 under the guidance of renowned pianist and gold medalist of the 2001 Van Cliburn International Piano Competition Stanislav Ioudenitch, the ICM is a premier institution for advanced study in piano and string performance.

Vision

The International Center for Music at Park University will establish itself as one of the premier institutions for advanced study in musical performance.

Master of Music in Performance (Applied Emphasis in Piano, Violin, Viola or Cello)

The International Center for Music's Master of Music in Performance degree program is an advanced course of study for musicians who hold a bachelor's degree and are seeking careers as professional musicians. In addition to the general rules that are applicable for admission to the School of Graduate and Professional Studies at Park University, specific admission requirements are:

- a. Bachelor of Music or related undergraduate degree from a U.S. institution, an equivalent bachelor's degree from an accredited foreign institution of higher education or equivalent professional experience as determined by the faculty of the University's International Center for Music.
- b. An audition before the music faculty. In approved situations, a recording may be submitted in lieu of a live audition.

Each applicant must furnish a complete list of repertoire and recital history at the time of application. This is an advanced program of study at the graduate level, supervised and approved by the graduate faculty of Park University.

The student may select one of the following performance areas:

Piano Performance (2-year program)

Program Requirements

Applied Lessons and Recitals (two recitals — one each in years one and two)

		36 cr.
		<i>12 cr.</i>
MU 540	Semester One	3 cr.
MU 541	Semester Two	3 cr.
MU 542	Semester Three	3 cr.
MU 543	Semester Four	3 cr.

<i>Chamber Music</i>		4 cr.
MU 546	Semester One	1 cr.
MU 547	Semester Two	1 cr.
MU 548	Semester Three	1 cr.
MU 549	Semester Four	1 cr.
<i>Performance Class</i>		4 cr.
MU 551	Semester One	1 cr.
MU 552	Semester Two	1 cr.
MU 553	Semester Three	1 cr.
MU 554	Semester Four	1 cr.
<i>Collaboration</i>		8 cr.
MU 556	Semester One	2 cr.
MU 557	Semester Two	2 cr.
MU 558	Semester Three	2 cr.
MU 559	Semester Four	2 cr.
<i>Approved Electives</i>		8 cr.

String Performance (2-year program)

Program Requirements

36 hrs.

<i>Applied Lessons and Recitals (two recitals — one each in years one and two)</i>		12 cr.
MU 540	Semester One	3 cr.
MU 541	Semester Two	3 cr.
MU 542	Semester Three	3 cr.
MU 543	Semester Four	3 cr.
<i>Chamber Music</i>		4 cr.
MU 546	Semester One	1 cr.
MU 547	Semester Two	1 cr.
MU 548	Semester Three	1 cr.
MU 549	Semester Four	1 cr.
<i>Performance Class</i>		4 cr.
MU 551	Semester One	1 cr.
MU 552	Semester Two	1 cr.
MU 553	Semester Three	1 cr.
MU 554	Semester Four	1 cr.
<i>Orchestra</i>		4 cr.
MU 565	Semester One	1 hr.
MU 566	Semester Two	1 hr.
MU 567	Semester Three	1 hr.
MU 568	Semester Four	1 hr.
<i>Orchestra Repertoire</i>		4 cr.
MU 575	Semester One	1 cr.
MU 576	Semester Two	1 cr.
MU 577	Semester Three	1 cr.
MU 578	Semester Four	1 cr.
<i>Approved Electives</i>		8 hrs.

Students entering the Master of Music program must take a Theory Competency Test. Students who do not pass are assigned to the appropriate theory class.

Course Descriptions

MU 501 Applied Music A

6 cr.

Course involves in-depth analysis and selection of new repertoire learned. Students will have two private lessons per week and scheduled discussions regarding theory and performance technique. Selected new learned repertoire will be performed in a recital at the end of the semester. Students will be encouraged to participate in regional, national and international competitions. *(Pass/Fail)*

MU 510 Applied Music B

6 cr.

A continuation of MU 501. *(Pass/Fail)*

MU 520 Applied Music C

6 cr.

A continuation of MU 510. *(Pass/Fail)*

MU 530 Applied Music D

6 cr.

A continuation of MU 520, culminating in a major recital, demonstrating depth and range of repertoire. *(Pass/Fail)*

MU534 Music History: Medieval, Renaissance and Baroque

3 cr.

An introduction to the music literature from ancient times to 1700. Historical and stylistic perspectives are addressed as are the organization, language and grammar of musical structure for the relevant time period.

MU535 Music History: Classic, Romantic and Modern

3 cr.

An introduction to the music literature from 1700 to the present. Historical and stylistic perspectives are addressed as are the organization, language and grammar of musical structure for the relevant time period.

MU 540-543 Applied Lessons and Recitals

12 cr.

Individual lessons and recital preparation.

MU 546-549 Chamber Music

4 cr.

Study and performance of music for chamber orchestra.

MU 551-554 Performance Class

4 cr.

Opportunity to perform in a simulated concert environment with critical feedback.

MU 556-559 Collaboration

8 cr.

Developing skills of playing with other musicians.

MU 560 Applied Music

6 cr.

This course places emphasis on developing repertoire and is designed to develop both artistry and professionalism. Students will be prepared for major competitions, as well as auditions for professional appointments in the professional and academic arena.

MU 565-568 Orchestra

4 cr.

Study and performance of music for orchestra.

MU 570	Applied Music	6 cr.
A continuation of MU 560.		
MU 575-578	Orchestral Repertoire	4 cr.
The study, rehearsal and performance of orchestral repertoire.		
MU 580	Applied Music	6 cr.
A continuation of MU 570.		
MU 585	Special Topics in Music	1-3 cr.
Intensive study and/or performance of an area of music selected by the instructor on the basis of student need or current issues.		
MU 590	Applied Music	6 cr.
A continuation of MU 580.		

FACILITIES AND SERVICES

Park University's Parkville Campus is located high on a bluff commanding an inspiring view of the Missouri River, which sweeps in a broad curve around the quiet, small town of Parkville, Mo. To the south and southeast, the skyline of Greater Kansas City is visible. The 700-acre Parkville Campus is a site of great natural beauty, with woodlands, waterfalls and wildflowers.

The School of Graduate and Professional Studies is located at the Downtown Kansas City, Mo., Campus Center, 911 Main St. Occupying the eighth and ninth floors of the Commerce Tower, the SGPS and the graduate programs are located here for the convenience of those who work in the city and surrounding areas. In addition to the SGPS, the facility houses administrative and faculty offices and the Kansas City Accelerated (8-week) program. The 31,000 square-foot facility contains 14 classrooms, two computer classrooms, two computer labs, 29 offices, four conference rooms, one student lounge and a library.

Academic Support Center

The Academic Support Center offers services to graduate students including writing help, disability services and a computer lab for student use. Graduate students may also access the online writing lab, designated under "Special Courses" as CDL 200 on the menu format <http://parkonline.org>. The ASC is located on the Parkville Campus in McAfee Memorial Library in the Mabee Learning Center/Academic Underground. Visit www.park.edu/academic-support-center/ or call (816) 584-6330 for more information.

Bookstore

All books required for graduate courses are available for purchase at the Park University Bookstore, located in the Mabee Learning Center/Academic Underground on the Parkville Campus. (816) 584-6747, or visit www.park.edu/bookstore/. Books are also available for courses offered online from MBS Direct, <http://bookstore.mbsdirect.net/PARK.htm>.

Career Development Center

The Career Development Center assists students in all stages of career development, including career assessment, résumé and cover letter preparation, interviewing skills and job search strategies. The objective is to give students the skills and opportunities necessary for a successful job search. For a list of services, contact the Career Development Center, located in room 714 of the Mabee Learning Center/Academic Underground on the Parkville Campus. Contact careerdevelopment@park.edu or (816) 584-6407, or visit www.park.edu/career-development-center/.

Counseling

Students seeking counseling regarding personal and school-related problems may contact the University's Counseling Center, located in Dearing Hall on the Parkville Campus. Park University does not provide intensive therapy for neurosis or psychosis. For acute therapy, a referral will be made to appropriate outside professional agencies. For more information, visit www.park.edu/counseling-center/.

eCollege / For Online Students

Within 48 hours of registering in the first course, students are granted access to eCollege (<http://parkonline.org/>). This system provides eClassroom — a virtual classroom for online courses, and eCompanion — an online supplement for face-to-face courses. Additionally, this can be used as a homepage and has links to the MBS Bookstore, Google Mail and OPEN.

