Michael H. Droge, Ph.D.
President, Park University
Dear Students,

Whether you are new to Park University or returning, I am pleased to extend a heartfelt welcome on behalf of the many students, faculty and staff members who proudly call Park their University! I encourage you to learn about Park's rich history of embracing diversity and offering classes at the times, term lengths, locations and delivery formats that best serve students.

Our story began in 1875 in Parkville, Mo., and now extends across 40 campus centers in 21 states, many of which serve our brave men and women in uniform and their families. With Park's large online learning program, the University also has a global presence that is further enriched by approximately 700 international students studying at Park from over 100 nations. In fact, Park has welcomed international students to the University since the late 1800s.

In 2012-2013, Park University launched a bold, comprehensive strategic plan, “Park’s Promise.” Numerous initiatives are either underway or planned over the next four years which will leverage Park’s many strengths in ways that will further distinguish the University as a leader in higher education. A focus of Park’s Promise is providing personalized, quality education with global relevance and understanding. Park’s dedicated faculty and staff members across the country will accomplish this initiative by engaging individuals in a lifelong learning relationship with the University to meet their changing educational needs over their careers and beyond. For 139 years, Park has been helping people better serve their community and country.

Both now and into the future, Park is here for you, your family and your community! You too can become a proud Park Pirate and successful future alumnus. My challenge to you is that you use your great Park education to serve others! That is both Park’s legacy and future.

Welcome to Park!

Michael H. Droge, Ph.D.

HISTORY OF PARK UNIVERSITY

Founded in 1875 in Parkville, Mo., a suburb of Kansas City, Park University has developed into a comprehensive, independent institution that is a national leader in higher education. In 2000, Park achieved university status and now serves 21,000 students annually at 40 campus centers in 21 states and online, including 35 campuses at military installations across the country. The University is accredited by the Higher Learning Commission, a member of the North Central Association of Colleges and Schools, and dedicates itself to affordability, innovation and quality.

Serving an ethnically diverse student population and non-traditional adult learners has, for many years, been central to Park’s educational mission. Even in its first year, the University enrolled women students as well as men, something that was unusual at the time; and two of the original 17 students were Native Americans. Park was also an early integrator when it welcomed African-American students to live in Park’s residence halls in the 1950s. Park has educated generations of students from diverse backgrounds providing affordable access to a private university education.

Park University’s flagship Parkville Campus is situated high on a bluff commanding an inspiring view of the Missouri River, which sweeps in a broad bend around the quiet community of Parkville. To the south and southeast, the skyline of downtown Kansas City, Mo., is visible. The 700-acre campus is a site of breathtaking natural beauty with woodlands, waterfalls and wildflowers.

Steeped in history, one can almost sense the presence of former Parkites who assisted in constructing many of the Parkville Campus buildings. Mackay Hall, on the National Register of Historic Places, houses administrative offices as well as classrooms. Construction began in 1886 with students quarrying stone from the surrounding land and carrying it to the site, building the structure as a means of earning their tuition. With its clock tower overlooking the residence halls, classrooms and other more modern facilities around it, Mackay is the symbol of Park University.

You can still work to help pay for your Park University education, and there is still a Park family atmosphere. This is the part of the University we can’t put on a map or show on a tour, yet it is as much a part of Park as the buildings and the landscape. This is friendliness, helpfulness, caring and concern for one another. It transcends race, religion, gender, cultures and income bracket. It is known as the Park Spirit.

Park University is committed to being one of the finest institutions in the nation, providing quality education in a wholesome environment for all students, including traditional and non-traditional full-time students on the historic Parkville Campus, and fully employed, full-time and part-time students on campus centers across the nation. And Park prides itself in its long-standing partnership with the U.S. military, and it is recognized as one of the largest providers of online undergraduate education to the armed forces.

MISSION STATEMENT
Park University provides access to a quality higher education experience that prepares a diverse community of learners to think critically, communicate effectively, demonstrate a global perspective, and engage in lifelong learning and service to others.

VISION STATEMENT
Park University, a pioneering institution of higher learning since 1875, will provide leadership in quality, innovative education for a diversity of learners who will excel in their professional and personal service to the global community.
PARKVILLE and KANSAS CITY

Park University calls Parkville, Mo., and the Greater Kansas City area home, offering students both small-town life and the flashing lights of a big city. With a population of more than 5,000, Parkville allows students the small-town lifestyle and tightly knit community often times associated with smaller universities. The Kansas City metropolitan area, the 29th largest in the U.S. with an estimated population just more than 2 million, provides numerous entertainment and shopping options, along with excellent opportunities for student employment in industries, businesses and agencies throughout the region.

Parkville is ideally located in the Heart of America, just 10 minutes northwest of downtown Kansas City, Mo., and 15 minutes south of Kansas City International Airport. Just minutes away are tradition-rich barbecue spots and professional sports venues, recreational activities, performing arts, museums, galleries, theaters and parks, making the Kansas City area one of the hottest tourist destinations in the country.

ACCREDITATION

Park University is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools, (KAN214F), 230 South LaSalle Street, Suite 7-500, Chicago, IL 60604 (800-621-7440). The State of Missouri Department of Elementary and Secondary Education, P.O. Box 480, Jefferson City, MO. 65102 (573-751-3469) has officially approved the academic standards of Park University for teacher education. The Department of Nursing Associate of Science Degree program is fully approved by the Missouri State Board of Nursing and accredited by the Accreditation Commission for Education in Nursing, 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326. Phone: (404) 975-5000 FAX: (404) 975-5020 website www.acenursing.org. The Athletic Training Education Program is accredited by CAATE, Commission on Accreditation of Athletic Training Education, 6836 Austin Center Blvd., Suite 250, Austin, TX 78731-3193 (512-733-9700). The Department of Social Work is accredited by the Council on Social Work Education (CSWE), 1701 Duke Street, Suite 200, Alexandria, VA 22314. School of Business is accredited by ACBSP (the Accreditation Council for Business Schools and Programs). 11520 West 119th Street, Overland Park, KS 66213 (913-339-9356).

Accreditation documents are available for review upon request in the Office of Academic Affairs.

STATE AUTHORIZATIONS

Tennessee

Park University Campus Center at Millington NSA is authorized by the Tennessee Higher Education Commission. This authorization must be renewed each year and is based on an evaluation by minimum standards concerning quality of education, ethical business practices, health and safety, and fiscal responsibility. Any grievances not resolved on the institutional level may be forwarded to the Tennessee Higher Education Commission, 404 James Robertson Parkway, Suite 1900, Nashville, TN 37243 (615-741-3605).

Arkansas

The director of the Arkansas Department of Higher Education has determined that Park University - Little Rock Air Force Base meets the requirements for institutions on military installations, and has issued an Exemption from Certification for the degree programs to be offered at Park University - Little Rock Air Force Base.

EQUAL EMPLOYMENT OPPORTUNITY POLICY

Park University is committed to equality in employment in all personnel matters, both academic and non-academic areas. Park University shall not discriminate on the basis of race, color, religion, gender, marital status, sexual orientation, pregnancy, national origin, age, disability, and veteran status. The University will follow procedures to prohibit discrimination in accordance with appropriate legal principles, including, but not limited to, Title VI of the Civil Rights Act of 1964, as amended, and Title IX of the Education Amendments of 1972. Inquiries or concerns may be directed to the Associate Vice President and Chief Human Resource Officer.

DIVERSITY STATEMENT

Park University is committed to recruiting, developing, retaining, and promoting talented employees with diverse backgrounds, talents, skills and experiences. At Park University, diversity encompasses a variety of characteristics, lifestyles, and perspectives. The University firmly believes this diversity is essential to enhancing the quality of service to its students, to meeting the needs and goals of its learners, and to ensuring the personal satisfaction of its employees and the Park University community.

NON-DISCRIMINATION POLICY

Park University prohibits discrimination on the basis of race, sex, color, national origin, sexual orientation, marital status, disability, religion and age in employment, and in its admission, education, programs, and activities of students under state and federal law, including Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and Titles VI and VII of the Civil Rights Act of 1964, as amended. Title IX specifically prohibits discrimination and harassment on the basis of sex. Park University will not tolerate sex discrimination or harassment of applicants, students, or employees, whether by students, faculty, staff, administrators, contractors, or outside vendors. Park University recognizes not only its legal responsibilities but also its moral and ethical responsibilities to prohibit discrimination and harassment on the basis of sex and to take appropriate and timely action to ensure an environment free of such inappropriate conduct and behavior. Additionally, Park University will not tolerate retaliation in any form against an applicant, student, or employee for reporting a violation of this policy or assisting in the investigation of a complaint. Inquiries or concerns about the Non-Discrimination Policy may be directed to the Dean of Students.

SERVICE MEMBERS OPPORTUNITY COLLEGES (SOC)

Park University is an undergraduate institution designated as a two-year and four-year member institution of SOC. As one of over 1,800 SOC member institutions, Park University recognizes the unique nature of the military lifestyle and has committed itself to easing the transfer of relevant course credits, providing flexible academic residency requirements, and crediting learning from appropriate military training experiences. SOC has been developed jointly by educational representatives of each of the Armed Services, the office of the Secretary of Defense and a consortium of thirteen leading national higher education associations. It is sponsored by the American Association of State Colleges and Universities (AASCU) and the American Association of Community and Junior Colleges (AACJC). Park University is a charter member of SOCAD-2 and 4, SOCNAV-2 and 4, SOCMAR-2 and 4, and SOCCoast 2 and 4. As a member institution, Park
University provides occupational and flexible associate and baccalaureate degree programs to active duty Army, Navy, Coast Guard and Marine personnel and their family members. Service members and their family who wish to take this degree completion opportunity through Park University must achieve degree candidate status by submitting an Application for Admission and Evaluation for one of the SOC curriculum networks offered by Park University at the location attended. Park University will then provide the student with a degree audit and a SOC Student Agreement. The student must complete the residency requirements at Park University but have the opportunity to complete the degree requirements at other network member institutions.

Park University is also a member of the SOC Education Program (SOCED). Park University provides a selection of professional education courses useful in most certification programs and whose transferability is guaranteed within the SOCED Core non-degree network.

CONCURRENT ADMISSIONS PROGRAM (ConAP)
The Concurrent Admissions Program (ConAP) is conducted by colleges and universities that offer associate or bachelor degree curriculums and that are members of Service members Opportunity Colleges (SOC). Concurrent with their enlistment in the Army or Army Reserve, new soldiers may apply for admission at a participating SOC college or university of their choice. If they meet admission criteria, they are granted admission on a full or provisional basis. Provisional admission means that the student may be required to take certain foundation courses or undergo other academic preparation as determined by the university and may be limited in the number of courses undertaken. Enrollment is deferred until completion of initial enlistment for active military service or, in the case of Army Reserve, until completion of initial active duty for training. The student must meet degree requirements of the catalog in effect at the time of enrollment in classes at the university. Enrollment of a student who attempts college/university course work elsewhere is subject to academic performance standards stated in the catalog. Admission of a student receiving other than an honorable discharge is subject to institutional review. This agreement is in effect for two years following completion of initial enlistment for active military service or initial active duty for training.

**Mission Statement**
The mission of the School for Natural and Applied Sciences at Park University is to create opportunities for students to explore their place in the universe and their place in an increasingly technological society through excellence in teaching. The student will learn to appreciate science as a means of acquiring knowledge; scientific knowledge being the cumulative result of applying logic to sensory data for the purpose of developing theories that explain natural phenomena. We prepare students to be lifelong learners as scientists, teachers, researchers, health care professionals, as well as users and developers of technology. Our graduates will be inquisitive critical thinkers who are articulate, literate, and committed to action in their global community.

**Vision Statement**
The School for Natural and Applied Sciences will be a leader in the education of students who desire an understanding of the importance of ethical applications of science and technology to improve the condition of humanity and the biosphere.

MISSION STATEMENT
The School for Education at Park University, an institution committed to diversity and best practice, prepares educators to be effective teachers, leaders in their communities, change agents in their schools, and advocates for learners.

VISION STATEMENT
The School for Education at Park University is to be known as a leader in the preparation of educators who will address the needs, challenges, and possibilities of the 21st century.

DIVERSITY STATEMENT
The School for Education fully supports University policy related to employment and to student admission. Specifically, the School seeks faculty and students with a record of academic achievement, involvement in the community and good character. No applicant will be denied employment or admission on the basis of race, religion, color, national origin, age, gender, disability, sexual orientation, marital status or veteran's status. Additionally, the School recognizes and appreciates the importance of diversity in its educational programs and actively seeks to recruit and retain faculty and students with diverse backgrounds.

PARK UNIVERSITY SCHOOL FOR EDUCATION CONCEPTUAL FRAMEWORK

Derived from Park University’s vision, mission, and core values, the School for Education’s (SFE) vision is to develop leaders in education. The SFE’s mission, embodied in five goals, is the commitment to prepare teacher candidates to be effective school professionals, reflective change agents, and advocates for equity and excellence. The SFE’s Conceptual Framework, grounded in sound educational research, theory, and practice, is centered on five core beliefs. These core beliefs guide the SFE as it nurtures and supports the development of teacher candidates’ knowledge, skills, and dispositions so they can be leaders and assume the roles of effective school professionals, reflective change agents, and advocates for equity and excellence. To confirm that the SFE’s vision, mission, goals, and core beliefs are being met, the SFE engages an assessment system that continually assesses and evaluates teacher candidates as they progress and transition through the SFE’s programs. The assessment system strives to be fair and unbiased so as to accurately confirm candidates’ competencies of their knowledge, skills, and dispositions, and to provide evidence upon which to guide future programming.

GOALS:
A candidate who meets the five goals below provides evidence that he or she is developing as an effective school professional, a reflective change agent, and an advocate for equity and excellence for all learners. The goals summarize the core knowledge, skills, and dispositions and are rooted in the Core Beliefs that make up the knowledge base that drives our programs.
1. Candidates exhibit behavior that demonstrates a belief that all individuals can develop, learn, and make positive contributions to society.
2. Candidates possess the necessary content
knowledge and professional knowledge to support and enhance student development and learning, including meeting student needs across physical, social, psychological, and intellectual contexts, as demonstrated by varied, evidence-based strategies, including technology.

3. Candidates possess the necessary knowledge and skills to conduct and interpret appropriate assessments and to use the information from assessments to develop and adapt instruction that meets learners’ needs and maintains their engagement.

4. Candidates exhibit behavior that demonstrates a belief that continuous inquiry and reflection can improve professional practice.

5. Candidates view and conduct themselves as professionals, providing leadership in their chosen field, and communicating effectively with students and stakeholders.

Core Beliefs:
The goals are rooted in these core beliefs that make up the knowledge base that drives our program.

#1: School professionals are advocates for equity and excellence for all. Every person can learn, and the goal of education is to give every individual the best possible opportunities to reach his or her highest potential. (Goal 1)

#2: There is a definite knowledge base in education. All educators are grounded in content knowledge, educational theory, pedagogical knowledge, research and best practice, and professionalism. Educators are also connected to the professional communities and learned societies in education in general and in their chosen field, and are knowledgeable in the standards of those societies as well as of those of the state of Missouri. (Goal 2)

#3: Within the definite knowledge base in education, educators have the necessary knowledge and skills to conduct and interpret appropriate assessments and to use the information from assessments to develop and adapt instruction that meets learners’ needs and maintains their engagement. Throughout the assessment process, educators uphold American Psychological Association guidelines related to ethics and confidentiality. Educators also know that assessment is both formative and summative. (Goal 3)

#4: Educators are reflective change agents who are experts in collaborative problem-solving and critical inquiry. They are professionals who should regularly engage in high-level thinking, and should promote and nurture those same high levels of thinking in the learners they serve. (Goal 4)

#5: Becoming a leader in education is a lifelong, developmental and social process that unfolds uniquely for each individual. Key to this process, leaders in education are scholars of teaching and learning, and, as such, are grounded in both best practice and current in evidence-based research in the field of education. In communicating effectively with students and stakeholders, educators use their competence in cross-cultural communication to communicate effectively with students and stakeholders. (Goal 5)

The School for Education offers a Bachelor of Science in Education with Missouri certification in early childhood, elementary, middle school education, and secondary education. Completion of the certification process enables a person to teach at the preschool, elementary, middle school, junior or senior high school level, either public or private. Philosophical, historical and modern methodological approaches to education are studied. Extensive field-based experiences are an integral and required part of these programs. They provide a variety of in-school activities and culminate in student teaching. Because many education courses require out of classroom and off campus visits to learning facilities, students must be prepared to provide their own transportation. The School for Education also offers a Bachelor of Science in Education degree in Education Studies including non-certification emphasis areas in Young Child, Youth, Early Childhood Education and Leadership, and Early Childhood Education Teaching Young Children. Extensive field-based experiences are also an integral and required part of these non-certification programs.

Teacher Certification

The Park University Education Program is approved by the Missouri Department of Elementary and Secondary Education. Upon completion of the program, passing the appropriate PRAXIS II test, passing disposition evaluations, recommendation by Park University, and application by the student, a Missouri Teaching Certificate is issued by the state of Missouri. If students wish to be certified in any state other than Missouri, students are responsible for their course of study to reflect that state’s requirements. Teaching Certification requires passing an FBI background check, which includes fingerprinting. The Park University Education Program requires a 2.75 cumulative GPA and a 2.75 GPA in the major or content area.
All students, including both degree seeking Certification, and Certification Only, must apply for admission, and meet admission requirements of the SFE; all students are required to complete professional education sequence classes.

Certification Only
Students who hold a Bachelor’s degree in Art, Spanish, English, Journalism, Social Studies, Mathematics, Unified Science-Biology, Unified Science-Chemistry, and are seeking certification to teach at the middle or secondary level in the State of Missouri may be eligible for Certification Only. These students must complete the professional curriculum listed in this catalog—B.S.E. in Middle School Education or B.S.E. in Secondary Education. They must also consult with a School for Education advisor and the Admissions certification advisor.

The following endorsements are available:

Early Childhood Education
A major in early childhood education requires a cumulative GPA of 2.75 or better and a 2.75 in core for Early Childhood certification candidates.

Elementary Education
A major in elementary education requires a cumulative GPA of 2.75 or better and a 2.75 in core for elementary certification candidates.

Middle School
A major in education by the State of Missouri and the completion of the professional requirements in Middle School with a cumulative GPA of 2.75 or better and a 2.75 in core is required. Information regarding middle school teaching areas is available from the School for Education.

Secondary Education
A major in education recognized by the State of Missouri and the completion of the professional requirements in Secondary Education with a cumulative GPA of 2.75 or better and a 2.75 in core is required. Information regarding secondary teaching areas is available from the School for Education.

K-12 Education
A major in education and the completion of the appropriate education courses with a cumulative GPA of 2.75 or better and a 2.75 in core is required. Additional information regarding this certification is available from the School for Education.

Admission to the School for Education
Students may apply for entry to the Education Program at any point in their work, but an application is usually completed upon earning 60 credit hours. Entry is open to all qualified students. Application to the program is made after an evaluation by the School for Education. Undergraduate, transfer, and certification only students who are interested in applying to Early Childhood Education, Elementary, Middle School, Secondary, Art, or Spanish Education are responsible for applying for admissions before enrolling in Education classes at or above 350. All applicants must be formally admitted to and currently enrolled at Park University and comply with the admissions requirements. The SFE Faculty approve all admissions to the School for Education.

The application for Admissions to Teacher Education may be obtained from the Director of Field Experience or the School for Education office. The application requires the signature of the advisor. The School for Education applicant sends the appropriate forms to the Director of Field Experiences for processing. The Director of Field Experiences will first present the admission applications to the education faculty during a regular School for Education meeting. The Education faculty has the responsibility to endorse or deny the admission application. The Education faculty is also responsible for monitoring the officially admitted teacher candidates.

Policy on Transfer Hours Above 350 by Undergraduate Students
Given the commitment to the Conceptual Framework, the School for Education (SFE) faculty believe undergraduate students need to master the Frameworks’ goals in the context of its knowledge, skills, and dispositions, which are unique to the SFE’s teacher education curricula and not available at other institutions. Therefore, Park University teacher candidates may transfer a limit of six hours of education.
classes above the 350 level. In addition, all classes that are field experiences or that coincide with the field experiences must be Park University credits.

**Appeal Process and Procedures on Denial of Admission to School for Education**

The CSARA Committee serves as an appeal body for the School for Education in the implementation of the education unit. The Committee will receive and review any candidate grievance that is within the authority of the School for Education and not addressed through other Park University Policies as written in the catalog (i.e., grade appeal, academic honesty, etc.). While not intended to be an exhaustive list, some examples of School for Education authority include review and decision of candidate admittance to the SFE, policies related to assessment of professional dispositions, requirements for practicum enrollment, and approval of application for directed teaching.

Additional information related to the appeals process may be obtained from the School for Education office. Appeals and grievances on all matters, except Admission to SFE and disposition evaluations, will be subject to Park University policies and procedures as outlined in the catalog.

The following requirements are the minimum application criteria. Meeting these requirements states that the applicant is eligible for admission consideration, but does not guarantee admission.

**Criteria for Admission to the School for Education Programs**

The Park University School for Education has Missouri Certification and Non-certification Programs. The Missouri Certification programs include Early Childhood, Elementary, Middle School, and Secondary.

The Non-certification program, Education Studies, includes Early Childhood Education and Leadership emphasis area, Early Childhood Education Teaching Young Children emphasis area, and International Studies emphasis area, as well as Early Childhood “Young Child,” and Elementary “Youth” emphasis areas. The following lists the requirements to enter the Park University School for Education Missouri Certification programs and the Park University School for Education Non Certification programs.

**Park University Missouri Certification—Emphasis Areas**

The requirements listed below are the minimum application criteria. Meeting these requirements states that the applicant is eligible for admission consideration, but does not guarantee admission.

- Two disposition evaluations completed by SFE faculty with each disposition rated “target” or “acceptable”
- Self-disposition evaluation
- Cumulative GPA of 2.75 including transfer courses
- 2.75 GPA in Core classes
- WCT passing score (Transfer students with a Bachelor’s Degree from an accredited institution are exempt)
- C-BASE passing score (two years to complete) (Transfer students with a Bachelor’s Degree from an accredited institution are exempt)
- ACT test scores required (on file in Admissions office) if less than five years since high school graduation.
- Completion of EDU 107, MA 135, EN 105, EN 106, EDC 220 and EDC 222 when applicable.

The above information is verified by the Office of the Registrar on the Application for Admission to the School for Education (form to be picked up by the student in the School for Education office and turned in to the Office of the Registrar)

- Letter of recommendation from professional outside of the School for Education (submitted electronically or in a sealed/signed envelope)
- Initial electronic portfolio approved by advisor
- Felony background Check and FBI Fingerprint check
- Child abuse and Neglect Screening

**Procedures for Request to Admission to the School for Education—Certification Programs**

The student provides the following documents to Director of Field Experiences, ten days before the School for Education meeting. Please submit documents with your name, telephone number, and e-mail address.

- Letter of recommendation (submitted in a sealed/signed envelope)
- Self-disposition evaluation
• Application for Admission to the School for Education (completed form picked up by the student from the Office of the Registrar)
• Initial portfolio approved by advisor
• FBI Felony background check passed
• Child abuse and Neglect Screening

Directed Teaching
Policy on Admission to Directed Teaching
Undergraduate, transfer, and certification only students who are applying for Early Childhood Education, Elementary, Middle School, Secondary, Art, or Spanish Education field experience are responsible for completing the application process within the required deadlines. All applicants must be formally admitted to and currently enrolled at Park University and comply with the admissions requirements. All applicants must meet the standards required for the directed teaching experience as established by the faculty of the School for Education. The application for Field Experience must be presented by the teacher candidate to the Director of Field Experience for processing within the posted deadlines. The deadline dates are posted in the Education Office and the office of the Director of Field Experience. The Director of Field Experience presents the teacher candidates’ applications to the SFE faculty. A candidate whose application for directed teaching is denied may appeal to the Committee for Selection, Admission, Retention, and Appeals (CSARA).

Appeal Process and Procedures on Denial of Admission to Directed Teaching:
An applicant who has been denied admission to the School for Education may appeal the decision. The appeal must be submitted in writing to the Committee for Selection, Admission, Retention, and Appeals (CSARA) using the appropriate form which is located in the School for Education Student Handbook. If the student disagrees with the Committee decision, he/she may appeal in writing to the Dean of School for Education. If the student disputes the decision of CSARA, he/she may appeal to the Dean of the SFE whose decision is final.

Additional information related to the appeals process may be obtained from the School for Education office.

The teacher candidate must meet the following criteria to qualify for Directed Teaching Experience:
• Dispositions completed by 2 professors with each disposition rated “target” or “acceptable”
• Self-disposition evaluation
• 2.75 GPA (Cumulative—all classes, including transfer courses)
• 2.75 in Core classes
• PRAXIS II passage
• “B” or above in EDC/EDE/EDM/EDS 359
• “B” or above in EDC/EDE/EDM/EDS 360a, 360b, and 360c (360c for elementary and Early Childhood only)
• Good standing in School for Education (not on probation)
• Unofficial Transcript
• Personal Autobiography acceptable
• FBI, Missouri Highway Patrol, and Family Services background checks approved
• TB tests passed by Early Childhood applicants

Park University Non-Certification Programs
Due to the uniqueness of each program, check each program for specific modifications.

Criteria for Admission to Program—Non-certification
The requirements listed below are the minimum application criteria. Meeting these requirements states that the applicant is eligible for admission consideration, but does not guarantee admission.
• Cumulative GPA of 2.75 including transfer courses
• 2.75 GPA in core classes
• WCT passing score (Transfer students with a Bachelor’s Degree from an accredited institution are exempt)
• Successful completion of EDC 220, EDC 222, MA 135, EN 105, and EN 106
• ACT test scores required (on file in Admissions office) if less than five years since high school graduation.
The above information is verified by the Registrar’s office on the Application for Admission to the School for Education:

- Two disposition evaluations completed by SFE Faculty with each disposition rated “target” or “acceptable”
- Letter of recommendation (from professional outside of the School for Education)
- Initial portfolio approved by advisor
- FBI Felony background check passed
- Child abuse and Neglect Screening

**Procedures for Request to Admission to the School for Education—Non-Certification Program**

The student provides the following documents to Director of Field Experiences, ten days before the School for Education meeting. Documents are submitted in a single envelope with name, telephone number, and e-mail address.

- Two disposition evaluations completed by SFE faculty with each disposition rated “target” or “acceptable”
- Self-disposition evaluation
- Letter of recommendation from professional outside of the School for Education (submitted in a sealed/signed envelope or electronically)
- Application for Admission to the School for Education
- Initial portfolio approved by advisor

**Availability of Courses**

All of the education programs are designed as Parkville Daytime Campus Center programs. However, we recognize that many working students desire to pursue education coursework, therefore we offer limited courses in an online, accelerated, or evening format. All courses are not available evenings because many require observation and participation in schools, which are only available during the day. Students interested in seeking certification should be aware that at some point they must be available to take day courses. Note that many courses have prerequisites.

**Courses Over Ten Years Old**

Education courses taken more than ten years prior to acceptance into the School for Education will not be counted toward certification without prior arrangement with the Education Faculty, which must be done the first semester enrolled at Park University. The student may petition the school to renew and credit a course, but the school has discretion in determining how the course will be updated for renewal. A syllabus and preferably portfolio of work from the course under consideration would permit the school to assess the deficiencies and assign additional work to update the course. Without appropriate supporting documentation (i.e. syllabus, text) the school may require a student to audit the course and do a supporting project. If deficiencies appear to be too great, the school may require the student to retake the course.

**Documentation of PRAXIS Rates:**

- 2001-2002 PRAXIS Pass Rate 90%
- 2002-2003 PRAXIS Pass Rate 96%

Vision:
The Hauptmann School of Public Affairs will serve the common good by graduating leaders who exercise authority responsibly, make ethical decisions, act with moral courage and advance human dignity worldwide.

Mission:
The Hauptmann School of Public Affairs offers citizen-centered professional programs grounded in the liberal arts and sciences. As participants in HSPA's vibrant academic community, faculty and students consider, in the coursework, the larger issues of democracy, stewardship and technology. In so doing, the HSPA seeks to prepare students with the courage and discernment to act for the common good in the global context. Going beyond competence, students develop knowledge, skills and values requisite for leadership and service in and across all sectors of society, including government, business, health care, and nonprofit. The HSPA cultivates public affairs as a lifelong passion that is fundamental to citizenship in a free society.

Park Distance Learning is a pioneer in non-traditional studies through its focus on the creation of degree programs to fit the unique needs of individual students. Park Distance Learning assists diverse segments of the population in achieving career and personal goals throughout their total educational experience. It is called "non-traditional" because it specializes in high quality and personalized educational service for service personnel and full-time employed adults. The key word is service. The entire staff and faculty of Park University act as facilitators of the student's educational experience. Because of this approach, Park Distance Learning has set a standard in serving students seeking personal development or new pathways to degree completion through innovative processes.

Park University began meeting the educational needs of service members in 1889, and our commitment continued through the establishment in 1972 of the Military Resident Center System (MRCS). In 1989, the name was changed to Park Extended Learning, and in 2003, because of the advent of Internet courses, became the College for Distance Learning with two schools: School for Extended Learning and School for Online Learning. In 2010 it took on the name of Park Distance Learning.

Park Distance Learning programs are now located on military installations, community colleges, commercial facilities convenient to students, and on the Internet. Park Distance Learning is one of the nation's largest programs serving over 22,000 students per year.

Because the program at each location is tailored to the needs of the local student population, only selected degrees and certain majors are offered at each extended campus center. The degrees and majors offered are agreed upon by Park University and the agency or authority being served. Notices are posted publicly at each extended campus center specifying the degrees and the majors being offered.

Park Online began under the auspices of the Park Extended Learning with one pilot class in English in 1996. The first class was a success and very quickly the online program found its own path for the adult student. Park Online has developed over 200 courses and offers 500 sections per term with over 14,000 students enrolled each year. Students seeking to continue educational careers after completion of their baccalaureate degree may enroll in programs for online courses in the areas of Master of Education, Master of Business Administration, Master of Public Affairs, Master of Arts in Communication and Leadership or Master of Healthcare Administration.

Many of the online courses are taken by students at Park Campus Centers who seek the benefits of an online education. Students often find that the flexibility of online learning helps them adapt to a hectic work schedule, family obligations, or unexpected travel. The online learning environment offered by Park Online provides flexibility, adaptability, and convenience. In addition, online learning materials can facilitate the student through adaptation to study that suits his/her learning style. Most online courses are scheduled within five eight-week terms in an academic year with classes beginning on Monday to midnight Sunday.

Park Distance Learning

Mission Statement
The mission of the Park Extended Learning at Park University is to provide quality, multifaceted and cost-competitive learning experiences for non-traditional students, to enable study in and impact upon the communities in which they live and work.

Vision Statement
The Park Extended Learning at Park University will be an internationally recognized leader in providing transformational learning experiences to promote lifelong learning within the global community.
MISSION STATEMENT
The Park Online’s mission is to provide superior online learning opportunities through the integration of effective instructional pedagogy with innovative technology, which fosters the quality and growth of the Park Online.

VISION STATEMENT
The Park Online’s vision is to be the premier provider of quality online higher education for a global society.

MyPark

MyPark is a personalized web portal that is designed to be a “one-stop” place for Park University faculty and students to access important information on the web. It also serves as a gateway to many online resources and communication tools at Park University. MyPark features include:

• Ability to easily enroll in classes, check grades, obtain degree audits and more.
• Pass through access to Google Apps for Education, online classes, and other online resources.
• Quick access to online library resources as well as Park’s calendars, news and announcements.
• A personal calendar tool for maintaining class schedules and appointments.
• Customizable “MyPages” for calendar, bookmarks, and groups.
• Communications with other students and club members through “Campus Life”.

MyPark can be accessed directly at https://my.park.edu or from Park’s home page at www.park.edu.
To log on to MyPark, faculty and students must use their University-provided ID number and their University-provided password which is provided by Enrollment Services or the ITS Help Desk or at the Identity Management system at https://accounts.park.edu.

Students will be able to register themselves online after consulting with their advisor or Campus Center Director. Faculty Advisors or the local Campus Center Director will also be available to input registration. Students must get their Park ID number and password from the Enrollment Services or the ITS Help Desk in order to gain online access. A photo ID must be presented. Technology Support is now available 24 hours x 7 days a week x 365 days a year. You can call (800) 927-3024 or chat at http://parkuniversity.echelp.org/. If you email support.technology@park.edu, then you will get a response within 24 hours.

PARK EMAIL (Provided by Google Apps for Education)
All Park students are assigned a Park Email account when they are accepted into the University. Park Email is the official means of communication between students, faculty and staff to provide information to, or request information from, students. It is the responsibility of all students and faculty to check their Park Email account on a regular basis.

What is your student email address?
Your Park Email address is typically created according to the following format: firstname.lastname@park.edu (Example: John Doe's email address would be: john.doe@park.edu). In the case that two individuals share the same first and last name exactly, the second person to have their email account created will get numerically incremented (Example: john.doe02@park.edu). Other than this method of duplicate address resolution, Park Email addresses are changed to match legal name changes only (we do not accept preferential requests). Please also note that email addresses are not case sensitive, so John.Doe@park.edu is the same address as john.doe@park.edu.

To log in to Park Email directly:
Step 1: Go to http://gmail.park.edu in any standard web browser.
Step 2: Use your Park University-provided ID number for your user-name.
Step 3: Use your Park University-provided password to authenticate.
Step 4: Click the “Login” button to access your email account.

To log in to Park Email through MyPark :
Step 1: Go to https://my.park.edu in any standard web browser.
Step 2: Use your University-provided ID number as your user-name, in the login fields at the top of the page.
Step 3: Use your University-provided password to authenticate.
Step 4: Click the “Login” button to access your portal account.
Step 5: In the “Google Login” on the lower left hand side of the default page, click on “Mail/Chat” to get automatic access to your Park Email account.
NOTE: If you do not know your University-provided password, please contact the Enrollment Services or the ITS Help Desk to obtain it.
More information about Park Email

Park Email is provided through a partnership between Google and Park University, as a service of Google Apps for Education. More information about Apps for Education can be found at google.com. Search "Apps for Education". The student can also email support.technology@park.edu or for live chat visit http://parkuniversity.echelp.org/ or call (800) 927-3024 for assistance 24 hours x 7 days a week x 365 days a year. Park Email accounts are only provided to admitted students, active faculty, and alumni of Park University.

Information Technology Policies and Procedures

University information technology resources constitute a valuable University asset that must be managed accordingly to ensure their integrity, security and availability for teaching, research and business activities. Carrying out this mission requires the University to establish basic Information Security policies and standards and to provide both access and reasonable security at an acceptable cost. The University Information Technology Policies and Procedures are intended to facilitate and support authorized access to University information.

Users of University information technology resources are personally responsible for complying with all University policies, procedures and standards relating to information security, regardless of campus center or location and will be held personally accountable for any misuse of these resources. The Information Technology Policies and Procedures are located in MyPark at https://my.park.edu. The use of student user ID and password to access the computer system is the equivalent of a legal signature and creates the same obligations for the student. The student will be responsible for any and all future registration(s) by accessing the computer with the assigned ID number. All activities on Park University information technology resources are subject to random monitoring and all transactions on the computer system constitute official records recognized by the institution. All appeal decisions related to policy or procedures will be based on the computer system transaction records.

Virtual Applications (Virtual Apps)

The goal of VirtualApps to provide Faculty, Students, and Staff with 24/7, on-demand access to a library of popular licensed software applications. These Virtual Apps can be accessed from any computer, Android, or iOS device anywhere an internet connection is available.

Currently, people must visit a particular computer lab during normal hours of operation to use some specific software. While anyone will still be able to visit labs for specific software, VirtualApps allows people with a Park University username to log in to a cloud-based system to access specialized software. This access gives Park students, faculty and staff the flexibility of using the software on campus, at home, and even while studying abroad (some of the specialized applications will be available only to groups that software pertains to).

Our initial efforts in virtualized software include Microsoft Office 2010, IBM SPSS Statistics 22, and QuickBooks Premier 2013. VirtualApps is not platform specific and can be used by Windows, Mac, Linux, Android and iOS operating systems.

You can access our VirtualApps at www.park.edu/virtual

Instructions for connecting to our VirtualApps environment can be found here: www.park.edu/virtual

We have setup a special support mailbox for questions, comments, concerns, etc., relating to VirtualApps that be reached at virtualapps@park.edu. Please send all of your support questions to that address.

INTERNATIONAL STUDENTS LEGAL REQUIREMENTS

Park University is authorized under federal law to enroll non-immigrant alien students. Qualified international students, defined as all students who are not United States citizens and who are in the United States legally, are encouraged to contact the Office of International Student Admissions and Services for special forms and instructions for admission to Park University. (Undocumented non-United States citizens, please see admission requirements on pages 65 – 69 of this catalog).

International students entering the United States with F-1 visas to study at a postsecondary school are required to attend the Park University Daytime Campus Center. Prospective international students holding B-1/B-2 visitor visas or F-2 dependent visas may apply and be admitted to Park University, but may not enroll in classes until their visa status has been officially changed to an F-1 student visa or another eligible visa status.

International Student Admissions and Services is also responsible to the Department of Homeland Security for ongoing reporting of the status of non-immigrant students attending Park University and reserves the right to recommend the denial of admission or suspension from classes of any international student failing to meet non-immigrant requirements.

DISABILITY GUIDELINES

Park University is committed to meeting the needs of all students who meet the criteria for special assistance. These guidelines are designed to supply directions to students concerning the information necessary to accomplish this goal. It is Park University’s policy to comply fully with federal and state law regarding students with disabilities and, to the extent of any inconsistency between these guidelines and federal and/or state law, the provisions of the law will apply. In addition to academic accommodations, we will also provide accommodations for campus activities. Contact us if you need services for plays, athletic events, graduation, club activities or other events.

Permanent Disability Guidelines
Notification of Disability: It is the student’s responsibility to submit the Request for Disability Services form and to provide adequate and appropriate documentation of a disability in order to receive academic accommodations. [A link to the form and full information about documentation is shown below.] Documentation must be provided in a timely manner to ensure full resolution of accommodations prior to the term for which the student requests accommodations. This will allow time to make all necessary arrangements prior to the initial class meeting. Documentation should be submitted to LaTasha Green, Assistant Director of Academic Support Services, Campus Box 46 (fax (816) 505-5445). A copy of the Request form and documentation will be securely retained in the student’s electronic file.

Students who have received disability services in high school will find helpful information regarding their rights, responsibilities, and transition from high school to university from the Missouri Association for Higher Education and Disabilities (MO-AHEAD). Visit the MO-AHEAD webpage at moahead.org. Once there, click the link for “The Guidebook.” There you can find a link to the Table of Contents to help you find more information.

Temporary Disability Guidelines
In the case of temporary disabilities, every effort will be made to provide reasonable accommodation for the duration of any disability. To insure prompt and appropriate action, the Assistant Director of Academic Support Services should be notified immediately of the arrangements believed to be necessary to accommodate a given temporary disability.

Documentation Requirements
Park University recognizes the best practices recommended by the national Association on Higher Education and Disability. We also realize that each individual and each disability is unique. Specific documentation requirements will vary according to the type of disability, but the following guidelines define acceptable documentation:

1. It is prepared by a licensed professional who is knowledgeable in the field of the student’s particular disability, and provide a description of the diagnostic methodology and/or a description of the diagnostic criteria, evaluation methods, procedures, tests and dates of administration, as well as a clinical narrative, observation, and specific results. Where appropriate to the nature of the disability, having both summary data and specific test scores (with the norming population identified) within the report is recommended.
Learning Disabilities (LD/ADHD): Students must provide supporting diagnostic test results from a licensed psychologist or certified specialist in learning disabilities. All testing should be based on adult level norms.

Physical Disabilities: Students must provide documentation from a physician that specifies the nature of the disability or disabilities.

Psychiatric Disabilities: Students should provide documentation from a licensed professional qualified to diagnose and treat psychological disorders.

2. It is **no older than three years**. (Certain long-term medical and health conditions may not be subject to this element. ex: blindness). Park University will evaluate, but may reject, documentation over three years old. We reserve the right to request updated verification of disability and necessary accommodations.

3. It **includes a statement of diagnosis**.

4. It includes a description of the student’s **current functioning** and/or the **current status** of the disability.

5. It describes how the disability **affects the student’s learning/functioning** in a post-secondary **educational** setting.

6. It includes recommendations for appropriate **post-secondary accommodations**.

7. It is **dated and signed by the licensed professional** and presented on letterhead of the professional.

8. It should **include information regarding medication** the student may be using and **treatment** he/she may be undergoing. This also should include the medication or treatment’s impact on the student’s ability to function in an academic setting.

Help Us Help You!
The Academic Support Center at Park University is pleased to serve our students with special needs. If you are seeking accommodations for a disability, here are the steps you should follow:

1) Fill in and submit the Request for Disability Services form.

This lets us know a little about you, your needs, and how we can serve you. You can find the form at [www.park.edu/terms-and-regulations](http://www.park.edu/terms-and-regulations). Print the blank form, fill it out, then mail, fax, or scan and email to:

LaTasha Green
Assistant Director of Academic Support Services
Park University
8700 River Park Drive
Parkville, MO 64152
Fax: (816) 505-5445
Email: disabilityservices@park.edu

(If you have questions: call (816) 584-6313)

2) Carefully read our policies and documentation requirements shown above.

3) Submit your documentation.

You may need to contact your doctor, psychologist, school counselor, VA counselor, or other qualified medical/educational professional to send your information. Use the same contact information shown above. Your information will be handled appropriately to protect your confidentiality. (Please note: your submission of the Request form begins the process, but no accommodations can be determined or provided until the documentation is received.)

4) Become familiar with the information in this handbook, so you will know how and when your instructors are notified, how accommodations are arranged, and other important aspects of receiving your services.

Documentation Review Process
Once your documentation is received, the Assistant Director of Academic Support Services will review it and determine appropriate accommodations. If your documentation does not satisfy the requirements above, you may be asked to submit updated or more complete information. Be sure to submit your documents in a timely manner to allow adequate time for the review process before the term begins.

When your request has been reviewed, you will receive notification of the approved accommodations. If you are a student on the Parkville campus, your accommodations will be handled by LaTasha Green, Assistant Director of Academic Support Services. If you attend a different campus, your Campus Director will work with you on providing the accommodations. Online students will work with LaTasha Green, and may also work with a Park University campus center for proctoring.
If you are not satisfied with the accommodations you have been granted, please call LaTasha Green to discuss the situation. In some cases, we may be able to make adjustments. In others, additional documentation may be needed.

For more information on filing a grievance, please see the details in the Handbook for Students with Disabilities at www.park.edu/terms-and-regulations.

DO NOT ask your instructor, campus director, regional director, or proctor to provide accommodations if you have not first submitted a Request for Disability Services form and documentation to the Assistant Director of Academic Support Services.

Please keep in touch with us to let us know how you are doing, and inform us immediately if you need additional assistance.

Your disability information is CONFIDENTIAL. We will inform the appropriate faculty or campus personnel of the accommodations you require, but we do not disclose the nature of your disability. In some cases, you may find that sharing this information with your instructors may help them understand you better, but that choice is up to you.

**Note:** Disability files are updated each year at the beginning of the spring and fall terms. If you are not enrolled for the current term, your file will be marked “inactive,” and you will be notified by email. To reactivate your file and your accommodations, simply notify the Assistant Director of Academic Support Services by email when you enroll again.

**Service animal policies at Park University**

**General Guidelines**

*Bona fide* service animals may accompany students, employees, and visitors with disabilities to Park University events, activities, and locations with rare exceptions. Local, state, and federal laws regulate the use of service animals at Park.

**Definitions**

- Service Animal: According to the Americans with Disabilities Act, a service animal is “any guide dog, signal dog, or other animal individually trained to do work or perform tasks for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals who are hearing impaired to intruders or sounds, providing minimal protection or rescue work, pulling a wheelchair, or fetching dropped items. A service animal is not a pet.”
- Partner/Handler: A person with a service animal.

**Requirements For All Service Animals and Their Partners**

- Vaccination: The animal must be immunized against diseases common to that type of animal.
- Health: The animal must be in good health.
- Under control of partner/ handler: The partner/ handler must be in full control of the animal at all times.
- Cleanup Rule: The partner should encourage the animal to use marked service animal toileting areas when such areas are provided.
- Documentation: Before a service animal becomes a part of the campus community, partners are required to submit a written request to the Director of Academic Support Services and documentation from a certified professional that includes the diagnosis of a specific disability which verifies the need for a service animal. If approved, we will issue the partner a letter of verification that may be presented to faculty and staff. Additional documentation that verifies current vaccinations and immunizations of the service animal must accompany the initial request and be re-submitted annually.

**When an Animal Can Be Removed**

Service animals may be removed or restricted on the campus for reasons of disruption, health, uncleanness, and safety. For example, a partner/ handler will be asked to remove the animal from the facility or event if the animal is ill and/or when the animal’s behavior poses a direct threat to the health or safety of other persons and/or animals.

**Areas Off-limits to Service Animals**

For safety and other reasons, all animals are restricted from certain areas, including laboratories, maintenance rooms/ custodial closets, and areas where protective clothing is required.

**Note:** Requests for exceptions to this restriction must be submitted to the ADA Compliance Officer.
Liability
The partner/handler of an animal at a Park University campus or event is personally responsible for any damage to property and/or harm to others caused by the animal while on the campus or sponsored event.

STUDENT RECORDS AND FERPA
Park University informs students of the Family Education Rights and Privacy Act of 1974 (FERPA). This act, with which the institution intends to fully comply, was designed to protect the privacy of educational records, to establish the rights of students to inspect and review their educational records, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Education Rights and Privacy Act Officer concerning alleged failures by the institution to comply with the Act.

Park University's local policy explains in detail the procedures to be used by the institution for compliance with the provisions of the Act. Copies of the policy may be found in the Office of the Registrar or as outlined here.

A. Policy Intent
1. The Park University student record policy is intended to conform with all state and federal statutes dealing with access to information held by an educational institution on present and former students.
2. The Park University student record policy is formulated to protect the privacy of the student information that is maintained and yet provide access to student records for those having a legitimate purpose to view such records. Regulations and procedures to ensure adequate protection of the student are provided in this policy.
3. “Records” refers to those files and their contents that are maintained by official units of the University. Generally, students have the right to review any official record that the University maintains on them. Access to records by others, without student permission, is limited to purposes of an educational nature. When access is permitted, documents will be examined only under conditions that will prevent unauthorized removal, alteration, or mutilation. Information to which the student does not have access is limited to the following:
   a. Confidential letters of recommendation placed in the student's files before January 1, 1975, and those letters for which students have signed a waiver of his/her right of access. Unless authorized by a University Administrator, access to student records, including access to all course materials, by faculty members is limited only to the faculty member actually teaching that course. Faculty members may not access course materials or other student records for courses they are not currently teaching without express authorization from a University administrator. Any unauthorized access to student records, including course materials, is a violation of this policy.
   b. Parent's confidential financial statements.
   c. Personal files and records of members of faculty or administrative personnel, “which are in sole possession of the maker thereof and which are not accessible or revealed to any person except a substitute”.
   d. Records of the Office of Admissions concerning students admitted but not yet enrolled at the University. Medical/psychological records used in connection with treatment of the student. Such records are, however, reviewable by a physician or psychologist of the student’s choice.
4. Only the following offices are authorized to release non-directory information: Registrar, Career Services, Counseling Services, Financial Aid, Vice President for Academic Affairs, Associate Vice President Student Affairs, Associate Vice President Enrollment Management, Provost, and President.