It is recommended that students test their computer system and explore eCollege before starting an online course. Access is available one week before classes start. Students are expected to be prepared and ready to work on the first day of the term.

To login, students need their username and password. The username is the student's six-digit Park ID number. To obtain password information, please contact the Help Desk during its normal business hours (Monday-Thursday, 8 a.m.-6 p.m., and Friday, 8 a.m.-4:30 p.m., Central time) at helpdesk@park.edu or call (816) 584-6768 in the Kansas City area, or (800) 927-3024.

Google Apps E-Mail / MyPark

As a valuable benefit, Park University gives every student an e-mail account within 48 hours of their first registration. Notices from the University and faculty, regarding enrollment deadlines, financial aid, waiting lists, course information and urgent messages are sent to this account. It is important to check it regularly since the University and faculty will use this as the primary and/or official contact for students. Students may set their "options" to forward messages to another e-mail account. Before using any of the Google Apps features, students must connect to their e-mail account.

If you haven't already done so, please check out MyPark at <https://my.park.edu> to discover how it includes single sign-on access to all the student resources you will need — on a single page. Students are encouraged to review and use the communication tools (calendar, document sharing and mail/chat) which are located in My Google Apps inside the MyPark student portal.

For more information, visit <https://my.park.edu> or contact the Help Desk during its normal business hours (Monday-Thursday, 8 a.m.-6 p.m., and Friday, 8 a.m.-4:30 p.m., Central time) at helpdesk@park.edu or call (816) 584-6768 in the Kansas City area, or (800) 927-3024.

McAfee Memorial Library

The McAfee Memorial Library, located in the Mabey Learning Center/Academic Underground on the Parkville Campus, contains more than 158,000 volumes, nearly periodical subscriptions and more than 90,000 microforms. The library is electronically networked to several colleges, universities and city libraries, so that students have access to over 2,000,000 volumes. Other library resources include periodical indexes and databases, reference sources, database access, and by appointment, the archives and records of the University. Full-text articles can also be located in a number of periodical databases. The library, provides seats for approximately 290, and includes seminar rooms and group study rooms, an extended hours study area, and the Campanella Art Gallery. The book collection can be accessed through an electronic catalog. Access to the online catalog and other electronic resources is provided at www.park.edu/library/.

The University cooperates with other institutions of higher learning in the metropolitan area to provide access to their libraries. Park's library offers interlibrary loan and direct borrowing from area libraries, through several cooperative agreements.

Testing Center

The Testing Center, located in room 706 of the Mabee Learning Center/Academic Underground on the Parkville Campus, handles CLEP, DANTES and the proctoring of final exams for Kansas City area online students. Tests are given by appointment. Graduate students at a distance should consult their graduate program for instructions regarding examinations. For more information, visit www.park.edu/testing-center/ or contact testingcenter@park.edu or (816) 584-6887.

Other University-Wide Facilities

Students enrolled in a graduate program have access to all Park University facilities, subject to normal student use policies.

STUDENT CONDUCT CODE

As a student at Park University, you should be aware of the rights you have as a student and of the responsibilities associated with being a Park student. These policies apply to all Park University students, regardless of whether the student is taking classes online, at a campus center or on the Parkville Campus — all delivery modes and all locations. The Student Code of Conduct reflects the core values of the University, and is based on respect for self and others, and was developed to challenge students to embrace high ethical standards, and interact with other students, faculty and staff with integrity.

As a student, you have the right to an opportunity to learn in an environment that is free from discrimination based on race, color, creed, religion, gender, marital status, sexual orientation, national origin, age, disability or veteran status. It is the responsibility of all members of the Park University community — students, faculty and staff — to create and maintain an environment where all persons are treated with respect, dignity and fairness. Students have responsibility for assuming the consequences of their actions. Students are expected to accept their obligations to the entire Park community to honor and respect the value and integrity of each person, and to conduct themselves accordingly. In addition, students are responsible for making themselves aware of Park University policies and procedures, all of which are outlined in this *Catalog*, in the *Student Handbook/Planner* and/or on the Park University website.

The mission of Park University, an entrepreneurial institution of learning, is to provide access to academic excellence which will prepare learners to think critically, communicate effectively and engage in lifelong learning while serving a global community. In order to maintain an environment where this mission can be achieved effectively and equitably, Park University promotes civility, respect and integrity among all members of the community. Choosing to be a member of the Park University community obligates each member to follow these standards and ensures that a campus community of civility is maintained. In that light, the Student Code of Conduct will follow established processes for ensuring fundamental fairness and an educational experience that facilitates the development of the individual and/or group.

The primary intent of this Code is to set forth community standards necessary to maintain and protect an environment conducive to learning. Park University standards reflect higher expectations of behavior than may be prevalent outside the University community.

Any student found to have committed, or to have attempted to commit, the following misconduct on any Park University campus center (except to the extent this Student Conduct Code is inconsistent with any provision in an applicable memorandum of understanding, lease or other agreement with the owner of such campus center) may be subject to disciplinary sanctions:

1. **Acts of Dishonesty.** Acts of dishonesty, including but not limited to the following:
 - a. Academic Dishonesty — Cheating, plagiarism or other forms of academic dishonesty
 - b. False Information. Furnishing false information to any University official.
 - c. Forgery. Forgery, alteration or misuse of any Park University document, record or instrument of identification.
2. **Disruption.** Intentional disruption or obstruction of teaching, research, administration, disciplinary proceedings or other University activities, including its public service functions.

3. **Abuse.** Physical abuse, verbal abuse, threats, intimidation, harassment, coercion, and/or other conduct which threatens or endangers the physical health, mental health or safety of any person. Such prohibited conduct includes, but is not limited to, repeated unsolicited attempts to contact any Park University community member via any means and/or exhibiting other behavior which could be construed as stalking.
4. **Theft.** Attempted or actual theft of, and/or damage to, property of Park University or property of a member of the Park University community, or other personal or public property.
5. **Hazing.** Any behavior which constitutes hazing, whether such behavior occurs on University premises at University activities or off campus.
6. **Failure to Comply.** Failure to comply with directions of University officials or law enforcement officers acting in performance of their duties, including failure to identify oneself to these persons when requested to do so.
7. **Unauthorized Entry.** Unauthorized possession, duplication or use of keys to any University premises, or unauthorized entry to or use of University premises.
8. **Unauthorized Activities.** Any activity that occurs on or off University premises that could adversely affect the health, safety or security of a member of the Park University community.
9. **Controlled Substances.** Use, possession, manufacturing or distribution of controlled substances, except as expressly permitted by law. Students with confirmed possession or use of controlled substances on University premises, or during any University activity with no right to legally use such controlled substances, may face immediate dismissal.
10. **Alcohol.** Use, possession, manufacturing or distribution of alcoholic beverages, or public intoxication.
11. **Firearms/Weapons.** Illegal or unauthorized possession of firearms, explosives, other weapons or dangerous chemicals on Park University premises, or use of any such item, even if legally possessed, in a manner that harms, threatens or causes fear to others. Students with a confirmed violation of the Weapons Policy will face immediate dismissal. (See the Weapons Policy).
12. **Unauthorized Use of Electronics.** Any unauthorized use of electronic or other devices to make an audio or video record of any person while on Park University premises, or while conducting University business, without his/her prior knowledge, or without consent when such a recording is likely to cause injury or distress. This includes, but is not limited to, surreptitiously taking pictures of another person in a gym, locker room or restroom, or using consensual photographs, videos or audio in a manner not agreed to by all parties.
13. **Computer Theft and Abuse.** Theft or other abuse of computer facilities and resources, including file-sharing and intellectual property. (See Information Technology Acceptable-Use Policy).
14. **Abuse of Student Conduct System.** Abuse of the Student Conduct System, including failure to comply with the sanction(s) imposed under the Student Code.
15. **Policy Violation.** Violation of any Park University policy, including but not limited to the following policies: residential life, drug and alcohol, weapons, harassment-free institution, information technology, sexual assault and all academic policies.
16. **Local, State and Federal Agencies.** Park University will cooperate with local, state and federal criminal agencies, and may initiate criminal investigations into the conduct of Park University students when deemed appropriate.

Filing a Complaint Regarding a Violation of the Student Code

Any member of the Park University community may file a complaint against a student for violations of the Student Code. A complaint shall be prepared in writing and directed to the dean of student life. Any complaint should be submitted as soon as possible after the event takes place, preferably within one week of the incident. Forms for this purpose are available on the Park University website at www.park.edu/student-life/.

Sanctions

The following sanctions may be imposed upon any student found to have violated the Student Code:

1. **Warning** — A notice in writing to the student that the student is violating or has violated Institutional regulations.
2. **Probation** — A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any Institutional regulation(s) during the probationary period.
3. **Loss of Privileges** — Denial of specified privileges for a designated period of time.
4. **Fines** — Previously established and published fines may be imposed.
5. **Restitution** — Compensation for loss, damage or injury. This may take the form of appropriate service and/or monetary or material replacement.
6. **Discretionary Sanctions** — Work assignments, essays, service to the University or other related discretionary assignments.
7. **Interim Suspension** — Interim suspension from the residence halls and/or other campus facilities or programs may be imposed to ensure the safety and well-being of members of the University community, to ensure the student's own physical or emotional safety and well-being, or if the student poses an on-going threat or disruption of, or interference with, the normal operations of the University. The interim suspension does not replace the regular process, which shall proceed on the normal schedule, up to and through a Student Conduct Board Hearing, if required.
8. **Residence Hall Suspension** — Separation of the student from the residence halls for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
9. **Residence Hall Expulsion** — Permanent separation of the student from the residence halls.
10. **University Suspension** — Separation of the student from Park University for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.
11. **University Expulsion** — Permanent separation of the student from Park University.
12. **Revocation of Admission and/or Degree** — Admission to or a degree awarded from Park University may be revoked for fraud, misrepresentation or other violation of University standards in obtaining the degree, or for other serious violations committed by a student prior to graduation.
13. **Withholding Degree** — Park University may withhold awarding a degree otherwise earned until the completion of the process set forth in the Student Conduct Code, including the completion of all sanctions imposed, if any.

Other Information Regarding Sanctions:

1. More than one of the sanctions listed above may be imposed for any single violation.
2. Other than University expulsion or revocation, or withholding of a degree, disciplinary sanctions shall not be made part of the student's permanent academic record, but shall become part of the student's disciplinary record. Upon graduation, the student's disciplinary record may be expunged of disciplinary actions other than residence hall expulsion, University suspension, University expulsion, or revocation or withholding of a degree, upon application to the dean of student life. Cases involving the imposition of sanctions other than residence hall expulsion, University suspension, University expulsion, or revocation or withholding of a degree shall be expunged from the student's confidential record seven years after final disposition of the case.
3. In situations involving both an accused student(s) and a student(s) claiming to be the victim of another student's conduct, the records of the process and of the sanctions imposed, if any, shall be considered to be the education records of both the accused student(s) and the student(s) claiming to be the victim because the educational career and chances of success in the academic community of each may be impacted.
4. The following sanctions may be imposed upon groups or organizations:
 - a. Those sanctions listed above.
 - b. Loss of selected rights and privileges for a specified period of time.
 - c. Deactivation — Loss of all privileges, including University recognition, for a specified period of time.
5. In each case in which a Student Conduct Board determines that a student and/or group or organization has violated the Student Code, the sanction(s) shall be determined and imposed by the dean of student life. In cases in which persons other than, or in addition to, the dean of student life have been authorized to serve as the Student Conduct Board, the recommendation of the Student Conduct Board shall be considered by the dean of student life in determining and imposing sanctions. The dean of student life is not limited to sanctions recommended by members of the Student Conduct Board. Following the Student Conduct Board hearing, the Student Conduct Board and the dean of student life shall advise the accused student, group and/or organization (and a complaining student who believes s/he was the victim of another student's conduct) in writing of its determination and of the sanction(s) imposed, if any.

Appeals

1. A decision reached by the Student Conduct Board or a sanction imposed by the dean of student life that is academic in nature may be appealed by the accused student(s) or complainant(s) to the provost and senior vice president within five school days of the decision. Such appeals shall be in writing and shall be delivered to the provost and senior vice president or his/her designee.
2. A decision reached by the Student Conduct Board or a sanction imposed by the dean of student life that is not academic in nature may be appealed by the accused student(s) or complainant(s) to the vice president for enrollment management and student services within five school days of the decision. Such appeals shall be in writing and shall be delivered to the vice president for enrollment management and student services or his/her designee.

(continued on next page)

3. Except as required to explain the basis of new information, an appeal shall be limited to a review of the verbatim record of the Student Conduct Board hearing and supporting documents for one or more of the following purposes:
 - a. To determine whether the Student Conduct Board hearing was conducted fairly in light of the charges and information presented, and in conformity with prescribed procedures giving the complaining party a reasonable opportunity to prepare and to present information that the Student Code was violated, and giving the accused student a reasonable opportunity to prepare and to present a response to those allegations. Deviations from designated procedures will not be a basis for sustaining an appeal unless significant prejudice results.
 - b. To determine whether the decision reached regarding the accused student was based on substantial information, that is, whether there were facts in the case that, if believed by the fact-finder, were sufficient to establish that violation of the Student Code occurred.
 - c. To determine whether the sanction(s) imposed were appropriate for the violation of the Student Code which the student was found to have committed.
 - d. To consider new information, sufficient to alter a decision or other relevant facts not brought out in the original hearing, because such information and/or facts were not known to the person appealing at the time of the original Student Conduct Board hearing.
4. If an appeal is upheld by the vice president to whom the appeal is decided, the matter shall be returned to the original Student Conduct Board and dean of student life for re-opening of Student Conduct Board hearing to allow reconsideration of the original determination and/or sanction(s). If an appeal is not upheld, the matter shall be considered final and binding upon all involved.

Interpretation and Revision

1. Any question of interpretation or application of the Student Code shall be referred to the dean of student life or his/her designee for final determination.
2. The Student Code shall be reviewed every three years under the direction of the dean of student life.

Further information about procedures for the Student Conduct Board hearings is available at www.park.edu/student-life/.

CAMPUS SECURITY

This report and the following security policies are being issued pursuant to the Federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Clery Act).

Annual Security Report

Park University is dedicated to providing faculty, staff and students with information that they need to help make each Park campus center safe.

Park University encourages the accurate and prompt reporting of crimes and emergencies. At the Parkville Campus, such incidents should be reported to the Park University Office of Campus Safety. This report can be filed in person at the office located in Thompson Commons or by phone at (816) 584-6444. At the Downtown Kansas City, Mo., Campus Center, reports should also be filed at the Security Department of Tower Properties, 911 Main (lower level), (816) 374-0617. All other Park University Campus Centers should report such incidents to the local policing authority with a follow-up report to the campus center director who shall forward these to the Park University Director of Campus Safety for reporting purposes.

Park University Campus Safety officers do not have arrest powers. Any crime or emergency that occurs off-campus, but at an officially recognized activity of Park University, shall be reported as if it happened on campus.

The possession, use or sale of alcoholic beverages or illegal drugs on Park University campus centers is prohibited.

Student orientation videos and periodic bulletin listings and announcements help inform students, faculty and staff throughout the year about crime prevention and campus security procedures and policies.

Timely Warning Policy

In the event that a situation arises, either on or off any Park University campus that in the judgment of the Director of Campus Safety constitutes an ongoing or continuing threat, a campus wide “timely warning” will be issued. This warning will be issued through the University e-mail system to students, faculty and staff, and through the Parkville Campus newspaper, *The Stylus*.

Depending on the particular circumstances of the crime, especially in all situations that could pose an immediate threat to the community and individuals, the Office of Campus Safety may also post a notice on its website at www.park.edu/campus-safety/, providing the University community with more immediate notification. In such instances, a copy of the notice will be posted in each residence hall. If the incident occurs on a campus other than the Parkville Campus, a notice shall be posted in plain view at that campus, in addition to the above listed locations.

Anyone with information warranting a timely warning shall report the circumstances to the Office of Campus Safety at (816) 584-6444, or in person at the Campus Safety office in Thompson Commons on the Parkville Campus, or with the campus center director of your respective campus.

Policy for Reporting the Annual Disclosure of Crime Statistics

The Park University Office of Campus Safety prepares and publishes a report of certain crime statistics for the entire University, in compliance with the *Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act* (The Clery Act). The crime statistics for the past three years can be found on our website at www.park.edu/campus-safety/. A more detailed report can be found on the U.S. Department of Education website at www.ope.ed.gov/security.

This report is prepared with local law enforcement agencies surrounding the Parkville Campus and all campus centers. Other select campus authorities also contribute to this report. Campus crime, arrest and referral statistics include those reported to the Park University Office of Campus Safety, local law enforcement and designated campus officials, included but not limited to campus center directors, Office of Student Life staff, athletic coaches, residence hall staff, advisors to student organizations, and the director of human resource services.