B. Access to Student Records by the Student or Parents of Dependent Student Learners:
1. Students have the right to inspect their records (as defined by A3 above) and are entitled to an explanation of any information therein.
2. Documents submitted to the University by or for the student will not be returned to the student. Academic records received from other institutions will not be sent to third parties external to the University. Records should be requested by the student from the originating institution.
3. Official records and transcripts of the University (signature and/or seal affixed) are mailed directly to other institutions or agencies the student requests. When circumstances warrant, official records may be given directly to the student at the discretion of the proper University official. In such cases, the record will be clearly marked to indicate issuance to the student.
4. Should a student believe his/her record is incorrect, a written request should be submitted to the appropriate University official indicating the correct information that should be entered. The official will respond within a reasonable period concerning his/her action. Should the student not be satisfied, a hearing may be requested by the Registrar.

C. Access to Student Records by Others

1. Disclosure of general directory information: Certain information may be released by the University without prior consent of the student if considered appropriate by designated officials. Such information is limited to the following:
   • Student’s name, address, telephone number (permanent and local)
   • Date and place of birth
   • Dates of attendance at the University, major fields of study, current classification, degrees, honors, and awards
   • Previous schools attended and degrees awarded
   • Heights and weights of members of athletic teams
   • Participation in officially recognized activities
   • Email address
   • Class schedule
   • Full or part-time status
   • Photograph

2. Directory information will not be released for commercial purposes by administrative offices of the University under any circumstances. Students may request that directory information not be released by written request to the Office of the Registrar. All other student information will be released only upon written request of the student, excepting those instances cited below.

3. Disclosure to members of the University community:
   a. Access to student records for administrative reasons for faculty, administrative staff, and other pertinent employees is permissible provided that such persons are properly identified and can demonstrate a legitimate interest in the materials.
   b. Access for the purpose of research by faculty and administrative staff is permissible when authorized by the department chair, Associate Dean, Associate Vice President for Academic Affairs, Associate Vice President Student Affairs, Provost, or President.
   c. Information requested by student organizations of any kind will be provided only when authorized by the Associate Vice President for Academic Affairs, Associate Vice President Student Affairs, Provost, or President.

4. Disclosure to organizations providing financial support to student: it is the University’s policy to release the academic transcript to such organizations only upon the student’s written request or authorization. Otherwise, the academic transcript will be sent only to the student, a policy consistent with the University’s interpretation of FERPA, popularly known as the “Buckley Amendment.”

5. Disclosure to other educational agencies and organizations: information may be released to another institution of learning, research organization, or accrediting body for legitimate educational reasons provided that any data shall be protected in a manner that will not permit the personal identification of the student by a third party.

6. Local, state, and federal government agencies: government agencies are permitted access to student records only when auditing, enforcing, and/or evaluating sponsored programs. In such instances, such data may not be given to a third party and will be destroyed when no longer needed for audit, enforcement, and/or evaluative purposes.

Questions concerning the Family Education Rights and Privacy Act may be referred to the Office of the University Registrar.

PARK UNIVERSITY STUDENT HARASSMENT POLICY

Park University strives to provide educational, working, cocurricular, social, and living environments for all students, staff, faculty, trustees, contract workers, and guests that are free from Harassment on the basis of age, color, disability, gender, gender identity, national or ethnic origin, race, religion, sexual orientation, or veteran status. The University has deemed this to be unacceptable behavior which will not be tolerated. A person who believes that he or she has been subjected to harassment, or any person who has knowledge of harassment of a person associated with Park University, is encouraged to confer promptly with the Dean of Students. Please call Student Life at (816) 584-6377, or during non-business hours - call Campus Safety at (816) 584-6444, who will assist in contacting the Dean of Students. If you prefer to use an online form, you are welcome to report any
sort of harassment using the Park University Sexual Harassment Report Form at www.park.edu/student-life. To review the full non-discrimination policy, and see steps on reporting harassment, please check the Park website at: www.park.edu/student-life.

Prevention of Sexual Harassment and Sexual Violence: Title IX Policy
Title IX specifically prohibits discrimination and harassment on the basis of sex. Park University will not tolerate sex discrimination or harassment of applicants, students, or employees, whether by students, faculty, staff, administrators, contractors, or outside vendors. Park University recognizes not only its legal responsibilities but also its moral and ethical responsibilities to prohibit discrimination and harassment on the basis of sex and to take appropriate and timely action to ensure an environment free of such inappropriate conduct and behavior. Additionally, Park University will not tolerate retaliation in any form against an applicant, student, or employee for reporting a violation of this policy or assisting in the investigation of a complaint.

To see the complete Title IX Policy for Park University, go to www.park.edu/student-life. To file a Sexual Harassment, Title IX Complaint, complete the online form available through the Park University website at www.park.edu/student-life.

Student Employee Relationships
Park University Employees are prohibited from developing a romantic or sexual relationship with a Park University student. Employees are deemed to be primarily responsible for adherence to this policy, although both employee and student will be held accountable. Even among students - consensual romantic or sexual relationships in which one party maintains a direct supervisory or evaluative role over the other party are discouraged.

Procedures Regarding Harassment Complaints
Concerns about harassment and/or possible violations of Park’s Non-Discrimination Policy should be directed to the Dean of Students at diana.mcelroy@park.edu or (816) 584-6465.

STUDENT CONDUCT
As a student at Park University, you should be aware of the rights you have as a student and of the responsibilities associated with being a Park student. These policies apply to ALL Park University students, regardless of whether the student is taking classes online, at a Campus Center, or on the Parkville campus - all delivery modes and all locations. The Student Code of Conduct is based on respect for self and others, and was developed to challenge students to embrace high ethical standards, and interact with other students, faculty, and staff with integrity.

Core Values of Park University:
ACCOUNTABILITY
CIVILITY AND RESPECT
EXCELLENCE
GLOBAL CITIZENSHIP
INCLUSIVITY
INTEGRITY

As a student, you have the right to an opportunity to learn in an environment that is free from discrimination based on race, color, creed, religion, gender, marital status, sexual orientation, national origin, age, disability, or veteran status. It is the responsibility of all members of the Park University community - students, faculty, and staff - to create and maintain an environment where all persons are treated with respect, dignity, and fairness. Students have responsibility for assuming the consequences of their actions. Students are expected to accept their obligations to the entire Park community to honor and respect the value and integrity of each person and to conduct themselves accordingly. In addition, students are responsible for making themselves aware of Park University policies and procedures, all of which are outlined in the Catalog, in the Student Handbook, and/or on the Park University website.

The mission of Park University, is to provide access to a quality higher education experience that prepares a diverse community of learners to think critically, communicate effectively, demonstrate a global perspective and engage in lifelong learning and service to others. In order to maintain an environment where this mission can be achieved effectively and equitably, Park University promotes civility, respect, and integrity among all members of the community. Choosing to be a member of the Park University community obligates each member to follow these standards and ensures that a campus community of civility is maintained. In that light, the Student Code of Conduct will follow established processes for insuring fundamental fairness and an educational experience that facilitates the development of the individual and/or group.
Student Conduct Code
The primary intent of this Code is to set forth community standards necessary to maintain and protect an environment conducive to learning. Park University standards reflect higher expectations of behavior than may be prevalent outside the University community. A suspicion of wrongdoing, based on probable cause, must exist before a student shall be subject to disciplinary review. Throughout the judicial procedures, staff will ensure that students receive adequate due process and make sure that their rights are protected.

Any student found to have committed or to have attempted to commit the following misconduct may be subject to disciplinary sanctions:

1. Acts of Dishonesty. Acts of dishonesty, including but not limited to the following:
   a. Academic Dishonesty. Cheating, plagiarism, or other forms of academic dishonesty. Please note that Academic Honesty is a policy that is also enforced by the faculty member of the course. A detailed description is included under “Academic Honesty” in the Catalog and on the Park website.
   b. False Information. Furnishing false information to any University Official.
   c. Forgery. Forgery, alteration, or misuse of any Park University document, record, or instrument of identification.

2. Disruption. Intentional disruption or obstruction of teaching, research, administration, disciplinary proceedings, other University activities, including its public service functions.

3. Threatening, Abusive, or Harassing Behavior. Physical abuse, verbal abuse, threats, intimidation, harassment, coercion, and/or other conduct which threatens or endangers the physical health, mental health, or safety of any person. Such prohibited conduct includes but is not limited to repeated unsolicited attempts to contact any Park University community member via any means and/or exhibiting other behavior which could be construed as stalking.

4. Theft. Attempted or actual theft of and/or damage to property of Park University or property of a member of the Park University community or other personal or public property.

5. Lewd or Disorderly Conduct. Conduct that is disorderly, lewd, or indecent; breach of peace; or aiding, abetting or procuring another person to breach the peace on University premises or at University-sponsored activities.

6. Hazing. Any behavior which constitutes hazing, whether such behavior occurs on University premises at University activities or off campus.

7. Failure to Comply. Failure to comply with directions of University Officials or law enforcement officers acting in performance of their duties including failure to identify oneself to these persons when requested to do so.

8. Unauthorized Entry. Unauthorized possession, duplication or use of keys to any University Premises or unauthorized entry to or use of University Premises.

9. Unauthorized Activities. Any activity that occurs on or off University Premises that could adversely affect the health, safety or security of a member of the Park University community.

10. Controlled Substances. Use, possession, manufacturing, or distribution of Controlled Substances except as expressly permitted by law. Students with confirmed possession or use of controlled substances on University Premises or during any University Activity with no right to legally use such controlled substances may face immediate dismissal.

11. Alcohol. Use, possession, manufacturing, or distribution of alcoholic beverages, or public intoxication.

12. Firearms/Weapons. Possession of firearms, explosives, other weapons and dangerous chemicals by any employee, student or other person is prohibited on Park University premises, including all real property owned, leased, rented or otherwise legally possessed or occupied by Park University. This prohibition includes concealed firearms and other concealed weapons, whether a person has a concealed carry permit or not. The only exception to this prohibition is that on-duty law enforcement officers may possess the weapons they are required to carry while on duty. Students who violate this policy will be subject to immediate dismissal.

13. Unauthorized Use of Electronics. Any unauthorized use of electronic or other devices to make an audio or video record of any person while on Park University Premises or while conducting University business, without his/her prior knowledge, or without consent when such a recording is likely to cause injury or distress. This includes, but is not limited to, surreptitiously taking pictures of another person in a gym, locker room, or restroom, or using consensual photographs, videos, or audio in a manner not agreed to by all parties.

14. Computer Theft and Abuse. Theft or other abuse of computer facilities and resources, including file-sharing and intellectual property. (See Information Technology Acceptable Use Policy).
15. Abuse of Student Conduct System. Abuse of the Student Conduct System, including failure to comply with the sanction(s) imposed under the Student Code.

16. Policy Violation. Violation of any Park University Policy, including but not limited to, residential life policy, drug and alcohol policy, weapons policy, harassment free institution policy, information technology policy, sexual assault policy, and all academic policies which Policies appear in the Catalog, Student Handbook, and on the Park University website.

17. Local, State and Federal Agencies. Park University will cooperate with local, state and federal criminal agencies, and may initiate criminal investigations into the conduct of Park University Students when deemed appropriate.

Filing a Complaint Regarding a Violation of the Student Code

Any member of the Park University community may file a complaint against a Student for violations of the Student Code. A complaint shall be prepared in writing and directed to the Associate Dean of Students. Any complaint should be submitted as soon as possible after the event takes place, preferably within one (1) week of the incident. The Associate Dean of Students may conduct an investigation to determine if the complaint has merit and/or if it can be disposed of administratively by mutual consent of the parties involved on a basis acceptable to the Associate Dean of Students. If the Student admits violating the Code, subsequent process shall be limited to determining the appropriate sanction(s). All complaints shall be presented to the Accused Student in written form. A time shall be set for a Student Conduct Board Hearing, not less than five nor more than fifteen calendar days after the student has been notified. Time limits for scheduling of Student Conduct Board Hearings may be extended or reduced at the discretion of the Associate Dean of Students. The Associate Dean of Students can act independently to deliver an administrative decision or can utilize a Student Conduct Board to adjudicate. The Director of Residence Life and Education will be the hearing officer for all complaints involving residential students or involving incidents occurring in the residence halls. However, if the complaint is serious enough to consider expulsion as a sanction, than the case will be forwarded to the Associate Dean of Students to adjudicate.

More information regarding the Student Conduct Code, Conduct Board Hearing procedures, and reporting forms are available at www.park.edu/student-life.

Sanctions

The purpose of sanctioning is to educate and develop the student, provide restitution, and prevent future behaviors. The following sanctions may be imposed upon any student found to have violated the Student code:

1. Warning - A notice in writing to the student that the student is violating or has violated institutional regulations.

2. Probation - A written reprimand for violation of specified regulations. Probation is for a designated period of time and includes the probability of more severe disciplinary sanctions if the student is found to violate any institutional regulation(s) during the probationary period.

3. Loss of Privileges - Denial of specified privileges for a designated period of time.

4. Fines - Previously established and published fines may be imposed.

5. Restitution - Compensation for loss, damage, or injury. This may take the form of appropriate service and/or monetary or material replacement.

6. Counseling - Short term or long term counseling in order to provide support.

7. Discretionary Sanctions - Work assignments, essays, service to the University, or other related discretionary assignments.

8. Interim Suspension - Interim Suspension from the residence halls and/or other campus facilities or programs may be imposed to ensure the safety and well being of members of the University committee, to ensure the student’s own physical or emotional safety and well-being, or if the student poses an ongoing threat of disruption of, or interference with, the normal operations of the University. The Interim Suspension does not replace the regular process, which shall proceed on the normal schedule, up to and through a Student Conduct Board Hearing, if required.

9. Residence Hall Suspension - Separation of the student from the residence halls for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.

10. Residence Hall Expulsion - Permanent separation of the student from the residence halls.

11. University Suspension - Separation of the student from Park University for a definite period of time, after which the student is eligible to return. Conditions for readmission may be specified.

12. University Expulsion - Permanent separation of the student from Park University.
13. Revocation of Admission and/or Degree - Admission to or a degree awarded from Park University may be revoked for fraud, misrepresentation, or other violation of University standards in obtaining the degree, or for other serious violations committed by a student prior to graduation.

14. Withholding Degree - Park University may withhold awarding a degree otherwise earned until the completion of the process set forth in this Student Conduct Code, including the completion of all sanctions imposed, if any.

Appeals
All students have the right to an appeal. An appeal must be based on the existence of new information, to determine if the process was handled fairly, to determine if substantial information exists to make this decision, or to determine if the sanction imposed was appropriate for the violation. Details on the Appeals process for Student Conduct issues is available on the Park website at: www.park.edu/student-conduct-code.

COMPLAINTS / GRIEVANCES POLICY
Park University has a variety of complaints/grievances procedures related to harassment, disciplinary actions, financial aid appeals, and traffic violation appeals. Students should use these processes when appropriate, contacting the Enrollment Services for guidelines, procedures, etc. Students who use these procedures will not be permitted to use the following procedures on the same incident or issue. However, students may choose instead to use this procedure in which the treatment rather than the outcome is being challenged.

It is the policy of Park University to provide equal opportunity for all enrolled students without discrimination on the basis of race, color, religion, gender, marital status, sexual orientation, national origin, age, disability, or veteran status. Students who feel that they have been discriminated against should contact the Enrollment Services (1st floor Norrington, or send an e-mail to enrollmentservices@park.edu) for information relative to guidelines and/or procedures for filing a complaint or grievance.

Park University has developed the following procedures for assuring that the student has the opportunity to have his/her concerns addressed.

COMPLAINT
A complaint is an informal claim of discriminatory treatment. No written report(s) on the incident or the outcome of the investigation are required.

GRIEVANCE
A grievance is the written allegation of discrimination that is related to:
- Treatment while enrolled in an educational program
- Employment as a student on campus or in campus-based programs
- Financial aid awards
- Participation in clubs and/or organizations
- Other matters relating to campus life or student life.

*Please note: If the grievance is related to a Student Harassment Policy or Title IX Policy situation, please refer the matter immediately to the Dean of Students, who serves as the Title IX Coordinator. More information on these policies is available on the Park website at www.park.edu/student-life.

PROCEDURES
1. Students wishing to make an informal complaint or file a grievance should contact the Enrollment Services or Campus Center Director for the correct procedures to be followed. Record-keeping will be the responsibility of that office.
2. In the case of complaints, the Enrollment Services (or the designee) will either:
   a. direct the complainant to the supervisor of the area where the alleged incident occurred or
   b. contact the supervisor on the student’s behalf.
3. Students filing a grievance will be instructed to send a written statement which documents the alleged discrimination to the Associate Vice President for Student Affairs and to the immediate supervisor of the area where the alleged incident occurred. A written response from the supervisor will be made within ten working days.
4. If after reviewing the written response the student wishes to pursue the matter further, copies of the entire file are to be forwarded to Park University’s Human Resources Officer. This officer will be free to interview those directly involved, and will be free to contact any who have information, in order to resolve the matter. The student’s right to appeal stops with the Human Resources Officer. The goal of this procedure is to prevent reoccurrence. However, in instances where an individual is found responsible for serious discriminatory action, the Human Resources Officer will consult with the President regarding sanctions.
5. The President may choose to impose a variety of sanctions, including verbal warnings or letters of reprimand or dismissal from employment or enrollment at Park University.

Please refer to the Academic Regulations and Policies section for material specifically relating to academic grievances and grade appeals.

ACADEMIC GRIEVANCES
Refer to Academic Regulations and Policies, Academic Grievances and Grade Appeal, page 96.

IDENTIFICATION CARDS
The Park University photo identification (ID) card should be carried at all times for use at the Park University library, campus athletic events, the Office of the Registrar, the Cashier’s Office, and other offices where identification may be needed. There is a replacement fee (payable at the Enrollment Services) if the ID card is lost or stolen.

Photo ID pictures will be taken for Parkville Daytime Campus Center students in the Enrollment Services (1st floor Norrington). Students and faculty attending the Downtown campus must have an ID parking pass which is issued by the Downtown Kansas City Campus at 911 Main. During the confirmation of courses, IDs may be secured by presenting a Student Data Sheet (SDS) stamped by the cashier certifying that fees are paid. Contact Enrollment Services at (816) 584-6800 for further information or for questions.

ID cards for all other campus centers can be obtained from the Campus Center Director. These cards may be used by students, faculty and staff, and may be required by the local facility as part of the information needed to gain entry onto the installation. The ID may be obtained only after tuition and fees have been paid for the term. An expiration date will be noted on the ID.

TOBACCO USE POLICY
The use of tobacco (smoking, smokeless and electronic cigarettes) is prohibited in all Park University facilities and vehicles. This applies to all Park University campuses. Students should be aware that city, state, federal or landlord regulations may also limit use of tobacco at a particular campus center or Park University event.

On the Parkville Campus, smoking is restricted to designated smoking areas, which includes a ten-foot radius around the burgundy-colored benches located on campus, at least 50 feet from building entrances. Please note that the underground is considered a building. Designated smoking areas include benches, plus urns for the disposal of cigarette/cigar butts. The use of tobacco in any other Parkville campus location or the disposal of cigarette/cigar butts anywhere other than the
supplied urns, are subject to Park University fines and other sanctions and will be enforced by Campus Safety staff. Students should also be aware of the Parkville, Missouri City Code Chapter 206 banning smoking in public places - which could lead to additional fines imposed by the City of Parkville.

Please note that as of July 1, 2015, the Parkville Campus of Park University will be entirely smoke-free. The Downtown Kansas City, Missouri; Independence, Missouri; and Austin, Texas campuses will also be smoke-free as of July 1, 2015.

GENERAL PROCEDURES FOR REPORTING A CRIME OR EMERGENCY

Faculty, staff, students and guests are strongly encouraged to report all crimes and emergencies to the Department of Campus Safety. The Department of Campus Safety is staffed 24 hours a day, 365 days a year, and can be reached at (816) 584-6444. Campus Safety dispatchers will take your call and dispatch an officer, and if necessary call the police, fire department or EMS agency to assist in your emergency.

If you are on a campus other than the Parkville Campus, please report your crime or emergency to the Campus Center Director or the appropriate law enforcement agency.

Crimes should be reported to the Department of Campus Safety so that the statistics can be reported to the U.S. Department of Education in compliance with the Federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (the Clery Act). A copy of this report, along with more information on the Jeanne Clery Act, Emergency Procedures, Timely Warnings, and Campus Alerts is available online at: www.park.edu/campus-safety. For a printed copy of the report, please contact the Department of Campus Safety at (816) 584-6444.

DRUG AND ALCOHOL POLICY

Park University recognizes that misuse of alcohol and other drugs and the unlawful possession, use or distribution of illicit drugs and alcohol pose major health problems, are potential safety and security problems, can adversely affect academic and job performance, and can generally inhibit the educational development of students. Park University is committed to the standards outlined by the Federal Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989. As a result of this commitment, Park University has established regulations forbidding the unlawful manufacture, distribution, dispensing, possession or use of illegal or illicit drugs and alcohol on Park University premises or property or as part of any Park University activity planned for or by students. These regulations shall assure that Park University is in compliance with all applicable federal, state, and local statutes, regulations, and ordinances. Please see the Student Conduct Code for more details and check the Student Handbook online at www.park.edu/student-life for more information about regulations, disciplinary actions, legal sanctions, health risks, and referral/treatment information.

PREVENTION OF SEXUAL HARASSMENT AND SEXUAL VIOLENCE: TITLE IX POLICY FOR PARK UNIVERSITY

Title IX specifically prohibits discrimination and harassment on the basis of sex. Park University will not tolerate sex discrimination or harassment of applicants, students, or employees, whether by students, faculty, staff, administrators, contractors, or outside vendors. Park University recognizes not only its legal responsibilities but also its moral and ethical responsibilities to prohibit discrimination and harassment on the basis of sex and to take appropriate and timely action to ensure an environment free of such inappropriate conduct and behavior. Additionally, Park University will not tolerate retaliation in any form against an applicant, student, or employee for reporting a violation of this policy or assisting in the investigation of a complaint.

To see the complete Title IX Policy for Park University, go to www.park.edu/student-life. To file a Sexual Harassment, Title IX Complaint, complete the online form available through the Park University website at www.park.edu/student-life.

Sexual Offender Registration

The Campus Sex Crimes Prevention Act (CSPA) of 2000 is a federal law that provides for the tracking of convicted sex offenders enrolled at or employed by, institutions of higher education. The CSPA is an amendment to the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Act. The federal law requires state law enforcement agencies (in Missouri it is the Missouri State Highway Patrol) to provide Park University with a list of registered sex offenders who have indicated that
they are either enrolled, employed or carrying on a vocation at Park University.

Park University is required to inform the community that a registration list of sex offenders will be maintained and available at the Park University Department of Campus Safety office located on the 1st floor of Thompson Center on the Parkville Campus. For other campuses a list will be maintained by the Campus Center Director. Sex offender information is also available online. For information on sex offenders living in or near Parkville, please visit the Missouri State Patrol website at www.mshp.dps.missouri.gov/MSHPWeb/PatrolDivisions/CRID/SOR/SORPage.html. You may also view data on the Platte County Sheriff’s Department website at www.plattesheriff.org/registered-offenders.

COMPUTERS, THE INTERNET, EMAIL, VOICE MAIL AND FAX MACHINES USE

The Park University Information Technology Network, and the University Telephone System (“University Systems”) exist to enable the University to carry out its educational mission. While the University does not completely prohibit personal use of the University Systems during personal time, the University limits such use and reserves the right to prohibit personal use on a case-by-case basis. The University has no liability to persons who use the University Systems and no liability for any loss of or damage to personal information while in the University Systems.

The University Information Technology Policies and Procedures Manual describes in detail the policies and procedures that govern the use of the University Information Technology Network and all users of the University Information Technology Network are charged with knowledge of those policies. Copies of this Manual are available in the Academic Affairs Office. The Student Conduct Code, the Faculty Manual, and the Employee Policy Manual may also be applicable to user violations of University policies.

The University has the right to monitor all use, personal and otherwise, of all University Systems including the University Information Technology Network and is legally entitled to review, retain, use or release copies of any incoming or outgoing information. Persons who use the University Systems have no right to privacy when using those Systems and users should always assume that any voice, data, or written material on the University Systems is totally accessible to University officials.

By utilizing the University Systems, the user agrees not to violate any University policies or any applicable federal, state, and local laws, ordinances and regulations including those that prohibit libel, copyright violations, the use of obscenities, intimidation, harassment, or discrimination, and agrees to indemnify and hold the University harmless from and against all claims, damages, costs and/or expenses, sustained by the University, including reasonable attorneys fees, arising out of the user’s violation of any University policies and all improper, illegal or otherwise actionable use of the University Systems. Users of the University Systems may also be subject to criminal prosecution and/or civil suits in which the University seeks damages and/or other legal and/or equitable remedies.

The University will respond to and investigate any complaint of a violation of University policies. Usually the University will first attempt to deal with misuse of the University Systems in an educative manner. However, the University retains the right to restrict student use of the University Systems as well as the right to discipline, suspend or expel a student and discipline or terminate an employee who misuses those Systems.

All users of the University Systems have an obligation to comply with all University policies, make reasonable efforts to avoid introduction of computer viruses, and to report suspected violations of this policy to a University vice president.
QUALIFICATIONS

Park University seeks students with a record of academic achievement, involvement in the community and good character. No applicant will be denied admission on the basis of race, religion, color, national origin, age, gender, disability, sexual orientation, marital status or veteran’s status.

First-Time Entering Students (Freshmen)
Admission standards for first-time entering students (freshmen) are:
1. Students who have a high school unweighted Grade Point Average (GPA) of 3.0 or above (on a 4.0 scale) are eligible for admission to Park University, regardless of ACT or SAT scores. ACT, SAT, or Park University assessment scores will be required for English and mathematics placement purposes.
2. Students who qualify for Missouri’s A-Plus Program (or equivalent program in another state) are automatically eligible for admission at Park University.
3. International students graduating from a high school/secondary school from outside the United States must have the equivalent of a 2.5 or above (on a 4.0 scale) cumulative Grade Point Average (GPA) for their studies in grades 9, 10, 11, and 12.
4. For students not included in either of the first three criteria, qualification in at least two of the following are required:
   a. 2.0 grade point average unweighted (on a 4.0 scale)
   b. rank in upper 50 percent of the graduating class
   c. minimum ACT composite score of 20 or a combined SAT score of 940 (critical Reading and Math only).
5. GED Certificate with a total score of at least 2500 (five areas) and no area less than 450, as well as a minimum ACT composite score of 20 or a combined SAT score of 940 (critical Reading and Math only).
6. Prospective students not meeting the above criteria may be considered on an individual basis by the Office of Admissions.

Transferring Students
Admission standards for transfer students are:
1. A minimum of 24 credit hours with a cumulative 2.0 GPA in all previous college study (students with less than 24 credit hours should follow the First-Time Entering Students criteria listed above).
2. Prospective students not meeting the above criteria may be considered on an individual basis by the Associate Vice President for Academic Affairs.

Undocumented Students
Undocumented non-United States citizens, who have completed and are able to provide proof of having a diploma from an accredited high school in the United States, are eligible for admission to Park University, provided they meet the admission requirements stated above.

International Students with F-1 Visas
Admission standards for International students with F-1 visas (in addition to those already covered) are:
1. A certified English translation of all foreign language transcripts, included with the original transcript.
2. Admission to Park University does not require IELTS or TOEFL score or any other test of English proficiency. However, a prospective student not submitting English proficiency scores can only receive a “conditional admission”. Prospective students seeking a “full admission” need to provide an official copy of the IELTS with a minimum score of 5.5 or TOEFL with a minimum iBT test score of 69 or paper test score of 525 or computer test score of 196 (Park University TOEFL code is 6574) or ITP with a minimum score of 4.0 or PTE Academic with a minimum score of 48 or ACT English Sub-score of 18 or SAT Critical Reading Section score of 430 or other approved English Language test scores, or English as a Second Language (ESL) transcripts showing successful completion as determined by Park University officials. “Full admission” may also be granted for those students transferring from a U.S. institution that have successfully completed 15 hours of transferable regular undergraduate credit courses, as determined by the Office of the Registrar.
3. A certified Affidavit of Support and a supporting bank statement and/or other financial documents showing the ability to finance annual expenses and to complete a degree at Park University.

4. If transferring from a school within the United States, the International Student Transfer Form should be completed by both the prospective student and the international advising office at the current school attended.

5. Prospective international students not meeting the above criteria may be considered on an individual basis by the Office of Admissions in consultation with the International Student Admissions and Services.

6. Priority deadline to submit international application for the Parkville Daytime Campus Center, from out of the country, is June 1 for the fall semester and October 1 for the spring semester. For information regarding admission standards for international students go to www.park.edu/international-student-admissions-and-services.

HOW TO APPLY

1. Application must be made online at www.park.edu

2. Submit the $25 application fee (non-refundable). International students with F-1 visas must also pay the $50 international student fee.

3. First-time freshman should request that an official copy of his/her high school transcript be sent to Park University’s Office of Admissions along with ACT (code 2340)/SAT (code 6574) scores. General Equivalency Diplomas (GED) are also accepted.

4. Transfer students must submit official transcripts of all previous college work. Transfer students with less than 24 hours must also submit an official high school transcript or GED.

5. Submit all the above materials to the Park University Office of Admissions. The Office of Admissions personnel will guide the applicant through the procedure. Contact Office of Admission personnel for forms, instructions and counsel.

Application Deadline

Applications may be submitted through the final registration date for each semester. (Not available for international students.) NOTE: For the Associate Degree Nursing program please contact the school for appropriate deadlines.

Conditional Admission Status

Entering students who have not submitted all official transcripts prior to final registration day will be held in “Conditional Admission Status.” A student can remain in conditional admission status for only one semester from the point of matriculation. All final, official documents must be on file before pre-registration for the following semester. For information regarding admission standards for international students go to www.park.edu/international-student-admissions-and-services.

Notification of Acceptance

Park University recognizes the need to know, at the earliest possible time, if the student has been accepted for admission. As soon as all materials are received and reviewed, the applicant will be notified of the admission decision.

Students Admitted on Probation

Applicants who do not meet all admission standards as described in this section of the catalog, if recommended by the Admissions Advisory Committee and the Associate Vice President for Academic Affairs, will be admitted on probation. Students admitted on probation should take no more than 12 credit hours per semester and must achieve a 2.0 grade point average. Students admitted on probation should not take accelerated or Internet courses. If students have not complied with the stipulations of their admission for their first semester of attendance, they may not be allowed to enroll in the following semester.

Special Admission – Non-Degree-Seeking NON-DEGREE - A student may be permitted to enroll in courses without formal admission to a degree program. Non-Degree Seeking students must provide proof that course prerequisites have been met. Students without a high school diploma or equivalent
cannot enroll in Park classes unless they are part of a cooperative program between Park University and the student’s current institution. A non-degree-seeking student is not eligible to receive financial aid. A student may enroll in a total of 30 credit hours while classified as non-degree-seeking. If proof that course pre-requisites have been met, then the campus center may enroll the student; otherwise, the academic area Program Chair must be consulted to approve course enrollment.

**English, Mathematics and Modern Language Placement Policy for New Park University Students**

**English Placement:** For proper placement into their first Park University English course, new students must (1) provide C or better college credit for freshman composition courses equivalent to Park’s EN 105 and EN 106, or (2) provide ACT or SAT English subscores, or (3) take the COMPASS English placement test administered by Park’s Academic Support Center at no cost to the student. If a student provides C or better college credit for freshman composition courses equivalent to Park’s EN 105 and EN 106, then the student will automatically satisfy Park’s liberal education English requirement. If a student has an ACT English subscore of at least 21 or an SAT English subscore of at least 500, the student will be eligible to take EN 105 First Year Writing Seminar I as their first Park English course. Students with lower ACT/SAT English scores or no scores are required to contact Park’s Academic Support Center about taking the COMPASS English placement test. The COMPASS test will then be used to determine the student’s first Park University English course.

**Mathematics Placement:** For proper placement into their first Park University mathematics course, new students must (1) provide C or better college credit for a college algebra course equivalent to Park’s MA 135, then the student will automatically satisfy Park’s liberal education mathematics requirement. If a student has an ACT mathematics subscore of at least 27 or an SAT mathematics subscore of at least 620, the student may petition the Office of Academic Affairs to have their liberal education mathematics requirement waived. If a student has an ACT mathematics subscore of at least 23 or an SAT mathematics subscore of at least 510, the student will be eligible to take MA 120 Basic Concepts of Statistics or MA 135 College Algebra as their first Park mathematics course. If a student has an ACT mathematics subscore of at least 21 or an SAT mathematics subscore of at least 500, the student will be eligible to take MA 120 Basic Concepts of Statistics or MA 125 Intermediate Algebra as their first Park mathematics course. Students with lower ACT/SAT mathematics scores or no scores will be required to contact Park’s Academic Support Center about taking the COMPASS mathematics placement test. The COMPASS test will then be used to determine the student’s first Park University mathematics course.

**Modern Language Placement:** The modern language requirement pertains to BA degrees only. However, students seeking BS degrees can take modern language courses for elective credit. Students who are interested in taking a modern language course must contact the Academic Support Center or the Department of English and Modern Languages for instructions on how to take the Modern Languages Placement Test at no cost to the student. The placement test will then be used to determine the student’s first Park University modern language course.

**Special Services**

Students requiring special services associated with a documented learning, physical, and/or psychiatric disability, should contact the Academic Support Center at the earliest opportunity so that appropriate arrangements may be made.

**Residential Living**

(Parkville Daytime Campus Center Only)

**Residency Requirement**

All Parkville Daytime Campus Center students
are required to live on campus unless they meet one of the following exemptions:
1. Student is living with a parent, legal guardian, or dependent children within 50 miles of Park; or,
2. Student is at least 21 years old or has completed at least 58 credits.

Students intending to apply for exemption to live off-campus must submit the Request for Off-Campus Living/Housing exemption form, available at www.park.edu/student-life.

**Applying for Housing**

To receive a housing room assignment, students must complete the following three steps (located at www.park.edu/student-life under the Apply to Housing tab.)
1. Apply for housing.
2. Submit the $100 Housing deposit; and,
3. Sign and return the Housing contract.
Park University denies no one admission on the basis of race, religion, color, national origin, age, gender, disability, sexual orientation, marital status or veteran’s status. However, prospective international students with F-1, F-2, B-1 & B-2 visas need to refer to “International Students Legal Requirements” as they are only allowed to enroll at the Parkville Campus. Admission to these programs requires:

QUALIFICATIONS
1. Completion of the Application for Admission and Evaluation form and payment of the appropriate fees.
2. Evidence of high school graduation, which may include:
   • a copy of a high school transcript; OR
   • a GED certificate which reports the score earned on the GED exam; OR
   • DD Form 214 (Certificate of Release or Discharge from Active Duty) or any other official military documentation indicating high school graduation or equivalent.
3. Park University reserves the right to deny admission to any student whose level of academic performance at other educational institutions is below 2.0 on a 4.0 scale. In such cases, Park University officials may require submission of evidence that the student graduated in the upper 50 percent of the high school graduating class and has achieved a minimum ACT score of 20 or a SAT score of 840. Transfer students with less than 24 hours must also submit evidence of high school graduation or GED.
4. In those instances where students have attended college elsewhere without graduating from high school, a college transcript with 48 or more earned credit hours (2 years) listed can also be utilized as evidence of high school equivalency. Park University cannot guarantee that all courses needed to meet degree requirements will be offered every term. Students who do not meet the criteria listed above may be allowed to take online lower division courses on a probationary basis.

Conditional Admission Status
Entering students who have not submitted all official transcripts prior to final registration day will be held in “Conditional Admission Status.” A student can remain in conditional admission status for only one semester from the point of matriculation. All final, official documents must be on file before pre-registration for the following semester.

Special Admission - Non-Degree Seeking
A student may be permitted to enroll in courses without formal admission to a degree program. Students without a high school diploma or equivalent cannot enroll in Park classes unless they are part of a cooperative program between Park University and the student’s current institution. A non-degree seeking student is not eligible to receive federal financial aid. A student may enroll in a total of 30 credit hours while classified as non-degree seeking. If proof that course prerequisites have been met, then the campus center may enroll the student; otherwise, the academic area Program Chair must be consulted to approve course enrollment.

Undocumented Students
Undocumented non-United States citizens, who have completed and are able to provide proof of having a diploma from a high school in the United States, are eligible for admission to Park University, provided they meet the admission requirements stated above.

How to Apply
1. Apply online at www.park.edu/apply or complete a printed application form at the Campus Center location. Online students will submit an online application.
2. At the time of application a $25 application fee (non-refundable) must be submitted.
3. Transfer students must submit official transcripts of all previous college work to:
   Park University
   Office of the Registrar
   Campus Box 27
   8700 NW River Park Drive
   Parkville, MO 64152
International Students with F-1 Visas

International Students with F-1 Visas, entering the USA for the first time to study at a US university/college, are not eligible for Park Distance Learning & Accelerated Programs and may only attend the Parkville Daytime Campus Center (see page 66). Admission standards for International Students with F-1 visas (in addition to those already covered) transferring from another US university/college are:

1. A certified English translation of all foreign language transcripts submitted with application, included with the original transcript.
2. Demonstration of English proficiency.
3. A certified Affidavit of Support and a supporting bank statement and/or other financial documents showing the ability to finance annual expenses and to complete a degree at Park University.
4. The International Student Transfer Form, completed by both the prospective student and the International advising office at the current school attended.
5. Payment of the International Student fee of $50.

For more information about International Student admission requirements, including those persons with F-2, B-1 and B-2 visas, please contact the Office of International Student Services at the Parkville Campus Center.

Degree Audit

After transfer credits have been evaluated, a degree audit is prepared which itemizes the student's degree completion requirements. The student must complete the degree requirements in effect at the time of the initial evaluation. The requirements are not affected if Park University changes the degree program in future catalogs. In each degree program there are “additional electives” required to complete the degree. However, the number of hours shown on an individual student's degree audit may vary from that in the catalog depending on the individual record of each student.

The degree audit is an advising tool and does not constitute an agreement or a contract. A final review is made prior to graduation to insure the completion of all degree requirements. The audit will be corrected if an error is found. The initial audit will serve as a record of admission to Park University for purposes of financial aid and Veterans Administration eligibility.

Academic Records

The Office of the Registrar maintains for each enrolled student an academic record and a degree audit. All official academic transactions are recorded.

A degree audit reflecting all completed courses will be available on request. A student may request one FREE official transcript at the end of each term of enrollment. Requests must be received prior to the start of the next term. Any student may obtain extra copies of a transcript by filing an official transcript request along with the per copy fee. No transcripts will be issued unless at least one graded Park University course appears on the transcript. No outstanding balance may show on the student's account. Students may obtain an unofficial copy of their transcripts through MyPark. A copy of the degree audit may also be obtained through MyPark.

Registration

1. Registration for classes can be completed up to a year in advance through MyPark, my.park.edu. Registration at the Campus Center locations begins approximately one month prior to the beginning of each term.
2. Students taking online courses must have access to a computer and their own email account to enroll in online courses (see technical requirements at www.park.edu/admissions).
3. Students who pre-enroll for online classes will be able to login to the Park Online Campus http://online.park.edu on the first day of class or when they receive MyPark notification that they are granted access to login to their course(s).
4. To see the technical requirements for online courses, please visit the http://online.park.edu website, click on the “Technical Requirements” link, and click on “BROWSER TEST” to see if your system is ready.
5. Required enrollment items are:
   • Student Data Sheet (SDS) accurately completed and signed by the student or online enrollment verification.
• Completed and processed form to award Veterans Administration education benefits, Pell Grant, Stafford Student Loan, Supplemental Loans for Students (SLS), Military Tuition Assistance and tuition assistance from any other agency. Proper approval signatures must be obtained by the student.

• Check, money order, American Express, MasterCard, Discover or Visa to pay for all fees and costs.

6. Students who are not funded by Military Tuition Assistance must pay for all tuition and fees at the time of registration. VA Vocational Rehabilitation students are exempt from this policy. If, for any reason, the assistance, benefits, or payment cannot be collected by the University, the student assumes the obligation to pay in full all outstanding tuition/fees.

7. All students will want to read the course syllabus available online www.park.edu/current-students to determine the materials they need to be prepared for the first day of class.

• Select the Campus Center from which you are taking the course
• Select the year
• Select the Term (Fall, Fall I, Fall II, Spring, Spring I, Spring II or Summer)
• Click on “Search”

8. Term dates can be found at www.park.edu/current-students or at the Campus Center home page.

9. Students cannot be given credit for a course for which they have not registered.

Priority Enrollment

Student enrollments in Air Force on-base education services sponsored programs will be given the following priority: (1) active duty military personnel, (2) civilian employees of Department of Defense agencies, and (3) family members of active duty military, military reserve and guard members, retired military personnel. Community civilians may be admitted on a space available basis and to the extent of compatibility with local base security and essential mission commitments.

Student enrollments in Army on-post education services sponsored programs will be given the following priority: (1) active duty military, (2) family members of active duty military personnel, (3) Department of Defense civilians employed on post, (4) retired military personnel, (5) family members of retired military personnel, and (6) civilians.

Student enrollment in Marine Corps on-base education services sponsored programs will be given priority as follows: (1) active duty Marines, (2) reserve components, (3) family members of active duty personnel, (4) DOD employees and their family members, and (5) civilians on a space available basis when programs are not otherwise conveniently available.

Student enrollment in Navy on-base education services sponsored programs will be given priority as follows: (1) active duty military personnel, (2) family members of active duty military personnel, (3) Department of Defense civilians employed on post, (4) military reserve and guard members, (5) retired military personnel, (6) family members of retired military personnel, and (7) civilians.

Park University awards four semester hours of lower level electives for completion of Basic Military Science and six semester hours of upper level electives for completion of Advanced Military Science. Textbooks and uniforms are furnished by the government.

Email Policy for Students Taking Online Courses

All Online students are required to use their Park email addresses in their Online Classrooms, and all class and administrative correspondence will be sent to students at this address or within the eCollege course environment.

English, Mathematics and Modern Language Placement Policy for New Park University Students

**ENGLISH PLACEMENT:** For proper placement into their first Park University English course, new students must (1) provide C or better college credit for freshman composition courses equivalent to Park's EN 105 and EN 106, or (2) provide ACT or SAT English subscores, or (3) take the COMPASS English placement test administered by Park's Academic Support Center at no cost to the student. If a student provides C or better college credit for freshman composition courses equivalent to Park's EN 105 and EN 106, then the student will automatically satisfy Park's lower-level liberal education English requirement. If a student has an ACT English subscore of at least 21 or an SAT English subscore of at least 500, the student will be eligible to take MA 120 Basic Concepts of Statistics or MA 135 College Algebra as their first Park mathematics course. If a student has an ACT mathematics subscore of at least 21 or an SAT mathematics subscore of at least 510, the student will be eligible to take MA 120 Basic Concepts of Statistics or MA 125 Intermediate Algebra as their first Park mathematics course. Students with lower ACT/ SAT mathematics scores or no scores will be required to contact Park's Academic Support Center about taking Park's Mathematics Placement Test. The placement test will then be used to determine the student's first Park University mathematics course.

**MODERN LANGUAGE PLACEMENT:** The modern language requirement pertains to BA degrees only. However, students seeking BS degrees can take modern language courses for elective credit. Students who are interested in taking a modern language course must contact the Academic Support Center or the Department of English and Modern Languages for instructions on how to take the Modern Languages Placement Test at no cost to the student. The placement test will then be used to determine the student's first Park University modern language course.

*The Modern Language requirement pertains to BA degrees only. However, students seeking BS degrees can transfer Modern Language courses as elective credit.*
Prior Learning Assessment
Park University provides opportunity to accepted degree-seeking students to have their prior learning assessed for transfer into Park degree programs from a variety of methods. (For more information about the evaluation and transfer of credit from foreign transcripts, please refer to page 107.)

1. **Transfer college credit from regionally accredited institutions**
2. **Credit from military training/education**
3. **American Council on Education**
4. **College Level Examination Program (CLEP)**
5. **Prometric DSST exam**
6. **Validated Learning Equivalency (VLE)**
   - credit for validated learning
7. **Advanced Placement (AP)**
8. **End-of-Course Examination**
9. **The International Baccalaureate Diploma (IB)**
10. **Registered Nurse’s License**
11. **Dual-Credit Courses**

Students can request an evaluation by declaring a major at the time of application or by completing a declaration of major form.

1. **Transfer college credit from a regionally accredited institution.**
   
   Official transcripts from previous colleges and universities (including Community College of the Air Force)

2. **Credit from military training/education.**
   
   For military personnel: A certified DD Form 295 (Application for the Evaluation of Educational Experiences During Military Service) or JST (Joint Service Transcript) or DD Form 214 (Certificate of Release or Discharge from Active duty).
   
   As recommended by the American Council on Education (ACE), Park University grants four credit hours of physical education for satisfactory completion of basic training.

3. **American Council on Education**
   
   The American Council on Education (ACE) provides college credit recommendation for formal courses and examinations taken outside traditional degree programs. ACE conducts formal reviews through their College Credit Recommendation Service (CREDIT). Documentation of successful completion of courses or exams is required. Documentation can be an original certificate of completion or a transcript from ACE.

4. **College Level Examination Program (CLEP)**
   
   Credit hours can be earned by satisfactory completion (see chart below) of a battery of examinations under the College Level Examination Program (CLEP). See the Academic Support Center (Mabee 406) or Testing Center (Mabee 706) or your Campus Center Director for detailed information concerning CLEP examinations.
   
   If CLEP exams were taken prior to coming to Park University, a student must submit an official copy of the scores to the Office of the Registrar for possible credit awards.
   
   No credit is awarded for separate sub-test scores.
   
   A maximum of 27 credit hours may be accepted towards a Bachelor degree for satisfactory completion of the CLEP General Examinations as recommended by the American Council on Education (ACE).

Credit is awarded for satisfactory completion of the CLEP/DSST/USAFI/Excelsior College Subject Examinations based on the recommendations of the American Council on Education (ACE). Credit can be applied to major core requirements.

- A maximum of 30 credit hours from the Subject Examinations will be accepted toward a bachelor's degree.
- A maximum of 57 credit hours from the General and Subject Examinations combined will be accepted toward a bachelor's degree.
- A maximum of 30 credit hours from the General and Subject Examinations combined will be accepted toward an associate's degree.

**NOTE:** Where duplication among college courses, credit for prior learning and tests exists, credit will be allowed for only one. Credits awarded from CLEP General Examinations and CLEP/USAFI/DSST/Excelsior College Subject Examinations will not be substituted at a later date.

5. **DSST (Formerly known as the DANTES Subject Standardized Tests).**
Credit hours can be earned by satisfactory completion of a battery of examinations from the DSST administered by Park University or the local testing center. Detailed information concerning DSST examination is available at the Testing Center (Mabee 706) or Campus Center Director. If DSST exams were taken prior to coming to Park University, a student must submit an official copy of the scores to the Office of the Registrar for possible credit awards.

6. **Validated Learning Equivalency (VLE) - credit for validated learning.**
Equivalency credit may be awarded for educational experiences based on documentation submitted by the student and with the recommendation of the appropriate Program Coordinator. Rules governing VLE are:
- Application must be filed prior to taking the final 15 semester hours preceding intended graduation at Park University.
- Petitions may be submitted no more than once per course.
- Credit shall be awarded on a course equivalency basis based on courses commonly offered by accredited colleges and universities;
- A maximum of 24 credit hours may be petitioned for and awarded.
- Park University students taking courses in the state of California may petition for a maximum of 15 credit hours in upper level (300/400) courses after completion of 60 credit hours toward the degree.

7. **Advanced Placement (AP)**
Park University will grant credit for advanced placement to high school graduates who have proven competence by their score in the Advanced Placement Tests administered by the College Entrance Examination Board. The awarding of credit, the number of credit hours awarded, and the scores required for the awarding of credit are determined by the appropriate academic discipline.