Each year, an e-mail notification is made through the University e-mail system to all faculty, staff and students that provide web access to this report. Copies of the report may also be obtained from the Office of Campus Safety, located in Thompson Commons, the Office of Human Resource Services in Mackay Hall, the Office of Admissions in Herr House (all on the Parkville Campus), campus center directors or by calling the Office of Campus Safety at (816) 584-6444.

To Report a Crime

Crimes can be reported to Park University, in the following locations: *Please note: The following is a list of offices where it is appropriate to file a report. There may actually be several individuals in that office who may be able to take such a report.*

	PARKVILLE CAMPUS	
Director of Campus Safety	(816) 584-6226	Thompson Commons, 1st Floor
Director of Human Resources	(816) 584-6386	Mackay Hall, Lower Level
Director of Student Life	(816) 584-6465	Thompson Commons, 2nd Floor
Director of Athletics	(816) 584-6492	Breckon Sports Center
Director of Residence Life	(816) 584-7401	Copley Quad, 1st Floor
Exec. Director of Admissions	(816) 584-6858	Norrington Center, 1st Floor
Student Employment	(816) 584-6388	Norrington Center, 2nd Floor
Student Assistance Center	(816) 746-2520	Norrington Center, 1st Floor
Athletic Training	(816) 584-6353	Field House, 1st Floor
Director of Library Systems	(816) 584-6707	Mabee Learning Center
	DOWNTOWN CAMPUS	
Security Emergency	(816) 283-9781	Commerce Tower, Lower Level

Confidential Reporting Procedures

If you are the victim of a crime and do not wish to pursue action through the University judicial system or the criminal justice system, you may still want to consider making a *confidential* report. With your permission, the director of campus safety can file a report on the details of the incident without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an accurate record of the number of incidents involving students, faculty and staff, determine where there is a pattern of crime with regard to a particular location, method or assailant, and can alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the University.

Access Policy

During normal business hours, the University (excluding residence halls) will be open to students, faculty, staff, parents, contractors, vendors, guests and invitees. During non-business hours, access to all University facilities is by key or swipe card, if issued, or by admittance via the Office of Campus Safety.

Residence halls are locked 24 hours a day and admittance is by swipe card. Some facilities on campus may have individual hours, which may vary at different times of the year. Examples are computer labs, the McAfee Memorial Library, meeting rooms, 24-hour study room. Thompson Commons on the Parkville Campus is open 24 hours a day.

Emergencies may necessitate changes or alterations to any posted schedule. Periodic security surveys are conducted on the Parkville Campus by the Office of Campus Safety and the Campus Safety Committee. These surveys examine security issues such as landscaping, locks, alarms, lighting and communications. The Campus Safety Committee meets once per month to discuss campus safety issues and to develop safety policy.

Access to other Park University campus centers is determined by the campus center director at that campus. Since most of the other campuses are on military installations, additional access may be determined by the installation authorities. Check with your campus center to ascertain its policy.

Campus Police Authority and Jurisdiction

The Park University Office of Campus Safety does not have arrest powers. However, they will respond to and investigate all reports of crime on campuses located in the Kansas City metropolitan area.

If minor offenses involving University rules and regulations are committed by a University student, the Office of Campus Safety may refer the individual to the disciplinary division of the Office of Student Life.

Misdemeanors and major offenses such as rape, murder, aggravated assault, robbery, arson and auto theft will be jointly investigated by the Office of Campus Safety and the Parkville (Mo.) Police Department or Platte County (Mo.) Sheriff, if they are committed on the Parkville Campus or at a Park University event in Platte County. If the crime occurs at the Downtown Kansas City Campus, the Office of Campus Safety will investigate the crime with the Kansas City, Mo., Police Department. If the crime occurs on the Independence Campus, the crime will jointly be investigated with the Independence (Mo.) Police Department. The prosecution of all crimes will

(continued on next page)

be conducted either in the appropriate municipal court or in the county court in the county in which the offense occurred.

Crimes committed on other campuses will be investigated by the appropriate civilian or military law enforcement agency, with a report being filed with the Office of Campus Safety. Prosecution of those crimes will be conducted in the court having jurisdiction where the crime occurred.

The Park University Office of Campus Safety works closely with the Parkville Police Department and the Platte County Sheriff. Park University has direct radio contact with Parkville Police and Platte County in an emergency.

The Park University Office of Campus Safety officers have the authority to ask persons for identification and to determine whether individuals have lawful business at Park University. Campus Safety officers have the authority to issue parking tickets and citations for moving violations on campus. These fines are billed to the financial accounts of faculty, staff and students. Campus Safety officers also have the authority to sign complaints, which will result in the arrest of persons violating the law on Park University property.

General Procedures for Reporting a Crime or Emergency

Faculty, staff, students and guests are strongly encouraged to report all crimes and emergencies to the Office of Campus Safety. The Office of Campus Safety is staffed 24 hours a day, 365 days a year, and can be reached at (816) 584-6444. Campus Safety dispatchers will take your call and dispatch an officer, and if necessary, call the police, fire department or EMS agency to assist in your emergency. At the Downtown Campus, please call (816) 421-5398 for emergencies.

If you are on a campus other than the Parkville Campus, please report any crime or emergency to the campus center director or to the appropriate law enforcement agency.

Crimes should be reported to the Office of Campus Safety, so that the statistics can be reported to the U.S. Department of Education, in compliance with the Clery Act.

Security Escort Services

Security escort services are available on the Parkville Campus through the Office of Campus Safety. If you want an escort to your car or residence hall after an evening class or activity, call the Campus Safety dispatcher at (816) 584-6444 and request an officer to escort you. At the Downtown Campus, please call (816) 421-5398.

Security Awareness Programs

The Office of Campus Safety in consort with Residence Life staff presents a program for residence hall students at the beginning of each semester. Campus Safety also publishes brochures with a common theme of awareness and crime prevention materials, which encourage students and employees to be aware of their responsibility for their own security and the security of others.

Crime Prevention Programs

The Office of Campus Safety sponsors a program on women's safety, presented by the Kansas City, Mo., Police Department. This program is comprised of a lecture and hands-on self defense techniques. Campus Safety officers also give presentations on crime prevention to clubs and organizations, when invited.

Off-Campus Fraternity and Sorority Organizations

Park University does not have any fraternities or sororities.

Policy on Alcoholic Beverages

Park University prohibits the use, sale, possession or distribution of alcoholic beverages on campus, in campus facilities or at University-sponsored activities planned for or by students. Under certain circumstances, the consumption of alcohol at events on or off campus is allowed with a waiver issued by the University president.

Possession or use of alcohol by anyone under the age of 21 is against the law in Missouri. Persons under the age of 21 caught possessing or using alcohol on campus or at a Park University-sponsored event are subject to arrest and prosecution. In addition, they will be referred to the Office of Student Life for possible disciplinary action. Students over the age of 21 caught possessing or consuming alcohol on campus or at a Park University sponsored event will be referred to the Office of Student Life for possible disciplinary action. The Park University Office of Campus Safety is responsible for enforcing the *University Alcohol Policy*.

Policy on Illegal Drugs

The manufacture, use, possession, sale or distribution of illegal or illicit drugs on any Park University property or at any Park University event is prohibited. Those caught manufacturing, using, possessing or distributing said illegal or illicit drugs are subject to arrest and prosecution. Students will be referred to the Office of Student Life for possible disciplinary action. Faculty and staff will be referred to the Office of Human Resource Services for possible disciplinary action. The Park University Office of Campus Safety is responsible for enforcing the *University Drug Policy*.

Alcohol and Substance Abuse Information

Park University has developed a program to prevent the illicit use of drugs and the abuse of alcohol by students and employees. The program provides services related to drug and alcohol abuse, including dissemination of informational materials, educational programs, counseling services, referrals and college disciplinary action. Park University provides the following services:

- **Alcohol and Drug Education** — Employee Assistance Program; classes during First-Year Seminar for students; Periodic education programs by the Office of Student Life.
- **Counseling Services** — Counseling services are available through the University's Counseling Center, Synergy Services and United Healthcare Insurance Services.
- **Referral Services** — Referrals are made to the Counseling Center, Synergy Services and Employee Assistance Programs.
- **University Disciplinary Actions** — Students are referred to the Office of Student Life for disciplinary actions. Employees are referred to the Office of Human Resource Services for disciplinary actions.

Additional programs may be available from the military for students and staff located at our campus centers located on military installations. Please refer to your campus center director for assistance in accessing these programs.

Sexual Assault Policy

Park University strongly denounces sexual assault in any form and advocates the immediate reporting of any incident to University authorities. University personnel will assist the student(s) in such notification, if so requested. Confidentiality will be maintained to the extent provided by rules, regulations and legislation. Individuals, groups and organizations that desire information or programs that address sexual assaults and how to prevent such incidents should contact the director of campus safety at (816) 584-6444. Staff in the Counseling Center, (816) 584-6237, will also assist in referrals to counseling and mental health agencies for victims. In all cases, the protection of any physical evidence is of utmost importance.

- The director of the Student Assistance Center will assist student victims of sex-related crimes with changes in academic schedules and living arrangements on the Parkville Campus, as is reasonable and within Park University's control. The campus center director will assist students with academic changes at the other campuses.
- All campus disciplinary procedures involving a student are the responsibility of the director of student life.
- All sex-related crimes occurring on Park University property shall be investigated jointly by the Park University Office of Campus Safety and the appropriate law enforcement agency.

Within the guidelines of the discipline procedures, the accuser and the accused may have other individuals of their choosing present during the disciplinary hearings. Both the accuser and the accused shall be informed of the University's final determination and any sanctions concerning the alleged incident. Park University, may, upon final determination and confirmation of an alleged infraction (forcible or non-forcible); impose sanctions ranging from counseling to dismissal.

Sexual Offender Registration

The Campus Sex Crimes Prevention Act of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled at, or employed by, institutions of higher education. The CSPA is an amendment to the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Act. The federal law requires state law enforcement agencies (in Missouri it is the Missouri State Highway Patrol) to provide Park University with a list of registered sex offenders who have indicated that they are either enrolled, employed or carrying on a vocation at Park University.

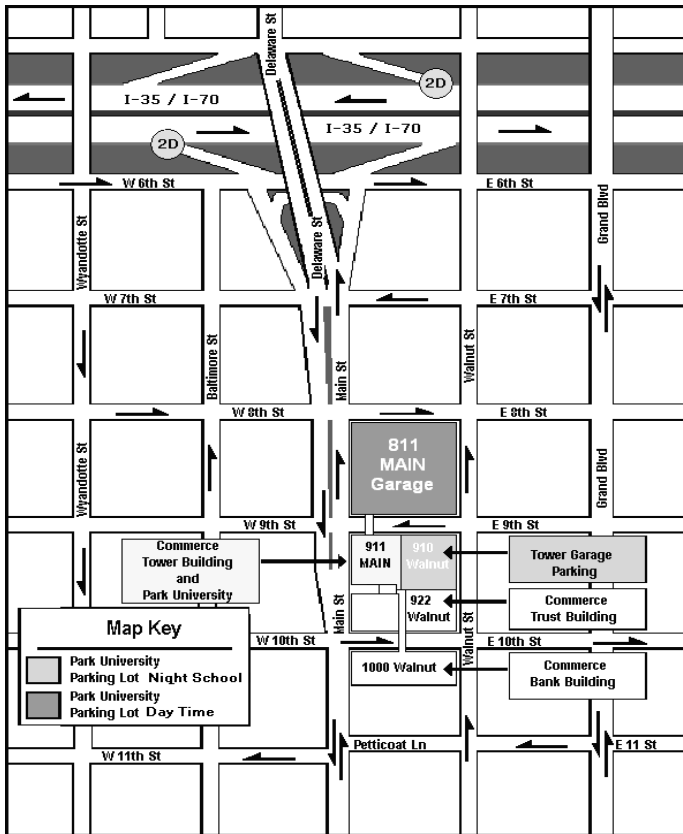

Park University is required to inform the community that a registration list of sex offenders will be maintained and available at the Park University Office of Campus Safety office located on the first floor of Thompson Commons on the Parkville Campus. For other campuses, a list will be maintained by the campus center director.

In addition, a list of all registered sex offenders for each state that Park University has a campus is available from the following sites:

Missouri:

www.mshp.dps.missouri.gov/MSHPWeb/PatrolDivisions/CRID/SOR/SORPage.html

Downtown Campus Parking

Parking Notes

All students who are coming to the Downtown Kansas City Campus Center for advising appointments, tutorials, or Portfolio classes are to park in the garage located at 811 Main St. These students will get a validated ticket to cover parking costs. Other uses, such as studying, computer lab, internet proctoring, etc., will not be eligible for parking validation.

All students who are coming to the Downtown Campus Center for night classes (starting at 5 p.m. or later) are to park in the Tower Garage located at 910 Walnut. Free access to the Tower Garage will be granted through the use of the Park University Downtown ID card. *(Please note that any ID cards issued at the Parkville Campus will not work.) Also, if a student loses or forgets his/her ID card, he/she is responsible for all parking costs incurred. There is a \$15 charge for a replacement ID card.*

FACULTY 2014-15

Joan Aitken, Ed.D.

Professor of Communication Arts — B.A., Michigan State University 1969; M.A., University of Arkansas, 1972; Ed.D., University of Arkansas, 1982. (2005)

Kay Waldo Barnes, M.A., M.P.A.

Distinguished Professor of Public Leadership — B.S., University of Kansas; M.A., University of Missouri-Kansas City; M.P.A., University of Missouri-Kansas City. (2006)

Michael Becraft, D.M.

Edward F. Lyle Professor of Finance and Director of the Graduate Program in Business, and Assistant Professor of Management — B.A., St. Mary's College of Maryland, 1998; M.A., American University, 2000; D.M., University of Maryland, 2011. (2013)

Stephen Bell, Ph.D., J.D.

Professor of Economics — B.A., Missouri University of Science and Technology, 1976; M.A., University of Arkansas, 1977; Ph.D., University of Arkansas, 1981; J.D., University of Missouri-Kansas City, 1987. (2007)

Walter Boulden, Ph.D.

Associate Professor of Social Work — B.S., University of Wyoming, 1985; B.S.W., University of Wyoming, 1987; M.S.W., University of Denver, 1990; Ph.D., Union Institute and University, 1999. (2014)

Richard Box, D.P.A.

Visiting Distinguished Professor of Public Affairs — B.S., Southern Oregon University, 1971; M.S., Southern Oregon University, 1975; M.P.A., Golden Gate University, 1983; D.P.A., University of Southern California, 1990. (2012)

Wesley Boyce, M.B.A.

Assistant Professor of Decision Sciences — B.S. Missouri State University, 2007; M.B.A., Missouri State University, 2008. (2013)

D.J. Champagne, Ph.D.

Assistant Professor of Education — B.S., University of Central Missouri, 1978; M.A., University of Central Missouri, 1979; Ed.S., University of Central Missouri, 1984; Ph.D., University of Missouri-Kansas City, 2005. (2011)

Kenneth Christopher, D.P.A.

Assistant Professor of Criminal Justice Administration — B.A., University of Dayton, 1976; M.P.A., Florida International University, 1983; D.P.A., Nova Southeastern University, 1999. (2006)

Dong Hwa Choi, Ph.D.

Associate Professor of Education — B.S., Ewha Womans University, 1986; M.A., Ewha Womans University, 1989; Ph.D., University of Missouri/Kansas City, 2000. (2006)

Eric Click, Ph.D.

Assistant Professor of Public Administration — B.A., Lindenwood University, 2002; M.B.A., Lindenwood University, 2003; M.A., Lindenwood University, 2004; Ph.D., University of Texas at Dallas, 2009. (2011)

Lora Cohn, Ph.D.

Assistant Professor of Communication Arts — B.S.Ed., Truman State University, 1982; M.A., University of Kansas, 1995; Ph.D., University of Kansas, 2005. (2005)

Brian Cowley, Ph.D.

Professor of Psychology — B.S., Utah State University, 1987; M.S., Southern Illinois University, Carbondale, 1989; Ph.D., University of Kansas, 1998. (2003)

Julia Creek, M.B.A.

Assistant Professor of International Business — B.S., Park University, 2003; M.B. A., University of Texas, 2005. (2012)

Shannon Cuff, Ph.D.

Assistant Professor of Education — B.A., Drury University, 2000; M.Ed. Drury University, 2004; Ph.D., University of Missouri-Columbia, 2010. (2010)

Amber Dailey-Hebert, Ph.D.

Associate Professor of Education — B.S., Texas A&M University, 1998; M.S., Texas A&M University, 1999; Ph.D., Cornell University, 2002. (2002)

Penelope De Jong, Ph.D.