8. **End-of-Course Examination.**
Upon processing an application through the Office of the Registrar, and for a fee of $200, a student may, with permission of the student's faculty advisor, receive credit for any course by satisfactorily completing an end-of-course examination. (Parkville Daytime Campus Center only). The test out option for CS 140 is available to all University undergraduate students. See your advisor for procedures. Additional software charges will apply.

9. **The International Baccalaureate Diploma.**
Park University recognizes the International Baccalaureate Diploma for admission. Furthermore, Park University will grant course credit and advanced placement to students who have passed both the standard and the higher level subject examinations at a satisfactory standard.

10. **Registered Nurse's License.**
A maximum of 60 credit hours is awarded for a Registered Nurse's license upon receipt of official transcripts and a photocopy of the license.
11. **Dual-Credit Courses.**

   Dual-credit courses completed during high school are identified on the transcript of the higher education institution through which the courses were taken. The Registrar’s Office treats dual-credit courses in the same manner and by the same standards as all transfer credit when determining whether such credit satisfies graduation, degree, or elective credit.

   Park University establishes dual-credit programs with high schools in the Kansas City, Missouri, area. All Park University dual-credit programs are managed jointly by the Office of the Registrar, in collaboration with the academic departments offering the credit, to ensure the rigor of the coursework.

* Some individual courses carry a course fee. These courses are designated by “$” on schedules.

** Applies to all full-time students (residential, international, athletes, and nursing), unless proof of other insurance coverage is submitted during the first eight days of the semester/term. Cost of Student Health Insurance is subject to change without notice.

*If an account is sent to an agency for collection and/or legal action, all collection and/or legal fees will be paid by the student.*
STUDENT INSURANCE
(subject to change)

The Health and Accident Limited Student Insurance Plan offered by a Park University selected provider is mandatory for all nursing students, student-athletes and international students with F-1 student visas in Kansas City, Missouri, and the surrounding metropolitan areas. In addition to limited health coverage, the policy includes repatriation coverage for all policyholders.

All students identified in the above listed groups are required to self-report their group status and purchase the required insurance at each fall and spring semester/term during confirmation of courses. Park University reserves the right to charge a student that has failed to comply with the self-report requirement the full semester/term cost of the insurance without notice to the student.

Mandatory coverage can only be waived in the following manner, during the first eight (8) calendar days of each semester/term.

• Waiver form available at: www.park.edu/enrollment-services
• A copy of proof of existing coverage must be presented and attached to the waiver form. (International students with F-1 student visas must also possess repatriation coverage).
• If you are under the age of eighteen the waiver form will have to be signed by a parent or a guardian.

All athletes, are required to have a Health History Record on file. Athletes are also required to have a completed Physical record on file. As part of the Health History Record, a current record of immunization is required. This information will be passed along to medical personnel in case of emergency.

Students, for whom coverage is not mandatory, may enroll in the Health and Accident Limited Student Insurance Plan. To enroll, contact the Enrollment Services at (877) 505-1059. Enrollment becomes effective upon receipt of payment.

ASSOCIATE OF SCIENCE DEGREE IN NURSING PROGRAM

Tuition charge is applicable for up to 41 hours of credit taken at any Park University campus center while in the Nursing Program. In addition, all required nursing and general education courses and applicable electives (which does not include lab fees required by any elective with a laboratory component) will also be covered.

• Clinical course fees
• Required science course lab fees
• Professional liability insurance
• Textbooks
• Student Life Activity Fee
• College services (library, etc.)
• Petition for Award of College Credit applications and granting of college credit for Practical Nursing courses through VLE.

PAYMENT POLICIES

The financial assistance award for each semester/term (excluding the lender origination fee for Subsidized, Unsubsidized, and Parent loans) may be applied toward the total charges if all required materials have been submitted to Student Financial Services. Park University will permit students to apply up to 50 percent of their work-study toward tuition charges. Any remaining balance due is payable on or before the Monday prior to the semester/term.

A student will not be allowed to re-enroll unless all debts are settled. Transcripts are not released until debts are paid.

Additional financial alternatives are available from the Student Accounts Coordinator/Campus Center Director.

If financial assistance results in a credit balance at registration, the balance will be refunded to the student approximately 30 days after the beginning of the semester/term or after the release of financial aid, whichever is later.

All credit balances will be released to students in the form of an ACH direct deposit to an account designated by the student, or to a Park University debit/stored value card. Please use MyPark to locate the ACH direct deposit form and/or the enrollment process for the Park University debit card.

Students must sign into MyPark in order to locate the forms below.

1. Direct Deposit ACH Form
A Bank account is required for this option. This form takes 3 business days to process once received by the Accounting Services.

2. Park University Stored Value Card – Visa Branded Debit Card
The Park University Stored Valued Card is a fast and convenient way of receiving your financial aid refund. A Park student does not need a bank account for this option. The card is affiliated with US BANK and the ALLPOINT NETWORK.

Please follow the enrollment process below. Once submitted, a card pack will be issued to the address indicated on the form within 7-10 business days, by Skylight Financials. You do
not need to send any account information to Park University. If you have an address change please send changes to mrodriguez@park.edu.

PARKING

All Kansas City Area students (Parkville Daytime Campus and Park Accelerated Programs-Downtown, Independence, and Parkville) are required to register any motor vehicle that is operated at the Downtown, Independence, and/or Parkville Campus Centers with the Park University Department of Campus Safety. To register a vehicle, students must complete a vehicle registration form. Forms are available at the Office of Campus Safety (1st Floor Thompson Center), the Enrollment Services (1st Floor Norrington), or online at www.park.edu/campus-safety.

AUDIT OF COURSES

A student may audit courses (take for no credit or grade) by paying one-half the tuition for the course and the full course fee if applicable. Online courses may not be audited.

SENIOR CITIZENS

Undergraduate students 55 years of age or older may receive a tuition discount of 10% for credit bearing Parkville Daytime Campus Center classes only. Undergraduate students 55 years of age or older may audit (for no credit) Parkville Daytime Campus Center classes without tuition cost. Individual course fees, however, will be charged in full if applicable. When enrolling, the student must send a message to finaid@park.edu notifying the Student Financial Services Office of their eligibility for the benefit, so that the discount may be provided.

REFUND POLICY

To determine if a student qualifies for a tuition refund, the student must notify Park University as noted in the Academic Withdrawal policy.

The Return of Federal Funds formula provides for a return of Title IV aid if the student received federal financial assistance in the form of a federal loan (Unsubsidized Stafford, Subsidized Stafford, Perkins, and Parent), Federal Pell Grant, Federal Supplemental Educational Opportunity Grant (SEOG), Teach Grant, and other Title IV programs. In addition these students must have withdrawn on or before completing 60% of the semester/term. If funds were released to a student because of a credit balance on the student’s account, the student may be required to repay some of the federal grants or loans released.

Students who have received federal financial aid and who have withdrawn from anything less than 100 percent of their courses will have tuition refunded using the refund schedule listed below. Students not receiving federal financial aid who withdraw from one or all of their courses (both officially and/or administratively), will also have tuition refunded using the refund schedule listed below.

Students with financial assistance awards who withdraw from Park University will have financial assistance refunded in compliance with federal regulations as stated in the Federal Register. Park University returns funds to federal programs in the following order: Federal Loans, (Unsubsidized Stafford, Subsidized Stafford, Perkins, and Parent Plus);
The Office of Student Financial Services (SFS) administers and coordinates programs of assistance from federal, state, college and private sources to increase post-secondary educational opportunities for eligible students. The philosophy of this office is to attempt to meet the full need of all eligible applicants by “packaging” funds from various sources, including college and non-college funds. Legal residents of Missouri, who are enrolled in Missouri, are encouraged to apply for the Access Missouri Financial Assistance Program. The deadline for application is published on the FAFSA.

Need, for financial assistance purposes, is the difference between the cost of attending Park University and all the financial resources an applicant has available. The calculation of a family’s financial strength includes consideration of current family income, assets, family size, number of family members in college, and other factors that may seriously alter a family’s financial strength. Financial assistance programs are designed to supplement family resources by bridging the gap between cost and the family’s ability to pay.

To be considered for federal financial aid, the student must submit an Application for Admission and Evaluation (AAE) to the Campus Center Director or apply for admission through the Office of Admissions. Preference will be given to those whose files are complete by April 1 or at least ninety (90) days prior to the first term of enrollment, for the academic award year (July 1 to June 30). When the following have been received in the SFS office at the Parkville Campus Center, an Award Notification letter will be sent advising the student that aid availability is viewable at the MyPark portal https://my.park.edu.

### APPLICATION FOR FINANCIAL ASSISTANCE

2. Federal needs analysis is generated from the Free Application for Federal Student Aid (FAFSA) on which you listed Park University, code #002498. The output document can be in the form of the Student Aid Report (SAR) or Institutional Student Information Report (ISIR), which is downloaded by Park University.

All fees are non refundable. Room and Board at the Parkville Daytime Campus Center will be pro-rated on a daily basis. Students on the Parkville Daytime Campus Center wishing to cancel their housing contract must submit (and have approved) the Off-Campus Waiver at: www.park.edu/residence-life-and-education and pay a $500 contract cancellation fee.
from electronic data produced from the FAFSA. All students who are eligible to complete the FAFSA are required to do so—even if they are only eligible to receive institutional financial aid funds.

3. If selected for verification (an asterisk appears beside the EFC number in upper right corner of the SAR or ISIR), the following documents will be required:
   • Verification Worksheet.
   • An official federal tax return transcript provided by the Internal Revenue Service, and if requested W-2s, even if the student was not married (or student and his/her parent’s federal income tax form, if the student was a dependent).

Financial assistance is awarded annually to qualified students who continue to demonstrate financial need and make satisfactory progress (see policy on Satisfactory Academic Progress for Financial Assistance). FAFSA applications must be submitted each year.

The FAFSA form is required to establish eligibility for need-based and institutional financial aid programs. The FAFSA may be completed on line at www.fafsa.ed.gov. There is no fee charged for the FAFSA application. Forms for 2014-2015 will not be processed after June 30. The FAFSA form may be used as the single request for consideration for the Federal Pell Grant, Access Missouri Student Financial Assistance Program and all other Title IV and institutional assistance programs.

A FAFSA form is required for each family member when more than one student from the same family plans to attend Park University. Awards are made on a first-come, first-serve basis beginning approximately February 1, with a limited amount of funds available for awarding.

Active duty military personnel should consult their Education Services Officer (ESO) for information about financial aid from branches of the Armed Forces or from the Veterans Administration.

• Tuition assistance is available to active duty personnel within Service guidelines. The Education Center will authorize payment of the proper percentage of tuition/fees to authorized individuals. Enlisted personnel and warrant officers incur no service obligation as a result of acceptance of tuition assistance but must be on active duty upon completion of the course(s). Commissioned officers may have to agree in writing to remain on active duty for a minimum of two years after completion of the course(s).

• Park University programs are approved for veteran benefits and comply fully with Public Law and Title IX of the Education Act of 1964.

Park University’s academic programs of study are approved by the Higher Education Coordinating Board’s State Approving Agency (HECB/SAA) for enrollment of persons eligible to receive educational benefits under Title 38 and Title 10, U.S. Code.

SATISFACTORY ACADEMIC PROGRESS POLICY FOR FINANCIAL ASSISTANCE FOR UNDERGRADUATE STUDENTS

Satisfactory progress is a federally mandated process and must be met to remain eligible to receive federal and state assistance.

The complete policy is available on the Satisfactory Academic Progress link at www.park.edu/student-financial-services.

FINANCIAL AID CHECKLIST for Students Transferring To Park University

To Transfer Financial Aid Eligibility from another school to Park University:
1. The applicant must first be enrolled at Park University.*
2. RFA (Request for Financial Aid) - Complete a Park University Request for Financial Aid (available online). If additional documents are required, the applicant will be notified.*
3. If applying for federal financial assistance, a valid FAFSA must be on file.
   (The Park University code is 002498).
4. Student Loan Recipients - If the applicant received a Federal Direct, Direct Parent or Perkins Student Loan in the previous semester and are transferring to Park University, the applicant should contact the previous institution to cancel any subsequent loan disbursement at the previous school. The applicant must reapply for the loan at Park University.
5. Missouri Higher Education Academic Scholarship Program - An applicant may change his/her approved institution choice prior to the beginning of the first day of classes and may transfer between approved institutions during the academic year.
   The deadline for such actions is August 1 for the fall semester and January 1 for the winter or spring semester. Failure to notify the Missouri Student Assistance Resource Services Office by the dates of such action may result in the loss of the award.
6. The applicant will be informed by Park University of the Financial Aid Award in the form of an electronic award notification. Please comply with the instructions accompanying this letter.

7. If the applicant has been admitted with a low grade point average or is on academic probation, the applicant may not be in compliance with Park University’s Academic Progress Policy and may not be entitled to financial aid. Please contact the Student Financial Services Office or the Enrollment Services for additional information.*

* Addresses and phone numbers to aid in obtaining forms, documents and information follows.

FINANCIAL AID APPEALS
A student who is suspended from receiving financial aid may appeal by completing a Satisfactory Academic Progress Appeal Form and forwarding the form with needed documentation to the Director of Student Financial Services. Forms are available on the Park University Financial Services web site. The complete policy is available on the web site, upon request from SFS or in this catalog.

PARK UNIVERSITY

ACADEMIC SCHOLARSHIPS
Academic scholarships for new freshman and transfer students range from 25 percent of tuition to full tuition. Recipients must earn a minimum of 24 credit hours between August and May each year, be enrolled full time for the fall and spring terms, and keep the GPA required for their scholarship. More specific information is available from the Coordinator of Academic Scholarships or Office of Student Financial Services. Please contact the Coordinator of Academic Scholarships at (816) 584-6294 or www.park.edu for more information and application deadlines.

PARK UNIVERSITY

ENDOWED SCHOLARSHIPS
Endowed scholarship selections are made year round. Applications should be made by February 1. Brochures with more detailed information are available in the Student Financial Services Office at (816) 584-6290 or they are listed on the website at www.park.edu/scholarship. The application for the endowed scholarships is available on the student portal.

NOTE ON FINANCIAL ASSISTANCE
Non-repayable gift awards (other than employment) are directly credited against charges after the Enrollment Adjustment Period each semester/term if all paperwork is completed. For example, a valid Student Aid Report (SAR) must be on file for the Federal Pell Grant to be credited to an account; Federal Perkins Loans require a signed promissory note to be credited to the student’s account. Student employment awards are never directly credited against charges. State grants are credited to the student’s account when funds from the state are received by Park University.

Financial assistance may be awarded to full and part-time students who qualify. Reduction from full-time to part-time status may result in a decrease in financial assistance.

INSTITUTIONAL GRANT / SCHOLARSHIP ADJUSTMENTS

The student has to be full-time to be eligible for the full grant awarded. A pro-rated amount of the grant awarded may be given if less than full-time under special circumstances; and must be appealed for. If the student drops below the number of hours for which the grant or scholarship was awarded, the grant or scholarship will be pro-rated based on the tuition charge at the time of withdrawal.

LOANS

FEDERAL PERKINS - Information on Federal Perkins Loan can be found at: studentaid.ed.gov

This Aid Must Be Repaid!

FEDERAL DIRECT STAFFORD LOANS - These are long-term, low-interest loans designed to provide students with additional funds for college whether they qualify for other types of federal financial aid. All of these federal loans have up to 10 year repayment term with a minimum monthly payment of $50.00. Please check with the Student Financial Services office for additional information on the federal loan programs. (FED)

This Aid Must Be Repaid!

UNDERGRADUATE LOAN PROGRAMS FOR DEPENDENT STUDENTS

FEDERAL DIRECT STAFFORD (SUBSIDIZED): Subsidized means the interest on the loan is paid by the government while the student is in school. To be considered for eligibility the student must be enrolled at least half-time, complete the FAFSA to determine need, not be in default on a previous loan or owe a refund on a federal grant. First-time borrowers must also be informed of their rights and responsibilities while borrowing from the federal loan program through an Entrance Interview. The maximum annual amount a dependent student can borrow is:

- Year 1 - $3500 1-24 hours
- Year 2 - $4500 25-49 hours
- Year 3 - $5500 50-74 hours
- Year 4 & 5 - $5500 75-120 hours

Funds are not to exceed an aggregate limit of $23,000. A master promissory note must be signed. The Master Promissory Note (MPN) is a multi-year (serial) note. Once the MPN is signed, additional loans can be made without signing a new promissory note. The MPN can be revoked by the student through the following means: Student must send a WRITTEN notice. The MPN expires 12 months after the note is signed, if there is no initial disbursement; and the MPN expires 10 years from the date it is signed. Interest is variable but capped at 8.2 percent, and repayment begins when the six-month grace period ends after the student ceases to be enrolled at least half-time. (FED)
Federal Direct Stafford (Unsubsidized): Unsubsidized means the student is responsible for the interest on the loan amount while in school. Students can (1) pay their interest while in school, (2) pay their interest during their six month grace period, or (3) postpone interest payment and have it added to the principle when repayment begins after the six-month grace period ends.

The unsubsidized Federal Direct Stafford Loan can be offered by itself or made in conjunction with the subsidized Federal Direct Stafford Loan. Dependent students are eligible for a maximum of $2000 in unsubsidized per academic year, not to exceed the aggregate loan limit of $31,000. The student must apply for the subsidized Federal Direct Stafford Loan before applying for the unsubsidized Federal Direct Stafford Loan. (FED)

Federal Direct Parent (PLUS): This loan is made to parents of dependent undergraduate students. The student must meet the same eligibility requirements as listed for the Federal Direct Stafford Student Loans. The maximum amount a parent can borrow per year per student cannot exceed the cost of education less all other financial aid received. A credit check is required and a promissory note must be signed. The interest rate is variable but capped at 9.00 percent. There is no grace period for repayment unless the parent borrower is also a student enrolled at least half-time. Students must complete the FAFSA to determine parent eligibility for the PLUS loan.

NOTE: If the parent borrower is denied this loan, the dependent student may borrow additional funds under the unsubsidized Federal Direct Stafford Loan for independent students, not to exceed the yearly or aggregate totals for the independent loan program. (FED)

Each type of Federal Direct Stafford Loan described here as well as the Federal Direct PLUS loan will have an origination fee of 3 percent and could have an insurance fee of up to 1 percent deducted from the loan amount guaranteed. The loan must be guaranteed by while the student is still enrolled and eligible. SFS will request the loan funds for each term or semester for which the student is enrolled by Electronic Funds Transfer (EFT). The funds are sent to Park University and disbursed to the student’s account after the enrollment adjustment period has ended and/or the student’s required paperwork on file is complete.

NOTE: Any break of enrollment after the initial disbursement is made will result in the remaining aid being cancelled. If the student re-enrolls and wishes to use financial assistance, the student must contact Student Financial Services and request to be repackaged.

Undergraduate Loan Programs for Independent Students

Federal Direct Stafford (Subsidized): Subsidized means the interest on the loan is paid by the government while the student is in school. This loan has the same interest rates and the student must meet the same eligibility requirements as the dependent subsidized Federal Direct Stafford Loan. The maximum annual amount an independent undergraduate student can borrow is:

Year 1 - $3500 1-24 hours
Year 2 - $4500 25-49 hours
Year 3 - $5500 50-74 hours
Year 4 & 5 - $5500 75-120 hours

Funds are not to exceed an aggregate limit of $23,000. The combined total of undergraduate and graduate subsidized loans cannot exceed $65,500. (FED)

Federal Direct Stafford (Unsubsidized): Unsubsidized means the student is responsible for the interest on the loan amount while in school. Students can (1) pay their interest while in school, (2) pay their interest during their six month grace period, or (3) postpone interest payment and have it added to the principle when repayment begins after the six-month grace period ends. This loan has the same eligibility requirements and interest rates as the dependent unsubsidized Federal Direct Stafford Loan. The combination of subsidized and unsubsidized Federal Direct Stafford Loans cannot exceed:

- Year 1 - $9500
- Year 2 - $10,500
- Years 3, 4, 5 - $12,500

The maximum aggregate total for independent undergraduate and graduate students cannot exceed $138,500. (FED)

Student Employment

Employment awards may be included in offers of financial aid to assist financing educational expenses. There are numerous Parkville Daytime Campus Center employment opportunities and limited off-campus employment opportunities.
Federal College Work Study Program
Federal CWSP is subsidized by the federal government. Eligibility for this program is based on calculated financial need as determined by the FAFSA. First time work-study students must complete an employment application. The employment application is available online or in the Student Employment office. Additional information can be found at www.park.edu.

Institutional Employment Program
This program is supported by the Carson C. Hathaway Memorial Trust for Student Employment at Park University. Student eligibility is based on financial need and/or ability to pay college costs. The Free Financial Aid Application (FAFSA) should be completed (if eligible to file) as well as a Park Work Study Employment Application.

Rights and Responsibilities of Students on Financial Aid
As a financial aid recipient, students have certain rights and responsibilities of which they should be aware. Students have the right to know: the aid programs available at Park University; application process to be followed to be considered for financial aid; criteria used to select recipients and calculate need; Park University refund and repayment policy; and the satisfactory academic progress policy.

Students are responsible for: completing and submitting all forms in a timely manner and by the deadlines published by the U.S. Department of Education, including those items needed to perform verification; notifying the Student Financial Services Office of changes in name, address, marital status, or financial situation; reporting to the Student Financial Services Office any additional scholarships, loans, fellowships or educational benefits not listed on the financial aid award; notifying the Student Financial Services Office of change in enrollment status; maintaining satisfactory academic progress; and reapplying for federal financial aid each academic year. Failure to do so could result in loss or reduction of their financial aid award.

ACADEMIC SUPPORT CENTER
(www.park.edu/academic-support-center)
The Academic Support Center (ASC) located in the McAfee Memorial Library on the Parkville Campus, offers many services to Park University students, all free of charge to Park students.

The Center also monitors the academic progress of students who are admitted on probation, or who become academically “at risk” after admission, or are placed on academic probation. Academic counseling is provided to assist the student in regaining good academic standing.

Free Tutoring
Tutors are available for many academic subjects, including writing, math, accounting, computer science, and others. Most tutoring is done in the ASC during operating hours Monday - Saturday. Some appointments are available outside our regular hours with tutors who work on-call. In addition to tutoring in the ASC, we offer writing help online through our Online Writing Lab (OWL), which may be accessed through http://online.park.edu, listed under “Special Courses” as PDL 200.

Computer Lab
A computer lab is maintained with standard software for most needed applications, Internet access, and online course access. The staff is available to help students who need assistance.

WCT Preparation Help
Test preparation classes for the Writing Competency Test (WCT) are offered on several days and times before each Kansas City area (KCA) administration of the WCT (five times per year). KCA WCT test dates, schedule of prep classes, and helpful information and tips for preparation for the WCT are available at the ASC website: www.park.edu/academic-support-center. Online information and resources for the WCT can be found on our webpage www.park.edu/academic-support-center, including a video prep class and other documents.

Disability Services
The Assistant Director of Academic Support Services coordinates services and accommodations for qualifying students with disabilities. Students must identify themselves by submitting a Request for Disability Services form and by providing adequate and appropriate documentation to the Director of Academic Support Services. Park University policy on disability services may be found in this catalog, and at www.park.edu/terms-and-regulations.

StepUP Program
StepUP is designed to give personalized mentoring and support to its participants, in order to encourage and assist them in achieving their college degree. StepUP students are advised by a professional mentor, receive motivational and educational programs and other free services.

Testing Center
(www.park.edu/testing-center)
The Testing Center, located in the Mabee Learning Center, administers CLEP, DSST, MoGEA, and final exams for online courses by appointment only. Students may schedule and pay for fee-based tests online. The Testing Center also handles most testing for disabled students approved for testing accommodations. The Testing Center administers residual ACT (for Park University students only). At the request of the instructor, the staff may also proctor exams for students who have missed classroom tests. Most tests must be arranged by appointment. Call the Testing Center, (816) 584-6887, for more information. Check the website for more information about the tests, and for current days and times of Testing Center services.

NOTE: Park University does NOT administer GRE, TOEFL, PRAXIS, GMAT, LSAT, or other tests. Most of these tests have websites that have more complete information and the location of testing sites.

THE CAMPANELLA GALLERY
Located on the Parkville Campus within the McAfee Memorial Library, the Campanella Gallery showcases art exhibits by professional and student artists in a wide variety of styles and media. Twice a year, the Gallery is reserved for exhibits by graduating Park University art majors. The Campanella Gallery serves the educational mission of the Department of Art and Design, the Park community and the wider art community. The Campanella Gallery was named in honor of Vincent Campanella, painter and Park University professor emeritus of art. He served the University as the distinguished artist-in-residence and chaired the Department of Art and Design for 29 years.
The Career Development Center (CDC) assists students in all stages of career development including skills assessment, resume and cover letter preparation, interview coaching, and internship and job search strategies, all to insure successful attainment of a career upon graduation. The CDC develops and offers workshops and events—on the Parkville Campus, at our Campus Centers nationwide, and online to prepare our students for launching and advancing their careers and in making successful career connections. For a comprehensive listing of services and events visit the eRecruiting system accessed through our website at www.park.edu/career or contact the CDC staff at (816) 584-6578 or careerdevelopment@park.edu.

Career Planning and Assessment
The staff of the Career Development Center is highly trained in career advising and welcome the opportunity to assist current and prospective students and alums in identifying their career options and developing a plan of action to address individual skills and interests.

Career Services
The CDC will assist with resume and cover letter composition, interview preparation, networking skills, and career planning. These services are free to Park students and alumni. The CDC can schedule in office appointments on the Parkville or Downtown Kansas City Campuses, or virtual appointments via phone, Skype or email.

Career Seminars/Workshops/Fairs/Interview Days
• Park University Fall and Spring Career Fairs
• Weekly and online workshops on topics including: Resumes, Cover Letters, Interview Prep, Career Fair Prep, Networking, Negotiating, Job Search Strategies for International Students, Transitioning From Military to Civilian Careers, and many more.
• Class Lectures
• On-campus interviews

Internships, Part-Time Employment, and Full-Time Employment Opportunities
Students are encouraged to investigate internship possibilities after their sophomore year in school. This is their best assurance of fulltime employment at graduation. Listings of part-time and full-time jobs and current internship opportunities are posted in our eRecruiting system. Go to the Career Development website www.park.edu/career – click on the eRecruiting link. Then access Access the student link and create your own job search account. Students are encouraged to check the database frequently as new opportunities are posted on a regular basis.

The Career Development Center is located at: Mabee Learning Center, Suite 714 Parkville Campus

The CDC’s hours are: 8:00 a.m. – 4:30 p.m. Monday - Friday, with additional evening hours available by appointment.

COUNSELING CENTER
The Counseling Center is located in Dearing Hall, on the north side of the Parkville campus. The Counselors are available, by appointment, 8:00 a.m. to 4:30 p.m., Monday through Friday. Distance counseling is available to all students, and some evening hours are available, as well.

The Counseling Center includes a Resource Room with access to many publications, and online information about mental health issues is available at the website www.park.edu/student-life. Students can request appointments with the counselors by sending an e-mail to counselingappointments@park.edu. The center also sponsors other events during the year, such as separate workshops on relationship dynamics, National Depression Screening Day, and other wellness events.

DINING SERVICES
All students living in the residence halls are required to have a meal plan. There are several locations on campus to obtain food including the Copley Quad Smart Market (for residential students only); the Academic Underground, the Pirate Grounds Coffee Shop, and the Thompson Café. Special diet needs may be arranged by contacting the Director of Food Service at (816) 584-6395.

ENROLLMENT SERVICES
Enrollment Services is located in Norrington Center on the Parkville Campus. Academic advising, course registration and confirmation, student account assistance, issuing parking permits and student i.d. cards, are among
the services provided by Enrollment Services. Regardless of where you are located, what types of courses you are taking or your degree program, Enrollment Services staff will assist you.

Office hours: 8:00 a.m. to 6:00 p.m. Monday thru Thursday and 8:00 a.m. to 4:30 p.m. Friday CST.

INTERNATIONAL STUDENTS

Park University has a distinguished group of over 690 international students representing more than 90 countries. Upon arrival, International Student Admissions and Services is available to serve the adjustment needs of this unique student population. In addition to two full weeks of pre-orientation prior to the first day of classes and a 4-week extended orientation for the first four Fridays of the semester, of orientation that includes sightseeing trips to Kansas City, ISAS provides ongoing social activities, individualized student advising and continuous guidance regarding Department of Homeland Security policies and benefits. The office also provides admission guidance.

In addition, International Student Admissions and Services advises one of the largest student clubs on campus, the World Student Union (WSU). Each month, WSU plans social activities for club members, which may include fund raisers, fun excursions in the city, community service projects. ISAS sponsors various forums for students to share their culture — the Culture Hour, The Coming to America Series, International Education Week, and Cultural Sharing Event.

McAFEE MEMORIAL LIBRARY

The McAfee Memorial Library contains approximately 159,000 print volumes, more than 139,000 ebooks, over 250 print periodicals, more than 40,000 electronic journals, and approximately 4,000 reels of microfilm. Other library resources include an online catalog and periodical and research databases.

Electronic resources are available 24/7 from the library website www.park.edu/library. Print resources can be shipped to any Park Campus Center, upon request, free of charge. The library also has reciprocal borrowing agreements with several hundred local and regional libraries which provide students access to an even wider range of print and electronic resources. The library, located in the Mabee Learning Center / Academic Underground of the Parkville Daytime Campus Center, provides a comfortable environment for individual and group study, including individual study carrels, tables, seminar and group study rooms, and a 24 hours study area. Computers, and a network printer/copier/scanner are also available for use. The library is also home to the Fishburn Archives and the Campanella Art Gallery.

Professionally-trained librarians provide instruction in basic research methods and the use of library print and electronic resources for individuals and groups, in-person, via phone, email and chat, seven days a week.

Access to the online catalog and other electronic resources is provided through the University’s web page: www.park.edu/library. Library facilities are available for all Students’ use, on campus centers and at the Parkville Daytime Campus Center. In addition to the reciprocal borrowing agreements mentioned above, the University maintains cooperative agreements with other institutions of higher learning in the metropolitan area so that Park students can access their libraries.

Library hours during Fall and Spring terms are CST/CDT (Hours are subject to change.)

Monday-Thursday 8:00 a.m. - 9:30 p.m.
Friday 8:00 a.m. - 4:30 p.m.
Saturday 10:00 a.m. - 4:00 p.m.
Sunday 4:00 p.m. - 9:30 p.m.

PIRATE FITNESS CENTER AND WELLNESS PROGRAMS

The wellness programs at Park University are designed to complement the academic goals of the University by encouraging the physical, emotional, and social growth of students. Park is proud to offer a variety of online and onsite wellness programs for our students. Any Park University Student can access Student Health 101, Park's online, health oriented magazine, found at www.readsh101.com/park.html.

All Parkville campus students have access to the on-site facilities of the Pirate Fitness Center. Our recently expanded Pirate Fitness Center now has four branches: Intramural Fieldhouse, Pirate Strength Center, Copley-Quad Center, and Chesnut Hall Center. The Intramural Fieldhouse (adjacent to the Breckon Sports Center) and the Pirate Strength Center (located in the Mabee Underground near the 6th street entrance) are open seven days a week for all on-campus students. The Copley Quad and Chesnut Hall Branches of the Pirate Fitness Center are open 24 hours and utilized for Residential Students. These facilities include free weights, dumbbells, machine weights, exercise balls, resistance bands, elliptical trainers, stationary bikes, and treadmills.

The Intramurals/Fieldhouse Branch of the Pirate Fitness Center is also home to the Community Wellness Programs. These programs include access to fitness classes inclusive of: Yoga, Zumba, Boot Camp, and more. The Labor Hall Gym area is available by appointment. Contact the Fitness Center staff at (816) 584-6463 or by e-mail at piratefitness@park.edu. For a complete schedule of classes, wellness programs, and details on the facility go to www.park.edu/pirate-fitness.

PUBLICATIONS AND BROADCAST VENUES

Park University students have the opportunity to work on student-run publications: the student newspaper, the student literary magazine, the campus radio station, and student telecasts. For more information, please call (816) 584-6327 or (816) 584-6263.

The Stylus, Park's award-winning newspaper, is operated and managed by students. It provides an invaluable laboratory for news writing, feature writing, editing, digital composition, and photography. Its staff is not limited to journalism students, staff members and editors come from all corners of the campus. Issued biweekly except during vacation periods, the Stylus is focused in news and features on the heartbeat of the Park University community and serves as a forum for student opinion. It is also available online at www.stylusonline.org. Please direct all inquiries to stylus@park.edu.

The Scribe is Park's student-edited literary and art magazine, which contains fiction, drama, poetry, essays, and visual art created by Park University students.

Educational radio station KGSP-FM, 90.5 FM is student operated and broadcasts at 100 watts to the Kansas City area and streams live online. The TV Production Studio on the Parkville Daytime Campus Center serves both as a teaching facility for TV students and as the facility for production of the Northland News broadcast. Students produce programs with both studio and digital field equipment.

Students assume a wide range of responsibilities in both audio and video productions. Park's hands-on emphasis ensures that students will build professional portfolios that qualify them for professional employment. Interested students should call (816) 584-6321.

The Northland News is the name of the campus television news magazine staffed, editing, produced, and delivered by students. The Northland News focuses on campus events through video news and features. The home of the Northland News on Facebook is https://www.facebook.com/pages/Northland-News/282229251837198.

Students at Park University, particularly those majoring in Communication, Journalism and Public Relations, are encouraged to experience all of these hands-on outlets to develop well-rounded career preparation and to find exciting venues for self-expression.
Students assume a wide range of responsibilities in both audio and video productions. Park’s hands-on emphasis ensures that students will build professional portfolios that qualify them for professional employment. Interested students should call (816) 584-6321.

RESIDENCE LIFE AND EDUCATION

Park University believes in providing the opportunity for students to develop in all areas of their lives. These opportunities include being involved in the Residence Hall Council, one of our Living-Learning communities (Business, Leadership Challenge, and Honors), as well as many other planned activities. The resident hall experience is intended to enhance the student’s classroom experiences and provide opportunities for students to develop the whole person. Please visit www.park.edu/student-life to learn more about our programs.

Additionally, every effort is made to encourage students to assume responsibility for their own behavior, while at the same time developing respect for the rights of others. This total student development, requires that certain policies and procedures be established for residence life. These policies and procedures are contained in the Residence Life and Education Handbook and are available at www.park.edu/student-life.

STUDENT ACTIVITIES AND CLUBS

There are a number of cultural and social activities for students at Park University, including plays, lectures, dances, concerts, athletic events, and other forms of entertainment and education. There are traditional events such as Fright Night, Spring Fling, Harvest Festival, International Dinner, and Christmas on the River. The Park Student Activities Board (PSAB) programs co-curricular events for the Kansas City Area. Some events, such as International Talk Like a Pirate Day, are celebrated at all the Park University campuses. Many events are open to all Campus Centers. For more information, please call (816) 584-6377 or check the online Activities Calendar, available through the Student Life home page at: www.park.edu/student-life.

Students typically spend 85% of their time outside of the classroom. It is part because of this large block of unstructured time we encourage students to explore the involvement opportunities here at Park University. In addition to filling time and meeting people with similar interests, involvement on campus has many benefits.

There are personal, academic, and professional benefits to becoming involved at Park University. Students who are involved acquire a wide variety of benefits including earning better grades, becoming more likely to graduate and are simply more marketable when job searching or applying for graduate school. To learn more about the student organizations Park University offers, please visit: www.park.edu/student-life

If there is not an organization that currently piques your interest, then we encourage you to start a new student organization. All you need to be a recognized organization is 5 members, an organization constitution, elected officers, and a completed Park University certification form. Stop by the Office of Student Leadership & Engagement for assistance, call staff at (816) 584-6377, or check the website at: www.park.edu/student-life.

STUDENT GOVERNMENT

All students enrolled at Park University are considered members of the Park Student Government Association (PSGA) and attend PSGA meetings. The Student Senate consists of the Executive Board and the Senate. Members of the Executive Board are President, Vice-President, Secretary, and Business Manager. Members of the Senate include students representing both the residential and commuter population. The Associate Dean of Students serves as the advisor to the Student Senate. The PSGA assists Park University in its commitment as an institution of higher learning; acting as a means of communication between students, faculty and administration; while addressing the needs of the campus and serving as the comptroller of the student life fee funds. For specific information about PSGA, please check the website at: www.park.edu/student-life.

STUDENT HEALTH SERVICES

Park University students are encouraged to have health insurance and student populations are required to provide proof of health insurance coverage. Information about student insurance is provided on request and is available at www.park.edu/enrollment-services. Information about health services available to Park students in the Kansas City area is on the Student Life website at: www.park.edu/student-life.
STUDENT LEADERSHIP AND ENGAGEMENT

Staff in Student Life provide a comprehensive Student Leadership program to equip both emerging and experienced student leaders with skills and experiences that will benefit them during their time at Park University, in their careers, and in the community. There are also many opportunities for Student Engagement, offering students a chance to understand their leadership style and become civically engaged with their campus, local, and global community. For more information about these programs and events, orientation, or to utilize the Student Leadership and Engagement resources, please check the website at: www.park.edu/student-life.

STUDENT LIFE

Student Life encompasses several areas of the campus that provide outside-the-classroom support, services and programs for all students at all campus centers. Areas within Student Life include Residence Life, Student Leadership and Engagement, Student Activities and Orientation, Counseling Center, Student Health Services, Student Clubs and Organizations, Pirate Fitness, Park Student Government Association (PSGA – Student Senate), Summer Conferences, Student Conduct, Dining Service, and Parent Programs. Please check the website at www.park.edu/student-life or call (816) 584-6377 for more information. Most Student Life staff is located in the Thompson Student Center and regular hours are 8:00 a.m. to 4:30 p.m. Monday through Friday. Many special events and programs provided by staff are offered on evenings and weekends.

THEATRE

The Park University Theatre Program is dedicated to serving the artistic needs of its theatre-interested students, the Park University student body and the Parkville community.

In addition to providing an academic minor designed to augment other departmental offerings on campus, the Theatre Program offers two main stage presentations each year in the Jenkin and Barbara David Theater located in Alumni Hall. The Studio Theatre on the second floor of Alumni Hall provides an intimate performance alternative for student-mounted projects.

Interest and commitment are the only prerequisites for theatre involvement. No prior experience is necessary. Interested students please call (816) 584-6450.

VARSITY ATHLETICS

Park University has a highly successful varsity athletic program offering 15 varsity sports that compete in the National Association of Intercollegiate Athletics (NAIA). Varsity sports include men's and women's basketball, men's and women's soccer, men's and women's volleyball, men's and women's cross country, men's and women's indoor track and field, men's and women's outdoor track and field, men's baseball, women's softball and women's golf. Park is a member of the American Midwest Conference (AMC), the Mid American Men's Volleyball Intercollegiate Conference (MAMVIC) and is a NAIA Division I Independent in men's and women's basketball. Varsity student-athletes are required to comply with eligibility guidelines established by Park University, the NAIA, and the AMC.
ACADEMIC ADVISING

Academic advising is an integral part of the academic program of Park University. Advisors are full-time faculty or staff. The advisors serve as a central academic resource and mentor of Park University students. Each student has an advisor who provides guidance in academic planning and who is available for counseling on academic and related issues and concerns. Each student is expected to work closely with his/her advisor in the design and pursuit of a coherent course of study shaped by his/her goals and interests and by University and departmental requirements.

Academic advising at Park University is viewed as a cooperative educational partnership between advisor and advisee, grounded in mutual respect and a common commitment to student growth and success. The advisor/advisee relationship respects the autonomy and intellect of each student and acknowledges the broader developmental and educational contexts within which academic advising occurs.

Although advisors and advisees work together in all areas related to academic planning, academic decision-making responsibilities, including the responsibility for meeting each of the graduation requirements of the University, rest ultimately with the student. Primary responsibility for timely, effective use of the academic advising system also remains with the student.

Academic advisors are responsible for providing their advisees with appropriate, accurate information concerning the academic policies, programs, procedures, and resources of the University. Advisors also assist advisees in defining, developing, and pursuing an educational plan consistent with their academic, career, and life goals, including the selection of an academic major consistent with their interests and abilities within the broader liberal educational curriculum. Advisees are encouraged to meet regularly with their advisors in order to realize the full educational potential of the advising program. More specifically, each student shall work carefully with his/her advisor to structure an appropriate course schedule, based on the student’s short and long-term academic objectives as well as his/her career interests and goals.

In addition to ongoing general discussions concerning academic planning and scheduling, career goals, and academic progress, students and advisors will want to discuss at least the following:

* Taking less or more than a standard load (twelve credit hours in a given semester or six credit hours in a given term)
* Dropping a course in progress
* Changing the schedule in any way
* Selecting and declaring a major or minor
* Changing a major or minor
* Study abroad opportunities
* Internship possibilities
* Going on leave or withdrawing from the University.

ACADEMIC GRIEVANCES AND GRADE APPEALS

A student who believes that he/she has an academic grievance must first discuss the concern with the faculty member in charge of the course in which the concern has arisen. If a mutually satisfactory resolution is not reached, the student must then take the matter to the appropriate Department Chair or Campus Center Academic Director. If no resolution is reached at that level, or if the Department Chair or Campus Center Academic Director is the faculty member named in the first instance, the concern should be taken to the appropriate academic Dean. The decision of the Dean will be considered final. Students may petition the Vice President for Academic Affairs only in instances where he/she feels due process or University policy was not followed.

GRADE APPEAL POLICY

1. All grade appeals must be initiated within 30 calendar days of the end of the term in which the grade to be challenged was recorded.
2. The student bringing the appeal must first discuss the issue with the faculty member who assigned the grade.
3. If a mutually satisfactory resolution is not reached in conversation with the faculty member, the student must discuss the issue with the appropriate Department Chair or Campus Center Academic Director.
4. If, after discussions with the faculty member and the Department Chair or Campus Center Academic Director, a resolution has not been reached, the student may file with the respective academic Dean a formal grade appeal.
5. All students intending to file a formal grade appeal must do so within 60 calendar days of the end of the term in which the grade to be challenged was recorded, and must use the Grade Appeal Form available on the Student tab in MyPark.
6. Students must submit the completed Grade Appeal Form and any supporting documentation to the appropriate Campus Center Academic Director, or academic...
Dean. Campus Center Academic Directors forward such appeals to the Associate Dean of PDL, who will then forward it to the appropriate academic Dean.

7. Once the documentation is received by the School/College Dean, the student will be notified by the academic Dean.

8. Within 7 calendar days of receipt of the complete student petition, the faculty member named in the appeal will be informed that the issue has been elevated to the level of a formal appeal. He/she will be given access to the files submitted by the student. The faculty member will be given 14 calendar days to submit a response to the academic Dean. The Dean may, in extreme circumstances, extend the deadline for faculty input (e.g., in cases where the faculty member is on vacation or is ill). In those instances, the Dean will notify the student of the extension, new dates, and general reason for the extension.

9. The student appeal information, together with the faculty response, will be considered the formal Grade Appeal Dossier, which will be secured in the College/School Dean’s office during the appeal process.

10. The Dean will review the case and render a decision. That individual may also employ the assistance of a formal College/School Appeal Board. In cases where such a Board is assembled to hear a case involving a student from a Park Campus Center, the Dean will ensure that the appropriate Campus Center Campus Center Academic Director is formally involved in the process. The decision of the Dean will be rendered within 14 calendar days of the completion of the Grade Appeal Dossier.

11. The Dean will immediately notify the student of the decision in writing.

12. The decision of the Dean will be considered final. Appeals to the Associate Vice President for Academic Affairs can be made only on the basis that the established policy outlined here was not followed. Simply disagreeing with the decision is not grounds for further appeal.

Students may contact the Enrollment Services for assistance with these guidelines and procedures.

ACADEMIC HONESTY

Academic integrity is the foundation of the academic community. Because each student has the primary responsibility for being academically honest, students are advised to read and understand all sections of this policy relating to standards of conduct and academic life. Park University students and faculty members are encouraged to take advantage of the University resources available for learning about academic honesty at www.park.edu/current-students.

Definitions

Academic dishonesty includes committing or attempting to commit cheating, plagiarism, falsifying academic records, and other acts intentionally designed to provide unfair advantage to the student.

• Cheating includes, but is not limited to, intentionally giving or receiving unauthorized aid or notes on examinations, papers, laboratory reports, exercises, projects, or class assignments which are intended to be individually completed. Cheating also includes the unauthorized copying of tests or any other deceit or fraud related to the student’s academic conduct.

• Plagiarism involves the use of quotations without quotation marks, the use of quotations without indication of the source, the use of another’s idea without acknowledging the source, the submission of a paper, laboratory report, project, or class assignment (any portion of such) prepared by another person, or incorrect paraphrasing.

• Falsifying academic records includes, but is not limited to, altering grades or other academic records.

• Other academically dishonest acts include, but are not limited to: stealing, manipulating, or interfering with an academic work of another student or faculty member; receiving or giving assistance on a task that was expected to be performed individually; lying to or deceiving a faculty member.

Procedures

The primary responsibility for the initial handling of Academic Dishonesty rests with the instructor. As a first step, the instructor will notify the student in writing that evidence of academic dishonesty has been detected. The instructor will make an effort to schedule a personal meeting or telephone conference with the student to discuss the allegation. Whether or not the student admits to academic dishonesty, if the instructor remains convinced that the alleged violation occurred, either based on evidence or personal observations, the instructor may assign a penalty, such as a verbal reprimand or lowered grade. Possible sanctions are listed in a following section titled Penalties in the Event of Academic Dishonesty. The
instructor bringing the charge will document the observation of academic dishonesty and report any penalty imposed on an Academic Dishonesty Incident Report. The report form will be sent to the appropriate Department Chair.

A student who wishes to report an alleged incident of academic dishonesty may do so by reporting the incident on the Academic Dishonesty Incident Report. The report form will be sent to the appropriate instructor. Upon receiving the report, the instructor will make an effort to schedule a personal meeting or telephone conference with the student to discuss the allegation. Whether or not the student admits to academic dishonesty, if the instructor remains convinced that the alleged violation occurred, either based on evidence, the instructor may assign a penalty, such as a verbal reprimand or lowered grade. Possible sanctions are listed in a following section titled Penalties in the Event of Academic Dishonesty. The instructor bringing the charge will report any penalty imposed to the Department Chair on the Academic Dishonesty Incident Report.

IF THE STUDENT DOES NOT DISPUTE THE CHARGE, the faculty member may then assign a penalty, such as a verbal reprimand or lowered grade. Possible sanctions are listed in a following section titled Penalties in the Event of Academic Dishonesty. The instructor bringing the charge will report any penalty imposed to the Department Chair on the Academic Dishonesty Incident Report.

IF THE STUDENT DISPUTES THE ALLEGATION OF ACADEMIC DISHONESTY, he/she may request a review of the issue by the appropriate Department Chair within 10 business days following the initial meeting with the faculty member. The Department Chair may informally resolve the matter in discussion with the student and the instructor.

If the student is unsatisfied with the resolution offered by the Department Chair, the student may request a formal hearing from the appropriate academic Dean within 15 business days of the Department Chair's response. The Dean, or the Dean's designee, will review the case and render a decision. That individual may also employ the assistance of a college/school appeal board.

The decision of the Dean will be considered final. Appeals to the Associate Vice President for Academic Affairs can be made only on the basis that the established policy outlined here was not followed. Simply disagreeing with the decision is not grounds for further appeal. Grades and/or degree(s) may be withheld pending the outcome of the appeal process.