Associate Dean, School of Business, and Associate Professor of Marketing — B.S., Northwest Missouri State University, 1986; M.B.A., Northwest Missouri State University, 1990; Ph.D., Oklahoma State University, 2002. (2010)

Kay Dennis, Ed.D.

Assistant Professor of Education — B.S.N., University of Kentucky, 1972; M.S.N., East Carolina University, 1984; Ed.D., North Carolina State University, 1997. (2006)

Laurie N. DiPadova-Stocks, Ph.D.

Dean, Hauptmann School of Public Affairs; Dean, School of Graduate and Professional Studies; and Professor of Public Administration — B.S., Mary Washington College of the University of Virginia, 1967; M.S., University of Utah, 1970; Ph.D., University of Albany, State University of New York, 1995. (2004)

Suzanne Discenza, Ph.D.

Professor of Healthcare Administration — B.S., Oklahoma State University, M.S. University of Oklahoma Health Sciences Center; Ph.D., University of Colorado, 1979. (2010)

Jeff Ehrlich, Ed.D.

Assistant Professor of Healthcare Administration — B.A., Friends University, 1987; M.B.A., Friends University, 1997; Ed.D., College of St. Mary, 2008. (2011)

Michael T. Eskey, Ph.D.

Associate Professor of Criminal Justice — B.S., University of Nebraska-Lincoln, 1975; M.S., M.A., University of Nebraska-Omaha, 1977; Ph.D., Florida State University, 1982; M.S., Joint Military Intelligence College, 1994. (2005)

Judith Simons Estes, Ph.D.

Assistant Professor of Education — B.S., Northwest Missouri State University, 1969; M.S., University of Kansas, 1976; M.S., Avila University, 1987; Ph.D., University of Kansas, 2009. (2007)

Steve Hallman, D.B.A.

Associate Professor of Management/Computer Information Systems — B.A., Concordia College, 1991; M.Ed., Wayne State University, 1992; D.B.A., Argosy University, 2001. (2010)

John R. Hamilton Jr., Ph.D.

Assistant Professor of Criminal Justice Administration — B.A., University of Kansas, 1975; M.P.A., University of Missouri-Kansas City, 1988; Ph.D., University of Missouri-Kansas City, 2004. (2006)

Ed Hight, Ph.D.

Associate Professor of Education — B.Ed., Washburn University, 1990; M.S., University of Kansas, 1994; Ph.D., University of Missouri-Kansas City, 1998. (2000)

Stanislav Ioudenitch

Associate Professor of Music — Studied at the Escuela Superior de Musica Reina Sofia, Madrid, Spain; International Piano Foundation, Cadenabbia, Italy; Cleveland Institute of Music, (2003)

John Jumara, Ph.D.

Associate Professor of Economics — B.A., University of Missouri-Kansas City, 1969; M.A., University of Missouri-Kansas City, 1996; Ph.D., University of Missouri, 2005. (1975)

Robert Kao, Ph.D.

Assistant Professor of Finance — B.S., National Chung-Hsing University, Taiwan, 1977; M.S., University of Nebraska, Lincoln, 1980; Ph.D., Texas A&M University, 1985. (2008)

Dennis Kerkman, Ph.D.

Professor of Psychology — B.A., University of Kansas, 1974; M.S., University of Georgia, 1977; Ph.D., University of Kansas, 1987. (2003)

Jan C. Kircher, Ph.D.

Assistant Professor of Social Work — B.A., University of South Dakota, 1993; M.S.W., University of Nebraska Omaha, 1995; Ph.D., South Dakota State University, 2007. (2013)

Walter E. Kisthardt, Ph.D.

Professor of Social Work — B.A., Elizabethtown College, 1975; M.S.W., University of Hawaii, 1983; Ph.D., University of Kansas, 1997. (2005)

Brad A. Kleindl, Ph.D.

Dean, School of Business, and Professor of Marketing — B.S., Southern Illinois University, 1981; M.B.A., Southern Illinois University, 1982; Ph.D., Oklahoma State University, 1996 (2011)

Nicholas A. Koudou, Ph.D.

Professor of Business Administration — B.A., University of Indianapolis, 1987; M.B.A., Butler University, 1989; Ph.D., Louisiana State University, 1998. (1998)

Jolene Lampton, Ph.D.

Assistant Professor of Management/Accounting — B.S.E., Truman State University, 1974; M.B.A., University of Missouri-St. Louis, 1994; Ph.D., Saint Louis University, 2002 (2003).

Kathy (Ehrig) Lofflin, Ph.D.

Associate Professor of Education — B.A., Ottawa University, 1977; M.A., University of Missouri-Kansas City, 1984; Ph.D., University of Missouri-Kansas City, 1992. (1988)

Jan McKinley, Ed.D.

Assistant Professor of Education — B.S., Northeastern Oklahoma State University, 1973; M.S., Northeastern Oklahoma State University, 1974; Ed.S., Pittsburg State University, 1995; Ed.D., St. Louis University, 2001. (2011)

Nicolas Miceli, Ph.D.

Associate Professor of Management/Human Resources — B.S., University of Central Missouri; Ph.D., University of Oklahoma, 1996. (2011)

J. Mark Noe, Ph.D.

Professor of Communication Arts — B.A., University of Missouri-Kansas City, 1978; M.A., University of Missouri-Kansas City, 1980; Ph.D., University of Kansas, 1996. (1985)

Lee Nordgren, D.Sc.

Associate Professor of Management — B.A., University of Cincinnati, 1983; M.B.A., Harvard University, 1985; M.Ed., University of North Carolina, 1998; D.Sc., Privredna Akademija 2008 (2012)

Dennis R. Okerstrom, Ph.D.

Professor of English — B.A., Park University, 1974; M.A., University of Missouri-Kansas City, 1979; Ph.D., University of Missouri-Kansas City, 2003. (1988)

Vincent O'Rourke, Ph.D.

Associate Professor of Management — B.S., University of Tampa; M.B.A., University of Utah, 1974; Ph.D., University of Utah, 1982. (2006)

Gregory W. Plumb, J.D.

Professor of Criminal Justice — B.A., University of Missouri-Columbia, 1973; J.D., University of Missouri-Columbia, 1975. (1990)

Sunita Rao, Ph.D.

Assistant Professor of Accounting — M.B.A., University of Kansas, 2004; Ph.D., University of Kansas, 2012. (2012)

Christine Reyes, Ph.D.

Assistant Professor of Education — B.A., Texas Tech University, 1993; M.Ed., Texas Tech University, 2001; Ph.D., Kansas State University, 2012. (2010)

Henry Roehrich, Ph.D.

Assistant Professor of Management/Marketing — B.S., Wayne State College, 1979; M.S.A., Central Michigan University, 1996; Ph.D., University of North Dakota, 2003. (2010)

Ben Sayevich

Professor of Music — Churlonis School of Performing Arts, 1971; Tel Ma-Yelin School of Arts, 1977; New England Conservatory of Music, 1985; Artist Diploma, New England Conservatory of Music, 1987. (2006)

Robert Schneider, M.A.

Instructor of Management/Healthcare — B.S., University of Maryland, 1993; M.A., University of Phoenix, 1997. (2010)

Marthann Schulte, Ph.D.

Associate Professor of Education — B.A., Fort Hays State University, 1995; M.A., Fort Hays State University, 1997; Ph.D., Kansas State University, 2002. (2004)

Linda Seybert, Ph.D.

Associate Professor of Special Education — B.A., Rockhurst University, 1976; M.A., University of Missouri-Kansas City, 1979; M.A.Sp.Ed., University of Missouri-Kansas City, 1992; Ph.D., University of Kansas, 1998. (2003)

Debra J. Sheffer, Ph.D.

Associate Professor of History — B.S.E., University of Central Missouri, 1980; M.A., University of Central Missouri, 1986; Ph.D., University of Kansas; 2009. (1990)

Peter E. Soule, Ph.D.

Professor of Economics — B.S., Park University, 1972; M.A.P.A., University of Oklahoma, 1975; Ph.D., University of Oklahoma, 1988. (1991)

Michel Sportsman, Ph.D.

Assistant Professor of Education — B.S., University of Missouri-Columbia, 1969; M.A., University of Missouri-Kansas City, 1976; Ed.S., University of Missouri-Kansas City, 1979; Ph.D., University of Missouri-Kansas City, 1983. (2010)

Ingrid Stölzel, D.M.A.