Penalties in the Event of Academic Dishonesty

In the event of academic dishonesty, the following courses of action are available to Park University, based upon the severity of the violation:

The Course Instructor may:
• Issue a verbal and/or written reprimand.
• Assign a lower grade on the test/paper/project in question, with an explanation from the faculty member.
• Assign a grade of “F” in the course.
• Refer to the Student Code of Conduct Administrator for possible University-wide sanctions when there is a repeat offense or the single violation is especially egregious.

The Office of Academic Affairs may:
• Issue a written reprimand.
• Refer to the Student Code of Conduct Administrator for possible University-wide sanctions when there is a repeat offense or the single violation is especially egregious. The full Student Conduct Code and associated sanctions are available on the Park website at: www.park.edu/student-life.

ACADEMIC PROGRESS/PROBATION

No fixed incremental rate of progress toward a degree is required. A student is considered in good standing as long as the student’s cumulative GPA stands at 2.00 or better, and the student continues to achieve a Park University GPA of 2.00 or better at end of Fall and Spring semesters.

1. ACADEMIC WARNING

Any academic semester/term in which a student’s GPA falls below a 2.00, the student will receive a warning letter from the Office of Academic Affairs. A copy of the letter will be placed in the student’s academic file.

2. ACADEMIC PROBATION

A student who fails to achieve a 2.0 cumulative Park University GPA will be placed on academic probation until his/her cumulative Park GPA increases to 2.00 or greater. A letter will be sent to the student by the Office of Academic Affairs. A copy of the letter will be retained in the student’s academic file. A student receiving VA benefits who
remains on academic probation beyond two semesters/terms without an improvement in his/her GPA will no longer be certified. In order for a veteran student to be reinstated for veteran's benefits, s/he must (1) show progress at an acceptable rate to graduate, and (2) must maintain a 2.0 GPA.

3. ACADEMIC SUSPENSION

In cases where a first-time Park undergraduate student taking only one course per semester receives a failing grade, he/she will be placed on academic probation rather than on academic suspension.

A student seeking a bachelor's degree will be placed on suspension according to the following:

- **0 - 27 Total Earned Hours**
  - Below a 1.00 Cum Park GPA

- **28 - 57 Total Earned Hours**
  - Below a 1.50 Cum Park GPA

- **58 or more Total Earned Hours**
  - Below a 1.75 Cum Park GPA

  *includes transfer hours

A student seeking an associate's degree will be placed on suspension according to the following:

- **0 - 15 Total Earned Hours**
  - Below a 1.00 Cum Park GPA

- **16 - 30 Total Earned Hours**
  - Below a 1.50 Cum Park GPA

- **31 or more Earned Hours**
  - Below a 1.75 Cum Park GPA

Any student who has been suspended may appeal in writing to the appropriate academic Dean. After being academically suspended from Park University, any student who wishes to return is required to apply for readmission. If enrollment is broken for two or more semesters for Parkville Campus students, the student will be required to follow the current catalog in effect when readmitted.

4. ACADEMIC READMISSION/EXPULSION

The student must submit a written request for readmission to the appropriate academic Dean. A decision is rendered following consultation with the appropriate Campus Center Academic Director or Department Chair. If the student is readmitted, s/he will be placed on probationary status. Failure to meet the requirements stated above could result in expulsion for an indefinite period.

ACADEMIC WITHDRAWAL POLICY

Park University reserves the right to withdraw a student from class(es) for failure to meet financial obligations or failure to attend classes without approved excuse. Excused absences may be granted at the discretion of the instructor.

There are two types of withdrawal, official and administrative. An official withdrawal begins when the student initiates the withdrawal process. Refund of tuition charges are based on this date. If a student fails to initiate the withdrawal process, and is withdrawn for non-attendance and/or failure to meet financial obligations, this is an administrative withdrawal. In this case, refund calculations will be based on the withdrawal date or the mid-point of the semester or term.

Students must officially withdraw from a class(es) no later than two-thirds of the way through the semester/term in order to receive a “W.” If a student does not officially withdraw by this time, a grade of “F” will be recorded. To avoid receiving this grade, you must officially withdraw through the Enrollment Services or e-mail enrollmentservices@park.edu.

If you have financial aid, this administrative withdrawal may affect that assistance. Please call the Student Financial Services at (816) 584-6290. A request for withdrawal, if sent electronically, must be sent using the student’s Park e-mail account.

APPLYING FOR GRADUATION

An Application for Diploma is required before a completion statement is posted to the transcript. Applications may be acquired from the Enrollment Services Center, Campus Center Director, or online at www.park.edu/registrar. Students must return the completed form with the appropriate fee.

Deadline for Application

The deadline for application for the Kansas City Area commencement is as follows:

- **December Commencement** April 1
- **May Commencement** November 1
- **August Commencement** April 1

**Campus centers offering accelerated programs hold commencement at various times. Students should contact his/her campus center to verify deadlines and the number of guests eligible to attend.

Once the application is filed, the Office of the Registrar will perform a degree check of the student's coursework. Campus centers will email a copy of all requirements to the student. Parkville campus students will be notified via email by the Office of the Registrar. All email
communications will go to the student’s Park University email.

In order for a student to participate in a commencement ceremony, the student must be within 12 credit hours of meeting graduation requirements. If there are special circumstances the student may petition the Office of the Registrar. The student must have an overall GPA of 2.0 or higher in order to participate in the ceremony. In the Kansas City Area, students who complete their degree requirements in the summer are eligible to participate in the following December or May commencement.

Any outstanding official transcripts or exams (CLEP, DSST, etc) verifying credit which are necessary for graduation must be received at the Office of the Registrar the term prior to the commencement in order for a candidate to participate in that commencement.

Participation in a ceremony does not indicate graduation completion. All university requirements must be met to receive a diploma.

ATTENDANCE

Instructors are required to maintain attendance records and to report absences via the online attendance reporting system.
1. The instructor may excuse absences for valid reasons, but missed work must be made up within the semester/term of enrollment.
2. Work missed through unexcused absences must also be made up within the semester/term of enrollment, but unexcused absences may carry further penalties.
3. In the event of two consecutive weeks of unexcused absences in a semester/term of enrollment, the student will be administratively withdrawn, resulting in a grade of “F”.
4. A “Contract for Incomplete” will not be issued to a student who has unexcused or excessive absences recorded for a course.
5. Students receiving Military Tuition Assistance or Veterans Administration educational benefits must not exceed three unexcused absences in the semester/term of enrollment. Excessive absences will be reported to the appropriate agency and may result in a monetary penalty to the student.
6. Report of a “F” grade (attendance or academic) resulting from excessive absence for those students who are receiving financial assistance from agencies not mentioned in item 5 above will be reported to the appropriate agency.

Online Attendance Policy

Students must participate in an academically related activity on a weekly basis in order to be marked present in an online class. Examples of academically-related activities include but are not limited to: contributing to an online discussion, completing a quiz or exam, completing an assignment, initiating contact with a faculty member to ask a course-related question, or using any of the learning management system tools.

BASIC SKILLS

These courses are designed for those students who need to review the fundamentals of reading, writing and mathematics. In addition, courses to develop skills for college success, keyboarding (computer) and career development are offered. Credit for those courses do not count toward the 122 semester hours needed to graduate. The grade, however, does count in the cumulative grade point average. These courses are not intended for transfer but are available to enhance the student’s success in his/her pursuit of a university degree.

CANCELLATION OF CLASSES

Any course may be cancelled at the discretion of the Provost and Senior Vice President, Associate Provost and Vice President for Academic Affairs, or Campus Center Director in conjunction with the Dean of the Park Distance Learning. Generally, a class is cancelled if the enrollment is less than ten students. When a class is cancelled, students are notified so they may make necessary adjustments.

CLASS DIVISIONS

Class division is determined by the number of accumulated hours as follows:
- Freshman: 0 - 27
- Sophomore: 28 - 57
- Junior: 58 - 87
- Senior: 88 - 122

COPYRIGHT POLICY—CLASSROOM

It is the intention of Park University to comply with the provisions of the Copyright Act of 1976 and all related legislative acts (the TEACH Act). The material(s) in any Park University classroom is/are only for the use of students enrolled in that course for purpose(s) associated with the course and may not be retained and/or further disseminated.

The use of material(s) is limited to personal study and research related to the completion of the course. Material(s) found in the classroom may not be reproduced in multiple copies and/or for further distribution without the permission of the course instructor.
unless otherwise noted. Enrolled students in the course may display the material(s) on their computer screen and/or equivalent device(s) or make a single printed copy for the sole purpose of personal reference.

Students may not make multiple copies of any material for redistribution, redistribute the material(s) by electronic means to any other person(s) or machine(s); modify or create derivatives of the material(s); reproduce, display, distribute, or modify the material(s) for commercial purpose(s) or for financial gain. The list of prohibited use(s) is not meant to be exhaustive.

For permission to copy, distribute, and/or reproduce material(s) in excess of the above guidelines and/or to publicly display and/or modify material(s), please contact the course instructor.

COURSE REPEATS
When a Park University course is repeated, both the granting of credit and computation of the cumulative GPA will be based upon the second attempt. Title IV aid availability is dictated by the federal repeated coursework policy. The policy may be found on the Satisfactory Academic Progress link at www.park.edu/student-financial-services.

CRITERIA FOR DEAN’S LIST AND PRESIDENTIAL SCHOLAR’S LIST

Dean’s List
A student’s name is placed on the Dean’s List when the following conditions are met:
1. Twelve or more graded hours at Park University are completed, either in one sixteen week term or in two accelerated terms (Fall I/Fall II or Spring I/Spring II).
2. Must be degree seeking at Park University.
3. Student earned a semester grade point average of 3.600 or better.
4. Student received no Incomplete grades for the semester or terms.
5. The fall Dean’s List is based on the Fall semester or Fall I, and Fall II terms; the spring Dean’s list is based on the Spring semester or Spring I and Spring II terms. Dean’s List is not retroactive for those students receiving changes of grades or changes of Incompletes.

Presidential Scholars
(Parkville Daytime Campus Center Program)
A student’s name is placed on the Presidential Scholar’s List when the following conditions are met:
1. Student is enrolled at the Parkville Daytime Campus Center.
2. Student has earned 30 or more graded hours at Park University.
3. Student was enrolled for 12 or more hours for the semester.
4. Student must be degree seeking at Park University.
5. Student has a cumulative grade point average of 3.9 or better.
6. Student has received no Incomplete grades for the semester.

MISSED FINAL EXAMS
Only extraordinary circumstances warrant a student being allowed to make up a missed final examination. It is the student’s responsibility to contact the faculty member before the scheduled exam to request permission to take a makeup exam. In the process of determining whether a makeup exam should be allowed, the burden of proof is on the student. The faculty member has the right to request verification of any excuse offered by the student.

A student who is denied permission to take a makeup exam may appeal immediately to the Associate Dean/Dean of the School in which the course is offered or Campus Center Director. The appeal must be made in writing by the end of the first working day after the day of the denial. The appeal will be forwarded immediately to the Associate Vice President for Academic Affairs whose decision will be final.

Online students who fail to take the scheduled proctored exam will receive a grade of “F” for the course.

FULL-TIME STATUS, OVERLOAD APPROVALS, AND ONLINE AND SUMMER COURSES

FULL-TIME STATUS AND OVERLOAD
Full-time class load is six (6) credit hours for an eight or nine-week accelerated term, or twelve (12) credit hours in a semester program. A student may enroll in no more than seven (7) hours per term in a accelerated program without written prior approval from the Campus Academic Director of his/her program or eighteen (18) credit hours per semester at the Parkville Daytime Campus Center without prior written approval from his/her Associate Dean or Dean.* The student shall have a cumulative grade point average of 3.25 or higher for consideration of an overload.
ONLINE COURSES

Courses offered online are from the current Park University catalog and are taught in an accelerated eight-week format, five (5) terms per year. Students may register for Internet courses any term during their Park University career. The courses offered will supplement the traditional classroom or complete a degree online. Up to seven (7) credit hours per term may be taken on the Internet without getting prior written approval for an overload. All Park University online courses will count toward residency. Park University prides itself on the quality of its courses in all modes of instruction.

During the term, online classroom contact with the instructor must be made on a weekly basis for attendance, assignments, and online interaction with the course environment (eCollege). Syllabi for online courses are available online according to University-wide assessment procedures. Online courses contain the same core assessment and learning outcomes as Parkville campus courses. Students will find instructor contact information in the course syllabus.

The student must have his/her own access to the Internet. Additional information about online courses may be obtained from the Park Distance Learning section of the University website - www.park.edu/admissions.

SUMMER COURSES

The Parkville Daytime Campus Center offers a variety of on-campus programs during the summer semester/terms. The Parkville Daytime Campus Center program offers two, four and eight week sessions. These programs provide an opportunity for students to accumulate a maximum of fifteen credit hours over the entire summer program. Additionally, these summer programs are available to those students from other colleges or universities who are home on vacation and wish to accumulate additional credits during vacation time. For additional information concerning summer programs, please visit www.park.edu/enrollment-services.

ENROLLMENT ADJUSTMENT PERIOD

It is the student’s responsibility to initiate and complete the necessary procedures for making course schedule changes such as adding, dropping, exchanging, or withdrawing from courses.

The first eight calendar days of a semester/term constitutes the Enrollment Adjustment Period. Within this time, the student will be permitted to evenly exchange class(es) without financial penalty. For any adjustment other than even exchange, the student will be responsible for charges associated with the Enrollment Adjustment as detailed in the Refund Policy section. Adding or dropping class(es) must be arranged by the student in the Park University representative's office or by using their Park email account. Courses may not be added or dropped by telephone.

GRADING POLICY

The official grades issued by Park University to indicate the assessment of the student’s performance are as follows: (per semester hour)

<table>
<thead>
<tr>
<th>Grade</th>
<th>Points</th>

</tbody>
</table>

A grade of “Cr,” “W,” “Au,” or “P” will not affect a student’s grade point average.
GRADE CHANGE POLICY

No grade changes shall be granted more than one calendar year from the original grade submission deadline. Any change of grade, prior to the deadline, will be initiated by the faculty member only who assigned the grade. All requests must be adequately documented.

A grade may be changed, prior to the deadline, for the purpose of correcting clerical or administrative error, or to correct an error in the calculation or recording of a grade. A change of grade will not occur as a result of additional work performed or re-examination beyond the established course requirements.

GRADUATION HONORS

Eligibility for graduation honors at the bachelor's degree level shall be based upon the following criteria:

1. At least 45 earned Park credit hours prior to the last term of enrollment at Park University.
2. The cumulative Park University grade point earned as follows:
   - Cum Laude .......... 3.5 to 3.699
   - Magna Cum Laude ....... 3.7 to 3.899
   - Summa Cum Laude .......... 3.9 to 4.0
3. Graduation Honors are not retroactive for those students receiving changes of grades or Incompletes.
4. Students who complete 24 to 44 graded hours and accumulate a 3.75 or better grade point average may be honored by having the notation “With Distinction” entered on their academic records.
5. Graduation Honor designations for the Associate of Science in Nursing graduates are as follows:
   - 30 or more hours earned from Park University:
     - With Honor .................. 3.5 to 3.699
     - With High Honor .......... 3.7 to 3.899
     - With Highest Honor ...... 3.9 to 4.0
   - 24-29 graded hours earned from Park University:
     - With Distinction .......... 3.75 or better

INCOMPLETES

The notation “I” may be issued only upon written completion of a “Contract for Incomplete” signed by the student and the instructor and placed on file in the Office of the Registrar or Campus Center. An Incomplete will not be issued to a student who has unexcused or excessive absences recorded for a course. An “I” indicates that the coursework was not completed in the time allotted in the semester/term through no fault of the student as determined by the instructor. Final assessment of the grade is postponed to no later than the last day of the semester/term immediately following the semester/term in which the “I” was received, unless an earlier deadline was established by the instructor. Failure on the part of the student to complete the work will result in a grade of “F”.

NOTE: Taking an “I” (Incomplete) may suspend the student from financial aid.

INDEPENDENT STUDY

(Parkville Daytime Campus Center Only)

Independent Study is a means by which a degree-seeking student may complete a course. Junior standing is required. The requested courses must be out-of-class academic work which cannot be met through the existing curriculum, for which a course number and supervision are available, or a catalog course not scheduled for an academic year.

The application must have attached a detailed proposal to include title, resources to be used, course objectives, content and evaluation aspects of the study.

Applications must be signed by the student, the instructor, and the Department Chair, Associate Dean or Dean. The application must be filed in the Office of the Registrar prior to the last day of the enrollment adjustment period.

In order for an independent study class to be eligible for financial assistance, Student Financial Services must be able to document that the student is participating on a regular (weekly) basis. Classes that do not meet on a regular basis will not qualify to be included in the number of hours used for aid calculation.

INDEPENDENT STUDY

(Accelerated Programs Only)

Independent Study is a method for completion of courses in this catalog that do not require special equipment, instruments, machines, and are deemed suitable to be taught as an Independent Study. The course consists of a prescribed program of study with provision for interaction between a student and a Park University faculty member.

To qualify for an Independent Study course, the student must:
1. Have been evaluated as a degree-seeking student at Park University;
2. Have no access to classes in any Park University program;
3. Have completed no less than 24 of the 30 residency hours for a Bachelor of Arts degree or a Bachelor of Science degree or 9 of the 15 hours for an Associates degree.
If qualified, the student must request an Independent Study Agreement from the Office of the Registrar or Campus Center Director. A student is allowed a maximum of six credit hours through Independent Study to complete the requirements. Each three hour course carries a maximum completion time of six months. Final approval of all Independent Study courses is made by the Office of the Registrar. All charges, regardless of funding, must be paid in full when the Independent Study is approved.

INDIVIDUALIZED INSTRUCTION (ACCELERATED PROGRAMS ONLY)

Individualized Instruction is a method by which a course offered in this catalog may be completed in a tutorial mode. A student is allowed a maximum of nine credit hours of Individualized Instruction during the Park University career if the conditions listed below are met:

TO QUALIFY FOR AN INDIVIDUALIZED INSTRUCTION COURSE, A STUDENT MUST:
1. Be evaluated as a degree-seeking student at Park University.
2. Be in residence in a Park University program;
3. Be within nine (9) semester hours of an associate’s degree OR be within fifteen (15) semester hours of a bachelor’s degree.

APPROVAL FOR AN INDIVIDUALIZED INSTRUCTION COURSE ALSO REQUIRES THE FOLLOWING:
1. That a substitute course cannot be determined that would reduce degree requirements;
2. That the course was not available in the immediately prior term, and
3. That the course is not scheduled to be available in the next term.

If qualified, the student must request an Individualized Instruction Agreement through their Park University Campus Center Director. The Agreement must include the faculty member’s name, specific course requirements, meeting times (minimum of 1 1/2 hours per week), and evaluation requirements and must be submitted to the Park Distance Learning or Park Accelerated Programs offices four weeks prior to the beginning of the term. Final approval of the Individualized Instruction is made by the Dean for Park Distance Learning or Park Accelerated Program Director, as appropriate, after a total review of the student’s record.

LEAVE OF ABSENCE/EMERGENCY LEAVE PROCEDURES

A student may request a Leave of Absence from all courses if s/he needs to be absent for more than two consecutive weeks of class(es). The formal institutional guidelines for this procedure are:
1. Students must request the leave of absence in writing, signed and dated, prior to the leave of absence unless unforeseen circumstances prevent the student from doing so. If that is the case, the circumstances must be documented.
2. Documentation supporting the request should be submitted concurrently with the request.
3. The written request and documentation should be sent to the Office of the Registrar or to the appropriate Campus Center Director.
4. All faculty members concerned will be provided the requested materials for review. This is necessary so that potential problems associated with grading or required assignments can be dealt with. The faculty member may make arrangements to allow the student to complete the coursework that s/he began prior to the leave of absence. The student cannot begin a new semester/term without having completed all conditions of the previously approved leave of absence.
5. Faculty members will respond, in writing, to the Office of the Registrar or Campus Center Director, concerning their agreement or disagreement to the terms of the leave of absence.
6. The student and faculty must agree, in writing, on the nature of the coursework that must be completed in order to successfully receive credit for the class.
7. In addition to the faculty member, the appropriate Associate Dean or Regional Director will be provided all materials pertaining to the leave of absence.
8. If all parties agree to the terms of the leave, the leave may be granted. There must be a reasonable expectation that the student will return to school.
9. The approved leave request and all supporting documentation will be forwarded to the following individuals as appropriate for the students:
   • Associate Vice President for Academic Affairs
   • Controller
   • Associate Vice President Distance Learning
   • Faculty
10. A student may be granted no more than one leave of absence in any 12-month period and it may not exceed 180 days. The institution will not place additional charges on the student's account for completion of the course work upon return from the leave of absence. An approved leave of absence will not affect a student’s in-school status for the purposes of deferring Federal loans.

11. One 30-day extension may be granted due to unforeseen circumstances, such as jury duty, military reasons or circumstances covered under the Family and Medical Leave Act of 1993.

12. If a student does not return from an approved leave of absence, the student’s withdrawal date and the beginning of the student’s grace period for federal loans will be the date the student began the leave of absence. This may exhaust some or all of the student’s grace period for federal loans, putting the student into repayment status.

In order to totally withdraw: Students enrolled through the Parkville Daytime Campus Center must initiate withdrawal from all classes and/or residence hall at Enrollment Services. Students enrolled in an accelerated eight or nine week program must initiate the withdrawal with the appropriate Campus Center Director. Students continuing enrollment but wishing to withdraw from an individual class must do so at their Campus Center. Withdrawals by Park email or fax will be accepted.

PRE-ENROLLMENT AND CONFIRMATION FOR RETURNING STUDENTS

Current students who will be returning to the Parkville Daytime Campus Center have an opportunity to enroll early. The following process will be followed for returning students:

1. Currently enrolled students should obtain their login and password (PIN) from the Enrollment Services or their Campus Center Director to have the capability of viewing academic and demographic information online. Students are encouraged to print an audit and take it with them when they visit their advisor.

2. Students will meet with advisors during a designated period of time. Appointments are highly encouraged. The student and advisor will mutually agree upon the selection of courses.

3. Selected courses can be input by the advisor, Campus Center Director or the student. The course selection form may also be taken to the Enrollment Services for inputting.

   Campus Centers register students one month prior to their beginning term dates at the Campus Center. Students can register online anytime for up to one academic year. Online registration for the current upcoming term is closed on the Thursday before the beginning of the term. During the last week of registration for the current upcoming term, either at the Campus Center or online, the students are required to finalize payment at the time of registration.

   All students - new and returning - who pre-register must confirm (pay for or make financial arrangements for) their enrollment with the Enrollment Services or Campus Center Director seven calendar days before the semester/term begins. **If a student fails to confirm by the close of the final confirmation deadline, s/he will be removed from his/her courses.** If a student is dropped from a class as a result of non-confirmation, s/he may re-enroll (if space is available) prior to the beginning of the term; in this case the student must pay at the time of re-registration.

NOTE: If a student is enrolling in an Independent Study course or is attempting to register in more than 18 credit hours for fall and/or spring semesters, approval must be obtained from the student’s appropriate Associate Dean. Enrolling in an Independent Study course requires that the appropriate form be completed and the accompanying paperwork be signed by the student, the instructor, and the student’s appropriate Associate Dean. This form must be on file before registration can be completed. Registration for Independent Study and Overload courses must be done in the Office of the Registrar or Campus Center Director.

BLENDED COURSES

Some of Park University’s courses are blends of face-to-face and online delivery methods. Through the eCollege online platform, instructors place interactive course materials into a course shell as enrichment for the face-
to-face courses. In the blended course, students participate in class in both the online and face-to-face formats. These blended courses may be taught in both the accelerated (8-9 week session) or traditional (16-week session) format.

These courses will be identified as blended courses in the class schedule so that students will be aware of the delivery format. All courses offered are defined in the Park University Undergraduate catalog, and there is no indicator on the transcript as to the delivery method or location of the course delivered. A student in good academic standing may take up to seven (7) credit hours per term in face-to-face, online, or blended classes without obtaining approval for an overload. All Park University courses count toward residency and contain the same content rigor no matter the instructional format.

All Park University blended classes require weekly contact with the instructor and attendance taken on a weekly basis.

SECOND DEGREE, DUAL DEGREES, AND DOUBLE MAJORS

SECOND DEGREE

A student who has completed a bachelor’s degree at Park University can choose to be evaluated as a degree-seeking student for a second bachelor’s degree.

a. The accepted credit listed on the student’s transcript remains the same, but the accepted credit will be applied toward the second degree according to the catalog at the time the student re-enrolls.

b. A second Degree Audit is generated.

c. Students entering Park University with a bachelor’s degree from a regionally accredited college or university are required to meet the residency, major and/or certification requirements.

d. The student must complete a diploma application in order to have the second graduation phrase placed on the permanent record.

DUAL DEGREES

Students may pursue dual degrees if such degrees are approved and readily available at the student’s campus center of record.

DOUBLE MAJORS

A student may declare a double major at the time of request of an evaluation by submitting a Declaration of Major form or an Application for Admission and Evaluation.

NOTE FOR VETERAN BENEFITS RECIPIENTS:

Dual Objective programs, requiring more hours than a standard degree, which are reasonably related to a single career field, may be pursued by veterans. The student shall file a statement pertaining to his/her ‘career field of pursuit’ showing the relatedness of the objectives that is approved by school officials. The programs of pursuit must be approved by the State Approving Agency of jurisdiction in which the campus presides. Contact your Veterans Affairs representative on campus for more information.

Requirements for Double Major:

ASSOCIATE’S

1. Minimum of 15 residency hours - Associate of Arts/Sciences. At least nine of these credits must be in the major core.

2. Minimum cumulative grade point average of 2.0.

3. Core requirements fulfilled for each major.

4. Requirements outside major division fulfilled.

5. A minimum of 60 semester hours accumulated.

BACHELOR’S

1. Minimum of 30 residency hours.

2. At least 15 of these 30 hours must be in the major core.

3. Minimum cumulative grade point average of 2.0.

4. Core requirements fulfilled for each major.

5. Complete liberal education course distribution.

6. A minimum of 120 (B.S.) or 122 (B.A.) semester hours accumulated.

When all core courses for both majors and the distribution requirements are completed, one diploma listing both majors will be issued.

When adding a major after the initial evaluation, only the new major will be evaluated under the new catalog. The liberal education requirements and the original major will remain as stated in the catalog in effect at initial declaration. The previously accepted transfer credit will remain transcripted; however, the application of credit may change.
TRANSFER CREDIT POLICY

Park University will accept transfer credit from regionally accredited institutions. A minimum of 60 hours will be accepted for an Associates degree (excluding AAS). A maximum of 75 hours from all two-year school sources will be applied.

If a student presents documentation of an A.A. or A.S. degree prior to the end of the first term of enrollment, the block method is used in evaluating the liberal education component of transferring credit for students with a 2.0 cumulative GPA and with a “C” or better in each course used to meet the 37-hour Liberal Education requirement at Park University. No transfer course with a USA grade equivalent less than “C” will be used to meet any Park University course requirement. This applies only to students transferring into Park University with a transferable and non-terminal associate degree, including a minimum of six hours in each of the following areas: humanities, natural and applied sciences and social sciences.

Students who do not have a transferable and non-terminal degree will have their courses accepted on a course-by-course basis. No course with less than a USA grade equivalent “C” will be applied.

Credit from formal military service schools is awarded based on the recommendations of the American Council on Educations’ Guide to the Evaluation of Educational Experiences in the Armed Services. Credit will be awarded where it is applicable to the student’s degree program and in keeping with the basic educational philosophy of Park University.

Grade points are not included in the cumulative grade point average.

Foreign Transcripts Evaluation

To receive official transfer credit at Park University, all students submitting foreign transcripts must include an official evaluation completed by a recognized foreign credit evaluation company prior to their first enrollment period or be charged the Park University foreign transcript evaluation fee as shown on page 79.

Students are responsible for supplying the official foreign transcript(s) in a timely manner to the appropriate Park University office, and will bear sole responsibility for enrolling in “duplicate” classes that otherwise would have been credited to the student as transferable from previous courses taken when the official evaluation was completed.

TRANSFERABILITY OF PARK UNIVERSITY CREDIT

Park University is a regionally accredited higher education institution. Recognition of Park University as an accredited higher education institution means that the accrediting association recommends that Park University transcripts be evaluated on the same basis as those of other accredited colleges and universities. Students should, however, consult the Office of Admissions, Registrar or department chairperson at the institution to which they wish to transfer in order to determine which credits will transfer to fulfill requirements at that institution.
Academic Degree Programs
Park University confers the associate's degree at selected locations when a candidate has satisfied the following conditions:

1. Presentation of a minimum of sixty (60) earned credit hours.
2. Cumulative GPA of 2.0 for Park University courses.
3. Satisfaction of all requirements for a major as outlined in this catalog.
4. Completion of 15 earned (A, B, C, D) Park University credit hours in residence. At least nine of these credits must be in the major core.
5. Proficiency in the use of the English language which can be demonstrated by the successful completion of one of the following:
   a. Park University courses EN 105 First Year Writing Seminar I: Critical Reading, Writing and Thinking Across Contexts and EN 106 First Year Writing Seminar II: Academic Research and Writing or equivalent courses from a regionally accredited institution.
   b. CLEP College Composition and the completion of EN 106 First Year Writing Seminar II: Academic Research and Writing or an equivalent course.
6. Proficiency in the use of mathematics which can be demonstrated by the successful completion of one of the following:
   a. MA 120 Basic Concepts of Statistics, MA 125 Intermediate Algebra, or an equivalent course from a regionally accredited institution.
   b. CLEP General Examination #5 Mathematics. (Not required for an Associate of Science in Nursing.)
7. Completion of the liberal education requirements which can be satisfied by completing 15 credit hours outside the division of the major, with a minimum of six (6) credit hours in the areas of humanities, natural sciences and social sciences.
8. Presentation of an application for diploma not less than 60 days prior to projected completion.

Note: Courses are coded in this catalog as Humanities (H), Natural Science (NS), and Social Sciences (SS) respectively. Credits in English composition (EN 105 and EN 106) cannot be applied toward the humanities liberal education requirement.

All students pursuing Bachelor degree programs are responsible for fulfilling the University’s Liberal Education requirements. The Liberal Education Program at Park University—Integrative Literacies for Global Citizenship—is education that develops an awareness of human potentials. It develops proper attitudes for realizing such potentials through critical and informed judgments that foster concern for individual and social well-being. It develops a love for learning by encouraging activities that promote knowledge of the basic concepts, methodologies, and rewards of learning. It builds skills and competencies that help students acquire the distinctive outcomes defined in the University vision, mission, core values, and literacies. These outcomes include:

1. Analytical and Critical Thinking
2. Community and Civic Responsibility
3. Scientific Inquiry
4. Ethics and Values
5. Literary and Artistic Expression
6. Integrative and Interdisciplinary Thinking

For more information on the Park University Literacies, and the specific sub-competencies of each, visit www.park.edu and search “Faculty manual”.

In shifting our terminology from “general” to “liberal” education, Park University also aligns itself with the American Association of Colleges and Universities’ definition of liberal education as:

An approach to college learning that empowers individuals and prepares them to deal with complexity, diversity and change. It emphasizes broad knowledge of the wider world (e.g., science, culture and society) as well as in-depth achievement in a specific field of interest. It helps students develop a sense of social responsibility as well as strong intellectual and practical skills that span all areas of study, such as communication, analytical and problem-solving skills, and includes a demonstrated ability to apply knowledge and skills in real-world settings.”
Park University grants the Bachelor of Arts and the Bachelor of Social Work upon completion of the following requirements:

1. Completion of a minimum of 122 semester hours with a cumulative 2.0 GPA.
2. A departmental major as specified by the department.
3. A minor is required (some may be discipline specific as noted in the major). Not required for the BSW or BFA.
4. Completion of at least 45 hours of upper division (300 or 400 level) college coursework.
5. Completion of residency requirement, 30 hours of earned and graded (A, B, C, D) college hours at Park University. At least 15 of these 30 hours must be in the major core.
6. Completion of the 37 hour Liberal Education requirement as listed below:

An administration fee is collected at the time the student registers. Further information about the WCT is available at [www.park.edu/academic-support-center](http://www.park.edu/academic-support-center) and search “Test preparation.”

8. EN 306 Professional Writing in the Discipline ............................3 cr.

9. Majors must be declared prior to accumulating 60 hours of work. For transfer students with more than 60 hours, majors must be declared at the time of admission or during the first enrolled semester/term thereafter.

10. Presentation of an application for graduation by established deadlines during the semester/term prior to the student’s graduation.
A student enrolling at Park University in 2014-2015 can, within reason, expect the academic programs described in this catalog to be available during the academic year with some courses offered on a two-year or three-year cycle. However, they may be subject to change without notice.

SPECIAL ACADEMIC PROGRAMS

Undergraduate Certificate Programs
An undergraduate certificate program consists of a logically sequenced and academically coherent subset of courses, derived from, and approved by, a given discipline or related disciplines, which is intended to prepare students for professional practice in certain applied fields. Because of the program’s emphasis on application, the choice of courses often represents more practice-oriented didactic contents. An undergraduate certificate comprises fewer credits than an associate’s or bachelor’s degree. Courses taken toward a certificate program may eventually or simultaneously transfer to an undergraduate degree depending upon the requirements of the particular degree to which a student wishes to apply the credits.

Courses selected for an undergraduate certificate program are courses approved or offered for credit at the undergraduate level at Park University, and, when completed, they represent a structured, coherent body of knowledge. Undergraduate credit hours earned through these courses may not be less than 12 hours nor more than 18 hours.

General criteria for admission to any undergraduate certificate program include:
1. An earned associate or baccalaureate degree from a regionally accredited college or university, or its foreign equivalent, or current enrollment in a baccalaureate degree program from a regionally accredited college or university, or its foreign equivalent.
2. Each program may establish the minimum grade point average, English language examination score, standardized test scores, and other entry criteria. Such flexibility is permitted to meet the needs of the target student population.
3. Undergraduate students who are currently enrolled in an undergraduate program may simultaneously pursue an undergraduate certificate program, with the permission of the program or department chair offering the certificate program. Certificate-seeking students who are not degree-seeking students will be classified as certificate students for the purpose of keeping University-wide enrollment data. Certificate students will have access to the Library and University-wide facilities, subject to the rules governing those facilities.
4. Certificate students are not automatically eligible for admission to the related undergraduate program. If they wish to pursue an undergraduate degree, they must submit an application, meeting all the entrance requirements for that program.

A student graduates from a certificate program when all program requirements are completed and the student has maintained a 2.00 grade point average (GPA). Individual departments may establish a higher GPA in creating their certificate programs. A document suitable for framing may be issued by the Department(s) or School that offers the certificate program. Courses and certificates completed will be transcribed by the Registrar, and they will become a part of the student’s permanent academic record.

GLOBAL PROFICIENCY PROGRAM

What is Global Proficiency?
Global proficiency is defined at Park University as demonstrating the knowledge, intercultural engagement skills, cross-cultural communication competency and attitudes necessary to participate effectively and responsibly in the global environment.

Why is global proficiency important?
1. It helps fulfill the mission of Park University to prepare learners to think critically, communicate effectively, and engage in lifelong learning while serving a global community.
2. It serves as a valuable credential to add to a resume when seeking an internship or a job.
3. It embodies knowledge, skills, and attitudes that will serve students personally and professionally.
4. Completion of this program will be noted on a student’s official transcript.

Goals:
1. Provide students with intercultural educational opportunities at home and abroad
2. Provide students with an opportunity to fulfill Park’s international and multicultural learning objectives:
a. Students will demonstrate an understanding of the interconnectedness of political, economic, and social systems. They will evaluate and analyze these systems.

b. Students will distinguish among the different perspectives of world history, intercultural issues, and world viewpoints. An understanding of geography will be critical to successfully undertaking this analysis.

c. Students will demonstrate an ability to communicate with people of different cultures, backgrounds, and countries.

3. Provide students with the tools and credentials needed to become leaders in a global workforce.

Requirements:
Students will meet requirements 1-8 below. Requirement #7 dictates the accrual of 30 points through participation of various intercultural experiences. The last requirement, and chief assessment tool for the GPP, is an electronic portfolio.

1. Application submitted on website, reviewed by the coordinator/the Office of Global Education and Study Abroad and approved by the Internationalization Committee (IC).

2. Orientation session conducted by the Office of Global Education and Study Abroad.

3. Language study—Students must complete 3 semester hours of an intermediate language course (Students who qualify for English as a Second Language status based on their admission code will fulfill the requirement by either establishing English proficiency at the intermediate level through testing or by completing English as an International Language classes at the intermediate level).

4. EDU 310, Issues in Diversity and World Culture, PS 361, Cross-Cultural Psychology, or equivalent course as approved by the IC.

5. One global humanities course or equivalent from the current list of courses approved by the IC. For example, ML 315, Selected Topics in Literature & Culture or graduate level equivalent course.

6. Participation in a university sponsored and/or approved international academic experience — short-term or long-term study-abroad, and/or service learning project.

7. Global activities and experience—students must accrue 30 points total from a minimum of two activities in this category during the students’ enrollment at Park. A short one page report must accompany a request for points in these areas and will be submitted to the academic advisor who will seek approval from the IC committee.

These include:

a. Projects, activities or other experiences as approved by the IC—Up to 30 points;

b. Participation in Model United Nations or Model OAS —15 points for one year’s active participation, 15 points maximum.

c. Participation in other co-curricular or extra-curricular international program as approved by the IC. — 15 points per one year’s active participation; 15 points maximum;

d. Internship in an international organization or with an organization which works with other international organizations—15 points per semester long internship, 15 points maximum;

e. Participation in World Student Union—5 points per one year’s active participation (minimum of attendance at 6 meetings in a year and participation in at least 3 events); 10 points maximum;

f. Participation in Coming to America series—5 points per speech; 10 points maximum;

g. Attending cross or multicultural events, lectures, etc, and writing a report on that experience—5 points per event; 20 points maximum;

h. Foreign language major or minor—20 points;

i. Volunteering with an international organization—15 points per semester, 15 points maximum;

j. Participation in International Classroom Partnership or Cultural Sharing program—15 points per semester; 15 points maximum;

8. E-Portfolio consisting of archived materials from the above experiences, as well as a 3-5 page reflective essay on the students’
Completion of the Program

- Once a student has completed the requirements of the Program, he/she must submit his/her portfolio to the academic advisor.
- The portfolio will be reviewed by the IC.
- IC will make a recommendation to Academic Affairs.
- Academic Affairs will notify the registrar of the student’s completion of the GPP.
- The registrar will then add the annotation to the audit/transcript.
- The GPP Certificate of Completion will be created by the Office of International Education and Study Abroad, and then signed by Academic Affairs, the appropriate Dean and Chair of the IC.
- The GPP Certificate of Completion will be awarded to the student at the Honor’s Convocation and/or mailed to the student.

Eligibility requirements:
1. Undergraduate students at Park currently enrolled in a degree program. Students are encouraged to seek admission to the GPP by the second semester of the junior year.
2. Graduate Students at Park and/or anyone else who has completed a bachelor's degree and is interested in enrolling at Park to complete the Program.

Assessment:
The E-portfolio will serve as the chief program assessment tool. It will be assessed using international education assessment tools developed by the American Council on Education.

The IC committee and GPP coordinator may jointly develop a rubric to assess the E-portfolio.

Notes:
How is the Global Proficiency Program different from the Global Culture and Leadership Certificate Program? The Global Proficiency Program is open to undergraduate and graduate students, both on campus and online.

- The Office of Global Education and Study Abroad serves as the record keeper and coordinator with all decision-making and changes being made by the IC.

Personal Major Program
(Parkville Daytime Campus Center Only)

There are many reasons why students go to college. Not the least of these is to participate in the formal learning situations provided by a college curriculum. Unfortunately, the intensive learning opportunities afforded by the standard college curriculum do not always correspond to a particular student’s reasons for going to college. These intensive learning opportunities are usually cataloged as departmental major programs and impose a relatively limited number of alternatives. It would seem desirable to increase the number of options that are available to students matriculating at a college. Therefore, Park University designed the Personal Major, in which a student, with appropriate institutional guidance, is allowed to construct an intensive learning experience which corresponds to his/her own needs where these fall outside the traditional major fields.

The Personal Major Program at Park University is an individualized curriculum in which objectives and content have been chosen by the student in consultation with his/her advisor(s). The program is approved by the Associate Vice President of Academic Affairs. As with other major programs, the student is subject to all general degree requirements at Park University. A 2.0 GPA is required in the major core of the designed program.

Minor Programs

Minors are required for students seeking the Bachelor of Arts degree. Students pursuing other bachelor degrees (BSW, BS, BPA, BM or BSE) may select a minor if such minor is approved and readily available at the student’s campus center. For a list of available minors, consult with the appropriate academic department, advisor, or campus center director.

Internships and Cooperative Education

A number of majors and departments provide students with opportunities for hands-on experience related to classroom learning. Generally, work experience which is not paid but which carries significant academic credit is considered an internship.

Cooperative education is defined as an on-the-job learning experience, jointly supervised
by a faculty member and a representative of the employer, for which the student is paid.

Under a cooperative education arrangement, a student typically, but not necessarily, alternates semesters of full-time study at Park University with semesters of full-time employment in an organization, which will enhance the student’s training, development and career goals. The employment periods are a regular, continuing and essential element in the student’s educational process.

**Kansas City Area Student Exchange (KCASE) (Parkville Daytime Campus Center Only)**

As a member of the Kansas City Area Student Exchange (KCASE), Park University offers full-time undergraduates an opportunity to register for one course a semester at other member institutions. KCASE students pay regular tuition and fees at the home institution and laboratory/special course fees at the host institution.

Other participating institutions include Avila University, Baker University, Blue River Community College, Central Missouri State University, Kansas City Art Institute, Longview Community College, Maple Woods Community College, Penn Valley Community College, Rockhurst University and University of Missouri-Kansas City. Programs on the accelerated format, the nursing program, communication arts courses in television and/or radio and computer science courses are excluded from the KCASE program.

Park University reserves the right to limit KCASE enrollments. The KCASE forms are available from the Office of the Registrar. Participating institutions are subject to change.

**Study Abroad Programs**

Park University offers summer, semester and year-long study abroad opportunities in more than thirty countries. For more information, please contact the Office of Global Education and Study Abroad at (816) 584-6510.

Degree-seeking students enrolled in a study abroad program that is approved for credit by Park University are considered enrolled for the purpose of applying for assistance for federal financial aid.

**Reserve Officer Training Corps (ROTC)**

Park University affords students the opportunity to complete the Army or Air Force Reserve Officer Training Corps (ROTC) program while earning a baccalaureate degree. Completion of the four-year program leads to a commission as a second lieutenant in the active Army, Army Reserves, Army National Guard or the United States Air Force.

Cadets must meet military medical, fitness and weight standards prior to entrance into Advanced ROTC.

ROTC scholarships are also available to students who have excellent academic records as freshmen and sophomores, and who exhibit outstanding leadership potential in school or community activities. These scholarships, for two or three years, provide full tuition and fees reimbursement, a textbook and supplies allowance each semester and $150 per academic month to defray other living costs. In addition, Park University awards ROTC scholarship winners room and board remission at the Parkville Daytime Campus Center.

Prior military service in the Army, Air Force, Navy or Marine Corps automatically waives the first two years (freshman and sophomore) of ROTC courses, and permits direct entrance into Advanced Military Science (junior and senior) courses.

**Army ROTC Program Summary**

Army ROTC is offered to Parkville Daytime Campus Center students by special arrangement. Park Accelerated Programs-Kansas City Area students in a full-time equivalent status may qualify and at Park Extended Learning Campus Centers where cross-town agreements have been established.

ROTC basic summer camp of six weeks may be substituted for the first two years of ROTC for community college graduates and students who do not complete basic ROTC courses in their first two years of college. Attendance at a five-week Summer ROTC Advanced Camp is required between junior and senior years.

Park University awards four semester hours of lower level electives for completion of Basic Military Science and six semester hours of upper level electives for completion of Advanced Military Science. These 10 hours may be applied toward the graduation elective requirement. There are no course
fees; textbooks and uniforms are government-furnished.

Upon entering junior-level Advanced ROTC, cadets are contracted by the Army to accept a commission upon graduation with a bachelor of arts or bachelor of science degree and are paid $150 per month while a full-time student at Park University. In addition, cadets are paid approximately $700 plus room, board and transportation for attendance at Summer Camps.

**Air Force ROTC Program Summary**

Air Force ROTC Program/Aerospace Studies courses are offered only at Air Force Campus Centers offering AFROTC with cross-town agreements.

Most scholarships pay full college tuition and most laboratory, textbooks, and incidental fees, plus a $200-$400 monthly nontaxable allowance during the school year.

Aerospace Studies consists of the General Military course and the Professional Officer Course. The General Military Course is the first half of the four-year program and is taken during the freshman and sophomore years, giving the student an opportunity to “try out” Air Force ROTC for up to two years without incurring any obligations, unless the student has an ROTC scholarship. The General Military Course consists of four semesters of study with one hour of classroom work, one and one-half hours of leadership laboratory, and one hour of physical fitness training per week. The Professional Officer Course consists of two semesters of study and leads to a commission in the United States Air Force. Leadership and management skills as they apply to a junior officer in the Air Force are emphasized. Three classroom hours, and one and one-half hours in leadership laboratory, and one hour of physical fitness training are required weekly. Students interested in this program leading to a commission should contact the Professor of Aerospace Studies at the participating cross-town institution.

**Honors Academy**

(Parkville Daytime Campus Center Only)

The Park University Honors Academy (HA) featuring Honors Plus One seeks to create a cooperative learning environment in which students enjoy enriched academic experiences, growth through service, leadership opportunities, professional portfolio development, and focus on their individual professional futures. This program allows students entering as freshmen during semesters 1-3 to interact with a small cohort group in specially designed courses and a program to explore academic majors; service learning; leadership; study abroad; internships; graduate school and employment. As early as the end of the sophomore year, students are encouraged to select a Plus One Focus area. Following that selection, Academy Faculty Fellows and the Academy director will work with students on initiatives intentionally designed to support students to reach future goals. Those areas include:

**Scholarly Activity** – students pursue conference presentations of their research; pursue publication of their scholarship; apply for and complete research opportunities on other campuses; assist the HA coordinator to plan and present the Annual Student Research and Creative Arts Symposium; learn about grants funding for scholarship and pursue at least one grant; assist FF in pursuing grant funding when feasible; complete study abroad that relates to their academic focus

**Service and Applied Learning** – students focus on service learning or additional applied learning throughout HA involvement; serve as mentors for freshmen and sophomore Honors students; assist the HA coordinator to plan applied learning HA activities; complete study abroad that relates to their service focus

**Leadership** – students work with the Hauptmann School to develop leadership; participate in leadership and service student groups on campus and at national level; apply for positions such as First Year Experience Mentor and Honors Living and Learning Community Mentor; pursue internships with state and national representatives; obtain the Leadership minor, if desired; complete study abroad that relates to their leadership focus.

Students who enter as freshmen enroll during semesters 1-2 in LE 100 and EN 106 for Honors. In semester 3, students enroll in an LE course that offers the option of an additional one-hour credit honors project. During semester 4, students enroll in an Honors course that prepares them for undergraduate research.
and design of an independent research project proposal. During semesters 5-7, students pursue supervised research or creative activity in a self-designed project working with a faculty mentor that promotes independent study. In completing the project, students develop intellectual relationships with mentors while sharing project results with student and faculty audiences.

The Park University Honors Academy with Honors Plus One seeks students who desire to learn not only for self-satisfaction, but also as a means through which they may contribute to their campus, city, national, and global communities in support of the University and Academy mission statements. The Academy also acknowledges that often the most creative learning opportunities for students lie in the intersections between seemingly diverse academic disciplines. For this reason, the Academy encourages interdisciplinary work.