Director, International Center for Music — B.M., University of Missouri-Kansas City, 1995; M.M., University of Hartford, 1997; D.M.A., University of Missouri-Kansas City, 2009 (2013).

Rebekkah Johnson Stuteville, Ph.D.

Associate Professor of Public Administration — B.A., University of Missouri-Kansas City, 1991; M.A., University of Missouri-Kansas City, 1997; Ph.D., University of Missouri-Kansas City, 2004. (2008)

Cathy Taylor, J.D.

Associate Professor of Management — B.A. Wesleyan College, 1993; J.D., University of Georgia, 1996 (1998)

William Venable III, M.B.A.

Assistant Professor of Business/Management — B.S., University of Kansas, 1981; M.B.A., Rockhurst University, 1984; M.P.A., University of Missouri-Kansas City, 2006 (2006)

Terrence Ward, Ph.D.

Associate Dean, Hauptmann School of Public Affairs, and Assistant Professor of Public Administration — B.S. Missouri University of Science and Technology, 1970; M.B.A., Rockhurst University, 1984; Ph.D., University of Missouri-St. Louis, 2012. (2012)

Rhonda Weimer, M.S.W.

Clinical Instructor of Social Work — B.A., University of Colorado, 1984; M.S.W., University of Kansas, 1993. (2013)

A. Donald Wise, M.A.

Instructor of Public Affairs – B.A., University of Nebraska, 1976; M.A., Ohio State University, 1980. (2010)

Amy Wolf, Ph.D.

Assistant Professor of Early Childhood Education — B.S., University of Missouri, 1991; M.A., University of Missouri, 1994; Ph.D., University of Missouri, 2006. (2006)

Graduate Adjunct Faculty***(Representative Listing)*****Ruth Achterhof, Ph.D.**

B.S., Texas Tech University, 1974; M.A., Western Michigan University, 1995; Ph.D., Capella University, 1999.

Benedict Acosta, Ph.D.

M.S., Purdue University, 1994; Graduate Certificate in Space Studies, American Military University, 2005; Ph.D., Nova Southeastern University, 2009.

Iman Adeinat, Ph.D.

B.S., University of Jordan, 2003; M.S., University of New Orleans, 2007; Ph.D., University of New Orleans, 2011.

Etido Akpan, D.B.A.

B.B.A./B.S, Freed-Hardeman University; M.B.A., Union University; D.B.A., Argosy University.

Naseem Al Rahahleh, Ph.D.

B.S., Yarmouk University, 1994; M.S., Yarmouk University, 1997; M.S., University of New Orleans, 2007; Ph.D., University of New Orleans, 2009.

Jeffrey Alejandro, Ed.D.

B.A., University of North Carolina, 1995; M.A., East Carolina University, 2001; Ed.D., East Carolina University, 2004; Graduate Certificate in Distance Education Administration, 2006.

Ken Austin, M.B.A.

B.S., William Jewell College, 1986; M.B.A., Park University, 2004.

Michael Presley Barrett, M.P.A., J.D.

B.A. University of Missouri-Kansas City, 1992; M.P.A., University of Missouri-Kansas City, 1995; J.D., University of Missouri-Kansas City, 1998.

Karen A. Bates, Ph.D.

B.S., University of Missouri, 1973; M.A., University of Missouri-Kansas City, 1992; Ph.D., University of Kansas, 2006.

Ron Beach, M.S.

B.A., Pittsburg State University, 1973; M.S., Pittsburg State University, 1975; Ed.Spec., Pittsburg State University, 1981; Certificate in Dispute Resolution, Baker University, 2006.

Jose Belardo, J.D.

B.S.W., Virginia Commonwealth University, 1988; M.S.W, Virginia Commonwealth University, 1990; M.S., University of Maryland, 1999; J.D., University of Baltimore, 2003.

Alan T. Belasen, Ph.D.

Hauptmann School Fellow in Organizational Studies — B.A., Hebrew University, Israel, 1979; M.A., Hebrew University, Israel, 1981; Ph.D., University of Albany, State University of New York, 1987.

Steven Beldin, M.A.

B.A., Park University, 1978; M.A., University of Missouri-Kansas City, 1985.

Linda Bell, M.B.A.

B.S., Fort Hays State University, 1979; M.B.A., University of Missouri-Columbia, 1984.

Thomas J. Billesbach, Ph.D.

B.S., University of Nebraska Omaha, 1976; M.B.A., University of Nebraska Omaha, 1979; Ph.D., University of Nebraska Lincoln, 1987.

William Blessum, M.D., J.D.

B.S., Loyola University, 1960; M.S., Creighton University, 1964; M.D., Creighton University, 1965; J.D., Washburn University, 2005

John E. Bowen, M.B.A.

B.S., Ohio State University, M.B.A., Louisiana Tech University

Felicia Bridgewater, Ed.D.

B.S., Morgan State University, 1994; M.A., Webster University, 1999; M.A., Webster University, 1999; Ed.D., Nova Southeastern University, 2006.

William Cady, Pharm.D.

B.S., University of Nebraska, 1971; Pharm.D., University of Kentucky, 1976.

Caryl Ann Callahan, Ph.D.

B.A., Colby College, 1970; M.B.A., University of California, Los Angeles, 1981; Ph.D., Harvard University, 1978.

Albert A. Concepcion, M.B.A.

B.S., LaVerne University, 2000; M.B.A., Touro University, 2006.

Adam S. Crowe, M.P.A.

B.S., Clemson University, 2002; M.P.A., Jacksonville State University, 2005.

Keith Dailey, M.B.A.

B.S., Park University, 2000; M.B.A., Baker College, 2003.

Ellen Dorshow-Gordon, M.P.H.

B.S., University of Minnesota, 1968; M.P.H., University of Minnesota, 1983.

Jean Dufresne, Ph.D.

B.A., Morningside College, 1983; M.A., University of Iowa, 1988; Ph.D., University of Nebraska-Lincoln, 1999.

Charlene Dunfee, Ph.D.

B.S., William Jewell College, 1989; M.B.A., Baker University, 2001; Mgt.D., University of Phoenix, 2004; Ph.D., Capella University, 2006.

Randall C. Duncan, M.P.A.

B.A., Southwestern College, 1979; M.P.A., Park University, 2006.

Lana J. Ellis, Ph.D., J.D.

B.S./B.A., Missouri Western State University, 1991; M.A., University of Missouri-Kansas City, 1994; Ph.D., University of Missouri-Kansas City, 1999; M.B.A., Rockhurst University, 2003; J.D., Seattle University, 2009.

Gregory Ellsworth, M.Ed.

B.S., University of Idaho, 1984; M.Ed, University of Portland, 2001.

Ramona Emery, M.Ed.

B.S., Kansas State University, 1995; M.Ed., University of Oklahoma, 1998; Ed.D., University of Phoenix, 2014.

Michael T. Eskey Jr., D.P.A.

B.A., University of Georgia, 2006; M.P.A., University of Georgia, 2008; D.P.A., Valdosta State University, 2013.

Thomas Fuhrmann, M.B.A.

B.S./B.A., University of Central Missouri; M.B.A., Saint Louis University.

William L. Gaught, Ed.D.

B.S., Louisiana State University-Shreveport, 1985; M.S., Troy State University, 1988; M.S., Air Force Institute of Technology, 1990; Ed.D., University of Central Florida, 2007.

Robert H. Glass, Ph.D.

B.A., Baker University, 1969; M.A., University of Kansas, 1978; Ph.D., University of Kansas, 1991.

Janice Gordon, M.P.A.

B.A., University of Hawaii, 1981, M.P.A., University of Missouri-Kansas City, 1988.

Kevin Gordon, M.A.

B.A., Western Illinois University, M.A., Webster University, 1998.

Judy Ann Greene, M.A.

B.G.S., University of Kansas, 1979; B.S.Ed., University of Kansas, 1985; B.G.S., University of Kansas, 1986; M.A., University of Missouri-Kansas City, 2002.

Jeffrey Grote, M.P.A.

B.S., Park University; M.P.A., Park University.

Larry Guillot, S.T.D.

B.A., Josephinum College, 1957; S.T.D., Gregorian University, Rome, 1969.

David Hanzlick, Ph.D.

B.A., Washburn University, 1982; M.A., George Washington University, 1990; Ph.D., University of Missouri-Kansas City, 2013.

Robert Hauer, Ph.D.

B.A., University of Hawaii, 1971; M.A., Pepperdine University, 1973; B.S., University of Maryland, 1980; Ph.D., Capella University, 2006.

George Heymach, Ph.D., M.D.