Qualified transfer students and present Parkville students are encouraged to contact the Academy director to discuss possible membership and completion of the research project. Academy courses are open to enrollment by qualified non-Academy member students with prior permission of the Academy director. Please visit www.park.edu/academics for more information.

HONOR SOCIETIES

Alpha Chi (Parkville Daytime Campus Center only)
A chapter of Alpha Chi, a national honor society was established at Park University in 1987. The purpose of Alpha Chi is to promote academic excellence and exemplary character among university studies and to honor those who achieve such distinction. Invitation to join the society is reserved for students within the top 10% of the junior and senior classes with a minimum of 3.80 GPA. The Parkville faculty votes on candidates meeting these criteria and selects the nominees. Contact the Office of Academic Affairs for further information.

Alpha Kappa Delta
Alpha Kappa Delta (AKD), the International Sociology Honor Society, will have a new chapter at Park University in Fall, 2007. AKD was founded in 1920 to provide a forum for student and faculty interchange and is dedicated to promoting, facilitating, and recognizing academic scholarship. Since its inception, over 80,000 scholars have been initiated into the Society and over 490 chapters have been chartered internationally.

Alpha Sigma Lambda (ASL)
A chapter of Alpha Sigma Lambda Honor Society was established at Park University in 2010. It is the oldest and largest chapter based honor society for full and part time students with over 300 chartered chapters throughout the United States. For the nontraditional student, the Society is an inspiration for continuing scholastic growth and builds pride through recognition. At Park, the Pi Upsilon Chapter of Alpha Sigma Lambda fosters university-wide appreciation for the academic achievements and contributions of students and faculty. As well, ASL helps recruit and retain nontraditional adult students. Invitations to join the Society is reserved for students within the top 10% of the senior class with a minimum of 24 earned Park hours, a grade point average of 3.75 on a 4.0 scale or its equivalent, and are actively involved in community service. For additional information contact Park Distance Learning for further information.

Beta Beta Beta
Beta Beta Beta (TriBeta) is a society for students, particularly undergraduates, dedicated to improving the understanding and appreciation of biological study and extending boundaries of human knowledge through scientific research. Since its founding in 1922, more than 175,000 persons have been accepted into lifetime membership, and more than 430 chapters have been established throughout the United States and Puerto Rico.

Delta Mu Delta
Founded in 1913, Delta Mu Delta (DMD) is the International Honor Society for business programs accredited by the Accreditation Council for Business Schools and Programs (ACBSP) at the baccalaureate, graduate, and doctoral levels. DMD recognizes and encourages academic excellence of students at qualifying universities to create a community that fosters the well-being of its individual members and the business community through lifetime membership.
Lambda Alpha Epsilon
The Lambda Alpha Epsilon-Criminal Justice Club promotes awareness of issues in law enforcement and corrections, by offering prison tours, police agency visits, and community service projects.

Phi Alpha Theta/Zeta Omicron
A professional society whose mission is to promote the study of history through the encouragement of research, good teaching, publication and the exchange of learning and ideas among students and historians. We seek to bring students, teachers and writers of history together for intellectual and social exchanges, which promote and assist historical research and publication by our members in a variety of ways.

Pi Gamma Mu (International Honor Society in Social Science)
A Chapter of PI GAMMA MU, was established at Park in 1959. The society has as its primary objectives to encourage the study of social science among undergraduate students and faculty members in colleges and universities throughout the world, and to recognize outstanding achievement through election to membership and the presentation of various awards for distinguished achievement. Any Park University student of good moral character who is a junior or senior can be considered for nomination. A qualified student shall have at least twenty semester hours of social science with a grade point average of 3.0 or better and an overall GPA of 3.7; academically ranked in the upper 35 percent of his/her class; junior or senior status; and no record of academic failure in the social sciences. Contact the Social Science Department for further information.

Pi Lambda Theta
Founded in 1920, Pi Lambda Theta is the most selective national honor society of educators; a forum for exchanging and developing ideas, fostering individual leadership, and promoting professionalism. PLT also works on an international and regional basis, as well as hosts both regional and international conferences. It promotes service teaching and learning offering networking opportunities among members across the world. It is a prestigious honor to be accepted into its membership. PLT extends membership to students and professionals who satisfy academic eligibility requirements.

Pi Sigma Alpha (Alpha Delta Upsilon Chapter)
Pi Sigma Alpha, the National Political Science Honor Society, is the only honor society for college students of political science and government in the United States. Pi Sigma Alpha was founded in 1920 for the purpose of bringing together students and faculty interested in the study of government and politics. Membership in Pi Sigma Alpha is open to juniors, seniors, and graduate students currently enrolled in institutions where chapters are located.

Psi Chi
Psi Chi is a national honor society in Psychology, founded in 1929 for the purposes of encouraging, stimulating, and maintaining excellence in scholarship, and advancing the science of psychology.

Sigma Alpha Pi (National Society of Leadership & Success)
The purpose of Sigma Alpha Pi, The National Society of Leadership and Success, is to help individuals create the lives they desire by helping them discover what they truly want to do, and giving them the support, motivation, and skills to achieve their goals.

Sigma Delta Pi (Spanish Honor Society)
Sigma Delta Pi, a member of the Association of College Honor Societies, is devoted to serving qualified students of Spanish in four-year colleges and universities. The Society provides access to Scholarship programs, annual undergraduate awards for summer study in Spain, Mexico and Ecuador, research grants for graduate students, and eligible students may apply for $500 merit-based scholarships and internships. All qualified students interested in Spanish and Hispanic cultures, literatures and the Spanish language are welcome to apply for active membership and to participate in the Society’s induction ceremony in the spring of each academic year. Contact the Department of English and Modern Languages for more information.

Sigma Tau Delta (English Honor Society)
All students interested in writing and literature are invited to join an organization that sponsors charity events, hosts poetry and other creative writing contests, and engages in fundraising.
efforts to send students to the annual Sigma Tau Delta convention. While all members have associate membership in Sigma Tau Delta, the premier international English honor society, English majors and minors may apply for active membership in Sigma Tau Delta if they meet the honor society's qualifications.
The accounting major is designed to prepare students for a professional career in public accounting, managerial accounting, tax accounting or governmental accounting. The curriculum stresses professional ethics. It is excellent preparation for graduate study in accounting, business administration or law.

Park University’s Athletic Training Education Program is accredited by CAATE (Commission on Accreditation of Athletic Training Education). The major provides students with a variety of courses and practical experiences related to the prevention, care, and rehabilitation of athletic injuries. Students must submit a formal application to be admitted to this program. Acceptance is based on a minimum overall grade point average, success in designated professional courses, recommendations, athletic training competencies and proficiencies, and a minimum completion of observational hours under the direct supervision of a Certified Athletic Trainer. Upon completion of the Bachelor of Science in Athletic Training, students are eligible to take the Board of Certification exam.

The Certified Athletic Trainer (ATC) is a highly educated and skilled health care professional recognized by the American Medical Association. In cooperation with physicians and other health care personnel, the athletic trainer functions as an integral member of the health care team in a wide array of work settings including: high schools, colleges, and universities, sports medicine clinics, professional sports, health clubs and many other employment settings.

A major in biology provides the graduate with a variety of courses for a diversity of experiences in biology. This program includes courses in general biology, botany, anatomy, physiology, genetics, microbiology, and research techniques. With the basic core courses, plus required supporting chemistry, mathematics, and elective biology courses, the biology graduate will be prepared for either the workforce or entrance into professional or graduate school. Students are strongly advised to seek either an additional major or a minor to provide for maximum postgraduate opportunities. The department of Natural and Physical Sciences welcomes partnerships with appropriate businesses and government agencies to place students into internship positions in their major or a related field. The Department of Natural and Physical Sciences actively encourages students to work in such internship positions and considers internships to be an integral part of the curriculum.

A comprehensive Senior Examination, is to be taken during the seventh and eighth semesters as scheduled at the beginning of the fall semester.

**Requirements For:**
**Minor – 18 hours, 2.0 GPA**

12 of the 18 hours must be numbered above the 220 level.

**For those students wishing to teach Unified Science: Biology**
See also Bachelor of Science in Education (pages 152-157).

**B.S.E. in Secondary Education – Major 48-50 Hours**

**Students taking the business administration major receive a broad education covering the major functional areas of business. This major will help a student prepare for a career in business or government leadership and provide him/her with knowledge and skills desired by all types of employers. It can also give one the background to organize and manage his/her family business. Graduates in business administration typically find jobs in business, production management, personnel management, marketing management, or financial management. Many serve their communities as marketing or management specialists in insurance, real estate, investments, banking, communications, manufacturing, retailing and wholesaling. A number of students with this major move into graduate study in law, management, or other business specialties.**

In contemporary society, it is evident that the science of chemistry is no longer confined to the research laboratory, but is exerting a profound impact on social, political, and economic decisions at the local, national, and international levels. Chemistry is the recognized physical basis for the biological and psychological sciences and is important in every effort of our industrialized society. Students wishing to pursue a career in the chemical profession, medicine, dentistry, veterinary medicine, laboratory technology, or the environmental sciences are encouraged to consider the major program in chemistry with appropriate minors in other disciplines for their preparatory work.

The department of Natural and Physical Sciences welcomes partnerships with appropriate businesses and government agencies to place students into internship positions in their major or a related field. The Department of Natural and Physical Sciences actively encourages students to work in such internship positions and considers internships to be an integral part of the curriculum.

B.S.E. in Secondary Education – MAJOR 48-50 Hours
2.75 Cum G.P.A.
2.75 Core G.P.A.
The Department of Communication, Journalism and Public Relations offers five related majors:

1. Journalism
2. Photojournalism
3. Broadcasting
4. Public Relations
5. Organizational Communication (Also see page 217 for B.A. and minor in Organizational Communication.)

These Communication majors are designed to prepare the student for successful pursuit of professional and personal goals. An individual graduating from this program will also be equipped to function well in the larger setting of society. Each major combines traditional course work with practical application in the field of choice. This has proven to be invaluable to students and may take the form of internships, private employment, or work assignments (or a combination of all three). In the Journalism and Photojournalism majors, students may choose to work for academic credit on school publications such as The Stylus, the century-old Park newspaper. In the Broadcasting major, students work at KGSP-FM, the Park University radio station, or in the production of programs for the Northland News. Students who select the Organizational Communication or the Public Relations majors often have specific occupational goals in mind. Both majors serve a broad spectrum of professions in contemporary corporate, government, and non-profit environments. Choices for Organizational Communication majors include management, training, development, human resources, consulting, or related fields.

There is no organization, whether it is large or small, that can survive without the support of its data processing department. The number of jobs available in business and government for computer-trained personnel continues to increase. The major specifically prepares the student in the area of data processing, business management, and accounting. The combination of computer and business courses prepares the students for careers in programming, system analysis, and management of computer systems.

Program Competencies:

• Apply problem-solving and critical-thinking skills and use popular computer technologies in producing technology solutions.
• Communicate effectively, ethically, and professionally in a team environment.
• Identify appropriate information technologies for a given organizational context and explain how to incorporate such technologies into the given organizational context.

The Computer Science, Information Systems, and Mathematics (CIM) Department works with Park’s Career Development Center in helping to place students in computer internship positions. The ICS Department actively encourages students to work in such internship positions and considers internships to be an integral part of the ICS curriculum.

Terrorism and Homeland Security
(Park Extended Learning, Park Online, Kansas City 8-Week Program)

The mission of the Undergraduate Certificate Program in Terrorism and Homeland Security is to provide students with a foundation for effective problem identification and solution management related to evolving terrorist threats and the protection of national interests. Through both theoretical and practical approaches, the certificate provides students with knowledge essential to homeland security issues, strategies, and planning. Certificate courses are chosen and developed to integrate knowledge in diverse fields of security, terrorism, and emergency management. The Certificate provides students with capabilities to develop practical solutions in managing natural and unnatural threats and emergency events, and to equip students to assist organizations in preparedness, response, recovery, and mitigation activities associated with both natural and manmade threats.

Economics

This degree program is designed to give students in-depth education in one of the applied social sciences. Economics is the social science which investigates the conditions and laws affecting the production, distribution and consumption of wealth in an organized society. Students who major in economics use their degree in working for business, government and other institutions serving in various staff and management positions. Many students combine the economics major with another related major such as political science, information and computer sciences, business or communications, which broadens the range of options available to them. Others plan to do graduate work in economics or other areas, which qualifies them to serve as economists or other specialists in government, business or higher education.

Requirements For:

Because there are specific general education courses required for teacher certification in the state of Missouri, it is imperative the student speak with his or her education advisor regarding these course requirements prior to enrollment.

Criteria for Admission to the School for Education Certification Program
Meeting these minimum requirements states that the applicant is eligible for admission consideration, but does not guarantee admission.

- Cumulative 2.75 GPA including transfer courses
- 2.75 in Core classes
- WCT passing score
- C-BASE passing score in all sections (two years to complete)
- ACT test scores (on file in Admissions office) - when applicable
- Letter of recommendation from professional outside of the School for Education (submitted electronically or in a sealed/signed envelope)
- Successful completion of MA 120 or MA 135, EN 105, EN’106, EDU 107, EDC 220 and EDC 222.

The above information is verified by the Office of the Registrar on the Application for Admission to the School for Education (form to be picked up by the student from Advisor, Director of Field Experiences or the School for Education office and turned in to the School for Education office.)

- Two disposition evaluations completed by SFE faculty with ratings of “target” or “acceptable”
- Self-disposition evaluation
- Initial electronic portfolio approved by advisor
- Missouri Highway Patrol and FBI fingerprint check
- Child abuse and Neglect Screening

Procedure for Request to Admission to the School for Education Certification Program
The student provides the following documents to Director of Field Experiences, ten days before the School for Education meeting (4th Wednesday of each month). Please submit documents in a single envelope with your name, telephone number, and e-mail address.

- Two disposition evaluations completed by SFE faculty with each disposition rated “target” or “acceptable”
- Self-disposition evaluation
- Letter of recommendation from professional outside of the School for Education (submitted electronically or in a sealed/signed envelope)
- Application for Admission to the School for Education
- Initial portfolio form approved by advisor

Procedure for Request to Admission to Directed Teaching
(to be requested one year before planned directed teaching semester)
School for Education faculty must approve all student teaching requests.

- Complete Application for Directed Teaching
- Complete an autobiography
- Signed permission to send requested materials to school districts
- Updated FBI Finger Print check
- Cumulative GPA of 2.75 including transfer courses
- Approval by Council on Teacher Education
- Good standing in School for Education
- PRAXIS II exam passing score in major

*Teacher Candidates seeking an additional endorsement in special education certification in K-12 Mild/Moderate Cross-Categorical Disabilities must take PS 121 Human Growth and Development instead of EDE 220.

Because there are specific general education courses required for teacher certification in the state of Missouri, it is imperative
the student speak with his or her advisor regarding these course requirements prior to enrollment

**Area of Concentration**
The student must have a total of at least 21 semester hours in an area of concentration (courses taken as part of the General Curriculum may be counted as part of the area of concentration). This concentration must be approved by the student's advisor.

Areas available are:
- Language Arts
- Mathematics
- Science
- Social Studies
- Science and Mathematics
- Art
- Fine Art

Students should plan the courses needed for the area of concentration with his or her advisor.

**Additional Endorsement in Special Education Certification**

Elementary education teacher candidates who have an area of concentration in Language Arts may add an endorsement in Special Education (K-12 Mild/Moderate Cross-Categorical Disabilities) to their initial elementary education certification by taking the following courses and passing the appropriate Praxis II test (Mild/Moderate Cross-Categorical Disabilities, K-12).

**Courses include:**
- EDU 336 Foundations of Special Education ............... 3 cr.
- EDU 366 Methods of Teaching Students with Cross-Categorical Disabilities .................. 3 cr.
- EDU 436 Transition/Career Education for the Student with Disabilities .................. 3 cr.
- EDU 447 Family, School and Community Collaboration ..................... 3 cr.
- EDU 457 Language Development of the Exceptional Child .................... 3 cr.

* Elementary teacher candidates must have also successfully completed PS 121 Human Growth and Development and MA 110/EDU 110 Geometry for Teachers as part of their course of study.

**Criteria for Admission to the School for Education**
Meeting these minimum requirements states that the applicant is eligible for admission consideration, but does not guarantee admission.
- Two disposition evaluations completed by SFE faculty with each disposition rated “target” or “acceptable”
Elementary Education

Because there are specific general education courses required
graduation, it is imperative the student speak with his or her
education advisor regarding these course requirements prior to
enrollment. First time freshman must take EDU 107 and SW

of the education courses require interaction and/or observation
with young children, educators and the community. Practicum
courses and internships are “hybrids.” Seminars are online but the
coursework takes place in the field with young children, educators
and the community. Diversity of experiences is necessary for a well-
rounded educator. As a result, some observations will occur outside
the student’s place of employment.

English majors may concentrate on either of two programs: literature or writing. Both programs encourage students to explore many facets of human nature and culture through the study of literature and to develop understanding and skillful use of language. Both concentrations help students acquire the knowledge, analytical skills, and writing abilities needed by such professionals as writers, editors, teachers, business managers, and lawyers. Students will choose one concentration for their major in English but may not combine both concentrations to create a double-major. The purpose of a double-major is to broaden student education in an additional field of interest.

in EN 384, Professional Learning Experience
in English)

TOTAL...................................................................... 42 cr.

Senior Examinations
All majors must pass a three-hour written and a one-hour oral
comprehensive examination. Language and literature concentration
majors must test in three literature areas. Writing concentration
majors must test in two writing areas and one literature area.
This two-part comprehensive examination will be conducted by
members of the English Department. The student must pass both
examinations. A student who fails either or both parts must retake
the failed examination in the next semester, excluding summer
sessions.

Requirements For:
Minor – 18 Hours, 2.0 GPA

EN 201 and 15 credit hours electives, six at the 200 level and nine
at the 300 level.

B.S.E. in Secondary Education – Major 48-50 Hours
2.75 Cum G.P.A.
2.75 Core G.P.A.
The Department of Art, Design and Theatre offers three related majors in the visual arts: a BA in Fine Art, a BS in Graphic Design and a BFA in Interior Design. Plus, in concert with the School for Education, students may become certified to teach art K-12 with the BSE major.

All four visual arts majors share a freshman core curriculum of five courses and a similar capstone course, the Senior Seminar. Students seeking double majors in art (for example, Graphic Design and Fine Art) must fulfill two sections of the Senior Seminar, as capstones for each major.

Within the context of Park University’s strong liberal arts tradition, Art and Design students receive a strong foundation in the studio disciplines and in the history of art. Internships allow upper level students the opportunity to explore careers in many art and design fields. Our spacious main studio, the entire top floor of Alumni Hall, overlooks Parkville, the Missouri River, the Kansas City skyline and the scenic Parkville home campus, and provides year-round landscape subjects. Our Sixth Street Studio is a freestanding building that houses the ceramic and fiber studio. Two separate studio complexes in Park University’s underground Mabee Learning Center house the Graphic Design Studio (with state-of-the-art Macintosh workstations, digital cameras, scanners, printers and extensive software) and the Interior Design Studios (with AutoCAD lab, drafting room and materials resource lab). The Campanella Gallery, located in McAfee Memorial Library, offers a year round cycle of exhibits in all media by professional artists in addition to providing graduating seniors with a professional quality exhibition space for their senior exhibits. Access to the exhibits and programs of the Nelson-Atkins Museum of Art in Kansas City and the Spencer Museum in nearby Lawrence, and the numerous commercial and educational galleries in the Greater Kansas City, particularly in Kansas City’s dynamic Crossroads Arts District add depth and variety to the classroom and the studio experience.

Students majoring in Fine Art receive a general introduction to studio work in a variety of media: painting, drawing, photography and ceramics or fiber. Fine Art majors frequently work toward K-12 art education certification in concert with their studio majors; set up their own studios and begin actively producing their art work while finding employment in related fields.

The Program Coordinator of Fine Art will serve as the advisor for students seeking this minor.
**For those students wishing to teach K-12 Art:**
See also Bachelor of Science in Education (pages 152-157).

**B.S.E. in Secondary Education – MAJOR 48-50 Hours**
2.75 Cum G.P.A.
2.75 Core G.P.A.

**Portfolios:**
All graduating art and design majors are required to individually document by means of digital photography selected examples of their best work. These final portfolios are to be submitted to their major advisors as part of their Senior Seminar. CDs of the portfolio will remain the property of the Department of Art and Design.

**Art Supplies:**
Art and Design majors must plan, when preparing their yearly educational budgets, to spend at least $300 per semester on art supplies. All studio art courses require varying amounts of personal equipment and supplies. Studio fees collected at registration for some art courses provide only a portion of the supplies needed. Supply lists will be provided on the first day of classes.
The Fitness and Wellness major focuses on health promotion and lifestyle modifications. Students will be introduced to basic principles that assist and motivate them to reach their optimal fitness and wellness potential, while leading others to an overall healthy lifestyle. The optimal goal of the program is to enhance the quality of life through equipping students with the knowledge and skills that promotes long-term fitness and wellness.

BACHELOR OF SCIENCE

The skills obtained by studying geography make graduates in demand for a wide range of employment opportunities. The geography curriculum will prepare students for business and academics while encouraging lifelong learning skills. The link between geography and the world (cultural and physical) makes a varied list of careers. Geographic skills are essential to understanding physical patterns, human patterns, and Earth’s processes. These skills are important for anyone critically thinking about the global community. The department of Natural and Physical Sciences welcomes partnerships with appropriate businesses and government agencies to place students into internship positions in their major or a related field. The Department of Natural and Physical Sciences actively encourages students to work in such internship positions and considers internships to be an integral part of the curriculum.

Required Minor: 18-24 cr.
Any of the minors offered by the university or successful completion of a second major. See charts on pages 112-114 for available minors.

*Only one course (3 credits) completed for the major requirements may also be counted as satisfying part of the minor requirements.

Capstone Portfolio:
Consisting of an evaluation of the five core assessments from the core curriculum and how they connect with the program competencies.

REQUIREMENTS FOR:

MINOR – 18 OR MORE HOURS, 2.0 GPA

The minor provides students interested in geography an opportunity to pursue their studies in the discipline. A variety of geography subjects are available and students may select courses in line with their specific academic and career goals.

A minimum of eighteen hours from any courses in Geography (GGH, GGP) can be taken to fulfill this requirement.
The minor provides students interested in Geographic Information Systems (GIS) an opportunity to pursue their studies in this specialized field of geography. This rapidly growing technology is proving to become a needed job skill in this computer age in virtually all fields, especially those in Natural Sciences, Social Sciences and Business.

* Prerequisite required
Students majoring in Graphic Design produce most of their work in the digital environment of Park University’s fully equipped Macintosh studio. Today, most artists earn a living by producing a wide range of visual materials for publication. Graphic Design students learn visual communication, typography, layout, illustration and photography while building professional quality design portfolios. Instruction models conditions in the professional environment. Internship opportunities in graphic design firms and other professional settings provide real world experience and a transition to the world beyond the campus.

Portfolios
All graduating art and design majors are required to individually document (either by means of color slide photography or digital photography) selected examples of their best work. These final portfolios are to be submitted to their major advisors as part of their Senior Seminar. These slides, CDs, zip disks, etc. will remain the property of the Department of Art and Design.

Art Supplies
Art and Design majors must plan, when preparing their yearly educational budgets, to spend at least $250 per semester on art supplies. All studio art courses require varying amounts of personal equipment and supplies. Studio fees collected at registration for some art courses provide only a portion of the supplies needed. Supply lists will be provided on the first day of classes.
History

History affords the opportunity to appreciate the diversity of human encounters through the inquiry of one’s own and other’s cultures and societies as they have developed over time. The study of history is a meticulous intellectual discipline involving research techniques, problem solving, and the critical evaluation of evidence. Historians seek and critique what women and men of the past have left behind, what they have created and what imprints they have left on the global society.

Senior Oral Comprehensive Exam (see page 180 for description)
Senior Written Comprehensive Exam (see page 180 for description)

Areas of Concentration - 30 Hours

Each major will select an area of concentration from the following list for successful completion of the major in consultation with a faculty advisor. Freshmen are required to select the area of concentration by completion of second semester and transfer students are required to select the area of concentration by completion of first semester of enrollment.

European/Classical
United States

Applied History with New Media

The European/Classical and United States concentrations consist of fourteen courses, distributed as follows:

- A primary area of concentration, selected from the above list, in which five courses are taken. No more than five courses in any region will count toward the major.
- One intermediate seminar (250-299 level) within the area of concentration. The intermediate seminar will be taken at Park University, preferably by the conclusion of the sophomore year (incoming freshmen) or by the conclusion of the first semester for transfer students.
- Two non-seminar courses taken from outside the area of concentration at the 200-249 level.
- One upper level (300-399 level) seminar within the area of concentration.
- One upper level (300-399 level) seminar outside the area of concentration.
• No more than two courses numbered below 200 can be counted toward the major, except HIS 103. These must be taken prior to the junior year for incoming freshmen or by the conclusion of the first semester for transfer students.
• One course HIS 103: Introduction to and the Ethics of the Historical Profession.
• One course HIS 400: History in the Public Realm.
• Two thesis courses HIS 451: Thesis I and HIS 452: Thesis II
• Students must obtain a minimum course grade of “C” to receive credit toward the major.

The interdisciplinary concentration of Applied History (historic preservation, museum studies and/or archives) with New Media consists of fourteen courses, distributed as follows:
• A primary area of concentration, selected from European/Classical or United States, in which five courses are taken.
  No more than five courses will count toward the major.
• One course AR 218: Graphic Design Software
• One course CA 241: Photography I
• One course EN 341: Literature and Film
• One course GGP 330: Cartography
• One course GGP 350: Geographic Information Systems (GIS)
• One course HIS 103: Introduction to the Ethics of the Historical Profession
• One course HIS 400: History in the Public Realm
• Two thesis courses HIS 451: Thesis I and HIS 452: Thesis II
• Students must obtain a minimum course grade of “C” to receive credit toward the major.

Senior Oral Comprehensive Examination
All Majors must pass a two-hour oral examination covering the required curriculum and students’ historical concentration. The examination should be taken during the final semester prior to graduation. This permits for retake of the examination during the student’s last semester in case of failure. The examination board will be composed of three members including the department chair, students’ history advisor, one faculty member selected by the student, the Program Coordinator for History, and/or one faculty member selected by the students’ history advisor. If for some reason there is a doubling of responsibilities of any member, the student will select an alternative faculty member. Students may only retake the oral examination once. The examination is based on a “Pass” or “Fail” grading system. (Offered each fall and spring semester only.)
*Prerequisite: Completion of HIS 103, HIS 400, HIS 451, HIS 452, fifteen credit hours in concentration, and a minimum of 90 credit hours.

Senior Written Comprehensive Examination
Students must pass a comprehensive written examination covering the required curriculum and students’ historical concentrations, with a pass percentage of 70 or higher in order to graduate. A student may take the written examination only twice. The examination should be taken during the final semester prior to graduation. The written examination will be graded by three full-time faculty members. Each
member’s numerical score will be added together and divided by three to compose the pass percentage. (Offered each fall and spring semester only.) *Prerequisite: Completion of HIS 103, HIS 400, HIS 451, HIS 452, fifteen credit hours in concentration, and a minimum of 90 credit hours.

Seniors are required to pass both the Senior Oral Comprehensive Examination and the Senior Written Comprehensive Examination in order to graduate. The Senior Oral Comprehensive Examination and Senior Written Comprehensive Examination are not required for students minoring in history.

Language Requirement
Each Major is required to complete eight credit hours of a reading and speaking knowledge of a language other than English.

* = Based upon approval from the Higher Learning Commission, North Central and the Department of Defense.
The Information and Computer Science (ICS) curriculum prepares students for a broad range of computer opportunities in industry as well as in graduate studies. ICS students choose one or more specialty areas from among these four options: (1) Computer Science, (2) Software Engineering, (3) Data Management, (4) Networking and Security. As part of their curriculum, Networking and Security students take Cisco Certified Network Associate (CCNA) courses that prepare them for the CCNA certification exam. Depending on their chosen specialty area, ICS graduates are well prepared for these industry positions: web programmer, applications programmer, systems analyst, information technology specialist, database analyst, or network analyst.

Program Competencies:

- Apply problem-solving and critical-thinking skills and use popular computer technologies in producing technology solutions.
- Communicate effectively, ethically, and professionally in a team environment.
- ICS/CS and ICS/SE students: Design and implement elegant programs that utilize data structures and operating systems concepts.
- ICS/NT students: Demonstrate proficiency in use of popular computer networking and security technologies.
- ICS/DM students: Design and implement elegant data management solutions.

The CIM Department works with Park’s Career Development Center in helping to place students in computer internship positions. The ICS Department actively encourages students to work in such internship positions and considers internships to be an integral part of the ICS curriculum.

Computer Networking
(Park Extended Learning and Park Online)

This certificate program prepares students to sit for the Cisco Certified Network Associates (CCNA) exam. Upon completion of this certificate program, students are encouraged, but not required, to take the CCNA certification exam at a CCNA testing center. Regardless of whether a student chooses to take the CCNA certification exam, when the student is ready to graduate (either from the certificate program for non-degree-seeking students, or from the ICS program for degree-seeking students), he/she should fill out the Graduation Application Form. That application provides notice to the Registrar to put “Certificate in Computer Networking” on the student’s transcript.

Interdisciplinary Studies

The Interdisciplinary Studies major allows the student to develop a major by combining two different disciplines. For the purpose of declaring a program of study, different disciplines are defined as the combination of offerings from two different major schools or departments. This affords students the flexibility to design their own degree while making an efficient use of courses they have accumulated. It requires the combination of two minor degrees of study: one that is listed in the catalog and another one either listed in the catalog or a Personal Minor constructed by the student out of a set of courses that represent a body of knowledge.

Requirements for:

B.S. Major – 42-45 hours, 2.0 GPA

Core Requirement:

- Minor One* one minor as described in the University catalog................18-21 cr.
- Minor Two one minor as described in the University catalog – OR –.......................... 18 cr.

a personal minor field of study constructed by the student and approved by the Dean of the School/College who supervises the program reflected in Minor One

LE 300 Integrative and Interdisciplinary Learning Capstone..................................... 3 cr.
LS 400 Senior Project** -OR-........................................ 3 cr.
LE 300P The Nature of Interdisciplinarity *** TOTAL...............................................42-45 cr.

*See charts on pages 112-114 for available minors.

**Stipulations: The senior project normally is in one of the two disciplines reflected in the minor areas of study, but may be interdisciplinary. It is proposed by the student and completed through independent study.

***LE 300P may not count as the capstone class and the student’s LE 300 requirement.

Program Competencies:
The student with integrative and interdisciplinary thinking will possess the ability to make connections across courses and connect coursework to his/her academic, professional, and civic lives. The student will be able to consider problems from several different perspectives and develop and test his/her holistic understanding of an issue, evaluate how various disciplines would conceive of solutions, and relate his/her learning to issues outside of academia.

1. Demonstrate an understanding of disciplinary content in its own context and in relationship to the issues, questions, and positions of at least one other discipline.
2. Compare and contract points of view and scholarly materials coming from different disciplines, in formulating a new thesis or position.

3. Synthesize diverse perspectives derived from coursework and other professional experience to achieve an interdisciplinary understanding of an issue or problem.

4. Explain and evaluate methodological approaches and theoretical foundations of at least two disciplines, as they pertain to dealing with real-world problems or issues.

5. Use professional experiences and academic coursework to attain professional employment.

THIS PROGRAM IS OFFERED THROUGH:

“T

he professional interior designer is qualified by education, experience and examination to enhance the function and quality of interior spaces for the purpose of improving the quality of life, increasing productivity and protecting the health, safety and welfare of the public.” (Foundation for Interior Design Education and Research.)

Students majoring in Interior Design at Park University combine the common body of knowledge in interior design with the intellectual development found in a liberal arts education. A sequence of design studios and graphic communications studios with supporting lecture courses provides the practical content integral to the profession. Park University education, combined with work experience, will enable students to sit for the National Council for Interior Design Qualifications examination and become registered interior designers.

**Portfolios:**
All graduating art and design majors are required to individually document (either by means of color slide photography or digital photography) selected examples of their best work. These final portfolios are to be submitted to their major advisors as part of their Senior Seminar. These slides, CDs, zip disks, etc. will remain the property of the Department of Art and Design.

**Art Supplies**
Art and Design majors must plan, when preparing their yearly educational budgets, to spend at least $250 per semester on art supplies. All studio art courses require varying amounts of personal equipment and supplies. Studio fees collected at registration for some art courses provide only a portion of the supplies needed. Supply lists will be provided on the first day of classes.

**Note:** This degree program is pending final approval by the Higher Learning Commission Of the North Central Association of Colleges and Schools.

The liberal studies major allows the student a major composed of various disciplines rather than one discipline only. It emphasizes breadth, while requiring a concentration of 15 credits in a single discipline. It is intended that, by broadening the student’s cultural perspective, heightening the student’s analytical powers, and providing models for understanding experience, the liberal studies major will make a valuable contribution to whatever vocation the student elects. It may be taken along with vocational courses, or as a second major, or as preparation for a graduate or professional degree.

BACHELOR OF SCIENCE

Students taking the Management core receive a broad education covering the major functional areas of management. This degree will help a student prepare for business or government leadership and provide him/her with knowledge and skills desired by all types of employers. It will also give one the background to organize and manage his/her own family business. Graduates in Management typically find jobs in business such as production management, personnel management, marketing management, or financial management. The intent of this program is also to meet the educational needs of students who intend to enroll in graduate work in business administration. The program is designed to provide the student with the necessary background to satisfy the demands for alternatives while at the same time developing a breadth of knowledge in the liberal arts tradition.

Today, to be a successful manager one needs to understand how computers can be used to support the organization as a whole as well as for the individual worker. This major specifically prepares the student in computer usage while enhancing knowledge and tools of business management and organizational theory. It is both a theoretical and practical program which can prepare the student for careers in computer management, systems applications and other computer-related positions in business, government, and industry.

Program Competencies:
- Apply problem-solving and critical-thinking skills and use popular computer technologies in producing technology solutions.
- Communicate effectively, ethically, and professionally in a team environment.
- Identify appropriate information technologies for a given organizational context and explain how to incorporate such technologies into the given organizational context.

Mathematics is both a body of knowledge concerning a class of symbols and the relation between them, as a system of thought and communication, as well as the application of that system to other areas of human experience. As a system of thought, it derives from philosophy and provides a language, which has particular beauty and clarity. Applied to other areas of human experience mathematics has provided great power and precision to a wide range of endeavors, and thereby has supplied an essential contribution to the rise of modern civilization. The study of mathematics prepares students for graduate studies in mathematics, related sciences, economics and business administration. Other options include beginning actuarial work, teaching at the secondary level and beginning work in the area of data processing. Third and fourth year MA courses will be determined in consultation with the student’s advisor.

The International Center for Music has been established to foster the exchange of master teacher performers, renowned young musicians, and programs from countries across the globe. The education of emerging musicians is at the philosophical core of the Center’s mission and the quality of that training crucial to great artistry. Music is an international language and enables all people to share in experiences that help shape their culture and values. By involving the highest caliber artists of our generation as educators, we will enable our students and audiences to experience the wealth of musical literature that has impacted generations of our global society. The program makes available, to the entire campus and surrounding community, concerts and recitals throughout the year as part of the ACCESS TO THE ARTS series.

Programs of study for students choosing music are a Bachelor of Music (applied emphasis in Piano, Violin, Viola or Cello), and a Minor in Music with an applied emphasis in Piano, Violin, Viola or Cello. Audition required for Bachelor of Music and Undergraduate Certificate.

The Associate Degree in Nursing of the Ellen Finley Earhart Department of Nursing is designed to provide upward mobility and career advancement for Licensed Practical Nurses. This program will prepare the LPN to take the Registered Nurse Licensure Exam (NCLEX-RN) and will serve as a foundation to pursue a baccalaureate degree in nursing. Practical nursing graduates must pass the NCLEX-PN to remain in nursing courses. Admission is limited to 65 students in the Parkville area. Selection is based on nursing admission test scores, quality of references, and completed files.

The deadline for accepting the Park University Online application and the entrance testing fee payment is April 15. The deadline for accepting official transcripts, copies of practical nursing licenses and letters of eligibility for practical nursing students is May 1.

The Associate Degree Nursing Program is fully approved by the Missouri State Board of Nursing. The Associate Degree Nursing Program is accredited by the Accreditation Commission for Education in Nursing, which serves as a repository for information about curriculum, tuition and fees for the nation’s nursing profession. They may be contacted at the Accreditation Commission for Education in Nursing, 3343 Peachtree Road NE, Suite 850, Atlanta, GA 30326. BACHELOR OF SCIENCE IN NURSING COMPLETION

Building on the premise of life-long learning and professional career development, the BSN Completion Program design allows the Registered Nurse to complete the requirements of a Bachelor of Science in Nursing Degree.

Admission Requirements
1. Graduate of a regionally accredited Associate Degree Nursing Program
2. RN Licensure in the United States. New graduates will be admitted on probationary status.
3. Minimum GPA of 3.0 from an accredited Nursing pre-licensure program or an ACT score of 21 or greater for students with a GPA below 3.0 on a 4 point scale
4. Submission of official nursing program associated transcripts and other undergraduate transcripts.

The Nursing Program awards accepted students 60 hours of course credit for their pre-licensure nursing program transcript. Students may choose to attend either full time or part time. Students have a maximum of 5 years to complete all degree requirements.

It is recommended all students take the WCT during the first term of courses. The WCT must be passed prior to enrolling in EN 306A.

BACHELOR OF SCIENCE

Social Psychology blends the strengths of psychology and sociology. It studies the “person in the situation,” and integrates knowledge about individual, group, and organizational processes. It is an adaptable major that trains students for a wide range of career options, and it is personally useful in every facet of your life beyond mere employment. Social psychology trains you to see yourself, others, and the cultures and societies we live in more clearly, critically, and completely. It equips you with a set of tools useful for a wide range of careers in business and industry, government, applied social research, data analysis and interpretation, policy and program implementation, the helping and service professions, or continued graduate study in psychology or sociology.

The Park University Social Psychology major combines a solid core in the field with a number of flexible, specialized concentrations that allow you to tailor the degree to your needs and interests. Students may take any 12 hours of PS and SO electives. All students also leave the major with a set of technical and conceptual tools that will allow them to collect, analyze, and interpret social research data and apply those findings in a number of careers.

The Social Work degree program prepares students for beginning professional social work practice in a wide variety of human service and treatment settings. As generalist social work practitioners, graduates will be prepared to work collaboratively with diverse populations, particularly those who are vulnerable and at risk. Eco-systems theory and strengths perspective serve as overarching conceptual frameworks throughout the curriculum. All aspects of student learning in the classroom are integrated with the senior year field practicum experience.

ADMISSION TO THE BACHELOR OF SOCIAL WORK DEGREE

Criteria for admission to the Bachelor of Social Work Degree include:

1. Completion of 60 credit hours of college coursework.
2. A cumulative GPA of 2.50 or higher. GPA is computed on all college credit, transfer and Park University.
3. Two letters of reference, one of which must be a college/university faculty member; the second letter may be from a faculty member or another person known in a professional capacity.
4. Successful completion of Park University's Writing Competency Test.
5. Completion of the following courses with a grade of “C” or better: EN 105, EN 106, EN 306b, SO 141 Introduction to Sociology; PS 101, Introduction to Psychology; MA 120 Basic Concepts of Statistics; and SW 205, Introduction to Social Work. Students must also complete 8 credits of Modern Language (Spanish is preferred). For transfer students six credits of the modern language equivalent may be accepted.
6. Completion of all required materials in the Bachelor of Social Work admission packet, which includes a personal narrative that relates the student's interest, experiences and goals in the social work profession.

In accordance with CSWE accreditation standards, the Social Work program does not grant course credit for life experience or previous work experience.

## Sociology

Sociology is the study of people in groups, their interactions, identities, and the societies, institutions, and cultures they create. As a social science, it combines the scientific and humanistic perspectives to study the full range of human experience and helps us understand pressing social issues and connect them to individual human concerns. It is a valuable liberal arts major that prepares students for a variety of careers in business, government, human and social services, and social research and data analysis. It teaches students to collect, analyze, interpret, and apply valid and reliable data and explanations to personal decisions and to public and organizational policies.

Spanish

The Spanish Major is designed to assist students in the acquisition of this language as a tool of communication to be utilized in the local, national, and global communities. Along with the study of the Spanish language, the study of the Hispanic and indigenous cultures is an integral part of the program. The emphasis of this program is cultural studies and the development of skills for communication in the present day world. The study of literature will serve as a vehicle to a better understanding of the language and culture.

Students with a good high school background in Spanish are encouraged to start their studies at the 200-level. In this case, students may take 300-level courses in order to complete the minor. Credit for Elementary Spanish I and II may be granted by examination, i.e. AP or “end-of-course examination.” The Modern Language Placement test may be utilized for students who are uncertain about the appropriate starting point for their studies.

The Spanish Minor is designed to assist students in gaining proficiency in oral and written communication in this world language, along with a solid understanding of Hispanic cultures. Students majoring in Business Administration with an International Business emphasis and English with a Language and Literature concentration should consider the completion of this minor.

The Theatre minor is a multi-disciplinary program that incorporates courses from a variety of perspectives to ensure a well-rounded and well-grounded graduate with an integrated liberal arts education. Our Theatre tradition is as expansive and multi-faceted as the history of Park University and is designed to serve the academic and artistic needs of students as well as the Parkville community.

Two main stage presentations are offered each year as well as student-led projects in our experimental theater space. The Kansas City area boasts over 100 active theatre companies, making it one of the most active theatre cities in the country. Our guiding philosophy is that the study of the dramatic arts serves students who wish to develop a fully-rounded emotional, intellectual, and creative experience in the pursuit of their education.

COURSES OF INSTRUCTION

The lettered prefix before each course number represents an abbreviation of the course’s discipline.

The first digit of the course number represents the level of the course. The following course numbering system is used:

- **100 – 199**: Freshman
- **200 – 299**: Sophomore
- **300 – 399**: Junior
- **400 – 499**: Senior

Freshman and sophomore students may not enroll in courses more than one level above their academic classification without explicit permission from their advisor and Associate Dean (e.g., Freshmen may not enroll in 300 level courses without permission; sophomores may not enroll in 400 level courses without permission).

Each course description is followed by a 3-number sequence providing the following information: first digit, number of lecture hours per week; second digit, number of laboratory hours per week; third digit, number of credit hours granted for the course. For example, a class described as 3:1:4 would have three lecture hours, one lab hour, and four hours of total credit.

All courses are valued in semester hours. Fifty minutes of classroom or direct faculty instruction and two hours out-of-class student work each week for 15 weeks, plus 40 minutes reserved for a final exam, for one semester hour of credit.

Courses scheduled for a different number of weeks and other academic activities such as laboratory work, internships, practica, and studio work, have an equivalent number of hours as reflected in the combination of direct faculty instruction and out of class student work for the same amount of credit as listed above.

For online and blended courses, active student engagement with other students, the instructor and/or online course content, combine to form the equivalent amount of time (100 minutes per week), while other out of class student work, which is designed to achieve course learning outcomes, makes up the approximately 240 minutes of such work for each one hour of credit.

**Definition of Credit Hour**: Fifty minutes of classroom or direct faculty instruction and two hours out-of-class student work each week for 15 weeks, plus 40 minutes reserved for a final exam, for one semester hour of credit.

One hundred minutes per week of classroom or direct faculty instruction and 240 minutes out-of-class student work each week for 8 weeks, for one hour of credit.

Courses scheduled for a different number of weeks and other academic activities such as laboratory work, internships, practica, and studio work, have an equivalent number of hours as reflected in the
combination of direct faculty instruction and out of class student work for the same amount of credit as listed above.

For online and blended courses, active student engagement with other students, the instructor and/or online course content, combine to form the equivalent amount of time (100 minutes per week), while other out of class student work, which is designed to achieve course learning outcomes, makes up the approximately 240 minutes of such work for each one hour of credit.

AC 320  
**Intermediate Accounting I**  
**Prerequisites:** AC 202 and CS 140 or equivalents.  
A study of the theoretical and technical basis of current accounting practices. Course includes basic theory, analysis of financial statements and accounting changes. Emphasis is on compliance with generally accepted accounting principles applied to business problems. 3:0:3

AC 325  
**Intermediate Accounting II**  
**Prerequisites:** AC 320 and CS 140 or equivalents.  
Continuation of AC 320. Course includes current assets and liabilities, plant, property and equipment; long term liabilities; and shareholders equity. 3:0:3

AC 335  
**Fund Accounting**  
**Prerequisites:** AC 202 and CS 140 or equivalents.  
A study of the financial accounting and reporting in non-profit service organizations such as governments, hospitals, colleges, and human service organizations. 3:0:3
AC 350  
Accounting Information Systems  
**Prerequisites:** AC 202, AC 320 and CS 140  
A survey of computer file methods for accounting data and analysis of the administration, documentation and security controls over the computer process. Course includes case studies using automated accounting systems software. 3:0:3

AC 420  
Advanced Accounting I  
**Prerequisites:** AC 325 and CS 140 or equivalents.  
Continuation of AC 325. Selected topics in advanced financial accounting with emphasis on current accounting problems and pronouncements of the Financial Accounting Standards Board. 3:0:3

AC 425  
Advanced Accounting II  
**Prerequisites:** AC 420 and CS 140 or equivalents.  
Continuation of AC 420. Course includes consolidated financial statements and fund accounting. 3:0:3

AC 430  
Auditing  
**Prerequisites:** AC 325 and CS 140 or equivalents.  
A study of auditing theory and procedures, the development and use of internal controls, and the ethical and professional standards of an independent professional accountant. 3:0:3

AC 435  
Ethics for Accountants  
This course will serve as a guide to professional ethics in the accounting and business environments. Course covers: fundamental ethical issues of business and society, roles and responsibilities of the accounting and auditing profession, ethical behavior by management, and legal and professional guidelines that address the ethical concerns of society. Emphasis is on the AICPA Code of Professional Conduct and other professional standards. 3:0:3

AC 440  
Special Topics in Accounting  
An in-depth examination of specific areas in the field of accounting. Topics include, but are not limited to: governmental accounting, current problems, theory of income determination, budgetary control, information systems, and independent research. Variable credit: 1-3 hours.

AC 451  
Accounting Internship  
Open only to students who have earned at least 9 hours of their Accounting degree requirements and have a 3.0 GPA. The Internship must provide an applied/practical experience consistent with a career position filled by a college graduate. The Internship will be approved by the Department Chair and overseen by the Accounting Program Coordinator (PC) or a business faculty member approved by the Accounting PC. An experience paper is required. Three (3) credit hours will be earned by 120 hours of experience connected to the Internship learning outcomes. This class can be repeated to earn a maximum of 6 hours of credit at the discretion of the Accounting PC. Course grade will be pass/fail.