B.E., City College of New York, 1964; M.S., University of Pennsylvania, 1966; M.B.A., University of Pittsburgh, 1997; Ph.D., University of Pennsylvania, 1969; M.D., Thomas Jefferson University, 1976.

Charice Holtsclaw, J.D.

B.S., Northwest Missouri State University, 1998; M.B.A., Park University, 2000; J.D., Washburn University, 2005.

David Hunt, Ed.D.

B.S., University of Missouri, 1980; M.Ed., University of Missouri, 1985; Ed.S., University of Missouri, 1987; Ed.D., University of Missouri, 1991.

James Ibe, Ph.D.

B.S., Northern Michigan University; M.A., University of Texas; M.S./M.B.A., Amber University; Ph.D., University of Texas.

Ray James, M.P.A., M.T.S.

B.A., Westminster College, 1963; M.P.A., University of Missouri-Columbia, 1989; M.T.S., Ave Maria University, 2011.

Mark Jelavich, Ph.D.

B.A., Bowdoin College, 1972; M.A., Johns Hopkins University, 1974; Ph.D., Johns Hopkins University, 1980.

Dennis Jirkovsky, M.B.A.

B.S., Missouri Western State University, 1976; M.B.A., Rockhurst University, 1995.

Helen Ikerd Johnson, Ed.S.

B.S., Missouri State University, 1967; M.S., University of Central Missouri, 1982; Ed.Spec., University of Central Missouri, 1994.

Alicia Kershaw, Ph.D.

B.S., Missouri Western State University, 1994; M.S., Northwest Missouri State University, 1998; Ph.D., University of Missouri-Kansas City, 2008.

Michelle Dahlsten Kratoofil, Ed.S.

B.A., University of Wisconsin-Milwaukee; B.A., University of Missouri-Kansas City; M.A., Baker University; Ed.Spec., University of Central Missouri.

Cynthia Kupka, Ed.D.

B.A., University of Central Missouri, 1977; M.S., University of Central Missouri, 1980; Ed.S., University of Central Missouri, 1982; Ed.D., Saint Louis University, 2009.

Virginia Edgerton Law, J.D.

B.A., University of Connecticut, 1986; J.D., University of Connecticut, 1989.

Ronal P. Lentz, Ph.D.

B.A., Texas Tech University, 1970; M.A., Texas Tech University, 1971; Ph.D., North Central University, 2004.

David Lingerfelt, M.B.A.

B.S., Kansas State University, 2003; M.B.A., Park University, 2008.

Jonathan Marsh, Ed.S.

B.S., University of Central Missouri, 1996; M.C.I., University of Missouri-Kansas City, 1999; Ed.S., University of Missouri-Kansas City, 2008.

LindaLee Massoud, J.D.

B.A., University of Michigan-Flint, 1980; M.A., Columbia Pacific University, 1984; J.D., Cooley Law School, 1987.

Audrey Mathews, D.P.A.

B.S., West Coast University, 1980; M.P.A., California State University, 1991; D.P.A., University of Southern California.

Robert Mayer, M.S.A.

B.A., Bethel College, 1973; M.S.A., Goddard College, 1980.

Ellen McDonald, M.A.

B.A., Grinnell College, 1981; M.A., School for International Training, 1985.

Neal McGregor, Ph.D.

B.S., Park University, 1988; M.A., Park University, 1992; M.B.A., University of Missouri-Kansas City, 1995; Ph.D., Walden University, 2005.

Jesse McLendon, M.P.A.

B.S., Park University, 1988; M.P.A., Park University, 1993.

Michael McVicker, M.B.A.

B.S., Baker University, 2005; M.B.A., Benedictine College, 2007.

Michael Miller, D.B.A.

B.A., Brooklyn College, 1974; M.B.A., Pace University, 1985; D.B.A., Nova Southeastern University, 2006.

Judith Moning, M.A.

B.S., Northwest Missouri State University, 1981; M.A., University of Missouri-Kansas City, 1986.

Chad Moretz, Sc.D.

B.S., Appalachian State University, 1994; M.S., United States Sports Academy, 1998; Sc.D., Tulane University, 2004.

Hauptmann School Distinguished Fellow in Leadership — B.S., Missouri State University; M.Ed., University of Virginia; Ed.D., University of Virginia.

Lewis Mustard, Ph.D.

B.A., University of North Carolina, 1966; M.A., California State University, 1995; D.B.A., Western Colorado University, 1977; Ph.D., Union Institute and University, 1992.

Jack Nesbitt, M.A.

B.S., Indiana University of Pennsylvania, 1961; M.A., Pennsylvania State University, 1967.

Jeanette Okerstrom, Ed.D.

B.A., University of Missouri-Kansas City, 1969; M.S., University of Central Missouri, 1978; Ed.D., St. Louis University, 2004.

David Olson, M.P.A.

B.S., Minnesota State University-Moorhead, 1962; B.A., Minnesota State University-Moorhead, 1962; M.P.A., University of Rhode Island, 1968.

Victoria J. Pate, J.D.

B.A., Arizona State University, 1975; J.D., University of Missouri-Kansas City, 1989.

Rebecca Peck, M.B.A.

B.S., Truman State University, 1976; M.B.A., University of Missouri-Kansas City, 1999.

Timothy Reardon, D.H.A.

B.A., American International College, 1973; M.B.A., Temple University, 1975; D.H.A., Central Michigan University, 2010.

Brooke Renton, M.S., Ed.S.

B.S., Missouri Western State University; M.S., Northwest Missouri State University; Ed.S., University of Missouri-Kansas City.

Jean Rumbaugh, M.A.

B.A., Gustavus Adolphus College; M.A., St. Mary's University.

Walter Schoemaker, J.D.

B.S., Park University, 1994; J.D., University of Kansas, 2004.

James Scott, M.Arch.

B.Arch./B.E.T., University of Kansas, 1981; M.Arch., University of Kansas, 1987.

Michael Selves, M.S.M.

B.S., Emporia State University, 1967, M.S.M., University of Arkansas, 1974.

Mahnaz Shabbir, M.B.A.

B.A., University of Missouri-Kansas City, 1982; M.B.A., University of Missouri-Kansas City, 1984.

Martha Shapiro, M.S.

B.M.E., University of Missouri-Kansas City, 1981; M.S., University of Missouri-Kansas City, 2000.

Sheri Smiley, M.A., J.D.

B.S., Tabor College; M.A., Friends University; J.D. Washburn University.

David Sprick, Ph.D.

B.S., Truman State University, 1995; M.P.A., Missouri State University, 1997; Ph.D., University of Missouri-Kansas City, 2004.

Albert Stahl, Ed.D.

B.S., University at Buffalo, State University of New York; M.S., Syracuse University; Ed.D., Syracuse University.

SueAnn Strom, Ph.D.

B.A., Ohio University; M.A., John Carroll University, 1972; Ph.D., 1984.

Peter Sturner, M.P.A.

B.A., Park University, 1972; M.P.A., Park University, 1997.

Frank Uzynski, M.B.A.

B.S., Missouri Western State University, 1977; M.B.A., Webster University, 1992.

Thomas Vansaghi, Ph.D.

B.S., Northwest Missouri State University, 1991; M.P.A., University of Missouri-Columbia, 1996; Ph.D., University of Missouri-Kansas City, 2008.

Mary Walters, M.S.N.

B.S.N., University of Kansas, 2004; M.S.N., University of Kansas, 2008.

Susan Willis, Ph.D.

B.A., East Tennessee State University, 1974; M.A., University of Tennessee, 1979; Ph.D., Bowling Green State University, 1991.

Catherine Wilson, Ph.D.

B.A., Carleton College, 1968; M.L.S., University of Wisconsin-Milwaukee, 1969; M.A., University of Missouri-Kansas City, 1990; Ph.D., University of Missouri-Kansas City, 1997.

Michael Wilson, Ph.D.

B.S., Northwest Missouri State University, 1975; M.B.A., Southern Illinois University, 1981; Ph.D., University of Nebraska, 1992.

Kourtney Woodbury, M.P.A.

B.A., Stephens College, 1998; M.P.A., Park University, 2007.

Phil Wright, Ed.D.

B.S., Northwest Missouri State University, 1981; M.A., Truman State University, 1988; Ed.S., Northwest Missouri State University, 1993; Ed.D., St. Louis University, 2003.

Steven Zeligman, M.S.

B.S., Park University; M.S., Norwich University.

PARK UNIVERSITY ADMINISTRATION

Senior Officers