CO-REQUISITE: AR 283
Students will be introduced to various two dimensional methods of presenting design concepts. Methods will include drafting tools, freehand drawing, sketching and diagramming techniques, color rendering techniques, presentation board construction techniques and graphic layout of design presentations. Hand drafting will be introduced with emphasis on understanding orthographic drawings and developing line quality and architectural lettering skills. 1:5:3
**AR 283**  
**Interior Design Studio I: Introduction to Interior Design**  
**Co-requisite:** AR 282  
Students are introduced to the interior design profession and its role in shaping the environment. Students are introduced to the design process as it is followed in a professional office. The elements, vocabulary and principles of design are applied to a series of simple interior design projects, including both residential and public space interior design. Students are introduced to life safety codes and accessibility guidelines. Skills and knowledge from pre- and co-requisite studio and lecture courses are applied to design projects. 1:5:3

**AR 288**  
**Interior Design Studio II: Visual Communications II**  
**Prerequisite:** AR 282  
**Co-requisite:** AR 289  
Three dimensional design and presentation techniques will be developed in this continuation of Visual Communications I. Students will learn to construct one and two-point perspective drawings and will practice three-dimensional sketching. Students will apply black and white and color rendering techniques to their drawings. Students will learn model-building skills. 1:5:3

**AR 289**  
**Interior Design Studio II: Fundamentals of Interior Design**  
**Prerequisite:** AR 283  
**Co-requisite:** AR 288  
Interior Design Studio II builds on the concepts introduced in Interior Design Studio I: Introduction to Interior Design, applying the design process to a series of residential and public space design projects, using the elements, vocabulary and principles of design. Life safety codes and accessibility guidelines are applied to projects. Skills and knowledge from pre- and co-requisite studio and lecture courses are applied to design projects. 1:5:3

**AR 290**  
**Interior Design Materials and Resources**  
AR 290 is a survey of materials used by interior designers for architectural elements and finishes for both residential and public space design. The student will learn to evaluate and select the appropriate materials for a design project, and will be introduced to life safety ratings for finish materials. The student will be introduced to manufacturers and suppliers of materials through field trips, guest speakers, manufacturer's catalogues and research. The student will be introduced to writing specifications for interior design materials. 3:0:3

**AR 296**  
**Textiles for Interior Design**  
**Prerequisite:** AR 290  
Students will learn to identify textiles by fiber content, yarn construction, weave and finish, and will understand the effect of these components on the performance of textile products. Students will apply knowledge of textile component properties to the various end uses to which textile products are applied with emphasis on textiles used for finishes, furnishings and soft goods. Students will understand life safety ratings for textile products in various applications. 3:0:3

**AR 298**  
**History of the Designed Environment: Antiquity to Mid-Nineteenth Century**  
Students will study architecture, interiors, furniture and the decorative arts in the context of the history of Western culture. Students will understand the impact the built environment of the past has on our current environment and design practices. Connections will be made between past and present and between art, literature, film, architecture, and interior design. The study begins with antiquity and progresses through the mid-1800s. 3:0:3

**AR 313**  
**Independent Study in Art or Design**  
Designed for students who have taken all courses in a particular area but wish to continue in it, or who wish to explore in an area for which there is no appropriate course offered. Admission to independent study is by permission of the Chair of the Department with evidence of the student's ability to work independently at an appropriate level. Students seeking admission to Independent Study must submit an approved proposal. The student and teacher write a contract stating goals, amount of work and critique times, etc. Variable credit: 1-6 hours.
AR 315
Special Topics in Art or Design
A specialized workshop or seminar focused on a particular subject, issue or medium. May be repeated for credit when topics change. Variable 1-3 credits

AR 316
Modern Art
The study of modern painting, sculpture, and architecture from the late nineteenth century to the present. Gallery tours are combined with slide-lecture instruction. 3:0:3

AR 317
World Art
An introduction to the art of a selected number of cultures from Africa, Oceania and the Americas which will be studied within their historical and cultural contexts, and which will include examples of contemporary art. Gallery tours, studio exercises, and guest lectures will augment slide-lecture instruction. 3:0:3

AR 318
Graphic Design Studio I
Prerequisites or Co-requisites: AR 140, AR 203, AR 204, and AR 218
An introductory class that prepares students with basic hand skills through drawing and presentations, introduces typography, layout, vocabulary technique, and the process of critique to produce professional graphic design projects. Selected topics in design, i.e. perception, figure/ground; shape, visual dynamics, Gestalt principle; fundamentals of the design process: research, thumbnails/roughs, comprehensive, presentations. Development and preparation of design concepts for application to the printing process. 1:5:3

AR 319
History of Graphic Design
Prerequisites AR 115, AR 218 and AR 318
A survey of the genesis and development of Graphic Design from its beginnings in the Industrial Revolution through the challenges of the digital transition and beyond. The relationships and impact of major graphic style periods are discussed in social context and defining visual characteristics are examined by studying examples. 3:0:3

AR 320
Ceramics I
An introduction to clay processes emphasizing hand building techniques, glazing and firing. 1:5:3

AR 321
Ceramics II
Prerequisite: AR 320
A continuation of AR 320 that includes wheel throwing and other more advanced building techniques. Basic glaze calculation and explanations for firing techniques are covered. 1:5:3

AR 328
Graphic Design Principles: Identity
Prerequisite: AR 318
This intermediate Graphic Design course explores the use of logos, identity, branding, packaging, campaigns and business practices. The process of developing design discipline is emphasized while producing portfolio quality projects that reflect a growing understanding of industry standards and practice. 1:5:3

AR 330
Graphic Design Principles II: Typography & Design
Prerequisites or Co-requisites: AR 208, AR 218 and AR 318
An introduction to typography as a formal, functional and expressive medium of communication. Building from the study of individual letterforms through words and paragraphs, skills are gained in spatial organization, information architecture, hierarchy, legibility, readability and expression. Critical thinking and craftsmanship are emphasized. 1:5:3

AR 331
Graphic Design Studio II: Computer Imaging
Prerequisite or Co-requisites: AR 318, AR 328 and AR 330
This course emphasizes effective advertising campaign. The student experiences the network of ideas and research necessary to reach a public targeted by the manufacturer or service. It also explores the history and methods of publication design and examines the processes involved in coordinating art and typography with verbal...
and visual content; exploration of computer imaging through the use of image processing, page layout, and design concept. 1:5:3

AR 340
Drawing III
Prerequisite: AR 240
A course emphasizing more advanced drawing allowing students the opportunity to study and expand their personal interpretations and approaches to drawing concepts and techniques. Emphasis is placed upon individual interpretation of class assignments. 1:5:3

AR 341 (CA 341)
Photography II
Prerequisite: CA 241 or instructor permission
This course explores the language of photography with particular attention to the photographic essay and the photographic illustration. Both black and white and color photography are included. A variety of techniques in photographic printmaking are explored with an emphasis on self-expression and craft. A lab fee may be required. 1:5:3

AR 370
Fiber I
An introduction to fiber that will emphasize handmade papermaking, basketry techniques and fiber as both two-dimensional surface and three-dimensional form. 1:5:3

AR 371
Fiber II
Prerequisite: AR 370.
An advanced fiber workshop in which the student chooses the media, technique and number of projects in consultation with the instructor. Taught concurrently with Fiber I. 1:5:3

AR 380
Painting II
Prerequisite: AR 280
This course expands upon motif encouraging students to develop their conceptual foundation of content and meaning in their art while being challenged to develop their aesthetic and technical skills. Emphasis is placed upon individual interpretation of class painting assignments as the intermediate level. 1:5:3

AR 382
Interior Design Studio III:
Drawing Systems I
Prerequisite: AR 282
Co-requisite: AR 383
Students will apply two-dimensional methods of graphic communication used by Architects and Interior Designers, with an emphasis on orthographic drawings used for construction drawings. Students will be introduced to computer aided drafting using AutoCAD. Students will read, organize and produce a set of construction drawings using the computer as a tool. 1:5:3

AR 383
Interior Design Studio III:
Furniture Design
Prerequisite: AR 283 and AR 289
Co-requisite: AR 382
This intermediate studio will build on the design concepts introduced in Introduction to Interior Design and Fundamentals of Interior Design, with an emphasis on furniture design. Students will design furniture as well as incorporate furniture selection and design into both residential and public space design projects. As in previous studios the design process will be the framework for all project development. Material from co-requisite courses will be incorporated into design projects. 1:5:3

AR 388
Interior Design Studio IV:
Drawing Systems II
Prerequisite: AR 382
Co-requisite: AR 389
In Drawing Systems II, students will apply the computer aided drafting concepts introduced in Drawing Systems I to more complex construction drawings, including architectural detailing, millwork, furniture and cabinetry. Computer aided drafting using AutoCAD will be the primary method of graphic communication in this course. Students will be introduced to three-dimensional drawing using computers. 1:5:3
AR 389  
**Interior Design Studio IV: Commercial Interiors**  
**Prerequisite:** AR 283 and AR 289  
**Co-requisite:** AR 388  
Students will focus on commercial interiors in this class. One project will include programming and space planning for a complex office design. Students will become familiar with several office furniture systems and choose one for use in their office design. As in all studios, the design process will be the framework for all project development. Materials from pre- and co-requisite studio and lecture courses will be incorporated into the design project. 1:5:3

AR 390  
**History of the Designed Environment: Mid-Nineteenth Century to the Present**  
This continuation of the study of architecture, interiors, furniture and the decorative arts in the context of Western culture begins with the aesthetic movements of the late 19th Century and progresses through the modern and post-modern movements of the 20th Century, ending with a survey of present and future design trends. Students will understand modern design movements in the context of the immense social changes that took place beginning with the industrial revolution and continuing through the information age. Students will learn to identify the work of individual 20th Century architects and furniture designers. 3:0:3

AR 392  
**Human Factors in Interior Design**  
Human Factors is the study of the relationship between the individual and the built environment. Under the umbrella term “human factors” falls the study of ergonomics and anthropometrics, environmental and spatial behavior, universal design and the Americans with Disabilities Act, life safety issues and issues of social responsibility. Human Factors issues will be discussed in the context of various types of design, including private residence design, retail and hospitality design, offices, and design for special populations. Study will emphasize the phases of design that deal most directly with human factors issues: programming and post-occupancy evaluation. 3:0:3

AR 393  
**Lighting Fundamentals for Interior Design**  
Lighting will be considered within the framework of the mechanical, electrical and plumbing systems of a building. Students will study the technical, aesthetic and psychological aspects of lighting in an environment. Principles of lighting design and selection will be applied to the selection of luminaries and lighting sources. Lighting design competencies will be applied to a co-requisite studio design project. 3:0:3

AR 415  
**Internship in Art or Design**  
Off-campus placement in a professional environment such as a graphic design studio, art gallery, or art organization, to gain insight into a particular art or design career and work experience in the field. Many different internships are possible. Variable credit from 3 to 6 hours (i.e., a minimum of 6 to 12 hours per week). Departmental approval required. Intended for seniors. Variable credit: 3-6 hours.

AR 418  
**Graphic Design Studio III: Advanced Typography**  
**Prerequisite:** AR 330  
This course offers more complex typographic problems, page layout and solution strategies. Areas covered include the expression of abstract concepts, information architecture, type and image, visual metaphor and sequential development, typographic theory and use exploring formal and informal structures with an analysis of historic styles. Multipage layout in the printed and digital realm emphasized. 1:5:3

AR 420  
**Ceramics III**  
**Prerequisite:** AR 321  
A continuation of AR 321 in which students work to develop their own techniques and with an emphasis on glaze formulation to enhance the work. 1:5:3

AR 421  
**Ceramics IV**  
**Prerequisite:** AR 420  
A continuation of AR 420 in which the student develops a sustained project idea. Students take responsibility for their own firings. 1:5:3
AR 427  
Web Page Design: Digital Environment  
**Prerequisite:** AR 328 or CS 314.
This course concentrates on training the graphic designer to develop effective design interfaces for web page design. Students combine text, images, sound and interactivity to Web presentations. Students explore new software (for example FLASH MX) and technical information for Web page development and Web servers. Current and future directions of the information superhighway, online services, search engines and World Wide Web development are investigated. 1:5:3

AR 440  
Drawing IV  
**Prerequisite:** AR 340
An advanced studio engagement in drawing allowing students the opportunity to study and expand their interpretations and approaches to drawing concepts and personal expression. Emphasis is placed upon individual interpretation of class assignments at the advanced level. 1:5:3

AR 470  
Fiber III  
**Prerequisite:** AR 371
Continuation of AR 371. An advanced level fiber course stressing increasing mastery of media, technique and personal expression. Although projects are developed in consultation with the instructor, the student will demonstrate growing artistic autonomy. (All levels of Fiber are taught concurrently.) 1:5:3

AR 471  
Fiber IV  
**Prerequisite:** AR 470.
A continuation of AR 470. (All levels of Fiber are taught concurrently.) 1:5:3

AR 480  
Painting III  
**Prerequisite:** AR 380
A course building advanced painting experience allowing students the opportunity to study and expand their personal interpretations and approaches in consultation with the instructor. Greater expectations and self-discipline are requirements with increased autonomy in each student’s choice of subject matter with an emphasis on personal visual expression. 1:5:3

AR 481  
Painting IV  
**Prerequisite:** AR 480.
The goal of the course is to challenge students to develop their paintings at an advanced level. Greater expectations and self-discipline are requirements as students develop their aesthetic, technical and conceptual ability. Emphasis is placed upon individual interpretations of painting concepts at the advanced level. 1:5:3

AR 491  
Interior Design Professional Practice  
Students are exposed to the range of career possibilities in the interior design profession through personal exploration, speakers, lectures, and discussions. Students will apply this knowledge to an evaluation of personal career goals and preparation of a cover letter and resume. Students will be exposed to the business structure and internal organization, marketing techniques, fee structures, and project management procedures of both residential and contract/commercial interior and architectural design firms. Class will include discussions of ethics, education and professional organizations. 3:0:3

AR 495  
Building Construction Systems  
Students will be introduced to the various components that make up the major building systems: the structural systems, the building envelope, and Mechanical, Electrical and Plumbing systems, with an emphasis on methods and materials of residential and commercial construction, and the interface between furniture systems and interior products with building systems. Students will learn to apply the construction specifications institute method for organizing drawings, specifications and architectural materials libraries. 3:0:3

AR 496  
Graphic Design Studio VI: Senior Studio/Portfolio  
**Prerequisite:** AR 418.
The capstone course of the major provides an intense investigation of the design and production of the professional portfolio including marketing techniques, format, binding, layout, and reproduction. The
portfolio documents the student’s development as a designer and forms his/her main professional credential in preparation for the transition to professional practice. Directed senior thesis project, portfolio and resume preparation. Selected topics in design and senior portfolio show. 1:5:3

AR 497
Senior Seminar in Fine Art
This is the capstone course of the major in Fine Arts. The project will be a culmination of the skills and knowledge gained in the student’s academic experience and forms his/her main professional credential in preparation for the transition to professional practice or advanced degree programs. Students will select a topic or design area for research, which will lead to a thesis statement and concept for a senior exhibition. This experience includes a directed senior thesis project in selected topics, with portfolio and resume preparation and senior portfolio exhibition. 1:5:3

AR 498
Senior Seminar I: Thesis
Students will select a topic or design area for research, which will lead to a thesis statement and concept for a design project. Students will then prepare a written program for the design of a project that will be completed in AR 499. Students will begin collecting material for a portfolio and develop a concept for portfolio design. Both the design project and the portfolio will be completed in AR 499, Senior Seminar II. 3:0:3

AR 499
Senior Seminar II: Project and Portfolio
**PREREQUISITE:** AR 498.
Students will develop a design that meets the requirements of the program developed in AR 498. The project will be a culmination of the skills and knowledge gained in the student’s academic experience. The project will include schematic design exploration, space planning, furniture, and finish selections, selection of finish materials and detailing of design elements. Issues of structure, lighting and mechanical/electrical and plumbing systems will be addressed. Life safety codes and accessibility standards will be applied. The final design will be presented to a committee of professional designers. In addition, students will prepare a portfolio of work that includes the senior project as well as a representation of work completed in their academic career. 1:5:3

AT 140
Concepts of Sport Injuries
This course introduces students to the different classification of injuries and the overall health care team. Additionally, a basic overview of how to prevent, recognize and care for a variety of injuries and illness that commonly occur to the physically active will be explored. 3:0:3

AT 150
Introduction to Athletic Training
**PREREQUISITE:** BI 210 or BI 211 or concurrent enrollment.
A course that studies the principles and concepts of human movement, anatomical structures, directional terms and cardinal planes, classification of joints, and biomechanics; including active, passive, and resisted movements to all major joints in the body. 3:0:3
AT 231
First Aid and Emergency Procedures
The practice of first aid and cardiopulmonary resuscitation skills. Emphasis will be on life saving emergency skills, accident prevention, first aid, AED training, and transportation of the sick and injured. A standard first aid and emergency cardiac care certification will be awarded to those who qualify. 3:0:3.

AT 246
Clinical Education in Athletic Training I
Prerequisite: AT 150.
This course teaches the student the beginning levels of assessment procedures such as constructing and phrasing appropriate questions, physical evaluation techniques, writing medical notes, as well as managing various injuries. Additionally, athletic training students are required to participate in a clinical assignment. 3:0:3

AT 250
Exercise Physiology
Prerequisite: BI 211 or equivalent.
A study of the physiological adjustments that occur within the body during exercise. Emphasis is placed on the circulatory, respiratory, and musculoskeletal, nervous, and endocrine systems. 3:0:3.

AT 261
Foundations of Athletic Training
Prerequisites: BI 211 and AT 231.
A course that focuses on the overall general practices of the athletic training profession. The course provides the athletic training student with the fundamental foundations needed to effectively prevent, recognize, and manage injuries/illnesses. 3:0:3

AT 275
Principles of Strength Training and Conditioning
Prerequisites: FWR 122 and AT 250 or concurrent enrollment.
An exploration of the basic principles of fitness and nutrition levels the body needs to effectively function physically and physiologically during exercise. 3:0:3

AT 347
Clinical Education in Athletic Training II
Prerequisite: AT 246.
A course that teaches manual therapy techniques for athletic training students to use to treat and rehabilitate a broad spectrum of injuries. Additionally, athletic training students are required to participate in a clinical assignment. 3:0:3

AT 350
Pathology in Athletics
Prerequisite: AT 365.
A course designed to provide the student with knowledge of the pathophysiology of common diseases and medical conditions. Recognition, treatment considerations, and medical referral for common disabilities among physically active individuals will also be investigated. 4:0:4

AT 351
Introduction to Pharmacology and Pharmacy
Prerequisite: Acceptance in AT program or permission of instructor.
A course that emphasizes the types and classification of drugs, their modes of action at the cellular, systemic, and organism level, as well as contraindications and possible long term effects. 3:0:3

AT 355
Therapeutic Modalities in Athletic Training
Prerequisite: AT 261.
This course introduces the theory and application of therapeutic modalities such as hydrotherapy, electrotherapy, thermotherapy, cryotherapy and mechanical techniques for the prevention and care of injuries. 4:0:4

AT 356
Administration in Athletic Training
Prerequisite: AT 261.
This course discusses the policies, procedures, and issues involved with the administration of athletic training. Emphasis is placed on facility organization and design, supervision, legal liability, budgeting, record keeping, equipment maintenance, counseling and public relations. 3:0:3
AT 365  
Advanced Athletic Training  
Prerequisite: AT 261.  
This course reviews anatomical structures and provides knowledge to the student in the areas of common injuries, mechanism of injury, advance assessment techniques, development of prevention and treatment programs, and functional return to activity. 4:0:4

AT 366  
Therapeutic Exercise and Rehabilitation  
Prerequisite: AT 365.  
Theory and application of exercise, rehabilitation techniques and therapeutic equipment for the prevention and care of athletic injuries. 4:0:4

AT 449  
Clinical Education in Athletic Training III  
Prerequisite: AT 347.  
This course provides advanced clinical assessment and management techniques for injuries to the mandible as well as cervical and thoracic regions of the spine. Additionally, athletic training students are required to participate in a clinical assignment. 3:0:3

AT 450  
Clinical Education in Athletic Training IV  
Prerequisite: AT 449.  
This course provides advanced clinical assessment and rehabilitation techniques of the lumbar and sacroiliac regions of the spine. Additionally, athletic training students are required to participate in a clinical assignment. 3:0:3

AT 480  
Research and Writing in Athletic Training  
Prerequisite: EN 105, EN 106, passing the WCT and an accumulated 60 hours.  
This course is designed to have students review current literature and perform scientific and technical research to prepare reports that address the areas of athletic training. This course will satisfy the EN 306 requirement for Athletic Training majors. 3:0:3

AT 490  
Senior Seminar in Athletic Training  
Prerequisite: AT 480 and MA 120.  
A capstone course where students examine current issues in the field of athletic training that allow them to engage in professional research and presentation. In addition, students will get opportunities for practicing mock certification exams. 3:0:3

AV 103  
Air Transportation  
A study of air transport system development up to the present. Emphasis is on the characteristics of each part of the system such as the effects of regulation, competition, and environmental control. 3:0:3

AV 104  
General Aviation Management  
A practical view of the management of aviation enterprises. Covers basic management concepts, the importance of profit and the impact of many regulations on the aviation industry. Review of the decision making process and a look into the future of general aviation business. 3:0:3

AV 262  
Aviation Marketing  
The function of marketing in airline and general aviation operations, market research, demand analysis, advertising and promotion, sales, traffic, and theory of price determination. 3:0:3

AV 267  
Aviation Law and Regulations  
The development of aviation law as a distinctive body of statutes, treaties, regulations and case law. Topics include federal and state jurisdictional problems, criminal law, aviation accident litigation, environmental law and international law of air and space. 3:0:3
AV 370  
Airline Management  
Study of management development of various domestic, local and international air carriers. Designed to cover the complex area of operational techniques and problems confronting airlines today. 3:0:3

AV 402  
Special Topics in Aviation Management  
In-depth examination of contemporary issues in the field of aviation management. Topics include, but are not limited to: passenger trends, deregulation criteria for transport aircraft, airport security, air cargo operation problems, environmental impact and conservation problems. May be repeated for credit with change in topic. 3:0:3

AV 403  
Airport Management  
The major functions of airport management operations, zoning, adequacy, financing, revenues and expenses, design, and safety. A study of the airport master plan; federal, state, and local agencies; and the socioeconomic effect on the community. 3:0:3

AV 426  
Aviation Safety  
Designed to develop an awareness of the broad areas involved in the pursuit of safety in the air. The basic principles of aviation accident prevention in government, airlines, corporate, and other aspects of aviation. Includes the technological aspects of flight as well as the human aspects. 3:0:3

AV 428  
Senior Project in Aviation Management  
A special project undertaken by the student with the approval and guidance of the Program Coordinator. Topics include but are not limited to: airport management, air cargo operations, fixed base operations, airline marketing, and corporate flight operations. It is strongly recommended that all major core courses be completed prior to enrolling in this course. 3:0:3

BI 101  
Biological Concepts  
Biological Concepts offers an overview of the fundamental facts and principles of modern biology. The course is designed for the non-science student who wishes to gain an understanding of current biological concepts and their relevance to problems of human society. Emphasis will be on life, its origin, chemistry, energy transformations, reproduction, genetics, evolution, and ecology. At home laboratory activities are included. 3:3:4

BI 111  
Environmental Biology  
Environmental science is the study of the position and impact of Homosapiens as an organism in the environment and consideration of the sociological, political, and economic implications of mankind’s relationship to the ecosystem. Problems of world population, world hunger, international implications, etc. will be included. Specific considerations of energy availability, usage, and controversies, as well as pollution topics will be addressed. 3:3:4

BI 122 (FWR 122)  
Human Nutrition  
An examination of nutritional guidelines, the nutrients necessary for good health, and the dietary needs of different populations. This course is designated as a VLE for nursing students. 3:0:3

BI 210  
The Human Body  
Structure and function of the principal systems of the human body. Topics include: muscular, nervous, skeletal, circulatory, digestive, endocrine, and urinogenital systems. 3:0:3
BI 211
Human Anatomy and Physiology I
A study of the structure and function of the human body at the cellular through system level of organization. Laboratory emphasis is on the gross structure of muscular, nervous and skeletal systems. 3:3:4

BI 212
Human Anatomy and Physiology II
Prerequisite: BI 211 or equivalent.
A continuation of BI 211. Emphasis is placed on the circulatory, digestive, endocrine and urinogenital systems. 3:3:4

BI 214 LE
Personal and Community Health
Educational in nature with emphasis on personal hygiene, community health and health education, this course covers diverse topics such as wellness, mental health, stress, nutrition, weight management, communicable disease, non-communicable disease, reproductive health, parenting, substance abuse, aging, and ecology. Socioeconomic and sociocultural factors that impact the wellness of specific cultural groups will also be discussed. This course does not count toward a biology major. 3:0:3

BI 223
Clinical Microbiology
Prerequisite: CH 105 or equivalent.
A study of microorganisms that commonly affect man, including their morphology, physiology, taxonomy, and ecology. Epidemiology of representative diseases and other applied aspects are discussed. Emphasis in the lab is on techniques: staining, culturing, and standard identification methods. 3:3:4

BI 225
Botany
A study of the plant kingdom with an emphasis on the structure and physiology of the flowering plants. 3:3:4

BI 226
Zoology
This course is a broad introduction to Kingdom Animalia. The anatomy, physiology, systematic, evolution, and ecology of animals will be discussed. Laboratory will include dissection, microscopic and macroscopic examination of organisms representative of the major animal phyla. 3:3:4

BI 231
Introductory Molecular Cell Biology
Prerequisites: CH 108 and CH 108L.
An introductory course in cell structure and function at the molecular level. Topics include cell structure; the flow and transduction of mass, energy, and genetic information; genetic engineering; and regulation of cell growth. 3:0:3

BI 300
Evolution
A study of the historical development of the concept of natural selection and modern concepts of evolution. 3:0:3

BI 301
Human Ecology
The relation of man to his physical and biological world. Topics include population, food supply, energy, industry, pollution, and natural resources as well as the cultural patterns of humans and their effects on the environment. 3:0:3

BI 306
Biological Literature
Prerequisites: EN 105, EN 106, passing WCT and 60 accumulated hours.
A one-semester study of biological thought and the methods of biological communication. Emphasis is placed on the acquisition and use of biological literature. Writing and evaluation of scientific papers is stressed. This course is to be taken during the junior year. The course will satisfy the EN 306 requirement for Biology majors. 3:0:3

BI 318
Introduction to Genetics
A study of the principles of heredity and variation in both plants and animals including man. Modern theories of gene action are stressed. 3:0:3

BI 320
Genetics
Prerequisites: BI 231, CH 317 and CH 317L.
A study of the principles of heredity and variation in both plants and animals including
man. Modern theories of gene action are stressed. Laboratory work is included. 3:3:4

BI 326
Bioethics
An examination of the complex ethical issues that arise as a result of modern science. Issues such as genetic therapy, cloning and stem cell research, death and dying, reproductive technologies, genetic privacy, and the allocation of resources will be examined. Topics that arise from the use of humans and other animals in academia and research will also be discussed. The course will include a general overview of ethical theories, moral and religious attitudes from different cultures, and the fundamental principles of scientific integrity. 3:0:3

BI 330 (GO 330)
Paleobiology
The study of the earth's past life, which will be examined in two parts: (1) an introduction to invertebrate and vertebrate paleontology that will focus on classification, relationships, and evolutionary history and (2) the uses of paleontological data in evolution, systematics, paleoecology and extinctions. 3:3:4

BI 337 (CH 337)
Biochemistry
Prerequisites: CH 318 and CH 318L. Biochemical systems and the relation of chemical structure to biochemical function are discussed. 3:0:3

BI 337L (CH 337L)
Biochemistry Laboratory
Co-requisite: BI 337. 0:3:1

BI 340
Comparative Anatomy
Prerequisite: BI 226. A study of the phylogeny and gross structure of the organ systems of the vertebrates. Major systems of the shark and cat are dissected and correlations are made with other groups of vertebrates. 3:3:4

BI 344
Animal Physiology
Prerequisites: BI 226 and CH 108, or permission of the instructor. A study of living processes as they occur in cells, tissues, and systems in vertebrates and invertebrates. Laboratory work is correlated with classroom discussion. 3:3:4

BI 350
Microbiology
Prerequisites: BI 231 and CH 317L. A study of the biology of the major groups of microorganisms. Research skills are stressed in the laboratory. 3:3:4

BI 360
Cell Biology
Prerequisites: BI 231, CH 317 and CH 317L. A study of ultrastructure of the cell and its organelles. Laboratory includes studies in molecular biology and tissue culture. 3:3:4

BI 378
Ecology
Prerequisites: CH 107. A study of the interrelationships between organisms and their environment. Laboratory is included. 3:3:4

BI 380
Issues in Biodiversity
An introduction to biodiversity from the perspective of ecosystems and the biosphere. Topics covered include extinction, characteristics, special problems of the various biomes, conservation economics, endangered species management, and theory of nature preserve design. 3:0:3

BI 415
Senior Research
This hands-on research course is the third component of the four-course Senior Research Capstone. Students will be expected to conduct research following the creation of a proposal in BI 306 that will culminate in the production of a research paper and presentation. Projects will vary depending upon the interest and capabilities of the student and selected mentor. The final work will be evaluated by the Biology faculty. The completed research paper will be the core assessment as judged by the Biology Program faculty. 3:0:3
BI 417
Developmental Biology
PREREQUISITES: BI 231, CH 317 and CH 317L.
A study of the molecular and cellular biology of pattern formation in developing embryos. Systems surveyed include Drosophila, sea urchin, frog, salamander, chicken, and human. 3:3:4

BI 422
Individual Research & Independent Investigation
A small original biological investigation and a written report of the findings, prepared in proper form. Prerequisite: permission of instructor. Variable credit 1-3 hours.

BI 425
Biology Thesis
PREREQUISITE: Permission of instructor.
The thesis will integrate information from the primary and secondary biological literature as well as from biological knowledge to provide a substantial, comprehensive synthesis of results from a wide and complex set of studies in an effort to make sense of all available information. 3:0:3

BI 470
Internship in Biology
Practical work experience in biology in an industrial, academic or other setting. Internship must be approved by the instructor prior to starting work. Variable credit: 1-4 hours.

BI 490
Advanced Topics in Biology
PREREQUISITE: Permission of instructor.
Selected topics in biology. Topics left to the discretion of the instructor and student. Plant taxonomy, histology, cellular physiology, advanced field ecology, entomology, etc. are possible topics. Laboratory work may be required. May be repeated for credit if topics differ. Variable credit: 1-4 hours.

CA 103
Public Speaking
A development of the ability to speak clearly and express ideas effectively before an audience. Students plan, compose, and deliver various kinds of speeches and talks. Principles of effective rhetorical presentation are related to basic purposes and forms of public speech-communication. 3:0:3

CA 104 LE
Interpersonal Communication I
An introduction to the knowledge and skills of interpersonal communication. The course content includes facilitation of more effective and supportive behavior, reduction of communication barriers and development of increased skill and confidence in relationships. 3:0:3

CA 105
Introduction to Human Communication
This course focuses on the most frequently used communication skills. The course demonstrates the natural relationships between communicating one-to-one and in public, group, and mediated contexts, showing that skills in one can be employed in the other and given practice in both. Students will be introduced to the communication process, listening, concepts of self, language, perception, small group and workplace communication, intercultural communication, mediated communication, the speech process (including topic selection and audience analysis, organization, development and support of speeches, delivery) and informative and persuasive public speaking. This course fulfills the oral communication liberal arts requirement. 3:0:3.

CA 115 LE
Introduction to Electronic Communication
A survey of the emerging vehicles for electronic communication from Internet to radio and television. Includes discussion of how electronic communication affects the audience, research and the methodology used to analyze that effect, introduction to the skills of electronic communication, and consideration of the specific ethical issues often associated with electronic images. 3:0:3
CA 200
Interviewing Theories and Practice
Development and analysis of the interviewing process from the viewpoints of the interviewer and the interviewee. Consideration is given to strategies, ethics, the interview as a management tool, and a broad understanding of the communication variables involved in the interviewing context. Both practical and theoretical perspectives are examined. 3:0:3

CA 201
Media Writing & Reporting
This course focuses on the fundamentals of reporting. It discusses techniques of fact gathering and news writing and provides opportunities to develop those skills through practical application. 3:0:3

CA 214
Broadcast Performance
This is a performance class. Students will learn techniques that professionals use to enhance their speaking voices, as well as how to become a more effective communicator in a variety of media settings. Good announcing is intertwined with good journalism, and thus the course will help you understand your copy, and your interview subjects, so that your announcing can be more authoritative. 3:0:3

CA 218
Public Relations
A study of the dissemination of public information through mass media; intraorganizational information; public opinion analysis, research techniques to establish psychographics within groups, applications in business, government, education, and politics. 3:0:3

CA 221
Radio Production
Prerequisite: CA 224 or instructor permission. Orientation in the basic techniques of radio performance and production. Major emphasis on radio announcing skills and basic editing techniques. Students learn news writing and newscast performance skills. Students work on KGSP-FM. 3:0:3

CA 224
Digital Media Skills
Digital Media Skills is an entry-level course where students learn basic digital skills (audio and video editing, photo editing, digital newspaper layout, posting online) which will provide a foundation for production work students will do in more advanced courses and as staff members of KGSP-FM, the Northland News video newscast, The Stylus newspaper, and the Narva magazine. Project work will be emphasized. 3:0:3

CA 231
Television Production
Prerequisite: CA 224 or instructor permission. An introduction to basic television/video production, with an emphasis on field reporting and production for news projects/packages and public relations pieces. There is a strong emphasis on script writing, basic videography, and video editing. Students will also write and produce promotional videos. 3:0:3

CA 233
Introduction to Leadership
The focus and purpose of this course is to provide students with an introductory education of leadership development theory, cultural and gender impacts on communication and leadership, self-understanding, ethical leadership, group dynamics, servant leadership, leading and making change in communities, and group and self-renewal. The course will encourage students to explore the leadership process and develop one's own leadership potential while encouraging self-assessment and communication skill development. This course fulfills the first core requirement of the undergraduate leadership minor. 3:0:3

CA 235
Multicultural Communication
A study of communication and culture that examines cultural variability in interpersonal relationships. Emphasis is placed on facilitation of more effective communication episodes across gender, race, life-styles, culture and other barriers. 3:0:3
CA 241 (AR 241)  
**Photography I**
An introduction to the basic techniques of black and white photography. Cameras, lenses, films, lighting, composition, etc., are discussed. Students must provide an acceptable camera and expendable supplies. Darkroom work is required and a darkroom fee is charged. 1:5:3

CA 301  
**Interpersonal Communication II**  
**Prerequisite:** CA 104.
A study of the nature of and problems in communication. Areas of study include: mental process in communication, perception, content, amount of communication, interpersonal and task behaviors, norms, conflict, creativity, touch, distance, time usage, manipulation of environment, intervention, attitude change and opinions, and how communication fosters attraction, productivity, and leadership. The course focuses on the development of a framework for analyzing the various approaches to interpersonal communication. 3:0:3

CA 302  
**Communication Ethics and Law**
A study of laws and ethics for journalists and other communicators. The course will analyze libel law, privacy, and objectivity, responsibility, freedom of speech and censorship, and the role of the press in society. 3:0:3

CA 311  
**Editing, Layout and Design**  
**Prerequisites:** CA 201 and CA 224 or instructor permission.
Study and practical application of editing news, features, and investigative stories. Includes rewriting, headline writing, and the principles of layout and design. 2:2:3

CA 315  
**Journalism Practicum**
Journalism practicum provides an opportunity to apply the skills of journalism as a member of a publication team, usually on the staff of the *Stylus* or the *Narva*. The course is conducted in an independent manner as students fill roles on the publication team then submit their work to the instructor for critique. The *Stylus* or *Narva* editor may enroll for 4 credit hours. The usual enrollment is for 3 credit hours. Variable credit: 1-4 hours.

Section A: News and Feature Writing  
Section B: Newspaper and Magazine Editing  
Section D: Photojournalism  
Section G: Magazine Journalism

CA 316  
**Advanced Media Writing & Reporting**  
**Prerequisites:** CA 201 and CA 224 or instructor permission.
Focus on information gathering, international reporting, and on using multimedia tools and outlets to disseminate information. Students write, shoot still images and video, collect audio, and utilize other new forms of media communication for publishing on the Internet. Other course topics include civic journalism, citizen journalism, and freedom of the press, including freedom of information and sunshine laws. 3:0:3

CA 317  
**Feature Writing**  
**Prerequisite:** CA 201 or instructor permission.
This course provides an opportunity to develop writing skills in the gathering and creation of in-depth magazine and news features. Primarily focused on writing, it aims to develop the student's voice and style in print. 3:0:3

CA 318  
**Public Relations II**  
**Prerequisite:** CA 218 or instructor permission.
Advance study of persuasive communications with emphasis on design and execution of public relations campaigns, the role of the public information officer, development of the comprehensive information package, and creation of effective internal publications. Includes discussion of specific ethical issues of persuasive communications. 3:0:3

CA 321 (PC 321)  
**Interpersonal Conflict Solution**
Presents various strategies for dealing with conflict in a positive manner. Emphasizes the development and practice of skills of listening, assertiveness, problem solving, conflict management, and mediation. 3:0:3
CA 322
Media Analysis and Criticism
This course analyzes the content of media messages and the role the media play in creating the modern symbolic environment. It provides a theoretical basis for critique of those messages and their potential effects on the communities in which students live. Students accomplish original research of media messages as the cornerstone of the course. 3:0:3

CA 325
Radio Practicum
Prerequisite: CA 221.
Under faculty supervision, students are assigned staff responsibilities for the operation of the radio station KGSP-FM. The student will gain working experience on operating this station for actual broadcasting to the public. Variable credit: 1-4 credits

CA 335
Television Practicum
Prerequisite: CA 231.
Students will work as staff members of the Northland News, a video news program written, anchored, produced by Park students and distributed online. Students may also produce other programming as directed by the faculty advisor. 1:9:3

CA 341 (AR 341)
Photography II
Prerequisite: CA 241 or permission of instructor.
This course explores the language of photography with particular attention to the photographic essay and the photographic illustration. Both black and white and color photography are included. A variety of techniques in photographic printmaking are explored with an emphasis on self-expression and craft. A lab fee may be required. 1:5:3

CA 348
Theories of Communication
The study of communication theories with emphasis on people's interactions with the media and one another. The course focuses on how communication affects human attitudes and behavior. Includes a review of media influence in the individual, social and political arenas. 3:0:3

CA 380 (MK 380)
Advertising
Prerequisite: MK 351 or equivalent.
Designed to give the student an understanding of the creation, design, and production of material for advertising campaigns in all media. Suggested 3:0:3

CA 382
Communication Research Methods
This course focuses on the most frequently used communication research methods in the areas of journalism, communication studies, and public relations. Students will be introduced to the qualitative and quantitative communication research methods including content analysis, participant observation, interviewing, textual analysis and experimental research. It will emphasize understanding communication research reports and developing research and writing skills appropriate for both communication professionals and students seeking advanced degrees. The course may utilize service learning. 3:0:3

CA 402
Organizational Communication
Prerequisite: CA 104.
Examines the role of communication in organizations and the people and patterns making up the many sides of complicated issues, which arise in organizational life. The course also examines the communication messages sent and received within an organization including the organization's formal structure and its informal social groups. 3:0:3

CA 404
Seminar: Special Topics in Communication Arts
Prerequisite: Advanced standing or permission of instructor.
Revolving topic seminar for advanced students, which may be repeated under different topic headings. Topics deal with such matters as social responsibility in mass media, effects of technological change upon the communication industry, film criticism, promotional strategies and case studies, or issues and problems in broadcast management or public relations. 3:0:3
CA 420
Human Relations in Group Interaction
PREREQUISITE: Advanced standing or permission from the instructor.
A course designed to facilitate the authentic exploration of feelings and communication obstacles. The focus is on interaction and interdependency in the small group context. 3:0:3

CA 441
Photojournalism
PREREQUISITE: CA 241 or equivalent competency.
Learn to use the camera to tell a story with a single photograph or with a series. The course is directed toward newspapers, but includes magazine photography. 3:0:3

CA 450
Seminar: Special Topics in Journalism
Advanced standing or permission of instructor. Specialized study and practice in various aspects of print journalism. May be repeated for credit when topics are changed. (Topics may include Investigative Reporting, Feature Writing, Editorial and Interpretive Writing, History of Journalism, Advanced Layout and Design.) 3:0:3

CA 451
Communication and Leadership in Groups and Teams
Study of leadership, group processes, and interpersonal relationships in the small group. Special emphasis will be given to the effect of culture on small group interaction. 3:0:3

CA 455
Seminar in Journalism Education
The course explores methods in journalism education, the needs of student journalists, and professional standards sought by journalists in the field. 3:0:3

CA 475
Case Studies in Communication Leadership
Students use public relations case studies to analyze and apply organizational communication and leadership theories. The student will conduct an in-depth study of an organizational communication case and develop a leadership plan. 3:0:3

CA 490
Professional Learning Experience
Section A: Journalism
PREREQUISITES: CA 201, CA 311 and CA 315G or permission of instructor.
Extensive work under faculty or professional supervision. Three credit hours required on the staff of an area publication; additional credit hours may be earned by repeating the course using more advanced activities. Variable credit: 3-9 hours.

Section B: Broadcasting
Involves extensive work off campus in a professional environment with direct supervision by employers. Students function in a “real job” capacity with media employers such as commercial radio and television stations, corporate, and religious settings. Prerequisites: permission of the Communications Arts Faculty. Variable Credit: 3-6 hours.

Section C: Public Relations
PREREQUISITE: CA 218 and CA 318 or permission of instructor.
Students gain extensive experience in a variety of public relations professional settings including social service agencies, nonprofit companies, government and corporate environments. Variable credits: 3-6 hours.

Section D: Organizational Communication
Students gain extensive experience in organizational settings including social service agencies, nonprofit companies, government and corporate environments. Variable credits: 3-6 hours.

Section E: Communication Consulting
Students gain extensive experience in organizational settings including working with nonprofit agencies, government and corporate environments, or with individuals being engaged in professional consulting services. Variable credits: 3-6 hours.

Section F: Leadership
PREREQUISITE: CA 233
Students will gain extensive leadership experience in organization settings, including non-profit agencies, government and corporate environments. Students will spend three to six hours each week in these settings working to make
meaningful change, while applying leadership theory to practice. Monthly class meetings will provide each student with a forum for processing his or her professional learning experience and relating them to the leadership minor course work. Additional readings and class discussion will help maximize the knowledge and practical skills gained through leadership experience. Because of the nature of the course, it is offered in the 16-week format only. Variable credit: 3-6 hours.

CA 491
Senior Project
This course may not be taken before senior year. It is a capstone course in which the student designs a practical project aimed at publication in a commercial newspaper or magazine (or broadcast outlet), researches the project, completes the writing (or broadcast production), and may offer it to the appropriate editors. 3:0:3

CA 492
Capstone: Organizational Leadership
PREREQUISITES: CA 235, CA 233, CA 490F
A course that explores contemporary organizations and the pervasiveness of communication in all aspects of organizational life. It will emphasize the role of the leader in problem solving and decision-making. 3:0:3

CH 101
Chemistry in the World
This course is designed to acquaint non-science majors with the impact of chemistry on their world. This course provides a general introduction to both inorganic and organic chemistry and stresses applications of chemistry in the commercial, industrial and technological components of society. This course does not satisfy the requirements for a major or minor in chemistry. 3:2:4

CH 102
Contemporary Chemistry
(Taught in accelerated programs only). CH 102 will introduce the non-science major to the impact that the science of chemistry has on their world. The course provides a general introduction to the principles of the science of chemistry, in the commercial, industrial, and technological components of society. This course does not satisfy the requirements for a major or minor in chemistry. 3:0:3

CH 105
Introductory Chemistry
A survey of general chemistry, organic chemistry, and biochemistry. Basic principles as applied to health science will be covered. The lab will be a practical application of the principles covered in lecture. 4:3:5

CH 107
General Chemistry I
PREREQUISITE: high school algebra or equivalent. CO-REQUISITE: CH 107L (except in accelerated programs).

CH 107L
General Chemistry Laboratory I
CO-REQUISITE: CH 107.
Students are introduced to basic laboratory techniques. Experiments will reinforce materials covered in the lecture components of this course. 0:3:1

CH 108
General Chemistry II
PREREQUISITE: ‘C’ or better in CH 107 or permission of instructor.
CO-REQUISITE: CH 108L.
A continuation of CH 107 with major topics covered including solutions, chemical kinetics, thermodynamics, equilibria, and an introduction to descriptive chemistry. 3:0:3

CH 108L
General Chemistry Laboratory II
PREREQUISITE: ‘C’ or better in CH 107L or permission of instructor.
CO-REQUISITE: CH 108.
A continuation of CH 107L with experiments relating to kinetics, equilibria, thermodynamics, and qualitative analysis. 0:3:1
CH 215
Selected Topics in Chemistry
An in-depth examination of specific areas of chemistry. May be repeated once for credit with a change in topic. Variable credit: 1-4 hours.

CH 300
Chemistry Seminar
A series of case studies of legal, economic and social problems occasioned by the advance of science and technology in contemporary society. Open to all students. 3:0:3

CH 301
Chemistry and Society
The history and nature of the science of chemistry with emphasis upon its role as a human activity and its relationship to humanity. Open to all junior and senior level students. This course does not satisfy the requirements for a major or minor in chemistry 3:0:3

CH 306
Chemical Bibliography
Prerequisite: EN 105, EN 106, passing the WCT and 60 accumulated hours. Access to the chemical literature is surveyed. The use of index journals, primary and secondary sources, the patent literature, the online search, and the literature organization is explained and illustrated. Submission of a written, formal proposal of an original research problem, together with the records of the literature search validating the proposal, is required. This course will satisfy the EN 306 requirement for Chemistry majors. 3:0:3

CH 317
Organic Chemistry I
Prerequisite: CH 108.
Co-requisite: CH 317L (except in accelerated programs.)
An introduction to the chemistry of carbon based compounds. Nomenclature, structure, bonding, and reaction mechanisms. 3:0:3

CH 317L
Organic Chemistry Laboratory I
Co-requisite: CH 317.
Introduction to lab techniques in organic chemistry; extraction, purification, and chromatographic analysis. Basic qualitative analysis of functional groups and separation of compounds of different functional groups. 0:4:1

CH 318
Organic Chemistry II
Prerequisite: CH 317.
Co-requisite: CH 318L.
Application of principles learned in CH 317 to members of each homologous series. Retrosynthetic analysis and introduction to bio-organic chemistry (amino acids, nuclear bases, carbohydrates, lipids). 3:0:3

CH 318L
Organic Chemistry Laboratory II
Co-requisite: CH 318.
Application of techniques learned in 317L to carry out synthesis. Modifications to and introduction of functional groups of a given substrate. 0:4:1

CH 321
Introduction to Medicinal Chemistry
Prerequisite: CH 318.
This course covers an introductory level medicinal chemistry. The following topics will be covered; drug development process; drug approval processes; receptors; drug interaction; pharmacodynamics; pharmacokinetics, quantitative structure activity relationships. Some of the following classes of drugs will be discussed in detail - antibacterial drugs; drugs that work on the central nervous system, analgesics, etc. Case studies of current drugs going through approval process. 3:0:3

CH 328
Analytical Chemistry
Prerequisites: CH 108 and CH 108L.
An in-depth study of classical analytical chemistry techniques. Subjects include the statistical evaluation of data, gravimetric and titrimetric methods of analysis, acid-base chemistry, complexation chemistry, and redox process. Laboratory includes practical examples of the methods covered in lecture. 3:4:4

CH 329
Introduction to Instrumental Analysis
Prerequisite: CH 328.
An introduction to modern instrumental chemical analysis. The course will span theory of operation, instrument design and
methodology, and applications of instrumental techniques. Electrochemical methods including potentiometry, voltammetry, and coulometry; spectroscopic methods including infrared, UV/VIS, and NMR; chromatographic methods including gas, liquid and thin layer; thermal methods of analysis and kinetic methods of analysis will be covered. 3:3:4

CH 337 (BI 337)  
Biochemistry  
**Prerequisite:** CH 318.  
**Co-requisite:** CH 337L.  
Biochemical systems and the relation of chemical structure to the biochemical function are discussed. 3:0:3

CH 337L (BI 337L)  
Biochemistry Laboratory  
**Co-requisite:** CH 337. 0:3:1

CH 342  
Advanced Inorganic Chemistry  
Prerequisite: Any of the following: CH 317, CH 318, CH 328, CH 329, CH 337 or permission of the instructor.  
A study of inorganic chemistry to atomic structure, bonding models, inorganic reactions, coordination chemistry and symmetry.  
Laboratory portion of the course will include instruction in the modern synthetic techniques currently used in inorganic chemistry. 3:3:4

CH 400  
Special Topics in Chemistry  
**Prerequisite:** Permission of instructor.  
A seminar devoted to selected topics in modern chemistry of interest to students requiring more depth in the field. The course may involve laboratory work. Variable credit: 1-4 hours.

CH 405  
Fundamentals of Physical Chemistry  
**Prerequisites:** MA 222 and PY 206 or concurrent enrollment therein.  
A one-semester survey of physical chemistry for students not intending to pursue advanced work in chemistry. Topics include an introduction to thermodynamics, phase equilibria, chemical equilibrium, electrochemistry, kinetics, atomic structure, bonding, and molecular spectroscopy. 3:3:4

CH 407  
Physical Chemistry I  
**Prerequisites:** CH 108 and PY 206 and MA 222.  
**Co-requisite:** MA 223.  
An introduction to modern theoretical chemistry. The primary emphasis will be in the areas of thermodynamics. The principles of thermodynamics will be applied to phase and chemical equilibria. 3:3:4

CH 408  
Physical Chemistry II  
Prerequisites: CH 407 and one of the following: MA 223, MA 302, or MA 311.  
A continuation of modern theoretical chemistry. Topics covered will include the chemical kinetics and quantum chemistry. Modern theories of atomic and molecular structure will be investigated. 3:3:4

CH 429  
Advanced Analytical Chemistry  
**Prerequisites:** CH 318, CH 329.  
Advanced methods of chemical analysis stressing, but not limited to, the instrumental techniques. An in-depth study of the theory of electrochemical measurements, spectroscopic techniques, and chromatographic theory will be covered. 3:4:4

CH 440  
Organic Synthesis  
**Prerequisite:** CH 318.  
In-depth study of various classes of reactions on different classes of organic compounds. Applications of those reactions in synthesis and retrosynthesis of natural products and importance of medicinal chemistry. Lab involved multistep procedures and qualitative analysis of organic compounds based on their chemical properties. 3:4:4

CH 451  
Internship to Chemistry  
Practical work in chemistry in an industrial, academic or other professional setting. Prior to the start of work, the department must approve the internship. Variable credit: 1-6 hours.

CH 490  
Research in Chemistry  
Open to advanced chemistry majors with permission of the instructor. Variable credit: 1-3 hours.
CJ 100 LE  
Introduction to Criminal Justice Administration  
This course is an introduction to the history, nature, structure, and function of the criminal justice system in America, with comparisons to systems in other nations. Examinations of the various aspects of the administration of the justice systems, including law enforcement, courts, correctional agencies (including probation and parole), and including the increasing role of private entities in the system will be conducted. 3:0:3

CJ 105  
Criminal Law  
This course is a survey of the history and nature of criminal law in the United States. Substantive Criminal Law, defenses, and criminal responsibility will be studied within the context of the criminal justice process and rules of evidence. 3:0:3

CJ 200 LE  
Criminology  
This basic course provides an examination of the nature and extent of crime and theories of crime causation, as well as the societal reaction of criminal behavior will be covered in this class. 3:0:3

CJ 205  
Juvenile Justice System  
This is an introduction to the origins, philosophy and objectives of the Juvenile justice system. Focus is on the operation, legal processes, current trends, and roles of the various actions within the juvenile justice system. 3:0:3

CJ 221  
Criminal Procedure  
This basic course examines the procedures to be followed in law enforcement, the courts, and the corrections in the processing of the criminal case, from the crime to the end of punishment. The law of search and seizure and the right to counsel in each of the three segments of the criminal justice system are among the topics that will be examined. 3:0:3

CJ 231  
Introduction to Law Enforcement  
This is an introduction to the law enforcement segment of the criminal justice system, with an examination of the history and development of law enforcement, especially in the United States. The various job and career opportunities in law enforcement will be reviewed. 3:0:3

CJ 232  
Introduction to Corrections  
This basic course discusses correctional concepts from their historical background to the present. An emphasis will be placed on the multi-faceted approach to corrections in our society, including the use of alternatives to incarceration. 3:0:3

CJ 233  
Introduction to Security  
This course covers the basic principles of security and loss prevention that are common and fundamental to all areas of protection of personal property from historical and modern day points of view. Topics of discussion will include: the security industry, the threat environment, risk analysis, fundamentals of physical security, safety, and accident prevention, and common security problems. 3:0:3

CJ 250  
Selected Topics in Criminal Justice  
This course is a specialized introductory study of a particular subject in criminal justice that is not otherwise available in the criminal justice department. The course may be repeated for credit when topics are changed. 3:0:3

CJ 251  
Terrorism and Domestic Preparedness  
An introductory study of the criminal justice system’s response to threats of terrorism. The course explores terrorism and its impact on the development and maintenance of organizational responses to homeland security requirements. It considers the need for coordination and cooperation among diverse agencies required for planning and implementing domestic preparedness strategies. It examines the public policy environment within the context of organizing criminal justice agency responses to terrorist threats. 3:0:3
**CJ 252**  
**Victimology**  
This basic course is an introductory study of the relationship between the criminal justice system and victims. The course examines policy developments and other actions that have been developed based upon concerns over how victims are treated by the criminal justice system. Students will explore whether the criminal justice system can become more oriented toward victims and less toward the criminal. 3:0:3

**CJ 300**  
**Agency Administration**  
**Prerequisites:** CJ 100 and either CJ 231, CJ 232, or CJ 233.  
This intermediate course examines management models, administrative techniques and patterns or organizational structure characteristic of criminal justice agencies. 3:0:3

**CJ 302**  
**Media and Criminal Justice**  
This is an intermediate level, interdisciplinary course wherein students will learn about the relationship between the media and various elements of the criminal justice system. 3:0:3

**CJ 311**  
**Criminal Investigation**  
**Prerequisites:** CJ 100 and CJ 105.  
This intermediate course includes a discussion of the nature and purpose of criminal investigation, historical background, tools employed skills development, and techniques useful in the reconstruction of criminal activity. 3:0:3

**CJ 312**  
**Criminalistics**  
**Prerequisites:** CJ 100 and CJ 105.  
This intermediate course covers topics such as the discovery, recognition, observation, identification, and collection and comparison of physical evidence, including a review of various current techniques in the testing of physical evidence. 3:0:3

**CJ 313**  
**The Law of Evidence**  
This intermediate course examines the rules of evidence as they relate to the prosecution and defense of criminal cases, general provisions, judicial notice, presumptions, relevancy, privileges, witnesses, hearsay, expert testimony, authentication, and identification. 3:0:3

**CJ 315**  
**Special Topics in Criminal Justice**  
**Prerequisites:** permission of instructor and at least junior standing.  
This advanced course is a specialized study of a particular subject in criminal justice not otherwise available in the department. This course may be repeated for credit when topics are changed. 3:0:3

**CJ 322**  
**Probation, Parole, and Community Corrections**  
**Prerequisite:** CJ 232.  
This intermediate course explores the use of probation and parole as alternatives or as adjuncts to confinement. The rules and functions of the parole and probation system and their supervision are discussed. Various techniques and methods for achieving the goals are considered, including community related programs. 3:0:3

**CJ 323**  
**Correctional Management**  
**Prerequisite:** CJ 232.  
This intermediate course examines the principles, problems, and trends in the correctional administration and management, methods of achieving organizational change and the evaluation of correctional units. 3:0:3

**CJ 332**  
**Institutional, Industrial and Commercial Security**  
This intermediate course examines the principles, methods, requirements, and standards for institutional, industrial and commercial security systems. Emphasizes prevention of security problems and the promotion and observance of effective security measures to protect lives, property and proprietary information. Applies basic security principles to diverse sectors such as retail, transportation, cargo, utilities and technology. Focuses on contemporary security issues such as terrorism, school and workplace violence and information security. 3:0:3
CJ 333
Security Administration
**Prerequisites:** CJ 233.
This intermediate course examines the selection, organization, and administration of contemporary security programs in business, government, and industry. Emphasizes both private and government protection of assets, personnel, and facilities. Focuses on best practices that security managers can put to immediate use. Provides strategic planning guidance for risk assessment and management, and the coordination of security planning with institutional stakeholders. 3:0:3

CJ 345
Criminal Justice and the Community
This intermediate course emphasizes the programming techniques for benefitting the agency-citizen relationship. Prominence is placed on utilizing the resources of the criminal justice agencies to engage in effective conflict resolution with citizens, develop citizen and agency awareness, community crime prevention and community relations. 3:0:3

CJ 350
Criminal Justice Management and Planning
**Prerequisite:** CJ 300.
This intermediate course examines budgeting, personnel, and planning. This course is designed to develop a working knowledge of management planning in criminal justice. 3:0:3

CJ 353
Emergency Management
A basic management course that could apply to all aspects of local and state governments, but concentrates on the law enforcement aspect. Topics include overall management techniques, coordination of rescue efforts, NIMS, and the Unified Command System. Related topics include mutual aid pacts, cooperative efforts with industry, manpower and resource management. 3:0:3

CJ 355
Homeland Security
An introductory study of the criminal justice system’s response to disasters at all levels related to agencies of the Department of Homeland Security. This course introduces the student to emergency planning and management relative to a variety of human natural disasters. Students learn to identify and analyze potential disasters, to provide corrective action, and to plan, organize and implement contingency and recovery programs. 3:0:3

CJ 365
Financial Investigations
This intermediate course studies how current perspectives dominate in the field of financial investigations. Discussions of the concepts of law and evidence, sources of information, accounting, methods of tracing funds, banking, and financial record keeping, and interviewing as they apply to detecting and resolving financial crimes will be discussed. Primary emphasis will be placed on theoretical principles and applications of financial investigative techniques. 3:0:3

CJ 400
Constitutional Law in Criminal Justice
**Prerequisite:** Junior standing.
This advanced course is an in-depth study of the U.S. Constitution as it applies to law enforcement, the courts, and corrections, including an examination of recent decisions by the U.S. Supreme Court. 3:0:3

CJ 420
Forensic Science
**Prerequisite:** Senior standing or permission of the instructor.
This advanced course is a theoretical and practical examination of techniques in the identification, examination, and comparison of physical evidence using both historical and current methods. Laboratory performance is a portion of the coursework. 3:0:3

CJ 425
Comparative Criminal Justice Systems
This advanced course is an in-depth examination of criminal justice systems other than the U.S. system. The course allows students to make comparisons of these systems to the U.S. system. 3:0:3

CJ 430
Homeland Security
**Prerequisites:** Senior standing.
This advanced course is an examination of the research methods with application most commonly utilized in criminological and criminal justice research. Development and implementation of an original data-gathering instrument is required. A research proposal is required. 3:0:3
summarizing and evaluating the data-gathering instruments and comparing the data to published articles is required. 3:0:3

CJ 440
Internship in Criminal Justice
PREREQUISITES: Permission of Department Chair. This advanced course provides practical application through service with a criminal justice agency. Opportunities are available in both the public and private sectors. Variable credit: 3-6 hours.

CJ 441
Senior Writing Project
PREREQUISITES: Permission of Department Chair. This advanced course may be taken instead of CJ 440, Internship in Criminal Justice. It is designed for students currently employed in a criminal justice field who do not need the practical experience of an internship. Students in this course must design, implement, evaluate, analyze, and/or critique a project connected to their work environment in written format. This course may be taken online or an independent study in a face to face setting. The department chair must approve students to substitute this course for the internship. 3:0:3

CJ 450
Senior Seminar in Criminal Justice
PREREQUISITES: EN 105, EN 106, CJ 430, passing the WCT and senior standing. This advanced course addresses current issues and trends in criminal justice with emphasis on group discussion. Each student will be required to prepare, submit and defend a senior thesis. Successful completion of the thesis is mandatory. This course will satisfy the EN 306 requirement for Criminal Justice majors. 3:0:3

CJ 460
Senior Honors Thesis
PREREQUISITES: CJ 430, senior standing, 3.2 gpa, and permission of instructor. This advanced course allows the student to make a special investigation into a specific area of criminal justice administration. The student will have completed the major courses in his/her program before enrolling in this course. 3:0:3

CO 111
Introduction to Engineer Construction Technology/Design/Materials and Safety
Introduction to the field of engineering calculations, technical reporting, presentation of data, and the fundamental steps of construction designs and safety issues. Emphasis will be on the analysis, identification, selections and specifications of the materials of construction required to achieve the desired project quality. 3:0:3

CO 121
Plans Analysis
Introduction to the architectural, structural, and mechanical requirements as they relate to the construction field. Emphasis is on the blueprint interpretation, craft resources, material requirements, code compliance, and work scheduling. 3:0:3

CO 215
Construction Safety and Health
Orientation and enforcement of the construction trades sub-parts of the Occupational Safety and Health Act. The student will develop knowledge in record-keeping requirements and the recognition, avoidance, and prevention of safety hazards within construction trades. 3:0:3

CO 225
Building Codes
Basic principles and methods significant in contract relationships and appreciation of the legal considerations in construction work. Emphasis is placed on the National Building Code and its application to local situations. 3:0:3
CO 235  
Construction Planning  
Basic construction management functions: preparation of work schedules, requests for progress payments, evaluation of alternative methods of construction, and equipment usage. 3:0:3

CO 245  
Construction Estimating  
Basic cost estimating of construction projects. Topics include types of estimates, quantity take off, unit price, material and labor costs, overhead, profit contingencies, job cost data sources, and cost indices. 3:0:3

CS 140  
Introduction to Computers  
This course introduces computer concepts, terminology, and applications to enable students to use computers in their environment and career. This class will feature lectures, written assignments, and demonstrations of computer concepts. The lab will concentrate on hands-on computer lab projects using the dominant Windows operating system and Office applications. Software will include Word, Excel, Access, PowerPoint, and Internet browsers. Students will be introduced to the structure and use of personal computer hardware, peripherals, comparison of popular operating systems, recent history of technology and some ethical implications. A test-out option exists for CS 140. 3:0:3

CS 144  
Beginning Programming with Multimedia Projects  
This course introduces students to the fundamentals of programming and design using multimedia projects. In a “hands-on” class, students will use pseudocode design and the three programming constructs (sequence, selection, and repetition) in creating 3-D Worlds with animation. Students will learn how to combine text, graphics, audio, video, and animation in their projects. 3:0:3

CS 151  
Introduction to Programming  
Prerequisite: A grade of C or better in any math course $\geq$ MA 125, or a grade of C or better in CS 144, or an ACT math score $\geq$ 23, or an SAT math score $\geq$ 510, or a COMPASS score $\geq$ 66 in the Algebra placement domain, or a COMPASS score 0-45 in the College Algebra placement domain.  
This course introduces students to algorithmic design and structured/modular programming. Programming concepts will be put into practice by using Java for programming projects. These basic programming concepts and constructs will be covered: variables, data types, strings, arithmetic and logical operators, branching statements, loops, and debugging. Additionally, these object-oriented programming concepts will be covered: classes, instance variables, methods, and constructors. 3:0:3

CS 208 (MA 208)  
Discrete Mathematics  
Prerequisite: A grade of C or better in any math course $\geq$ MA 125, or an ACT math score $\geq$ 23, or an SAT math score $\geq$ 510, or a COMPASS score $\geq$ 66 in the Algebra placement domain, or a COMPASS score 0-45 in the College Algebra placement domain.  
This course introduces the student to selected finite systems pertinent to the study of computer science. Course topics will include combinatorial problem solving, logic, Boolean algebra, combinatorial circuits, sets, relations, functions, proofs, mathematical induction, recurrence relations, graphs, trees, and counting techniques. 3:0:3
CS 215
Selected Topics in Computers
Prerequisite: Dependent upon course topic. This course provides an in-depth study into a particular area of computers. CS 215 may be repeated once for credit for a different course topic. 3:0:3

CS 219
Programming Fundamentals
Prerequisites: A grade of C or better in any math course $\geq$ MA 125 and a grade of C or better in CS 151. Suggested Prerequisite: CS 140. This course continues the development of the programming and problem solving skills introduced in CS 151. Programming concepts will be put into practice by using Java for programming projects. Students will learn about object-oriented programming and two of its key components - inheritance and polymorphism. Additionally, students will learn about these topics: arrays, graphical user interface components, event-driven programming, exception handling. 3:0:3

CS 220
Computer Architecture
Prerequisites: CS 208 and CS 219. The student will learn about the various hardware components of a computer system. Course topics include: data representation, number systems, Boolean algebra, combinational logic, sequential logic, CPU layout, registers, adders, buses, and memory devices. 3:0:3

CS 225
Programming Concepts
Prerequisite: A grade of C or better in CS 219. This course continues the development of the programming and problem solving skills introduced in CS 219. Programming concepts will be put into practice by using C++ for programming projects. Since C++ is so similar to Java and since students should already know Java from their prerequisite courses, this course will cover C++ basics (control constructs, operators, data types, functions) very quickly. More time will be spent on those features of C++ that differ from Java. For example, more time will be spent on pointers, object-oriented programming techniques, and operator overloading. 3:0:3

CS 300
Technology in a Global Society
This course presents the social, political, economic, multicultural, and ethical issues surrounding the use of computers and computer technology. Course work includes class discussion, readings, collaborative projects and formal term papers on selected topics. 3:0:3

CS 305
Introduction to Artificial Intelligence
Prerequisite: CS 352. The student will learn the terminology and methods used in a variety of artificial-intelligence (AI) areas. These topics will be covered: history of artificial intelligence, search techniques, knowledge representation. In addition, one or more of these topics will be covered: expert systems, uncertainty, case-based reasoning, neural networks, vision, robotics. The student may use various AI tools, Lisp, and/or Prolog for AI projects. 3:0:3

CS 314
User Interface Design
Prerequisites: CS 219 Prerequisite or Co-requisite IS 361. The student will learn techniques of programming a user interface in a graphic environment. Topics include the common tools for creating graphic interfaces, rules for consistency, human factors, intuitive design, and feedback. Interface downfalls in common software packages will be identified. Students will work in groups to test an interface of their own design. Students will be expected to implement an application that utilizes a database back-end. 3:0:3

CS 321
Web Programming I
Prerequisite: CS 219. This course provides as introduction to the various languages, tools and programming techniques used to program on the World Wide Web. While CS 322 emphasizes server-side web programming, CS 321 emphasizes client-side web programming. Client-side concepts will be put into practice by using HTML, cascading style sheets, and JavaScript. Due to the particularly dynamic nature of the web environment, course content will change as appropriate. 3:0:3
CS 322
Web Programming II
**Prerequisite:** CS 321.
This course continues the development of the Web programming skills introduced in CS 321. While CS 321 emphasizes client-side Web programming, CS 322 emphasizes server-side Web programming. Server-side concepts will be put into practice by using ASP.NET. Students will be expected to implement an application that utilizes ASP.NET AJAX. Optionally, students will learn about Web services and/or ASP.NET MVC. Due to the particularly dynamic nature of the Web environment, course content will change as appropriate. 3:0:3

CS 351
Computer Operating Systems
**Prerequisites:** CS 208 and CS 225.
This course presents the theory of operating systems and an overview of one or more operating system environments. Operating system concepts covered should include (but are not limited to): process management, memory management, I/O management, file management, and security. Theory concepts will be put into practice with exercises, some requiring college algebra skills and/or basic programming knowledge. Operating system environments may include (but are not limited to): Windows, UNIX, and Linux. 3:0:3

CS 352
Data Structures
**Prerequisites:** CS 208 and a grade of C or better in CS 225.
This course introduces the student to various data structures and advanced algorithmic concepts. Students will put what they learn into practice by using C++ for programming projects. These data structures will be covered: linked lists, stacks, queues, and trees. These concepts will be covered: recursion, searching, sorting, and time-complexity analysis. 3:0:3

CS 365
Computer Networking
**Prerequisites:** CS 208 and CS 151, or instructor consent.
This course provides an overview of computer networking concepts. Course topics include (but are not limited to): network topologies and protocols, local and wide area networking, layering model, and logical and physical network addressing. Additionally, the course may contain various hands-on networking projects. This course includes the concepts in a course recommended by Cisco for Cisco Certified Entry Networking Technician (CCENT) as the first area of study. 3:0:3

CS 366
Computer Networking Laboratory
**Corequisite or Prerequisite:** CS 365 or instructor consent.
This course provides students opportunities to practice computer networking concepts through hands-on networking projects. Students will experiment with and evaluate various networking utilities. Course projects will reinforce the concepts learned in CS 365. Together, this course and CS 365 include the concepts in a course recommended by Cisco for Cisco Certified Entry Networking Technician (CCENT) as the first area of study. 1:0:1

CS 367
Network and Security Administration
**Prerequisite:** CS 365.
This course provides an overview of the role of a network and security administrator. It covers the elements of the network and security for which the administrator is responsible: servers, end-user machines, routers, local interconnection devices, and network security-related tasks and issues. It covers the configuration and trouble shooting of local area networks and wide area networks, and network protection from external and internal security threats. This is a hands-on, project-intensive course. 3:0:3
CS 371  
**Internetworking**  
**Prerequisites:** CS 365 and CS 366  
This course introduces a variety of routing and switching concepts. Course topics include (but are not limited to): static and dynamic routing, packet forwarding, and switching technologies. Additionally, the course may contain various hands-on networking projects. This course includes the concepts in a course recommended by Cisco for Cisco Certified Entry Networking Technician (CCNET) as the second area of study. 3:0:3

CS 372  
**Advanced Networking**  
**Prerequisite:** CS 371  
This course introduces a variety of advanced routing and switching concepts. Course topics include (but are not limited to): advanced functionalities in dynamic routing protocols and switching mechanisms. Additionally, the course may contain various hands-on networking projects. This course includes the concepts in a course recommended by Cisco for Cisco Certified Network Associate (CCNA) Routing and Switching. 3:0:3

CS 373  
**Computer Network Security**  
**Prerequisite:** CS 365  
This course introduces students to various security concepts, issues, and countermeasures in both computer systems and computer networks. The topics to be examined include, but are not limited to, cryptographic techniques and applications, attack and vulnerability identification, defenses and countermeasures, security tools and techniques, and ethical and legal issues. Several of these concepts may be put into practice using laboratory exercises. 3:0:3

CS 380  
**Compilers**  
**Prerequisite:** CS 352  
The student will learn the principles of compiler construction. In particular, the student will learn about lexical analysis, symbol tables, parsing, type checking, and code optimization. Some or all of these concepts will be put into practice with programming projects. 3:0:3

CS 385  
**Modern Developments in Advanced Networking**  
**Prerequisite:** CS 372  
This course introduces WAN technologies and network services. Course topics include (but are not limited to): WAN technologies, connection options, troubleshooting, and security. Additionally, the course may contain various hands-on networking projects. This course includes the concepts in a course recommended by Cisco for Cisco Certified Networking Associate (CCNA) Routing and Switching. 3:0:3

CS 415  
**Special Topics in Computers**  
**Prerequisite:** dependent on course topic.  
This course serves as an in-depth study in a specific field of computer science. Course topics may include (but are not limited to): architecture, advanced networking concepts, computer graphics, modeling and simulation, programming language theory, software engineering, VLSI circuits. CS 415 may be repeated once for credit for a different course topic. 3:0:3

CS 451  
**Computer Science Internship**  
(Parkville Daytime Campus Center Only)  
**Prerequisites:** Consent of the advisor, student should be entering or completing his/her senior year.  
The student arranges to work in a professional environment. The student's duties must be sufficiently complex to require the expertise of a senior level computer student. Internship duties may include (but are not limited to): developing or updating a program(s) or application(s), installing computer hardware or software, installing or administering a network, writing technical documentation. Prior to enrolling in CS 451, the student and the student's job supervisor must jointly prepare an internship proposal. The proposal must be submitted to the advisor and approved no later than four weeks prior to the enrollment deadline. Variable credit: 1-6 hours.
CS 490
Senior Project in Computers
(Parkville Daytime Campus Center Only)
The student finds a computer-related field of interest and performs in-depth work in that field. The project must be sufficiently complex to require the expertise of a senior level computer student. Project topics may include (but are not limited to): developing or updating a program(s) or application(s), installing computer hardware or software, installing or administering a network, writing technical documentation, writing a research paper. Prior to enrolling in CS 490, the student must prepare a project proposal. The proposal must be submitted to the advisor and approved no later than four weeks prior to the enrollment deadline. Prerequisites: consent of the advisor, student should be entering or completing his/her senior year. Variable credit: 1-6 hours.

EC 141
Principles of Macroeconomics
A study of the contemporary American economy; the role of investment, consumption, and government on income determination; and an analysis of the foreign sector. Emphasis is on contemporary problems: unemployment, inflation, and growth. 3:0:3

EC 142
Principles of Microeconomics
A study of the market mechanism and the organization of production and distribution activities in society. A major focus is on the determination of prices of goods and factors of production. Analysis of the firm as the main institution in the market. 3:0:3

EC 300
Intermediate Microeconomics
Prerequisite: EC 142
An analysis of the considerations underlying economic value. Emphasis is on the pricing process under different market conditions and the evaluation of the functioning of the enterprise system. 3:0:3

EC 301
Intermediate Macroeconomics
Prerequisite: EC 141.
This course begins with a review of national income concepts including national income accounting. It analyzes fiscal and monetary policy using the ISLM model. The primary course focus is on the critical analysis of fiscal, monetary, new Keynesian, and new classical models and their success in explaining economic stability and the stimulation of economic growth. 3:0:3

EC 302
Labor Economics
Prerequisite: EC 142.
A study of wages, working hours, conditions of work, fringe benefits. Also, an analysis of purchasing power of wages, and productivity. Attention is given to labor unions and to government attitudes toward labor. 3:0:3

EC 303
Money, Credit and Banking
Prerequisites: EC 141 and EC 142 or permission of the instructor.
A study of commercial banking, money markets, capital markets, monetary standards, foreign exchange; also, an analysis of the Federal Reserve System (central banking system) and its impact on the control of the money supply, and a survey of financial institutions. 3:0:3

EC 305
Special Issues in Economics
This course consists of the study and analysis of some major aspects of economic theory at the junior level. Permission required from the instructor. Variable credit: 1 to 3 credit hours.
EC 308  
**Transition to a Market Economy**  
An examination of problems of transitioning from a centrally directed, statist economic system to a system in which the market establishes what and how much the economy produces and consumes. The role of the price system and the function of profit in a market economy are discussed. Formal and informal institutional barriers to the transition will be evaluated. 3:0:3

EC 309  
**Economic Development**  
**Prerequisites:** EC 141 and EC 142.  
A study of the principles of growth applied to developed countries, newly industrialized countries, and developing countries. Analysis begins with a discussion of the early gains from socialist collectivization and Latin American early gains due to import substitution. The development failure that led to the collapse of the USSR and the development failures in the current non-communist countries are analyzed. 3:0:3

EC 315  
**Quantitative Research Methods**  
**Prerequisites:** MA 120 and CS 140.  
This intermediate level statistics course covers the fundamentals of conducting quantitative research for the social and administrative sciences. The course is organized around a research project on quantitative analysis of data. 3:0:3

EC 401  
**History of Economic Thought**  
This course provides an overview of the historical development of economic doctrines from ancient times to the mid-20th century. Included in the discussion are the Greek and Roman slave society, the feudal society, mercantilism, and the historical transition to socialism and capitalism. 3:0:3

EC 402  
**Comparative Economic Systems**  
**Prerequisites:** EC 141 and EC 142.  
A study of several economies which discusses the impact of various ideologies on economic structures. Major areas: capitalism, socialism, communism (theory and practice). Term paper required. 3:0:3

EC 404  
**Managerial Economics**  
**Prerequisites:** EC 141, EC 142 and EC 315. A second statistics course and CS 140 may be substituted for EC 315.  
The course covers microeconomic analysis of specific problems faced by business firms. The course includes determining optimal solutions to firm objectives such as maximizing profit, minimizing cost, and achieving the optimal portfolio mix. The analysis is conducted with Microsoft Excel to solve problems using regression analysis. 3:0:3

EC 407  
**International Trade and Finance**  
**Prerequisites:** EC 141, EC 142 and EC 300.  
The course entails an examination of trade theory, commercial policy and selective trade problems of global economics; an investigation of the nature of international payments, balance of payments and foreign exchange markets; a study of international monetary arrangements and their adjustment mechanisms. 3:0:3

EC 450  
**Senior Seminar in Economics**  
**Prerequisites:** EN 306B, EC 300, EC 301, EC 315 and at least two of the following: EC 302, EC 303, or EC 407.  
In this capstone course for economics majors, students will demonstrate mastery of economic concepts by successfully completing comprehensive written exams in micro- and macroeconomics. Analytical ability as well as communication skills will be assessed through student completion of an original research project requiring statistical analysis of an economics topic. Research findings will be presented to faculty and other invited participants. 3:0:3
**EC 452**
**Economics Internship**
Open only to students who have completed at least 3 of their courses in Economics and have an overall GPA of 3.0. The internship must provide an applied/practical experience consistent with a career position filled by a college graduate. The internship will be approved and overseen by the Economics Program Coordinator (PC) or a business faculty member approved by the PC. An experience paper is required. Once credit hour will be earned by 40 hours of experience connected to the internship learning outcomes. This class may be repeated to earn a maximum of 6 credit hours at the discretion of the PC. Course grade will be pass/fail.

**EC 490**
**Special Topics in Economics**
PREREQUISITE: Permission required.
This course consists of the study and analysis of some major aspect(s) of economic theory at the senior level. Variable credit: 1 to 3 credit hours.

---

**EDU - Education**

To enroll in courses EDU, EDC, EDE, EDM, EDS 350 and above a student must first be admitted to the appropriate program in the School for Education, which requires a formal application after passing the C-BASE test (Early Childhood Education and Leadership, and Early Childhood Education Teaching Young Children – non-certification) majors are excluded from C-BASE), maintaining a 2.75 GPA, and successfully completing basic general education courses, EDU 107, writing and math competencies, a letter of reference and a portfolio.

**EDU 107**
**Career Inquiry in Education**
The course is designed to introduce teaching as a profession in the United States. An overview of diverse educational opportunities and settings is provided. Course topics include teaching as a career; knowledge, skills and dispositions of educators; and agencies regulating educational standards, frameworks, and accountability. 2:0:2

**EDU 110 (MA 110)**
**Geometry for Teachers**
A consideration of selected topics from basic Euclidean geometry with emphasis on proper terminology and unification of concepts. Techniques available for teaching the basics are discussed. 3:0:3

**EDU 203**
**Educational Psychology**
Application is made of the fundamental principles of psychology to the teaching and learning process of children. 3:0:3

**EDU 207**
**Technology in Education**
An introduction to how technology can support pedagogy, including inquiry-based learning, collaboration, and designed high quality lessons for a community of learners, forms the basis for this course. Various forms of technology operations and technological resources will be introduced as tools to enhance the teaching-learning-assessment process. 3:0:3

**EDU 210 LE**
**The School as a Social System**
This course includes a survey of the historical, philosophical, legal, governance, and funding foundations of education systems in the United States. Influence of society on education systems and the influence of education systems on society will be emphasized and include discussion of selected educational problems, issues and practices examined in light of current social conditions. 3:0:3
EDU 300
Writing in Education
Prerequisites: EN 105 and EN 106 with at least a “C”, and passing the Writing Competency Test (W.C.T.)
A writing intensive course for those preparing to teach. Emphasis will be placed on specific language arts competencies through reading, reflection, and development of knowledge and skills appropriate for teaching language arts and the writing process. Focus will also be on writing appropriate for classroom teachers including community communication, reflective thinking and writing, and critical analysis of education literature. This course will satisfy EN 306. 3:0:3

EDU 310
Issues in Diversity & World Culture
This course deals with issues of, equity and justice in education including gender, race, class, age, sexual orientation, and issues faced by non-native English speakers while emphasizing the cultural diversity found in schools. Students will be exposed to educational situations that exemplify diversity, while reflecting on and grappling with such difficult subjects as religion, cultural competence, ethnocentrism, sexual orientation, and white privilege. Students are expected to engage in deep reflection and critical analysis of society and the impact of diversity in the school setting. 3:0:3

EDU 315
Children and Young Adult Literature
This course will survey traditional and modern literature for children and young adults. Quality literature will be emphasized and multiculturalism highlighted. Candidates will determine criteria for selecting and evaluating this literature and develop techniques/resources to incorporate it in their teaching. Candidates will learn how to conceptually organize the literature for teaching reading in various content areas. 3:0:3

EDU 336
Foundations of Special Education
The course serves as an introduction to the special education profession including an examination of the historical, philosophical, and legal foundations of special education, components necessary for effective collaboration and consultation with parents, school personnel and other professionals, related multicultural values, ethical and legal issues, the characteristics of students with exceptional learning needs, and the process and procedures for providing special education services to meet the educational, social, and personal goals for student with disabilities. The recommended practices of the Council for Exceptional Children will serve as the foundation for understanding the roles, knowledge and competencies of the special educator. 3:0:3

EDU 341
Ethics and Professionalism in the Classroom
Prerequisite: EDU 210
An introduction to the legal values and ethical standards of behavior that govern the profession of teaching. Focus is on the legal and ethical duties owed by educators to student, parents, colleagues and the school district. Emphasis is placed on appropriate intervention and response strategies to problems frequently faced by new teachers. 1:0:1

EDU 366
Methods of Teaching Students with Cross-Categorical Disabilities
A methods course designed to develop and enhance the student’s knowledge and skills of curricular and instructional methodologies used in the teaching of children and youth with mild/moderate cross-categorical disabilities who are typically served in resource rooms and in inclusive classroom settings. The application of classroom practices, teaching strategies, affective interactions, and instructional accommodations/modifications will be included. 3:0:3

EDU 367
Assessment in Education
Prerequisites: EDU 203 or EDM 225 or EDS 225 and admission to the School for Education. This course is designed to acquire the conceptual foundation of assessment. Emphasis will be placed on formal and informal assessment, teacher-made assessments, authentic assessment, and standardized tests. The use of qualitative and quantitative data will be included. 3:0:3
EDU 375  
**Exceptional Children**  
**Prerequisites:** EDU 203, or EDM 225 or EDS 225 and admission to the School for Education. This is an introductory course designed to help teacher candidates develop an understanding of the characteristics associated with children and youth with various types of exceptionalities, particularly those considered disabled under the current authorization of IDEA (2004), so these children and youth may be reliably identified and supported in inclusive classrooms and school settings. This course is also designed to provide a basic introduction to special education and special education laws and regulations. To be taken simultaneously with Practicum B. 3:0:3

EDU 388  
**Content Area Methodology for K-12 Teachers**  
**Prerequisite:** Admission to the School for Education. To be taken simultaneously with Practicum or Directed Teaching. The purpose of this course is to allow the student to identify and practice appropriate teaching techniques and methods in the area of K-12 certification. The teaching of reading and writing, in addition to assessment, will be addressed. The areas of concentration are:  
A. Art   B. Spanish 3:0:3

EDU 400  
**Independent Reading in Education**  
**Prerequisite:** Permission of the instructor. A course designed to meet individual interest areas in the field of education. Variable credit: 1-3 hours.

EDU 410  
**Directed Teaching with Seminar for K-12**  
**Prerequisites:** EDS 353 (with at least a grade of “B”) and at least 30 hours in the discipline to be taught, and admission to the School for Education and cumulative GPA of 2.75. This course is composed of directed teaching and seminar experience. Seminar is designed to provide personal and professional support during a teacher candidate’s directed teaching experience. Seminar begins with intensive training followed by weekly meetings throughout the semester. Teacher candidates are placed in two school settings under the supervision of a cooperating teacher and university supervisor, assuming the role and responsibilities of lead teacher in-and-out of the classroom. 2:12:14

EDU 436  
**Transition/Career Education for the Student with Disabilities**  
The purpose of this course is to provide a background on transition education and services for individuals with disabilities from childhood through adulthood. Emphasis is placed on identification and documentation of transition skills need by individuals with disabilities, the nature of the transition process, best practices in transition/career education and planning, assessment and curricular implications, community transition education and service programs, and the roles of all stakeholders in the transition process. 3:0:3

EDU 447  
**Family, School and Community Collaboration**  
This course is designed to help students develop the communication, collaboration, and consultation skills and strategies to create and maintain effective partnerships with families and professionals and empower all stakeholders dedicated to the care of children and youth, particularly those with exceptional learning needs. 3:0:3

EDU 457  
**Language Development of the Exceptional Child**  
This course provides a study of the stages and characteristics of language development with an emphasis on the needs of children and youth with exceptional learning needs, including those who speak English as a second language (ESL). Explores the impact of disability and second language acquisition on language development, and the inter-relationship of speaking, listening, reading, and writing. Includes an examination of the characteristics and etiology of children and youth with language disabilities, the language characteristics associated with various types of disabilities, formal and informal evaluation procedures, and intervention strategies appropriate for those with language delays, impairments, and deficits. 3:0:3
EDC 220
Child Growth and Development for Early Childhood and Elementary Teachers
A study of the growth and development of children, birth through the years of middle childhood. Emphasis will be placed on contemporary multicultural dimensions of development and child rearing, and their implications for teachers. Students will spend a total of 15 contact hours (5 hours each) observing an infant or toddler, a pre-primary aged child, kindergartener, or first grader, and a second, third, fourth or fifth grader. 3:0:3

EDC 221

Program Planning and Evaluation in Early Childhood Programs
**Prerequisite:** 12 hours of Early Childhood coursework and EDC 342.
This course examines the systematic and ongoing evaluation of various components of an early childhood program, and the use of that information to determine the vision and goals for the program, and allocation of resources to meet those goals. The process of change and the role leadership will be explored. Candidates seeking degree in Early Childhood Education and Leadership will plan to take EDC 344, 345 and 346 once they have completed practicum. 2:0:2

EDC 345
Financial Aspects of Early Childhood Programs
**Prerequisite:** 12 hours of Early Childhood coursework and EDC 342.
The course will examine the financial aspects of early childhood programs related to establishing and operating early education centers and family child care homes. Issues of quality, compensation and affordability will be addressed. Steps in planning a budget based on the program's vision, mission and goals and a regular analysis of the budget as a planning tool will be emphasized. Financial records necessary to provide evidence of a sound fiscal management system will be addressed. Fiscal policies and procedures and insurance needed to protect program integrity and assets will be analyzed. Effective marketing, public relations, and community outreach strategies will be explored. Candidates seeking degree in Early Childhood Education and Leadership will plan to take EDC 344, 345 and 346 once they have completed practicum. 2:0:2

EDC 354
Observation, Assessment & Screening in Early Childhood Education
**Prerequisite:** Admission to the School for Education
**Concurrent enrollment in:**
EDC 363, EDC 355, and EDC 373.
A course exploring appropriate assessment procedures for evaluating, monitoring, reporting, and planning experiences to support and extend the development and learning of young children. Students will practice the skills of observation and assessment. 3:0:3

EDC 354A: Observation, Assessment & Screening in Early Childhood Education: Part 1
**Prerequisite:** Admission to the School for Education
**Concurrent Enrollment in:**
EDC 355A: Social and Emotional Learning in ECE: Part 1
EDC 363A: Integrating the Curriculum-Pre-primary: Part 1
EDC 358: Early Childhood Program Management 16-week
EDC 373 Pre-primary Practicum for ECE Certification or Teaching Young Children OR PERMISSION OF Coordinator or Chair
Students must enroll and successfully complete part 2 within the next term or repeat EDC 354A.
A course exploring appropriate assessment procedures for evaluating, monitoring, reporting, and planning experiences to support and extend the development and learning of young children. 1:0:1.

EDC 354B: Observation, Assessment & Screening in Early Childhood Education-Part 2
**Prerequisite:** Admission to the School for Education and successful completion of EDC 354A within the directly prior term.
**Concurrent Enrollment in:**
EDC 355B: Social and Emotional Learning in ECE: Part 2
EDC 363B: Integrating the Curriculum-PreK: Part 2
16-week
EDC 373 Pre-primary Practicum for ECE Certification or Teaching Young Children OR PERMISSION OF Coordinator or Chair.
Students will practice the skills of observation and assessment in an early childhood setting. 2:0:2
EDC 355
Social and Emotional Learning in Early Childhood
**Prerequisite:** Admission to the School for Education. Concurrent enrollment in EDC 354, EDC 363 and EDC 373.
This course will examine the theories that support the problem solving approach to guiding young children's behavior in the early childhood classroom. The adult role in developing relationships of mutual trust and respect and helping young children see themselves as a member of a learning community will be emphasized. **Concurrent Enrollment in:**
EDC 354B: Observation, Assessment and Screening in ECE: Part 2
EDC 363B: Integrating the Curriculum-Pre-primary: Part 2
16-week
EDC 373 Pre-primary Practicum for ECE Certification or Teaching Young Children OR PERMISSION OF Coordinator or Chair.

Students will observe and analyze guidance and classroom management practices in different early childhood settings. 1:0:1

EDC 357
Family Involvement in Early Childhood Education
**Prerequisite:** Admission to the School for Education.
A course designed to provide students with the knowledge and skills necessary to promote and support family involvement in early childhood settings (including Infant/Toddler, Pre-primary, and early elementary K-3). Emphasis will be placed on learning to work effectively with families and other adults from a variety of cultural/linguistic and socio-economic backgrounds. 3:0:3

EDC 362
Infants and Toddlers
**Prerequisite:** Admission to the School for Education
Students will plan, implement and evaluate developmentally appropriate materials, activities and strategies for children, birth through age two. 3:0:3

EDC 363
Integrating the Curriculum: Pre-primary
**Prerequisite:** Admission to the School for Education. Concurrent enrollment in EDC 354, EDC 355 and EDC 373.
A course designed for students to plan, implement and evaluate developmentally appropriate materials, activities and strategies in a Pre-primary setting. ECE Certification and ECE Teaching Young Children students must be concurrently enrolled in EDC 372 Infant and Toddler Practicum for ECE Certification or Teaching Young Children. 3:0:3
EDC 363A
Integrating the Curriculum:
Pre-primary-Part 1
**Prerequisite:** Admission to the School for Education.

**Concurrent Enrollment in:**
EDC 354A: Observation, Assessment and Screening in ECE: Part 1
EDC 355B Social and Emotional Learning in Early Childhood-Part 1:
EDC 363 Pre-primary Practicum for ECE Certification or Teaching Young Children
OR PERMISSION OF Coordinator or Chair

*Students must enroll and successfully complete part 2 within the next term or repeat EDC 363A.*

A course designed for students to evaluate developmentally appropriate materials, activities and strategies in a Pre-primary setting. 1:0:1.

EDC 363B
Integrating the Curriculum:
Pre-primary-Part 2
**Prerequisite:** Admission to the School for Education and successful completion of EDC 363B within the directly prior term.

**Concurrent Enrollment in:**
EDC 354B: Observation, Assessment and Screening in ECE: Part 2
EDC 355B Social and Emotional Learning in Early Childhood-Part 2:
16-week
EDC 373 Pre-primary Practicum for ECE Certification or Teaching Young Children
OR PERMISSION OF Coordinator or Chair

A course designed for students to plan and implement activities and strategies in a Pre-primary setting 2:0:2.

EDC 364
Integrating the Curriculum: K-3
**Prerequisite:** Admission to the School for Education. Concurrent enrollment in EDE 380, EDE 385, EDC 374.

A course designed for students to plan, implement and evaluate developmentally appropriate materials, activities and strategies in a primary setting, grades K-3. ECE Certification students must be concurrently enrolled in EDC 374: K-3 Practicum for ECE Certification. 3:0:3.

EDC 372
Infant and Toddler Practicum
**Prerequisite:** Admission to the School for Education.

A supervised field experience in an infant/toddler setting that supports the integration of teacher knowledge, skills, and dispositions necessary for working with young children, birth through age 2, and their families. Early Childhood Certification and Teaching Young Children will spend two full days **per week** in the classroom during weeks 2-7. The practicum is scheduled through the Early Childhood Program. The student must earn at least a “B” in the practicum to continue in the program. Candidates seeking a degree in Early Childhood Education and Leadership shall take EDC 372 for a minimum of one credit hour. Candidates seeking a degree in Early Childhood Education Teaching Young Children OR Early Childhood Education Certification shall take EDC 372 for two credit hours. Variable credit 1-2 hours.

EDC 373
Pre-primary Practicum
**Prerequisite:** Admission to the School for Education. Concurrent Enrollment in EDC 354, EDC 355, and EDC 363.

A supervised field experience in Pre-primary setting that supports the integration of teacher knowledge, skills, and dispositions necessary for working with young children, 3-5 years of age and their families. The student is required to be in the Pre-primary setting for 12 weeks. Early Childhood Education and Leadership candidates will spend a minimum of a half day per week in the setting. Early Childhood Certification Candidates and Teaching Young Children Candidates will spend a minimum of 1 full day per week in the setting. The candidate must earn at least a “B” in the practicum to continue in the program. Candidates seeking a degree in Early Childhood Education and Leadership shall take EDC 373 for a minimum of one credit hour. Candidates seeking a degree in Early Childhood Education Teaching Young Children OR Early Childhood Education
Education Certification shall take EDC 373 for 2 credit hours. Variable credit: 1 - 2 hours.

EDC 374
K-3 Practicum
Prerequisite: Admission to the School for Education. Concurrent enrollment in EDE 380, EDE 385, EDC 364.
A supervised field experience in an early primary setting that supports the integration of teacher knowledge, skills, and dispositions necessary for working with young children, (K-grade 3), and their families. The candidate is required to be in the early primary setting a minimum of 1 day per week for 12 weeks. The student must earn at least a “B” in the practicum to continue in the program. 0:2:2

Student must pass appropriate PRAXIS II before enrolling in Directed Teaching with Seminar.

EDC 410
Early Childhood Directed Teaching with Seminar
Prerequisites: EDC 354, EDC 355, EDC 362, EDC 363, EDC 364, EDC 372, EDC 373, EDC 344, EDC 345, EDC 346, admission to the School for Education and criteria met for directed teaching.
This course is composed of a directed teaching and seminar experience. Seminar is designed to provide personal and professional support during a teacher candidate's directed teaching experience. Seminar begins with intensive training followed by weekly meetings throughout the semester. Teacher candidates are placed in two school settings under the supervision of a cooperating teacher and university supervisor, assuming the role and responsibilities of a lead teacher in-and-out of the classroom. 2:12:14

EDC 420
Internship in Early Childhood Teaching Young Children
Prerequisites: EDC 354, EDC 355, EDC 362, EDC 363, EDC 372, EDC 373, admission to the School for Education and criteria met for requesting internship. Internship in Teaching Young Children is a ten-week experience working full-time teaching internship in one or two different early childhood settings (Infant or Toddler and Pre-primary). Candidates will spend no less than 400 contact hours at the internship site. The internship can occur as a form of mentorship only if: 1.) The candidate is currently teaching full-time; 2.) The site is pre-approved (accredited) AND 3.) The candidate can provide evidence that a mentor will be provided by the school to meet with the candidate on a daily basis. Interactions with children and families from a variety of backgrounds will be an internal part of the directed teaching experience. 0:10:10

EDC 425
Seminar for Internship in Early Childhood Teaching Young Children and Early Childhood Education and Leadership
Prerequisites: EDC 354, EDC 355, EDC 362, EDC 363, EDC 372, EDC 373, admission to the School for Education and criteria met for requesting internship. Concurrent Enrollment: EDC 415 or EDC 420.
The seminar is a capstone course. The purpose of the seminar is to allow exploration of issues and experiences in Early Education in a reflective way, to enhance the leadership/teaching experience, and to articulate a philosophy of early childhood education as a basis for making professional decisions. An in-depth project and degree portfolio will be completed in this course. 2:0:2
EDE 220  
Child Growth and Development for Early Childhood and Elementary Teachers  
A study of the growth and development of children, birth through the years of middle childhood. Emphasis will be placed on contemporary multicultural dimensions of development and child rearing, and their implications for teachers. Students will spend a total of 15 contact hours (5 hours each) observing an infant or toddler, a pre-primary aged child, kindergartener, or first grader, and a second, third, fourth, or fifth grader. 3:0:3

Art, Music and Movement for Early Childhood and Elementary Teachers  
A course in which students plan, implement and evaluate developmentally appropriate materials, activities and strategies for teaching art, music and physical education in early childhood settings and the elementary grades. Combines theoretical knowledge about effective instruction with the development and application of reflective teaching skills. 3:0:3

EDE 355  
Classroom Management for Elementary Teachers  
PREREQUISITES: EDU 203 and Admission to the School for Education. Theory and skills necessary to implement classroom management strategies are presented through lecture, discussion and classroom observations. Students will explore the theoretical foundations, knowledge, skills and dispositions necessary to create supportive teacher-student relationships and to implement developmentally appropriate guidance and classroom management strategies. The course includes guidance procedures for integrating children with and without disabilities. Students will observe and analyze guidance and management practices in a variety of appropriate early childhood, elementary, middle school and secondary settings. 3:0:3

EDE 359  
Elementary Teaching Strategies  
PREREQUISITE: Admission to the School for Education. Students must earn at least a “B” in this course before enrolling in directed teaching. Will be taken concurrently with Practicum. This course develops the curriculum and instructional strategies appropriate to the elementary learner. An emphasis is focused on developing knowledge of the Missouri Standards, lesson plans, teaching strategies, and reflection techniques. The course is designed to provide the student with the skills to plan, implement, and evaluate both the teaching and learning processes for the elementary social studies classroom. 5:0:5

EDE 360  
Practicum  
PREREQUSITE: Admission to the School for Education.  
A. Concurrent enrollment in EDE 359 and EDE 380 required unless previously completed.  
B. Concurrent enrollment in EDU 375 or approval of Program Chair.  
C. Concurrent enrollment in EDE 385 and EDE 387 or approval of Program Chair.  
This field experience in a classroom supports the integration of teacher knowledge, skills, and dispositions in the observation and application of classroom management, professional practices, and instructional techniques. The student is required to be in the regular classroom a full day or 2 half days during the semester. Students must earn a “B” grade or higher before continuing in the practicum sequence; may be repeated. 0:2:2

EDE 378  
Science for Early Childhood and Elementary Teachers  
ELEMENTARY: PREREQUISITES: EDE 359 and admission to the School for Education. Early Childhood Prerequisites: Admission to the School for Education.  
A course designed to explore how children develop an interest in scientific exploration. Students will observe, design, implement and evaluate activities appropriate for early childhood programs and elementary classrooms. 2:0:2
EDE 380
Literacy for Early Childhood and Elementary Teachers
Prerequisites: Admission to the School for Education.
Elementary Prerequisites: To be taken concurrently with EDE 360 Practicum A.
Early Childhood Prerequisites: To be taken concurrently with EDC 364, EDE 385 and EDC 374.
Teaching in the elementary grades including reading research, emergent literacy/reading readiness, writing, listening and speaking in order to prepare students to become competent communicators. Emphasis on the development and organization of an authentic language arts program including the principles and practices which will support literacy development. 6:0:6

EDE 385
Diagnosis and Remediation for Math Difficulties
Prerequisites: MA 135 plus one additional Math course.
Elementary: To be taken concurrently with EDE 360C Practicum. Early Childhood: To be taken concurrently with EDE 380, EDC 364 and EDC 374:
This course will study effective assessment/diagnostic and instructional techniques, including remedial strategies, for the teaching of mathematics to prepare preservice teacher candidates to work with elementary school students. Preservice teacher candidates will apply their knowledge of the assessment/diagnostic process and prescriptive teaching strategies to work with directly with students in the area of mathematics during a field experience in an elementary school setting. 3:0:3

EDE 387
Diagnosis & Remediation of Reading Difficulties
Prerequisites: EDE 380 and admission to the School for Education. Concurrent enrollment: EDE 360C Practicum
A survey of the assessments teachers can use in their classroom to determine reading difficulties. Assessments will be demonstrated and mastered as part of the course. Methods and materials available to the classroom teacher for remediation reading difficulties are also a focus of this course. Preservice students are required to work with elementary school students in a classroom setting and/or one on one for 32 hours of combined assessment and remedial tutoring in a school setting during regularly scheduled course hours set reserved for this purpose. This course is designed to prepare teachers to individualize reading instruction within a literacy program in the elementary school. 3:0:3

Student must pass appropriate PRAXIS II before enrolling in Directed Teaching with Seminar.

EDE 410
Elementary Directed Teaching with Seminar
Prerequisites: EDE 359 (with at least a grade of “B”), EDE 387, EDE 380, and admission to the School for Education and cumulative GPA of 2.75.
This course is composed of directed teaching and seminar experience. Seminar is designed to provide personal and professional support during a teacher candidate's directed teaching experience. Seminar begins with intensive training followed by weekly meetings throughout the semester. Teacher candidates are placed in a school setting under the supervision of a cooperating teacher and university supervisor, assuming the role and responsibilities of lead teacher in-and-out of the classroom. 2:10:12
EDM – Middle School Education

MIDDLE SCHOOL EDUCATION

EDM 225
Psychology of Education & Adolescence
Through a study of the developmental factors and problems common to the period from puberty to adulthood, including self identity, sexuality, parent, peer, and adolescent relationships, and conditions leading to optimal development, this course guides the student to apply the fundamental principles of adolescent psychology to the teaching-learning process. 3:0:3

EDM 353
Teaching Strategies & Classroom Management
PREREQUISITES: Admission to the School for Education. To be taken simultaneously with Practicum. Theory and skills necessary to implement classroom management, curriculum development and instructional strategies are presented through lecture, discussion and classroom observations. Students will explore the theoretical foundations, knowledge, skills and dispositions necessary to create supportive teacher-student relationships and to implement developmentally appropriate guidance and classroom management strategies. Additional emphasis is focused on developing knowledge of the Missouri Standards, lesson plans, and reflection techniques. EDM 358 (EDS 358)
Reading and Writing in the Content Areas
PREREQUISITES: To be taken simultaneously with practicum. Must be admitted to the School for Education. This course will provide the middle school teacher candidate with the knowledge and skills to address the various reading, writing, and study skill levels and the literacy attitudes and motivation of middle school students. Theories, techniques, and strategies of reading, writing, vocabulary development, and study skills in the secondary content areas are studied and practiced. Connections between reading, writing, hearing, speaking, and thinking to the learning process are emphasized. Also an understanding of varying skill levels in these literacy areas will result in the ability to meet the needs of all learners. Students are expected to include literacy instruction with their content area assignments and field experiences. 3:0:3

EDM 360
Practicum
PREREQUISITE: Admission to the School for Education. This field experience in a classroom supports the integration of teacher knowledge, skills, and dispositions in the observation and application of classroom management, professional practices, and instructional techniques. The student is required to be in the regular classroom a full day or 2 half days during the semester. Students must earn a “B” grade or higher before continuing in the practicum sequence; may be repeated. 0:2:2
A. Concurrent enrollment in EDM 353.
B. Concurrent enrollment in EDU 375 recommended.

EDM 395
Methodology in Teaching Content Area in Middle School Classrooms
PREREQUISITE: Admission to the School for Education. To be taken simultaneously with Practicum or Directed Teaching. The purpose of this course is for candidates to identify and practice appropriate techniques and methods in the area of certification. The teaching of reading and writing, in addition to assessment, will be addressed. The areas of emphasis will be offered on a rotating basis as need dictates: A. English B. Social Studies C. Science D. Mathematics E. Journalism 3:0:3

Student must pass appropriate PRAXIS II exams in both areas of certification before enrolling in Directed Teaching with Seminar

EDM 410
Middle School Directed Teaching with Seminar
PREREQUISITES: EDM 353 (with at least a grade of “B”) and at least 15 hours in discipline to be taught and admission to the School for Education and cumulative GPA of 2.75. This course is composed of directed teaching and seminar experience. Seminar is designed to provide personal and professional support during a teacher candidate's directed teaching experience. Seminar begins with intensive training followed by weekly meetings throughout the semester. Teacher candidates are placed in a school setting under the supervision of a cooperating teacher and university supervisor, assuming the role and responsibilities of lead teacher in-and-out of the classroom. 2:10:12

EG – Engineering

EG 101
Introduction to Engineering Management
The introduction to the responsibilities and requirements for engineer administration. The management of technical activities, with emphasis on planning and organizing; requirements for managing projects, team building, techniques of control, data requirements and analysis, communication, time management, and project analysis. 3:0:3

EG 360
Environmental Impact in Engineering
Course includes legal and administrative activities leading toward improved environmental management and responsibility of engineers. National Environmental Policy Act and court decision implications, and preparation and processing of environmental impact statements. 3:0:3

EG 390
Engineer Administration
Decision-Making Models
PREREQUISITES: CO 360, EC 142 or consent of the instructor.
Development of the formal problem solving process. Identification of the types of decisions made by engineer administrators. Development of techniques for lay-out and organization of the engineer project using milestone scheduling, Gantt chart, and CPM to determine resource requirements, equipment scheduling, and time estimates. Forecasting what is needed, where and when, and alternatives. 3:0:3

EG 470
Engineer Administration Economics
PREREQUISITE: EC 142.
Techniques for capital investment decision making, time-value of money, the evaluation of investment alternatives, depreciation cost, materials and equipment accounting information systems. 3:0:3

EG 491
Senior Seminar in Engineering Administration
PREREQUISITE: Completion of construction/engineering core courses or permission of instructor.
Advanced case study of engineering management of engineering projects with emphasis on a construction project and the associated construction management. Includes the engineering administration and management responsibilities from project inception to completion. A capstone course bringing together previous course work into the analysis, research, data collection and presentation for the case study. 3:0:3

EI – English as an International Language

EI 101
Beginning Reading and Writing I
This course introduces the beginning level speaker of English to basic reading texts and elementary writing tasks. Students learn to identify topic sentences, main ideas, and conclusions; various methods of building vocabulary; and to recognize basic sentence constituents. Writing tasks will be based mainly, but not exclusively, on the readings. Students compare and analyze each other’s work for errors and strengths. As beginning writers of English, they practice and become familiar with simple grammatical structures. 3:0:3

EI 102
Beginning Reading and Writing II
This course continues to introduce the beginning level speaker of English to basic reading texts and elementary writing tasks. In this course, students encounter more challenging reading assignments, ranging from 500 - 800 vocabulary words. More varied writing tasks will be assigned. Students continue to practice grammatical and textual analysis. 3:0:3
EI 111  
**Beginning Listening and Speaking I**  
This course introduces the beginning level speaker of English to basic listening, speaking, and pronunciation skills. Students learn the elements of phonetics to facilitate the development of superior pronunciation skills as well as self-monitoring techniques. They are exposed to graduated (in terms of difficulty) selections of aural English. They also practice routinized and common patterns of speech such as may be found in the classroom, in the cafeteria, in stores, in the dorm, and so on. Finally, students acquire strategies to improve their comprehension, as well as others’ comprehension of them. 3:0:3

EI 112  
**Beginning Listening and Speaking II**  
This course continues to introduce the beginning level speaker of English to basic listening, speaking, and pronunciation skills. Building on the knowledge of phonetics gained in EI 111, which it follows, students practice and hone their pronunciation skills, including suprasegmental elements such as intonation and rhythm. As listening and speaking material grows more challenging, students continue to develop both listening comprehension and fluency in spoken English, in more contexts. 3:0:3

EI 121  
**Beginning Grammar I**  
This course introduces the beginning level student to the basic grammar of English. The principal tenses and aspects of the verb system will be covered, as well as the noun system, fundamentals of the way the English article works, and basic adjectives, adverbs, prepositions, and conjunctions. The focus at this level is on simple sentences. 3:0:3

EI 122  
**Beginning Grammar II**  
This course continues the introduction of basic English grammar begun in EI 121. Concepts and grammatical categories encountered in EI 121 will continue to be practiced and reviewed; most will be expanded. Completion of these two courses provides the beginning student with a solid grounding in fundamental English grammar, and increased awareness of grammar itself. 3:0:3

EI 130  
**Beginning Integrated Skills I**  
This course provides students opportunity to practice and apply all of the skills, concepts, and content being acquired in the other beginning level courses. Themes introduced in the other courses are developed holistically by means of various types of projects and presentations. The focus in integrated skills courses is on using and producing the appropriate language to express, discuss and demonstrate content. 3:0:3

EI 140  
**Beginning Integrated Skills II**  
This course provides students with further opportunity to practice and apply skills, concepts, and content being acquired in the other beginning level courses. Themes introduced in the other courses are developed holistically by means of various types of projects and presentations. The focus in integrated skills courses is on using and producing the appropriate language to express content. 3:0:3

EI 201  
**Intermediate Reading and Writing I**  
This course introduces the intermediate level speaker of English to readings of more challenging vocabulary and more varied type, such as newspaper articles, short stories, and brief technical selections. An emphasis is placed on vocabulary building skills and reading skills such as scanning for detail. Writing tasks are based mainly, but not exclusively, on the readings and include short essay-length compositions of different rhetorical categories, as well as summaries, outlines, paraphrases, and letters. 3:0:3

EI 202  
**Intermediate Reading and Writing II**

The course is an in-depth study of the concepts of the physical characteristics of cities and the current and future problems urbanization presents humans on a global scale. 3:0:3

GGH 326
Resources and People
This course is an in-depth study of the interactions between physical systems and human activities, and their effects on the environment. Topics will include: population growth, food production, water supply, air pollution, and natural resource consumption. 3:0:3

GGH 390
Special Topics in Human Geography
This course will consist of an in-depth examination of specific areas of geography at the upper level. It may be repeated once for credit with a change of topic. Variable credit: 1-4 hours.

GGP 115
Physical Geography
Examination of the major physical elements, processes, and patterns that comprise the earth’s four major spheres (atmosphere, hydrosphere, lithosphere, and biosphere) and their continuous interaction and relevance to human occupancy of the earth on a global basis. Laboratory exercises will reinforce and extend course concepts. 3:3:4

GGP 120 LE
Global Sustainability
This course addresses ways in which to maximize the life experience of human beings. A case study approach will be used to study the maintenance of human capital framed in the context of environmental, economic and social sustainability inputs. 3:0:3

GGP 205
Meteorology
The study of the atmosphere and atmospheric phenomena and how they interact globally with the earth’s surface, oceans, and life. In the laboratory, students will learn and use the methods used to study meteorological processes. Topics will include: controls of weather elements, energy exchange, heat/water budgets, and economic/social impacts of weather and climate. 3:3:4

GGP 270
Spatial Analysis
This course will introduce student learners to techniques for the statistical analysis of spatial data. The course will cover issues in characterizing spatial data, methods and problems in spatial data sampling and the relevant statistical tests for solving a variety of spatial problems when they are applied to 2D and 3D space. 3:0:3

GGP 290
Selected Topics in Physical Geography
This course will consist of an in-depth examination of specific areas of geography at the lower level. It may be repeated once for credit with a change of topic. Variable credit: 1-4 hours.

GGP 301
Renewable Energy Technologies
This course will discuss both the need for and the specifics of energy conservation and renewable energy technologies. Passive solar design for reducing energy requirements will be covered, including solar water heating and solar cooking. The main renewable energy power systems will be discussed, including solar photovoltaics, wind and hydro. Electrical theory will be covered, as well as inverter technology for converting system output from DC to standard AC power. Both battery-based and grid-tied batteryless systems will be discussed. Students will have an opportunity to design a renewable energy system to meet the needs of a simulated home environment. 3:0:3
GGP 330
**Cartography**
The course is designed to prepare student learners for the basics of map compilation, design, and construction. Laboratory projects involving student learner use of computers will be required. 3:0:3

GGP 335
**Remote Sensing**
The course is designed to prepare student learners for the basics of using remotely sensed imagery from space. Laboratory projects involving student learner use of computers will be required. 3:0:3

GGP 340
**Environmental Planning**
This course is designed to study and evaluate the air and water environments, solid waste, noise pollution, and toxic wastes for the purpose of achieving environmental quality. An emphasis will be placed on how urbanization is impacting the environmental and will be studied by interpretive maps, soil surveys, remote sensors, and computers. 3:0:3

GGP 345
**Land Use Planning**
An examination and application of the methods associated with land use planning, especially in the small town and rural context. Emphasis is placed upon the tools and techniques associated with land use planning such as interpretive maps, soil surveys, remote sensors, and computers. A major focus will be the use of the land planning process in community planning. Also included is an introduction to state and local land use law in community development. 3:0:3

GGP 350
**GIS I**
This course introduces the student learner to the theoretical, conceptual, and practical aspects of the collection, storage, analysis, and display of spatial data. Emphasis will be placed on the application of geographic information systems. Laboratory projects involving student learner use of computers will be required. 3:0:3.

GGP 355
**GIS II**
This course is an advanced course that will have the student learner performing theoretical, conceptual, and practical aspects of the collection, storage, analysis, and display of spatial data. Emphasis will be placed on the applications of geographic information systems. Laboratory projects involving student learner use of computers will be required. 3:0:3

GGP 365
**Geography of Disease**
This course will study the origin, distribution patterns, and cultural biases of disease. Topics to be emphasized include: disease classification, spread of diseases, and major types of diseases (HIV+). 3:0:3

GGP 370
**Biogeography**
The purpose of this course is to study the distribution of plants and animals across the Earth's surface. This Physical Geography course will expand upon principles of Ecology and Biology, and will focus on understanding ecosystem processes that impact both fauna and flora. Topics will include the study of communities, ecosystems, biomes, biodiversity, and island biogeography. 3:0:3

GGP 390
**Special Topics in Physical Geography**
This course will consist of an in-depth examination of specific areas of geography at the upper level. It may be repeated once for credit with a change of topic. Variable credit: 1–4 hours.

GGP 405
**Conservation GIS**
An applied geographic information systems (GIS) course focusing on theory, methods, and applications of ArcGIS software to practical problems in ecology. Topics typically covered include habitat loss, endangered species, urban development, mining, wildlife research, forestry, and landscape ecology. 3:0:3

GGP 450
**Internship in GIS**
The student arranges to work in a professional environment. Internship duties will be based on the needs of the cooperating business/organization. Prior to beginning the internship experience, the student and the student's intended job supervisor must jointly prepare an internship proposal specifying the objectives to be accomplished. The proposal must be submitted to the instructor and approved before any internship work takes place. Prerequisite: permission of instructor, student should have completed GGP 350 and GGP 355. 3:0:3
GO 125 LE  
Natural Disasters  
This course will study the earth’s natural processes and phenomena that impact the earth. These natural impacts will be studied which result in massive damage to the earth and to its inhabitants. The course will explore how humans cope with natural disasters. Humans typically measure the damage in terms of loss of life or economic loss, but the end result is that these natural disasters influence human culture and population distribution. 3:0:3

GO 130  
Astronomy  
This course will study the complexities of the universe. It will examine the physical, chemical and meteorological, and geological aspects of the universe, including planets, suns, asteroids, and nebulas. 3:3:4

GO 141  
Physical Geology  
The study of the earth, the materials which make it up and the mechanisms which change it. Students will explore these materials and processes in the laboratory. 3:3:4

GO 151  
History of the Earth  
This is a survey of the history of the earth, including its continents, oceans, and life. HIS 451
Senior Essay I
Prerequisites: EN 105, EN 106, HIS 103, passing the WCT and completion of a minimum of 75 credit hours.
All Majors are required to complete a two semester senior essay under the guidance of a fulltime history faculty member. The goal of the course is to give each history major the experience of a sustained, independent research project, including: formulating a historical question, considering methods, devising a research strategy, locating and critically evaluating primary and secondary sources. Research topics will be selected by students in consultation with the instructor. Classes will involve student presentations on various stages of their work and mutual critiques, as well as discussions of issues of common interest. The collaboration occurs in a seminar-like setting, in which a small group of students work with one professor for the entire semester, refining their historical skills and presenting their research findings. The students have to pursue a historical subject of their choice, in consultation with their professor. Students gain a better understanding of historical investigation through a careful analysis of primary and secondary sources and development of a well argued senior essay. By the end of the semester, majors have emerged with a sense of fulfillment in producing a senior essay prospectus, historical citations, an annotated bibliography, critical book review, and final essay. Students’ are required to enroll and successfully complete HIS 451 during the spring semester of their junior year. On rare occasions, with departmental and advisor approval given for compelling written and documented reasons, a senior essay may be started two semesters prior to graduation. The determination of the acceptation rests with the department chair and may not be appealed. All Majors are required to attend regularly scheduled senior essay seminar workshops as scheduled. 3:0:3

HIS 452

IB 420
International Trade
Prerequisite: IB 315.
This course is a workshop for students to learn and practice the theories, tools and procedures of international trade used to identify and enter markets and to grow in the exporting environment. After a theoretical overview, students practice tools for achieving competitive strategies that firms and nations can use to increase export-import success, including Porter's Diamond. Governmental strategies ranging from import substitution to export promotion are debated. The course also addresses supply chain management primarily for exporting firms and steps in exporting successfully. The world trading system and major organizations are discussed as well as the role of governmental interventions, instruments of trade policy, and major national trade measures. The course stresses the importance of knowing how to study and to evaluate current events to form opinions and predictions and to identify opportunities and threats. 3:0:3

IB 431
International Finance
Prerequisite: FI 360.
An in-depth study of the financing of international transactions and multinational business operations with emphasis on sources of funds, financial services, analysis of currency problems and exchange controls, and the functioning of foreign money and capital markets. 3:0:3

IB 451
Seminar on International Business
Prerequisites: EN 306B and completion or concurrent enrollment in all other international business core courses.
A study of strategic planning and international business policy using extensive reading and cases in the international business field which includes insights into the historical, cultural, and political foundations that created problems and opportunities and the solutions and course of action taken in response. The course content is flexible and analyzes specific problem areas that are current at the time the course is offered. Each student will submit a capstone research paper reflecting the standards, substance and quality of a professional international business publication. 3:0:3

IB 461
International Business Internship
Open only to students who have completed at least 3 of their courses in International Business and have an overall GPA of 3.0. The internship must provide an applied/practical experience consistent with a career position filled by a college graduate. The internship will be approved and overseen by the International Business Program Coordinator (PC) or a business faculty member approved by the PC. An experience paper is required. One credit hour will be earned by 40 hours of experience connected to the internship learning outcomes. This class may be repeated to earn a maximum of 6 credit hours at the discretion of the PC. Course grade will be pass/fail.
IS 205
Managing Information Systems
SUGGESTED PREREQUISITE: CS 140.
This course introduces the student to information systems concepts and the management concerns of information technology. The course focuses on the components, types, and management concerns of information systems which, when combined, support an enterprise. Students will explore the enterprise perspective on controlling the use of information systems and understanding project changes, risk, and quality management. 3:0:3

IS 216
COBOL I
PREREQUISITE: CS 151.
The student will develop structured, modular algorithms. The student will implement algorithms using COBOL. The student will learn the basic features of COBOL. 3:0:3

IS 217
COBOL II
PREREQUISITE: IS 216.
Continuation of IS 216. This course introduces the student to sorting, merging files, arrays, and data validation. The course also introduces sequential, indexed, and relative file processing. The student learns about interactive processing and the methodologies used for developing larger programs. 3:0:3

IS 310
Business Applications
PREREQUISITES: CS 140 or CS 140 test out.
Business Applications provides an advanced opportunity for students to understand issues surrounding the effect of emerging technologies upon multiple organizational environments. Students will explore the use of technology to solve problems as well as gain a strategic competitive advantage in the global marketplace. Students will individually investigate the advanced capabilities of Office Productivity Software to solve relevant business problems. Upon completion of the course, group case projects will demonstrate knowledge of concepts learned. Students will also have the opportunity to take the MOUS exam for Word, Excel, Access, and/or PowerPoint Certification. The design of the case projects will necessitate the use of analysis, synthesis, and evaluation activities. 3:0:3

IS 315
Computer Systems Analysis and Design I
PREREQUISITE: IS 205.
This course presents various philosophies, terminology, and techniques used in the analysis and implementation of the system development life cycle. The student will investigate such areas as project proposals, logical systems, flow diagrams, data modeling, dictionaries, and documentation. The student will learn how to use a CASE tool. 3:0:3

IS 316
Computer Systems Analysis and Design II
PREREQUISITE: IS 315.
Continuation of IS 315. The student will continue to study the concepts and methods used in a system development life cycle. In addition, the student will gain practical experience by working on various projects. The student will use a CASE tool for his/her project work. 3:0:3

IS 361
Data Management Concepts
PREREQUISITE: CS 219.
This course provides an overview of data management concepts. This course will explore the enterprise perspective of managing data needs of an organization. This includes data
integrity, database models, and integration of databases, security, and database administration issues. The student will be introduced to query processing within a database environment. 3:0:3

**IS 362**
**Applied Database Management**
**Prerequisite:** IS 361.
This course builds on the Data Management Concepts course and focuses on the creation, administration and use of databases. This course assumes a knowledge of database system concepts. The student will be introduced to application program development in a database environment with emphasis on setting up, modifying, and querying a database. 3:0:3

**IS 370**
**Information Security**
**Prerequisite:** CS 365.
This course introduces students to the field of information systems security from both managerial and technical perspectives. The topics to be examined include legal and ethical issues in information systems, risk identification and management, security planning, security technology, cryptography, and information system implementation and maintenance. 3:0:3

**IS 450**
**Systems Analysis Senior Seminar**
**Prerequisite:** IS 315.
This is a capstone course in which seniors exhibit skills and knowledge gained in the analysis and design of an information systems solution. Students will apply best practices in solving an organizational problem with technology. Such concepts include: problem solving, methodology, project management, and use of related tools. 3:0:3

**LA 305**
**History and Culture of Latin America**
The historical portion of this course is designed to familiarize the student with both the pre-history and history of Latin America from the Paleolithic period to the present. It will be a combined anthropological and historical approach that will enable the student to better understand the Latin America of today through an awareness of the historical process that has largely shaped its present. The cultural portion will combine an ethnological and sociological approach in an effort to increase student awareness of the present state of Latin American culture. 3:0:3

**LA 306**
**History and Culture of Mexico**
The historical portion of this course is designed to familiarize the student with both the pre-history and history of Mexico from the Paleolithic period to the present. It will be a combined anthropological and historical approach that will enable the student to better understand the Mexico of today through an awareness of the historical process that has largely shaped its present. The cultural portion will combine an ethnological and sociological approach in an effort to increase student awareness of the present state of Mexican society. 3:0:3

**LA 307**
**History and Culture of Spanish America**
The historical portion of this course is designed to familiarize the student with both the pre-history and history of each of the nations. The emphasis will be upon the larger and more important of these nations, specifically: Argentina, Brazil, Venezuela, and Columbia. The cultural portion will be designed to lead to a greater awareness of the similarities and differences that characterize the social structure of each of these nations today. 3:0:3

**LA 308**
**History and Culture of Central America and the Hispanic Caribbean**
The historical portion of this course is designed to familiarize the student with both the pre-history and history of each of the seven nations that comprise Central America. Each will be taken in turn and considered from its beginning to the present. Attention will also be given to the historical development of the Caribbean Islands-Cuba, Jamaica, Puerto Rico, and Haiti. The cultural portion will be designed to lead to a greater awareness of the similarities and differences that characterize the social structure of each of these areas today. 3:0:3
LE 100
First-Year Seminar
Required for all incoming first-time freshmen. Highly encouraged for transfer students. Park University's First-Year Seminars are designed to offer incoming first-time freshman or transfer students an opportunity to engage in a course structured around independent research, small group discussion, and intensive writing across disciplines. The thematic seminars function as a means of a uniform writing requirement, stressing the importance of written expression in all disciplines; as an attractive and exciting supplement to the usual introductory survey course in many disciplines; as an early experience in the scholarship that is the foundation to upper-level courses; as a means to strengthen core academic skills, including reading comprehension, oral expression, and writing; and as an introduction to university life, adjustment issues, and enhancement of skills for success in the university. 3:0:3

LE 300
Integrative and Interdisciplinary Learning Capstone
A seminar for the Liberal Education program, LE 300 requires students to integrate the Park University Literacies, synthesizing diverse perspectives to achieve interdisciplinary understanding and exploring the relationships among academic knowledge, professional pursuits, and the responsibilities of local and global citizenship. 3:0:3

LS 215  
**Selected Topics in Humanities**  
An in-depth examination of specific areas in the humanities. May be repeated once for credit with change in topic. Variable credit: 1-3 hours.

LS 221  
**Introduction to Liberal Studies I: Prehistory to the Early Modern World**  
An exploration of the areas traditionally characterized as the humanities: history, philosophy, religious studies, art and art history, and literature from Prehistory to the Early Modern World—beginnings to the Reformation. 3:0:3

LS 222  
**Introduction to Liberal Studies II: Reformation to the Present**  
An exploration of the areas traditionally characterized as the humanities: history, philosophy, religious studies, art and art history, and literature from the Restoration to the Present. 3:0:3

LS 250  
**Great Books**  
This course is an in-depth study of one or more great books in the tradition of the liberal arts and sciences along with contemporary criticism and commentary on the book, including interdisciplinary perspectives. Possible topics include Homer's *Iliad*, Plato's *Republic*, Aristotle's *Nicomachean Ethics*, Augustine's *Confessions*, Adam Smith's *Wealth of Nations*, Darwin's *Origin of Species*, Jane Austen's *Pride and Prejudice*, James Joyce's *Ulysses*, Emily Dickinson's *The Complete Poems of Emily Dickinson*, Rachel Carson's *Silent Spring*, and so on. May be repeated for credit with change in topic. Variable credit: 1-3 credit hours.

LS 299  
**Field Trips in the Humanities**  
Analysis of humanists and artistic works and events and exposure to those works through field trips in the Kansas City area. May be repeated with permission of advisor. 1:0:1

LS 301  
**Contemporary Issues**  
Studies in leading contemporary issues, problems, and concerns viewed from interdisciplinary perspectives. The course also reviews different types of writing essential to success in college and professions. 3:0:3

LS 304  
**Special Topics in Humanities and Liberal Studies**  
An in-depth examination of specific areas in the humanities. May be repeated once for credit with change in topic. Variable credit: 1-3 hours.

LS 400  
**Senior Project**  
Liberal Studies majors must take a total of six hours. An independent project course for liberal studies majors. The project may be scholarly or creative and must have relevance to the student's concentration(s). It may be a study of a particular genre, theme, period or works of a particular writer or artist. The student and the major advisor must agree on the nature, area, scope, and method of evaluation of the project. 3:0:3

LG 201  
**Systems Engineering and Analysis**  
**Prerequisite:** MA 120.  
A study of the design, development, direction, management, and control of the systems engineering process. Emphasis is placed on the application of quantitative and qualitative techniques to systems analysis, evaluation and performance. 3:0:3

LG 302  
**Logistics Engineering**  
**Prerequisite:** LG 201.  
An overview of the general area of logistics, its nature, scope and process; a critical examination of logistics management functions and the interrelationships among strategic support and operational logistics. 3:0:3
LG 305  
**International Logistics**  
Principles and practices of logistics from an international perspective, with an emphasis on transportation, customs issues, documentation, terms of trade, and global supply chain management. A focus is placed on current events and their impact on logistical activities of firms. 3:0:3

LG 312  
**Transportation and Distribution Systems**  
Principles and practices of transportation and its role in the distribution process. The physical transportation system of the United States and its performance; carrier responsibilities and services; economic and legal bases of rates, freight classification and tariffs; public policy regarding regulation; transportation issues and problems. 3:0:3

LG 324  
**Contract Management and Law**  
**Prerequisite:** MG 260.  
A study of the procurement and contracting process with emphasis on the organization, policy formulation, procedures, and administration of purchasing activities and functions. 3:0:3

LG 400  
**Logistics Internship**  
Open only to students who have completed at least 3 of their courses in Logistics and have an overall GPA of 3.0. The internship must provide an applied/practical experience consistent with a career position filled by a college graduate. The internship will be approved and overseen by the Logistics Program Coordinator (PC) or a business faculty member approved by the PC. An experience paper is required. One credit hour will be earned by 40 hours of experience connected to the internship learning outcomes. This class may be repeated to earn a maximum of 6 credit hours at the discretion of the PC. Course grade will be pass/fail.

LG 415  
**Quality Control**  
**Prerequisite:** MA 120.  
A study of quality planning and control systems including application and statistical quality control theory to the design of quality control systems; the impact of quality on logistics and the procurement process. 3:0:3

LG 424  
**Purchasing and Vendor Management**  
A study of the procurement and contracting process including planning, developing, and contracting for major systems. Topics include: purchasing policy and strategy, value, analysis engineering, quality assurance, make-or-buy decisions, principles of inventory management, institutional and government purchasing management. 3:0:3

LG 426  
**Logistics Management**  
**Prerequisite:** MG 101 and MK 351 or MG 352 or MG 371.  
A critical examination of the logistics system with emphasis on managerial functions within the system and analytical techniques used in planning and control of the various subsystems. 3:0:3

**(NS) Natural and Applied Sciences**

**MA – Mathematics**

MA 105  
**Introduction to College Mathematics**  
**Prerequisite:** PK 118 or satisfactory score on mathematics placement examination. Students who have successfully completed MA 106 may not enroll in this course.  
The course objective is to improve basic mathematical skills through a systematic application of these skills to contemporary problems. Topics considered include: various applications from consumer mathematics, tables and graphs, systems of measure. 3:0:3

MA 106  
**Introduction to Business Mathematics**  
**Prerequisite:** PK 118 or a satisfactory score on the mathematics placement examination.  
An introduction to the basic mathematics via an application to business principles. An examination will be made of the quantitative aspects of business activities such as accounting, marketing, financial and managerial operations, and computer applications. Students who have successfully completed MA 105 may not enroll in this course. 3:0:3
MA 110 (EDU 110)
Geometry for Teachers
A consideration of selected topics from basic Euclidean geometry with emphasis on proper terminology and unification of concepts. Techniques available for teaching the basics are discussed. 3:0:3

MA 120
Basic Concepts of Statistics
A development of certain basic concepts in probability and statistics that are pertinent to most disciplines. Topics include: probability models, parameters, statistics and sampling procedures, hypothesis testing, correlation, and regression. 3:0:3

MA 125
Intermediate Algebra
Fundamentals of algebra. Topics include the real number system, basic operations of algebra, linear and quadratic equations, inequalities, functions and graphs, systems of equations. Additional considerations include radicals, rational functions, and basic analytic geometry. 3:0:3

MA 135
College Algebra
Prerequisite: MA 125, or a high school or transfer course equivalent to MA 125, or an ACT math score ≥ 23, or an SAT math score ≥ 510, or a COMPASS score ≥ 66 in the Algebra placement domain, or a COMPASS score 0-45 in the College Algebra placement domain. A study of the algebra necessary for calculus. Topics include: Linear and non-linear equations, inequalities and their applications; inverse, exponential and logarithmic functions; complex numbers; systems of linear and non-linear equations; matrices and determinants. 3:0:3

MA 141
College Trigonometry
Prerequisite: MA 135, or a high school or transfer course equivalent to MA 135, or an ACT math score ≥ 26, or an SAT math score ≥ 560, or a COMPASS score ≥ 46 in the College Algebra placement domain.
A consideration of those topics in trigonometry necessary for the calculus. Topics include: circular functions, identities, special trigometric formulae, solving triangles, polar coordinates, vectors, and conic sections. 3:0:3

MA 150
Precalculus Mathematics
Prerequisite: MA 125 or equivalent.
A consideration of those topics in algebra and trigonometry necessary for the calculus. Topics include: mathematical analysis of the line, the conic sections, exponential and logarithmic functions, circular functions, polynomial and rational functions, mathematical induction, and theory of equations. 3:0:3

MA 171
Finite Mathematics
Prerequisite: MA 125 or equivalent.
A course focusing on mathematical concepts that have business applications. Topics include systems of linear equations and matrix concepts, linear programming, basics of sets and counting principles, probability, and introduction to financial mathematics. 3:0:3

MA 208 (CS 208)
Discrete Mathematics
Prerequisite: A grade of C or better in any math course ≥ MA 125, or an ACT math score ≥ 23, or an SAT math score ≥ 510, or a COMPASS score ≥ 66 in the Algebra placement domain, or a COMPASS score 0-45 in the College Algebra placement domain.
This course introduces the student to selected finite systems pertinent to the study of computer science. Course topics will include combinatorial problem solving, logic, Boolean algebra, combinatorial circuits, sets, relations, functions, proofs, mathematical induction, recurrence relations, graphs, trees, and counting techniques. 3:0:3

MA 210
Calculus and Analytic Geometry I
Prerequisite: MA 141 or MA 150 or equivalent.
The study of the calculus begins with an examination of the real number system and the Cartesian plane. Additional topics to be considered include: functions and their graphs, limits and differentiation techniques, the mean value theorem, application of the derivative, indefinite integration, the trigonometric functions. 3:0:3

MA 211
Calculus and Analytic Geometry II
Prerequisite: MA 141 or MA 210 or equivalent.
The study of the calculus continues with the definite integral and its applications, transcendental functions, integration techniques, the conic sections, polar coordinates, parametric equations, indeterminate forms and improper integrals. 3:0:3

MA 212
Calculus and Analytic Geometry III
Prerequisite: MA 211.
The algebra and calculus of vectors and vector functions, constant term sequences and series, power series and convergence criteria. 3:0:3

MA – Mathematics (continued)

MA 401
Analysis
PREREQUISITES: MA 222 and MA 301.
A rigorous treatment of sequences, series, and functions of one real variable. Topics include limits and convergence properties of sequences and series; limits, differentiability, continuity and integration of functions of one real variable. 3:0:3

MA 402
Topology
PREREQUISITE: MA 401 or permission of the instructor.
An introduction to the topology of Euclidean space, metric spaces, and general topological spaces. 3:0:3

MA 406
Special Topics in Mathematics
PREREQUISITE: permission of the instructor.
This course provides an opportunity for directed study in areas not necessarily included in formal course work. Variable credit: 1-3 hours.

MA 450
Seminar in Mathematics
PREREQUISITE: MA 301 and permission of the instructor.
A capstone course for the mathematics majors. Topics may include: selected readings and discussion of the history and philosophy of mathematics, the golden ages and crises in mathematics. Student presentations are required. One field trip required. 3:0:3

SS – Social Sciences

MG – Management

MG 101
Introduction to Management
Basic functions of management with emphasis on the behavioral problems management faces in adopting and implementing policy. 3:0:3

MG 110
Introduction to Business
Provides for business and non-business students an overview of business in our modern American society. Examines the development of our business system, social responsibility of business, and the functions of management, marketing, personnel, production, accounting, finance investments, insurance, and business law. Career opportunities in business are explored. 3:0:3

MG 260
Business Law I
Introduction to the law: contracts, agency, employment, and negotiable instruments; comparison of social responsibility and legal aspects of selected issues. 3:0:3

MG 261
Business Law II
PREREQUISITE: MG 260
A continuation of the study of contracts, agency, employment, and negotiable instruments; comparison of social responsibility and legal aspects of selected issues. 3:0:3

MG 268
Office Administration
Layout and organization of an office, design and control of equipment and supplies; business information processing systems; human relations; and cost reduction. 3:0:3

MG 271
Principles of Supervision
A study of leadership skills for persons in supervisory positions. Topics include: methods of training employees, employee rating, improving personal leadership, interpreting organization policies, and obtaining the maximum results through the efforts of others. 3:0:3

MG 280
Students in Free Enterprise (SIFE)
In conjunction with Students in Free Enterprise (SIFE), students will develop and implement projects to foster the principles of free enterprise which help local business and the community. 3:0:3

MG 352
Principles of Management
Examines the functions, activities and principles of leadership in business and other institutions. Philosophy, history, current practice and issues in leading, planning, organizing, and controlling organizations such as communication, motivation and interpersonal relations. Lecture, discussion and cases are used. 3:0:3
MG 354  
Social Sciences
MG 354
Small Business Management
A detailed study of the relationship and functions of accounting, management, financial management, and marketing in the successful initiation and operation of a small business. 3:0:3

MG 365
Organizational Behavior
Prerequisite: MG 352.
Examines theoretical and practical perspectives and experiences in the areas of motivation and human relations; individual behavior, small group behavior, intergroup behavior; organizational effectiveness, and organizational development. Lecture, discussion and cases are used. 3:0:3

MG 371
Management and Organizational Behavior
This course is the foundation for the study of management as an academic discipline. As such, the functions, activities and principles of management and organizational leadership in business and other institutions are presented and examined. The philosophy, history, current practices and issues in the areas of motivation and human relations, individual behavior, small group behavior, intergroup behavior, organizational effectiveness, and development are presented and discussed in the context of managing organizations in a global society. 3:0:3

MG 375
Production and Operations Management
Prerequisites: MA 120 and MG 352 or MG 371 or equivalents.
Study of the design, planning and operations and control of manufacturing processes, material management, inventory quality control systems, work measurement and production standards. 3:0:3

MG 401
Senior Seminar in Management
Prerequisites: MG 352, MG 365, and EN 306B or equivalent. It is strongly recommended that all major core courses be completed prior to enrolling in this course.
Consideration of managerial problems and/or policies. Topics include: the role of values and assumptions in administrative situations, especially their influence on administrators choices among possible ends and means; the skills, attributes and personal qualities that enhance effectiveness of responsible individuals as they work with others in organizations; and the determinants of organization and executive action. 3:0:3

MG 420
Labor Relations
Prerequisites: MG 352 or MG 371
Consideration of the development, legal environment, and current problems of the industrial relations system. Emphasis is placed upon the historical evolution of both the union movement and the legislative system that shapes its activities. 3:0:3

MG 440
Complex Organizations
Prerequisites: MG 352 and MG 365.
A sociological approach to the study of organizations. Focuses on theoretical perspectives, characteristics of organizations, the interrelationship of organizational variables, and other related topics. 3:0:3

MG 460
Management Internship
Open only to students who have completed at least 3 of their courses in Management and have an overall GPA of 3.0. The internship must provide an applied/practical experience consistent with a career position filled by a college graduate. The internship will be approved and overseen by the Management Program Coordinator (PC) or a business faculty member approved by the PC. An experience paper is required. One credit hour will be earned by 40 hours of experience connected to the internship learning outcomes. This class may be repeated to earn a maximum of 6 credit hours at the discretion of the PC. Course grade will be pass/fail.

MG 465
Independent Study in Business
Prerequisite: Major in business administration, economics or accounting.
Individual research dealing with secondary sources on an approved topic in business. Variable credit: 1-4 hours.

MG 490
Special Topics in Business Administration
Prerequisite: Permission of the instructor.
A course based on subjects outside the current offerings. Variable credit: 1-3 hours.
MG 495  
Business Policy  
**Prerequisites:** EC 141, EC 142, EC 315, EN 306B, FI 360, MG 260, MG 352, and MK 351 or permission of instructor.  
A series of business cases and materials dealing with a variety of problems confronting general management selected to illustrate the major areas of managerial concern: environmental opportunities and constraints, formulation of business policy, organization for business activity and marshalling of resources for achieving objectives of the firm. 3:0:3

MI 102  
**Leadership Practicum I**  
Examines leadership in basic tactical and patrolling operations. Includes a tactical application exercise and participation in physical fitness conditioning as a course requirement. Students practice leadership according to 16 principles and learn basic individual soldier skills. 2:0:2

MI 112  
**Leadership Practicum II**  
Continuation of MI 102. Examines advanced squad and platoon tactical operations with emphasis on patrolling operations. Topics include: leadership techniques, basic first aid, and problem-solving exercises. A tactical field application exercise and physical fitness conditioning program are included as course requirements. Students perform duties as leaders of small units. 2:0:2

MI 116  
**Foundations of Officership**  
The course introduces the student to issues and competencies that are central to a commissioned officer’s responsibilities. This course serves as a senior capstone experience for students in their senior year. This course will include a comprehensive examination, a portfolio, and a major paper reflecting on the student's portfolio. There will be lectures reviewing all issues designated in the student's degree program. The comprehensive examination will be worth 25% of the student's grade. The student will be able to take the comprehensive examination up to 3 times in a semester and the highest score will be used for their grade. This class is not transferable from any other institution. 2:0:2
PY 155
**Concepts of Physics I**
**Prerequisite:** MA 125 or high school equivalent or permission of instructor.
**Corequisite:** PY 155L
A non-calculus approach to physics designed to emphasize the concepts that are most important to students pursuing careers in health sciences. Topics include: measurements, force and motion, statics, vectors, and wave theory as applied to heat, sound, and light. Laboratory includes appropriate experiments to illustrate concepts. 3:3:4

PY 156
**Concepts of Physics II**
**Prerequisite:** MA 125 or high school equivalent or permission of instructor and PY 155.
**Corequisite:** PY 156L
A continuation of PY 155. Topics include: electricity, magnetism, wave mechanics, lasers, x-rays and nuclear radiation. Laboratory includes experiments and demonstrations to illustrate and emphasize concepts. 3:3:4

PY 205
**Introduction to Physics I**
**Prerequisite:** MA 221. Co-requisite: MA 222.
Lecture and laboratory introducing the calculus based physics. Topics include: introductory kinematics and Newtonian dynamics of both particles and solid bodies, work and energy, momentum, and thermodynamics. 4:3:5

PY 206
**Introduction to Physics II**
**Prerequisite:** MA 205.
A continuation of the calculus physics sequence. Topics include: wave motion, electromagnetic and acoustic waves, properties of waves, and electromagnetic theory. 4:3:5.

PY 275
**Engineering Statics**
**Prerequisites:** PY 205 and MA 222.
This course will address the study of forces on bodies at rest, vector algebra, force systems, principles of equilibrium, application to trusses, frames and beams, and friction. 3:0:3

PY 400
**Special Topics in Physics**
**Prerequisites:** Permission of instructor or PY 156 or PY 206.
This course offers specialized study in applied physics relevant in an increasingly technologically dependent society. At the discretion of the instructor, the course may involve laboratory work. Variable credit 1-4 hours.

State Specific Refund and Tuition Recovery Policies

California

Student Tuition Recovery Fund

The Student Tuition Recovery Fund (STRF) was established by the legislature to protect any California resident who attends a private postsecondary institution from losing money if you prepaid tuition and suffered a financial loss as a result of the school closing; failing to live up to its enrollment agreement; or refusing to pay a court judgment.

To be eligible, you must be a “California resident” and reside in California at the time of the enrollment is signed or when you received lessons at a California mailing address from an approved institution offering correspondence instruction. Students who are temporarily residing in California for the sole purpose of pursuing an education, specifically those who hold student visas, are not considered a “California resident.”

To qualify for STRF reimbursement you must file a STRF application within one year of receiving notice from the council that the school is closed. If you do not receive notice from the council, you have four years from the date of closure to file a STRF application. If a judgment is obtained, you must file a STRF application within two years of the final judgment.

It is important that you keep copies of the enrollment agreement, financial aid papers, receipts or any other information that documents the monies paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary and Vocational Education, 1625 10th Street, Fourth Floor, Sacramento, CA 95814, (916) 445-3427.

Students who receive the California Grant B Access Award may choose to apply the scholarship funds to their student account, or may choose to request a direct disbursement of funds via the refund method they have selected; ACH or stored value card.

Students who wish to receive a direct disbursement of funds must make the request in writing. The request can be made by sending a message from the student’s Park University email account to finaid@park.edu.

Georgia

Georgia requires that the amount of monies kept by the University be itemized and that not over $100.00 be retained for non-refundable application fee. The current Park University refund table will apply with the following distribution of funds for an 8-week term.
